

Market Hall – Kitchen refurbishment scope

The proposal is to refurbish the Market Hall kitchen with the intention to retain certain elements.

The wall cupboards and the cooker are to be retained (except window wall) and incorporated into the new kitchen. We are inviting quotations for the following

- Remove all kitchen base units and the wall cupboard adjacent the window only and dispose of with associated plumbing isolations.
- Remove all items attached to walls and store for reuse – fire extinguisher, insect-o-cutor, paper towel dispenser, fire blanket, first aid kit, clock
- Wall cupboards on cooker wall and return to be retained
- Once base units removed, line walls upto tile line with 6mm plywood / repair plaster
- supply and fit with full height whiteroc – allow to remove/release radiator and extractor fan to facilitate
- supply and fit stainless steel shroud to wall behind cooker
- supply and fit 1/2 hr fire rated loft hatch
- supply and fit 1/2 hr fire rated shutter to serving hatch
- oven to be isolated and temporarily moved take up existing flooring to allow new coved vinyl flooring to be fitted / reinstate cooker
- supply and fit new handwash sink
- allow plumbing for new dishwasher under sink
- supply and fit new stainless steel kitchen units to reflect units already in place. (We currently have supply only quotation for kitchen units. We are happy to proceed with this and free issue as fit only element)
- provide quotation to remove carpet to corridor and replace with vinyl and stick on skirt
- decorate ceiling and woodwork
- supply and fit new safety signage
