If such circumstances continue for a continuous period of more than two months, either Party may terminate the Agreement by written notice to the other Party.

The Customer shall not accept that EU exit is either a force majeure event or a frustration event, as the likely consequences of this process have been widely aired in public for some time, all suppliers have had ample time to plan for continuation of service and performance of contracts will still be possible in most cases.

Appendix 1: Specification of Requirement

1. About the Department for International Trade

- 1.1 The Department for International Trade (DIT) was created in July 2016 and is responsible for promoting British trade across the world and ensuring the UK takes advantage of the huge opportunities open to the UK.
- 1.2 DIT's responsibilities include those of the former UK Trade & Investment in helping UK based companies succeed in the global economy. The Department also helps overseas companies bring their high quality investment to the UK's dynamic economy which is acknowledged as Europe's best place from which to succeed in global business.
- 1.3 The Department offers expertise and contacts through its extensive network in the UK and diplomatic offices around the world. The organisation provides companies with the tools they require to be competitive on the world stage.
- 1.4 The Department has a regionally-based delivery network providing support for exporters and foreign investors. The delivery of export support is through nine (9) regionally-structured contractors within England. DIT funds these contractors on an annual basis and around three hundred (300) private sector International Trade Advisers are employed by the contractors to assist a specified minimum number of new exporters (including companies who have not exported in the previous twelve (12) months) to achieve export success.

2. Background to the Requirement

- 2.1 The South Internationalisation Fund currently covers all Local Enterprise Partnership (LEP) areas within the Southern region with the exception of Cornwall and Isles of Scilly which is currently serviced via a separate project managed by Business West who are also a Delivery Partner to DIT providing the International Trade Advisor (ITA) service.
- 2.2 Due to the in-housing of ITAs Business West can no longer deliver this project proposing to close down their project which will leave a gap in provision for Cornwall SMEs. DIT propose to request additional ERDF funding to extend the Internationalisation Fund offer to Cornwall SMEs.
- 2.3 The ask from external consultants is to provide the required advice and support to DIT in order to understand the level of support that could be required and delivered in Cornwall and to provide the required information to enable DIT to submit a change control to DIT and gain approval. Furthermore advice will be required to ensure the integration of the solution remains compliant with ERDF and that the impact upon

Department for International Trade

management of the additional 3 Internationalisation Fund projects is considered including resource and cost implications.

3. The Requirement

3.1 Specifically DIT will require the consultants to: Conduct research and provide a report on the SME business landscape within Cornwall and specific internationalisation conditions, in line with ERDF priorities. This should include any Cornwall specific requirements relating to it's "Less Developed" Category of Region and any sector specific issues aligning with Cornwall SMEs and ERDF eligibility rules.

1. Identify and interview the appropriate contacts within Cornwall County Council, Cornwall and Isles of Scilly LEP, Business West and other relevant external bodies, including the DLUHC, to identify key requirements to be addressed.
2. Produce a report outlining the level of grant funding, offer conditions, number of businesses to be supported, level of other applicable ERDF outputs than can be delivered, the resourcing model to support delivery, including any impact on the 4 Internationalisation Fund Projects. This should ensure any particular areas of DLUHCs change control form can be addressed by the team when submitting the request to DLUHC.
3. Provide ERDF Technical Advice to support queries arising from DLUHC assessment of change control. This should be provided in a written response via email or via a shared sharepoint site as required.
4. Provide advice in relation to the Fund Administrator's application solution and processes regarding compliance with ERDF regulations. This will include observing the solution proposed and providing written advice to DIT via email.

3.2 A HMT approval condition for the Internationalisation Fund is to undertake a review of the implementation, processes and procedures to ensure they are effective and meeting the required objectives. This review is due in June 2022.

Department for
International Trade

3.2.1 DIT will require the consultants to:

3.2.2 Undertake a review and provide recommendations in relation to the implemented solution for the Internationalisation Fund. A report should be provided on the effectiveness of the implementation in meeting the original requirements.

3.2.3 Review of IF Project team systems and processes recommending changes for streamlining, ensuring processes remain compliant with ERDF regulations. This will be in the form of a written briefing and recommendations/actions to take forward.

4. Key Performance Framework

4.1 This Performance Management Framework (PMF) will be used to monitor measure and control all aspects of The Insight Works Ltd. performance of contract responsibilities.
