II.2.4) Description of the procurement:

(nature and quantity of works, supplies or services or indication of needs and requirements)

Stafford Borough is a mixed urban and rural district covering an area of 597 km² in the middle of the County of Staffordshire. It has a population of approximately 130 000, with 2 main towns, the County town of Stafford and the town of Stone; along with a number of villages of various sizes.

The service currently consists of an alternate weekly collection of, residual, dry recycling, and garden waste from domestic properties. The service includes the processing of dry recycling and recyclable materials arising from the collections. There are a small number of domestic properties which have weekly collections. Residual and dry recycling collections are made at schools, village halls and churches. Separate paper collections are made at schools using 1100 lt bins. All collection services are currently operated from the council owned centrally located depot (Tollgate Drive, Stafford) which in addition is used to store dry recycling and paper before being transported in bulk, in the case of dry recycling to a MRF and in the case of paper direct to a mill.

Residual waste, garden waste and recycling is collected from all properties in the district (approximately 57000). Residual waste is collected using 180, 240 and for larger families 360 litre wheeled bins. Larger 1 100lt containers are in place at communal properties. In addition, civic amenity visits are made to parishes on Saturdays.

Garden waste is collected from all properties in the district by means of a 240 lt wheeled bin; other than communal blocks.

Dry recycling is collected from all properties (approximately 57 000). The collection is 2 stream using a caddy in 240 litre wheeled bins. The insert is used for collecting paper, commingled recycling is collected in the body of the wheeled bin. Recyclables presently include textiles and large WEEE and metal that are recovered for recycling.

The ownership of dry recycling, paper and recyclables passes to the contractor who arranges the processing and sale of the material. An assisted collection service must also be provided where necessary.

A number of ancillary services, including the collection of bulky waste, the collection from bring sites the delivery and retrieval of waste and recycling containers, may also be required as part of the contract.

A new contract will be required to commence circa 4.2.2018. Stafford Borough Council will call off a contract from the framework agreement to fulfil this requirement. The contract will be of a duration of 10 years and two months, with an option to extend for a further 10 years.

NOTE - the spend values stated in II.1.7 and V2.4

represent the possible spend on the full framework given the stated call-off activity of the Contracting Authority and each of the stated partners (Cannock Chase DC, and Lichfield/Tamworth (combined) councils), should they optionally call-off from the framework. The range of spend is approximately 80m to 140m with the lower amount approximated to the call-off from the Contracting Authority alone.

Section VI: Complementary information

VI.3) Additional information:

The Contracting Authority incorporated a minimum 10 calendar day standstill period at the point of award decision.

The award decision process specified the criteria for the award of the framework agreement, the reasons for the decision, including the characteristics and relative advantages, the name and score of the successful tenders; and specified when the standstill period is expected to end or the date before which the Contracting Authority will not conclude the framework agreement.

If an appeal regarding the award of a framework agreement has not been successfully resolved, the Public Contracts Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).

Any such action must be brought promptly (generally within 3 months). The Court may order the setting aside of the award decision or may order the Contracting Authority to amend any document and may award damages.

If an agreement has been entered into the Court may make a declaration of ineffectiveness or may order that the duration of any relevant specific contract be shortened and additionally may award damages.

The time limit for seeking such a declaration is generally 30 days from notification of the award (either by award decision notification or contract award notice depending upon the circumstances) or otherwise 6 months.
