Call off Schedule 20 (Call-Off Specification)

This pertains to the fixing and potential installation to the collection of 10 screens we currently have in our department. The screens do not currently work, and they need fixing and/or replacing to rectify this issue. We need the monitors to run a 24/7 monitoring feed as we are a cyber centre. They should connect to our internal WIFI to monitor the feed, which we obviously all have in place already. We currently need an initial figure as to costings so we can approve the budget for the refurb.
