

Annex A: Limitation of Contractors Liability

REDACTED UNDER FOI EXEMPTION

Rights restrictions and associated export restrictions relating to the use or disclosure of the Contractor Deliverables that are notifiable under those conditions, or of which the Contractor is or should reasonably be aware as at the date of the Contract, are disclosed in R-Cloud Tasking Form – Part C: Task Response Form, Annex B.

Section G: Additional Information and Supporting Documentation

All supporting documentation will be published in the R-Cloud Portal, unless otherwise stated below.

<p>[Insert document title. Insert additional rows as required]</p>	N/A
--	-----

Supporting documentation identified in Section G shall be deemed to form part of this Tasking Form.

Section H: Authority Representative (Project) – Contact Details

Note to Suppliers: You must not contact the Authority Representative (Project) during this Tasking Procedure without prior agreement of the Authority Representative (Commercial).

Request(s) for clarification of any aspect of this Tasking Form or Tasking Procedure should be submitted using the 'Ask question' function in the R-Cloud Portal. Please see Tasking Form (Part A), Annex 1, clause 4 for further details of the clarification process.

Name	To be completed on award of contract
E-mail Address	To be completed on award of contract

Postal Address (for delivery of Notices under any Contract)	To be completed on award of contract

- (ii) which have significant business operations in the UK or in a country with which the UK has a relevant international agreement providing reciprocal rights of access in the relevant field of public procurement.
- 2. The Contractor shall, and shall procure that their Sub-contractors shall, include in such notification (or as soon as reasonably practicable following the notification) full details of the Russian products, services and/or entities and shall provide all reasonable assistance to the Authority to understand the nature, scope and impact of any such products, services and/or entities on the provision of the Contract Deliverables and/or Services.
- 3. The Authority shall consider the notification and information provided by the Contractor and advise the Contractor in writing of any concerns the Authority may have and/or any action which the Authority will require the Contractor to take. The Contractor shall be required to submit a response to the concerns raised by the Authority, including any plans to mitigate those concerns, within 14 business days of receipt of the Authority's written concerns, for the Authority's consideration.
- 4. The Contractor shall include provisions equivalent to those set out in this clause in all relevant Sub-contracts.

1) "Tasking Order Arrangement" Condition (Section 4 of Task Form Part B):

- a. Further to the Research and Development Services detailed in Section 1.2 of Task Form Part B, the Contractor hereby grants to the Authority the option to undertake additional Research and Development Services, as detailed at Section 1.3 of the Tasking Form Part B, in accordance with the terms and conditions set out in R-Cloud V4 and this Task Form, it being agreed that the Authority has no obligation to exercise such options. These options are unpriced.
- b. The Authority shall have the right to exercise any options detailed at Section 1.3 of Task Form Part B by no later than 31st March 2027. Should the Authority wish to exercise any of the options detailed at Section 1.3 of Task Form Part B, Dstl Commercial Services will request a priced quotation from the Contractor for the specific requirement.
- c. Should the Authority exercise the requirement, Dstl Commercial Services and the Contractor shall jointly agree dates for completion of Deliverables. Following agreement, Dstl Commercial Services will issue a formal Task Amendment.
- d. The Authority shall not be obliged to exercise the option.

2) Part C: Task Response Form, Annex B: Notification of Intellectual Property Rights (IPR) Restrictions

- a) Where any of the conditions contained within Clause 7 'Intellectual Property, Data and Confidentiality' of the R-Cloud (Version 4) Terms and Conditions or where other similar notification obligations exist, the Contractor warrants and confirms that all Intellectual Property

Section E: Contract Management

Deliverable Acceptance Criteria

Note to Suppliers: The following Acceptance Criteria must be demonstrated to the satisfaction of the Authority before Deliverables will be deemed have been accepted by the Authority for the purposes of the R-Cloud (Version 4) Terms and Conditions, clause 8.16 (Payment).

All Reports shall be free from spelling and grammatical errors and shall be set out in accordance with the Statement Of Requirement (1) above

R-Cloud Standard Terms and Conditions also apply.

Contract Management Activities (including Key Performance Indicators, where applicable)

- As per SOR Deliverables
- As per RCloud T&Cs
- Regular progress meetings

Payment Process

Please also see the (R-Cloud (Version 4) Terms and Conditions, Schedule 3, clause 12 (Payment))

Section F: Additional Terms and Conditions

In addition to the R-Cloud (Version 4) Terms and Conditions, the following shall apply to this Tasking Procedure and any resultant Contract:

Procurement with suppliers from Russia and Belarus

1. The Contractor shall, and shall procure that their Sub-contractors shall, notify the Authority in writing as soon as they become aware that:
 - a) the Contract Deliverables and/or Services contain any Russian/Belarusian products and/or services; or
 - b) that the Contractor or any part of the Contractor's supply chain is linked to entities who are constituted or organised under the law of Russia or Belarus, or under the control (full or partial) of a Russian/Belarusian person or entity. Please note that this does not include companies:
 - (i) registered in the UK or in a country with which the UK has a relevant international agreement providing reciprocal rights of access in the relevant field of public procurement; and/or

4. Options or Follow On Work

Tasking Order Arrangement

Dstl wishes to include in this RCloud Task the provisions for a Tasking Order Arrangement whereby potential additional work could be provided under the contract. Such potential additional work may include but not limited to:

Future Platform study

1. Cable Options:

Investigate options for reducing the form factor of the analogue canceller, particularly with regard to the cabled delay lines;

2. SDR Options:

Investigate SDR options that would allow higher bandwidths to be supported whilst also improving upon dynamic range of the analogue to digital converter.

[REDACTED]

4. Research and development of the system to further widen the bandwidth and increase the depth of cancellation

Dstl sets out to confirm that the above list is provided for reference, and as an example of the type of work that might be subject to additional tasking. At this stage these examples are not funded and Dstl does not offer a guarantee that any additional tasks may be placed.

Where Dstl does identify a requirement, Dstl will request that the supplier provides a detailed proposal for each additional task and this will undergo technical and commercial review to ensure it is in scope with the aims of this requirement and offers value for money. Firm Prices for any additional requirements shall be submitted by the Supplier to Dstl and shall utilise rates within the allowable rates detailed on the RCloud rate card.
