IV.1.8) **Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

Section VI: Complementary information

VI.3) **Additional information:**

The following certification will be a requirement of the upcoming tender exercise and applicants may be required to include evidence of this with their tender submission.

ISO9001:2015 accredited by the United Kingdom Accreditation Service (or equivalent) to cover all segments of the applicant's and the product's supply chain. This should include, but not be limited to, manufacturing, storage and distribution.

The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

The framework agreement between NHS Supply Chain and successful suppliers will reserve the right to purchase the same or similar supplies and/or services from suppliers not appointed to the framework agreement at its sole discretion.

Whilst it is anticipated that initial expenditure under any forthcoming procurement will be in the region of GBP 2 685 500 000 for this contract award, this is approximate only and the values will be to such level as those purchasing under the framework agreement consider necessary to provide suitable requirements.

NHS Supply Chain expects to provide successful suppliers with the opportunity to offer additional savings to customers through the provision of discounted pricing, value added offerings and commitment/bulk buy initiatives.

The framework agreement will be between NHS Supply Chain and the supplier, however:

- 1) NHS Supply Chain,
- 2) Any NHS Trust;
- 3) Any other NHS entity;
- 4) Any government department, agency or other statutory body; and/or
- 5) Any private sector entity active in the UK healthcare sector will be able to enter into a direct contract with the supplier for any of the supplies and/or services under the framework.

The supplier will be required to report to and pay a direct contract management fee to NHS Supply Chain as detailed in the tender documents.

NHS Supply Chain is currently considering the use of lots for this procurement. However, it reserves the right not to as part of any future tender process. Further information in respect of the lot strategy will be set out in the notice for the forthcoming procurement.

As part of its pre-tender strategy, NHS Supply Chain anticipates engaging with suppliers of these products and services. If you would like to contract with NHS Supply Chain in respect of the products and services which are
