A General Contract Provisions

A1. Interpretation

- a. The defined terms in the Contract shall be as set out in Schedule 1.
- b. Unless the context otherwise requires:
 - (1) The singular includes the plural and vice versa, and the masculine includes the feminine and vice versa.
 - (2) The words “include”, “includes”, “including” and “included” are to be construed as if they were immediately followed by the words “without limitation”, except where explicitly stated otherwise.
 - (3) The expression “person” means any individual, firm, body corporate, unincorporated association or partnership, government, state or agency of a state or joint venture.
 - (4) References to any statute, enactment, order, regulation, or other similar instrument shall be construed as a reference to the statute, enactment, order, regulation, or instrument as amended, supplemented, replaced or consolidated by any subsequent statute, enactment, order, regulation, or instrument.
 - (5) The heading to any Contract provision shall not affect the interpretation of that provision.
 - (6) Any decision, act or thing which the Authority is required or authorised to take or do under the Contract may be taken or done only by the person (or their nominated deputy) authorised in Schedule 3 (Contract Data Sheet) to take or do that decision, act, or thing on behalf of the Authority.
 - (7) Unless excluded within the Conditions of the Contract or required by law, references to submission of documents in writing shall include electronic submission.

A2. Amendments to Contract

- a. Except as provided in condition F4 all amendments to this Contract shall be serially numbered, in writing, issued only by the Authority’s Representative (Commercial), and agreed by both Parties.
- b. Where the Authority or the Contractor wishes to introduce a change which is not minor or which is likely to involve a change to the Contract Price, the provisions of Schedule 4 (Change Process) shall apply. The Contractor shall not carry out any work until any necessary change to the Contract Price has been agreed and a written amendment in accordance with clause A2.a above has been issued.

A3. Variations to Specification

- a. The Authority’s Representative may, by Notice (following consultation with the Contractor as necessary), alter the Specification as from a date agreed by both Parties and to the extent specified by the Authority, provided that any such variations shall be limited to the extent that they do not alter the fit, form, function or characteristics of the Contractor Deliverables to be supplied under the Contract. The Contractor shall ensure that the Contractor Deliverables take account of any such variations. Such variations shall not require formal amendment of the Contract in accordance with the process set out in condition A2 (Amendments to Contract) and shall be implemented upon receipt, or at the date specified in the Authority’s Notice, unless otherwise specified.

- b. Any variations that cause a change to:
 - (1) fit, form, function or characteristics of the Contractor Deliverables;

A6. Assignment of Contract

Neither Party shall be entitled to assign the Contract (or any part thereof) without the prior written consent of the other Party.

- b. No waiver in respect of any right or remedy shall operate as a waiver in respect of any

other right or remedy.

This does not include the Intellectual Property-specific restrictions of the type referred to in condition D1 (Third Party Intellectual Property – Rights and Restrictions) of the First Party’s Conditions of Contract.

4. If requested by the First Party, the Second Party shall give the First Party a summary of every existing or expected licence and restriction referred to in clause 3 and any related obligation or restriction to the extent that they place an obligation or restriction upon the First Party or the Authority with which the First Party or the Authority must comply including, to the extent applicable to such obligations or restrictions:

- a. the exporting nation, including the export licence number (where known);
- b. the article or service (including software and Information) affected;

The Second Party shall not be required to disclose any of the provisos to a licence (or even the existence of them) to the extent that they do not relate to an obligation or constraint with which the First Party or the Authority must comply.

5. When an export licence is required from a foreign government for the performance of the Agreement, the Second Party shall promptly consult with the First Party on the licence requirements and, where the Second Party is the applicant for the licence:

a. ensure that when end use or end user restrictions, or both, apply to all or part of any Article or Service to be Delivered under the Contract, the Second Party, unless otherwise agreed with the Authority, identifies in the licence application:

6. If the information required under clauses 3 and 4 has been provided previously to the First Party by the Second Party, the Second Party may satisfy these requirements by giving details of the previous notification and confirming they remain valid and satisfy the provisions of Clauses 3 and 4.

7. If the Second Party becomes aware of any changes in the information notified previously under clause 3, 4 or 6 that would affect the Contractor's or the Authority's ability to use, disclose, re-transfer or re-export an item or part of it as is referred to in those clauses, the Second Party shall notify the First Party promptly of the change.

Where the Agreement performance requires the export of items for which a foreign export licence is required, the Second Party shall include the dependencies for the export licence application, grant and maintenance in the Agreement risk register and in the risk management plan for the Agreement, with appropriate review points. Where there is no requirement under the Agreement for a risk management plan the Second Party shall submit an Export Licence Plan for agreement with the First Party.

10. The Authority may make a written request to the Contractor to seek a variation to the licence conditions to a foreign export licence to enable the Authority to re-export or re-transfer a licensed item or licensed information from the UK to a non-licensed third party. If the Authority makes such a request that is transmitted to the Second Party by the First Party, the Second Party shall, or procure that the Second Party's Subcontractor will, expeditiously consider whether or not there is a reason why it should object to making the request and, where it has no such objection, file an application to seek a variation of the applicable export licence in accordance with the procedures of the licensing authority. The First Party shall provide information, certification and other documentation necessary to support the application for the requested variation that it has received. A fair and reasonable charge for this service based on the cost of providing it will be borne by the Authority.

a. the First Party may, or at the request of the Second Party undertake to, give the Second Party a summary of every non-UK export licence or other related technology transfer control of which it is aware that would affect the Second Party's ability to perform the Agreement including, to the extent applicable to the Second Party's performance of the Agreement:

- (2) the items or information affected;
- (3) the nature of the restriction and obligation;
- (4) the authorised end use and end users;
- (5) any specific restrictions on access or use by third parties, or by individuals based upon their nationality, to the items or information affected; and
- (6) any specific restrictions on re-transfer or re-export to third parties of the items or information affected.

b. This will not include Intellectual Property-specific restrictions of the type mentioned in condition D1 (Third Party Intellectual Property – Rights and Restrictions) in relation to the First Party's Conditions of Contract instead of the Contractor.

c. The Second Party and its subcontractors, where access by these restrictions is also authorised, shall abide by the lawful restrictions so notified by the First Party.

d. The Second Party shall notify the First Party immediately if it is unable for whatever reason to abide by any restriction advised by the First Party to the Second Party under clause 12.

13. Where restrictions are advised by the First Party to the Second Party under clause 12, the First Party and the Second Party shall act promptly to mitigate their impact. If these restrictions adversely affect performance of the Agreement by the Second Party, then the First Party shall consult with the Second Party on alternative solutions and the terms of the Agreement shall be amended to give effect to the agreed solution. If no alternative solution satisfying the essential terms of the Agreement is agreed by the Parties then the First Party shall have the right to terminate the Agreement. Termination under these circumstances will be in accordance with the principles of condition A22 (Termination for Convenience) of the First Party's Conditions of Contract.

14. Without prejudice to United Kingdom Government's position on the validity of any claim by a foreign government to extra-territoriality, the Authority has undertaken to provide the Second Party with all reasonable assistance to facilitate the granting of an export licence by a foreign Government in respect of performance of the Agreement.
