11. It is recognised by the Authority that simulated seats, and 2-piece drill rounds (for the PTA-M) have been removed from the GFA register post final submission of the Contractors bid due to Authority concerns over its ability to supply such items. These items (or similar) are still required by the contractor to fulfil its obligations under the Contract and as such the Authority hold the risk to provide said equipment. It is envisaged that this will be provided through additional tasking on the Contract, however this should not be construed as a formal commitment by the Authority to award this activity to the Contractor.

Yours sincerely,

Redacted
