Bidder guidance

- This is a scenario based price schedule based on 2 x rotations of the programme per year, 2 x networking events per programme, and 2 x 1:1 support per programme, therefore the final contract price is dependent on the number of networking events deemed necessary per programme by the bidder to achieve the aims and deliverables of this contract in accordance with the specification.
- Bidders are required to complete all yellow highlighted cells and the Notes and Comments if appropriate. Where bidders are not offering a discounted price please ensure that you copy your list price into the discounted cell. Any cells in yellow not completed may result in a non-compliant bid.
- If you are providing any element free of charge please ensure that the appropriate cell is completed with £00.00 and is explained in the comment section.
- Any generic prices states within the comments section will be deemed waived.
- The total fixed cost (ex VAT) in cell F42 will be used for evaluation purposes. All pricing will be fixed and firm for the full duration of the contract including optional extensions.
