Order Schedule 2 (Staff Transfer)

Buyers will need to ensure that appropriate provisions are included to deal with staff transfer on both entry and exit, and, irrespective of whether TUPE does apply on entry if there are employees eligible for New Fair Deal pension protection then the appropriate pensions provisions will also need to be selected.

If there is a staff transfer from the Buyer on entry (1st generation) then Part A shall apply.

If there is a staff transfer from former/incumbent supplier on entry (2nd generation), Part B shall apply.

If there is both a 1st and 2nd generation staff transfer on entry, then both Part A and Part B shall apply.

If either Part A and/or Part B apply, then consider whether Part D (Pensions) shall apply and the Buyer shall indicate on the Order Form which Annex shall apply (either D1 (CSPS), D2 (NHSPS), D3 (LGPS) or D4 (Other Schemes)). Part D pensions may also apply where there is not a TUPE transfer for example where the incumbent provider is successful.

If there is no staff transfer (either 1st generation or 2nd generation) at the Start Date then Part C shall apply and Part D pensions may also apply where there is not a TUPE transfer for example where the incumbent provider is successful.

If the position on staff transfers is not known at the bid stage, include Parts A, B, C and D at the bid stage and then update the Buyer Contract Details before signing to specify whether Parts A and/or B, or C and D apply to the Contract.

Part E (dealing with staff transfer on exit) shall apply to every Contract.

Annex D3:

Local Government Pension Schemes (LGPS)

Note the LGPS unlike the CSPA & NHSPA is a funded scheme which has associated cost implications as follows:

There is not 1 LGPS but approx. 90 different Funds, each with their own separate Scheme Employer and Administering Buyer, it is important to identify the correct one(s) and amend the definition of "Fund" accordingly.

It is important to check whether CCS and or the Buyer can actually participate in the LGPS. Where a government department is taking on services which were formerly the responsibility of a Local Authority it may be necessary to obtain secretary of state approval for participation in the LGPS, this is because the services are being provided to Gov. Dept. and not to a Local Authority.

Unlike New Fair Deal the 2007 Best Value pension direction does not provide a right to bulk transfer past service. Whilst typically before the 2007 direction LA did provide such a right, it is a significant additional cost and therefore bulk transfer wording has been excluded. If required take legal advice due to the exceptionally high costs which can result from a requirement to provide bulk transfers.]

Order Schedule 20 (Order Specification)

Section 4 – Specification

Background

Following the success of the £40M Fast start covid 19 (March 2020) in supporting business to continue R&D activities during disruptive times, through 100% pre-payment grant projects, IUK has announced the launch another Fast start programme to the value of £30M. IUK propose considering mainstreaming this modified Fast Start and so IUK seek to appoint process evaluation to capture the underpinning evidence and recommendations for the consideration of Fast Start becoming “Business as Usual”.

Purpose of Process Evaluation

The purpose of the evaluation is firstly to assess from an IUK lens if changes in internal process benefit IUK in terms of monetised and non monetised benefits and secondly to understand the consumer (business) perspective regarding the process efficiencies and customer journey insights.

Key Features of Fast Start Innovation

Fast Start Innovation is due to launch 11th July 2022. Awards are anticipated to be made in November 2022.

Fast start BAU seeks to support the IUK strategic objective of catalysing innovation and reigniting business R&D investment across sectors that will be key to economic growth and productivity.

The key element of Fast-Start will be to encourage start-ups and entrepreneurs through short, sharp projects enabled by a small but significant injection of advance cash flow. These may not necessarily have a clear pathway to commercialisation, but should be clearly innovative; risky but feasible, and with great potential for impact.

The fundamental difference between this and the previously evaluated Covid 19 Fast start are:

1. Fast Start BAU will engage “new to IUK” businesses only
2. Focused support to Net Zero and Self Driven Health innovations and encouraging projects to consider 7 tech areas of innovations that will be affordable, adoptable and investable (generate return on investment and result in commercialisation)
3. Provide 70% prepayment up front and 30% during project lifecycles (previously 100% up front)
4. Competition processes and practices including across assessment (from 5 assessors to 1), due diligence (performed “up front” during competition process) and funding assurance (monitoring provisions)

5. Programme resourcing (dedicated programme resources of x3 FTE-previously time allocation across x6 existing IUK personnel with existing programmes to manage)
6. Dedicated communications campaign to support engagement of “new to IUK” businesses

What we want to know, why we are doing this.

Innovate UK is assessing its current way of operating in the context of the ‘new normal’ (post-covid 19). This includes assessment of new/adapted working environments as well as how processes work as a whole. To support this activity, a process evaluation will be conducted to:

- Determine the impact (both intended and unintended) of doing things differently
- Provide comparison to the BAU competitions processes as well as Fast Start Covid-19, Creative Industries Fund
- Notifiable efficiencies and effectiveness of processes adopted as well as value for money aspects
- Identify changes to processes introduced during this round of Fast Start that can be justifiably taken forward and adopted/considered for BAU usage
- Identify and record lessons learnt from the design/delivery process to consider in future
- Understand the customer experience at every touch point in the process from engagement to award (particularly important given these are “new to IUK” customer)

Conducting a process evaluation at this point will enable future competitions to learn from what worked and what could have been improved in other competitions and aspects of operations.

Who is the audience?

The outputs from the process evaluation will be circulated to:

- Senior staff at director level, both within Innovate UK and UKRI to inform future similar activity
- SROs, Operation Leads, Performance & Impact Leads and Programme Leads to identify design improvements for future competitions
- Team leads from across Innovate UK responsible for delivering individual aspects of the competitions (e.g. monitoring, finance, evaluation)

Areas of focus

As part of the project, a set of evaluation questions will be refined, these will include but will not be limited to the following areas:

- Programme resourcing
- Communications Campaign
- Operations/Delivery
- Pre-payment mechanism
- Due Diligence process
- Assessment process
- Fund Assurance process

- Monitoring process

A refined set of questions pertinent to each aspect of the scope can be found at **Appendix A.**

How evidence will be captured, who will be consulted

It is expected that data will be gathered to inform the evaluation via a number of different sources.

- An evidence gathering exercise will assess the documentation produced throughout the various teams to assess the decision-making process, this may require access to minutes from meetings and governance documentation.
- Interviews with programme staff from teams represented in **Error! Reference source not found.**,
 - o It is not expected that BEIS or HMT will be involved in the evaluation
 - o There may also be a requirement to consult external colleagues that were involved during this process – e.g. External assessors, Monitoring Officers.
- Surveys of stakeholder groups (funding/support applicants, assessors) where and if appropriate.

As many staff will have been involved with multiple competitions, returning to the same staff members for interviews about different funding schemes is undesirable. It is proposed that interviews are conducted iteratively, during which time a more detailed stakeholder map is produced following consultation with key project stakeholders to establish the most appropriate staff members to approach. Where possible it is desirable to circulate initial learnings from the evaluation, so that if colleagues are approached multiple times, they are benefitting from the experience by gaining insights from the evaluation.

Outputs

Due to the wide range of stakeholders (senior management, programme leads and delivery teams), the outputs from the process evaluation will need to be clear, relatable and concise. These will include:

- A Final report providing a narrative summarising the
 - o Approach and methods to the evaluation
 - o Evidence gathered
 - o Interpretation and analysis
 - o Lessons learnt
 - o Recommendations
- A summary slide set with key messages and actionable insights
- Final briefing to senior IUK personnel and stakeholders

Having clear recommendations based on evidence are a key element of the project as this will enable Innovate UK to identify a way forward and where necessary implement improvements.

Project Management

The project will be overseen by the Innovate UK Evaluation Unit, who will:

- Work with the successful contractor to further scope out the evaluation

- Communicate the plans for engagement with internal stakeholders and team leads to gain buy-in to participation in the review
- Hold regular progress meetings with the contractor and the programme management team
- Escalate and address issues and risks within Innovate UK.

Fast Start Innovation Funding – Process Evaluation Specification - APPENDIX A

Prepayment (70% upfront, 30% claim back)
Is there any difference in the fraud rate Fast Start (FS) compared to Business as usual (BAU) by having payment in advance?
Compared to covid Fast Start (FS) & Creative Industries fund (CIF) (which has a 20% retention), is there a difference in the level of grant recovery for Fast Start (FS)?
What did advance payment enable?
Has advanced payment reduced barriers to entry for innovation funding?
Do advanced payments benefit Innovate UK Ops e.g do we reduce the number of claims being chased or submitted?

- (a) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or
 - (b) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.
- 9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it is valid or enforceable.

18. No other terms apply

The provisions incorporated into each Contract are the entire agreement between the Parties. The Contract replaces all previous statements, agreements and any course of dealings made between the Parties, whether written or oral, in relation to its subject matter. No other provisions apply.

19. Other people's rights in a contract

No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and remedies that exist independently from CRTPA.

They must also say if they think any Variation is needed either to the Deliverables, DPS Pricing or a Contract and provide evidence:

- (a) that the Supplier has kept costs as low as possible, including in Subcontractor costs; and
- (b) of how it has affected the Supplier's costs.

24.7 Any change in the DPS Pricing or relief from the Supplier's obligations because of a Specific Change in Law must be implemented using Clauses 24.1 to 24.4.

24.8 For 101(5) of the Regulations, if the Court declares any Variation ineffective, the Parties agree that their mutual rights and obligations will be regulated by the terms of the Contract as they existed immediately prior to that Variation and as if the Parties had never entered into that Variation.
