# Life on board

The River Nile meant everything to the ancient Egyptians. Their lives depended on it. It provided water for their crops and a place to catch fish and hunt wildlife. It was a fast way to move goods and people.

### Aye Aye Captain!

This is one of the largest single sections. It will explore the workings of ships through the jobs carried out by individual seafarers, and use their lives and experiences to explain the unique environment of life at sea. The reasons that people have gone to sea through history will highlight the romance of seafaring life, as well as the reality of harsh working conditions.

### Captains

The global role of maritime trade means that British ships are involved in conflict, either by accident or design. Seafarers have witnessed conflicts, either through involuntary involvement or through requisitioning of ships by the UK government.
