Part 2 – General terms and conditions for the Supply of natural gas

1 Conditions precedent

- 1.1 In relation to each Supply Point the Supplier's obligation to provide the Supply, and the Customer's obligation to make payment are conditional at all times upon the following conditions precedent being satisfied:
 - 1.1.1 the Supply Point being connected to a Transporter's network such that natural gas can flow directly or indirectly from it;
 - 1.1.2 Agents being appointed for each Metering Point;
 - 1.1.3 the Supplier holding a Licence to supply natural gas in accordance with the Act; and
 - 1.1.4 the Supplier being Registered for each Supply Point.
- 1.2 The Customer shall use its reasonable endeavours to ensure that the condition in Clause 1.1.1 is satisfied by the Earliest Supply Start Date for each Supply Point and that it remains satisfied until this Agreement ends.
- 1.3 The Supplier shall use its reasonable endeavours to ensure that the conditions in Clauses 1.1.3 and 1.1.4 are satisfied by the Earliest Supply Start Date for each Supply Point and that they remain satisfied until this Agreement ends.
- 1.4 The Responsible Party shall use reasonable endeavours to ensure that the condition in Clause 1.1.2 is satisfied by the Earliest Supply Start Date for each Supply Point.
- 1.5 The condition in Clause 1.1.1 is for the benefit of, and may only be waived or deferred by, the Supplier. The conditions in Clauses 1.1.3 and 1.1.4 are for the benefit of, and may only be waived or deferred by, the Customer. The condition in Clause 1.1.2 is for the benefit of, and may only be waived or deferred by, the Party which is not the Responsible Party.
- 1.6 The failure of the Parties to satisfy all the conditions precedent for a Supply Point by the Earliest Supply Start Date for that Supply Point does not affect the Supplier's obligation to provide the Supply and the Customer's obligation to make payment in relation to the Supply, in respect of Supply Points in relation to which all the conditions precedent have been satisfied (or waived in accordance with Clause 1.5).

2 Registration

- 2.1 For the purposes of the Registration the Supplier shall use the Managed Registration Information which the Authority provides to it in accordance with Schedule 5 of the Framework Agreement.
- 2.2 If the Supplier fails to Register itself in respect of a Supply Point in accordance with the requirements of the Framework Agreement:
 - 2.2.1 the Supplier shall notify the Customer within two (2) Working Days of the failure;
 - 2.2.2 the Supplier shall use all reasonable endeavours to Register itself in respect of the relevant Supply Point as soon as reasonably practicable;
 - 2.2.3 any issues arising in relation to the late transfer of the Supply Point between the Supplier and the existing Gas Supplier to the relevant Supply Point (**Incumbent Supplier**), including any amounts that may be owed, shall be resolved (and payments made) in accordance with the Inter-shipper Dispute Mechanism; and

- 2.2.4 subject to Clause 2.3, and to the extent that any such failure is attributable to any act or omission of the Supplier, the Supplier shall compensate the Customer in accordance with the provisions of the Framework Agreement.
- 2.3 The Supplier shall not be liable pursuant to Clause 2.2.4 to the extent that such failed Registration is caused by a Transfer Objection submitted by the Incumbent Supplier.
- 2.4 Without prejudice to the generality of Clause 2.2.2 the Supplier shall use all reasonable endeavours to resolve any Transfer Objection as soon as reasonably practicable and the Parties shall cooperate and do such things as are necessary to resolve such Transfer Objection and minimise any delays to the Actual Supply Start Date for the relevant Supply Point.
- 2.5 If a Transfer Objection is made by the Customer's Incumbent Supplier and is not resolved within five (5) Working Days then either Party may terminate this Agreement in respect of the affected Supply Point.
- 2.6 If required by the Uniform Network Code, and following confirmation that the Supplier is Registered in respect of the relevant Supply Point, the Supplier shall provide the Customer with a NEXA for the Customer to execute. The Customer shall execute the NEXA prior to the Earliest Supply Start Date for the relevant Supply Point.

3 Supply of Gas Products

Nominated Consumption for DM Supply Meter Points

- 3.1 As soon as reasonably practicable and, in any event, prior to the start of each Supply Year, the Customer shall in respect of each of its Meters included in Supply Points (**DM Supply Meter Points**) notify the Supplier of the estimated quantity of natural gas the Customer will require in the upcoming Supply Year and its likely consumption profile for each Month during that Supply Year (**Nominated Consumption**). The Customer shall ensure that the Nominated Consumption is, as far as is reasonably practicable, based on the Historic Demand of natural gas supplied to the DM Supply Meter Point and takes into account any planned shutdowns of the DM Supply Meter Point in the relevant Supply Year. The Customer agrees that the Nominated Consumption may only deviate from Historic Demand on reasonable grounds and that the Customer shall provide the Supplier with details of any such reasonable grounds for such deviation with its notification of Nominated Consumption pursuant to this Clause 3.1.
- 3.2 The Customer shall keep the Nominated Consumption under review and shall notify the Supplier of any actual or anticipated material changes to its Nominated Consumption in respect of a Supply Year, including any planned shutdowns of a DM Supply Meter Point, from time to time (**Revised Nominated Consumption**). For the purposes of this Clause 3.2, a **material change** to the Nominated Consumption in respect of a Supply Year is an increase or decrease of ten percent (10%) or more in the amount of the Nominated Consumption provided by the Customer to the Supplier under Clause 3.1. In the case of the Day-Ahead Product only, the Customer shall provide where relevant any Revised Nominated Consumption data in respect of each Day of the Supply Month by 15.30 hours on the immediately preceding Day.
- 3.3 Subject to Clause 3.4, the Parties acknowledge and agree that the Customer shall have complied with its obligation under Clause 3.1 in respect of a Supply Year if the Nominated Consumption for that Supply Year is agreed between the Authority and the Supplier in accordance with Schedule 3 of the Framework Agreement and the Authority has consulted the Customer as part of that process.
- 3.4 If, after the Nominated Consumption for a Supply Year has been agreed between the Authority and the Supplier in accordance with Clause 3.3, the Customer provides to the Supplier a Revised Nominated Consumption then the Customer's nomination shall prevail over the Nominated Consumption agreed between the Authority and the Supplier as described in Clause 3.3 except in the event of manifest error.

- 3.5 If, based on actual Meter readings of the Customer's consumption, the Supplier reasonably considers that the Nominated Consumption or any Revised Nominated Consumption provided by the Customer is materially inaccurate, the Parties shall discuss and use their reasonable endeavours to agree a Revised Nominated Consumption. If the Parties fail to agree a Revised Nominated Consumption, the Nominated Consumption or the Revised Nominated Consumption (as the case may be) provided by the Customer shall apply.
- 3.6 For the purposes of Clause 3.5, the Nominated Consumption or Revised Nominated Consumption shall be materially inaccurate if the Customer's consumption based on actual Meter readings is greater or less than the relevant Nominated Consumption or Revised Nominated Consumption by an amount equal to or greater than ten percent (10%) of such Nominated Consumption or Revised Nominated Consumption.

Delivery to Supply Points

- 3.7 The Supplier shall:
- 3.7.1 have the exclusive right to supply, and shall supply or procure supply to, the relevant Supply Points for NDM and DM Supply Meter Points the Nominated Consumption or the Revised Nominated Consumption (as the case may be) **(Supply)** from the Actual Supply Start Date for that Supply Point for the Term. Where there is more than one Supply Point at a Site, the Actual Supply Start Date may be different for some or all of them; and
 - 3.7.2 ensure that the Supply shall be provided on a firm basis except for the Supplier's or the Transporter's rights to interrupt, whether as specified in the Managed Registration Information or otherwise, to reduce or to Isolate the Supply.
- 3.8 The Customer shall only accept delivery of natural gas up to the Maximum Consumption of each Supply Point from the Supplier. In addition, for DM Supply Meter Points the Nominated Consumption or Revised Nominated Consumption (as the case may be) may not exceed the Maximum Consumption in respect of the relevant Supply Points for each Supply Year.
- 3.9 The Supplier shall not be liable (save to the extent it is able to be compensated therefor, in which case it shall obtain and pass on to the Customer such compensation in full) for any suspension or Isolation of Supply to any Supply Point if arranged by the Supplier or the Transporter to comply with the Act, the Licence and any other Law or Industry Documents (provided the Supplier is not in breach of the Framework Agreement) or system security, load management or demand control, provided further that:
- 3.9.1 if the suspension or Isolation of Supply is arranged by the Supplier, the Supplier shall give notice to the Customer and the Authority, and use reasonable endeavours to procure that the Transporter gives as much notice as possible to the Supplier, of any such interruption, reduction or impairment of Supply;
 - 3.9.2 if the suspension or Isolation of Supply is arranged by the Transporter, the Supplier shall use reasonable endeavours to procure that the Transporter gives as much notice as possible to the Shipper of any such interruption, reduction or impairment of Supply, and the Supplier, if it is not also the Shipper, shall use reasonable endeavours to procure that the Shipper gives as much notice to the Supplier of any interruption, reduction or impairment of Supply and the Supplier shall in turn give as much notice as possible to the Customer of such interruption, reduction or impairment of Supply; and
 - 3.9.3 insofar as it is not the sole responsibility of the Transporter under the Act, the Licence and any other Law or Industry Documents, the Supplier shall use reasonable endeavours to procure the remedy of any interruption, reduction or impairment, including by Re-establishing an Isolated Supply Point, as soon as reasonably practicable.

Supply Point Withdrawals and additions

- 3.10 If a Customer:
- 3.10.1 vacates a Site;
 - 3.10.2 sells, assigns, transfers or otherwise disposes of its interest in a Site; or
 - 3.10.3 removes a Supply Point from a Site, or otherwise disconnects a Supply Point from the Transporter's network and/or the Distribution System to which the Supply Point is connected,
- as a result of which the Customer no longer wishes the Supplier to provide the Supply to a Supply Point (**Supply Point Withdrawal**), the Customer shall give the Supplier no less than thirty (30) Days' notice in writing that it no longer wishes the Supplier to provide the Supply to the relevant Supply Point and shall state the date upon which (subject to the remaining provisions of this Clause 3) such Supply shall cease (**Withdrawal Date**). The Customer shall continue to be liable for Fixed Daily Charges in respect of such a Supply Point until the later of:
- 3.10.4 sixty (60) days after notice is given by the Customer under this Clause 3.10; and
 - 3.10.5 the date the Supply Point Withdrawal becomes effective in accordance with Clause 3.13,
- and accordingly, should the Supply Point Withdrawal not become effective in accordance with Clause 3.13, the Customer will remain liable for the relevant Charges.
- 3.11 Without prejudice to the Supplier's right to lodge a Transfer Objection under Clause 17, where Clause 3.10.2 applies, the Supplier shall cooperate with the new Gas Supplier and do such things as are necessary to enable the Registration of the new Gas Supplier as soon as reasonably practicable.
- 3.12 The Customer shall, within two (2) Working Days of the date a Supply Point Withdrawal becomes effective in accordance with Clause 3.13, provide the Supplier with written notice which shall include:
- 3.12.1 the date when such Supply Point Withdrawal was made;
 - 3.12.2 where Clause 3.10.2 applies, details of the new occupier of the Supply Point (including contact information);
 - 3.12.3 where Clause 3.10.2 applies, the date the new occupier took occupancy of the Supply Point; and
 - 3.12.4 meter readings on the date on which the Supply Point Withdrawal took effect.
- 3.13 For the purposes of Clauses 3.10 and 3.12, a Supply Point Withdrawal shall become effective in relation to a Supply Point on the earlier of the date on which:
- 3.13.1 a third party has entered into an agreement with the Supplier for the supply of natural gas at the relevant Supply Point;
 - 3.13.2 another Gas Supplier has Registered and started supplying natural gas to the relevant Supply Point; or
 - 3.13.3 the Supplier Isolates the relevant Supply Point because no supply of natural gas is required at the relevant Supply Point.
- 3.14 In the event that the Supply continues at a Supply Point after the Withdrawal Date then until the Supply Point Withdrawal becomes effective in accordance with Clause 3.13:
- 3.14.1 the Supplier shall continue to provide the Supply, and

- 3.14.2 the Customer shall continue to pay the Charges in accordance with this Agreement save that the Charges shall be calculated by reference to the Deemed Contract Rate.
- 3.15 The Parties acknowledge and agree that the Customer may add Supply Points from time to time to this Agreement by giving notice to the Authority in accordance with the Customer Access Agreement, and the Supplier shall Register itself in respect of such additional Supply Points as requested by the Customer and as required by the Authority under the Framework Agreement. The Registration provisions in Clause 2 shall apply to such additional Supply Points.
- 3.16 In the case of DM Supply Meter Points, if a Supply Point is added by the Customer in accordance with Clause 3.15 the Customer shall, as soon as possible after the Supplier's Registration of each additional DM Supply Meter Point, provide the Supplier with the Nominated Consumption for each additional DM Supply Meter Point in respect of the relevant Supply Year in which the Site is added in accordance with Clause 3.1 or, if the relevant DM Supply Meter Point is added after the Price Setting Round Commitment Point in respect of the relevant Supply Year, the Nominated Consumption for a period of twelve (12) Months beginning on the date the additional DM Supply Meter Point was Registered by the Supplier. The provisions of Clause 3.1 shall apply to the Nominated Consumption provided by the Customer to the Supplier under this Clause 3.16.
- 3.17 If the Customer adds a Supply Point after the Price Setting Round Commitment Point in respect of the relevant Supply Year, then the Customer shall pay the Supplier the Interim Price in respect of Interim Supply to such Supply Points during the Interim Supply Period, including any discount equivalent to those offered by the Supplier to the Customer under Clause 8.3.
- 3.18 The terms of this Agreement in relation to the Supply and Isolation of any of the Supply Points shall arise, subsist and cease individually and separately, so that:
- 3.18.1 where new Supply Points are to be added to this Agreement, the conditions, terms and obligations shall apply separately to each such new Supply Point; and
- 3.18.2 where existing Supply Points are to be removed from this Agreement, the conditions, terms and obligations of this Agreement shall cease to apply separately to each such existing Supply Point so removed, and the Supply shall continue for Supply Points not removed.

Changes to the Managed Registration Information

- 3.19 In the case of DM Supply Meter Points, any short term consumption in excess of the Maximum Consumption for any of the Supply Points which are specified in the Managed Registration Information as being firm and DM Supply Meter Points, due either to unforeseen emergencies or to any act or omission by the Customer which is rectified without unreasonable delay, will not constitute a breach of this Agreement by the Customer or cause the application of any surcharge, save that the Supplier may pass on to the Customer the costs (if any) imposed on the Supplier directly as a result of such excess consumption.
- 3.20 Subject to Clause 3.22, the Customer shall promptly inform the Supplier of any significant variation, whether actual or anticipated, to the information specified in Part 1 or the Managed Registration Information in respect of a Supply Point, including with regard to a DM Supply Meter Points the Customer's Nominated Consumption or Revised Nominated Consumption or Maximum Consumption, where such alteration is not temporary or transitory.

If the Customer's Meter reading is received by the Supplier by the second Working Day following the end of the Supply Month, then the Supplier shall use the Customer's Meter reading to calculate the invoice for that Supply Month. If the Customer's Meter reading is received after that time, then the Supplier shall use the Customer's Meter reading when calculating the invoice for the Supply Month following the Supply Month in which such reading is received. If the Supplier receives Meter readings from both the Customer and an Agent, the Supplier shall use the Agent's Meter reading when calculating the amount of an invoice in accordance with this Clause 9.9; or

Condition three (arrangements are admitted, or subject to litigation/prosecution or identified in a published list (Spotlights))

- 3 X's activity in Condition 2 is, where applicable, subject to dispute and/or litigation as follows:
 - 3.1 In respect of (a), either X:
 - 3.1.1 has accepted the terms of an offer made under a Contractual Disclosure Facility (CDF) pursuant to the Code of Practice 9 (COP9) procedure⁸; or

 - 3.3 In respect of (b) to (e), during an HMRC enquiry, if it has been agreed between HMRC and X that there is a pause with the enquiry in order to await the outcome of related litigation.

 - 3.5 In respect of (g) the foreign equivalent to each of the corresponding steps set out above in (i) to (iii).

For the avoidance of doubt, any reference in this Appendix D to any Law includes a reference to that Law as amended, extended, consolidated or re-enacted from time to time including any implementing or successor legislation.

⁸ The Code of Practice 9 (COP9) is an investigation of fraud procedure, where X agrees to make a complete and accurate disclosure of all their deliberate and non-deliberate conduct that has led to irregularities in their tax affairs following which HMRC will not pursue a criminal investigation into the conduct disclosed.
