Our social value priorities:

These are our priorities in this procurement:

- **Theme 5: Wellbeing - Improve health and wellbeing**

Introduction/Background

- 1.1 Educational psychologists (EPs) play a key role in supporting children and young people, particularly those with special educational needs and disabilities (SEND). They have a statutory role in contributing to Education, Health and Care Plan (EHCP) assessments, and work within the education system and wider community to help in identifying SEND and advise schools, families, and the wider workforce on how to support children and young people with SEND. They also provide a link between schools and wider community services such as Child and Adolescent Mental Health Services (CAMHS), social care, the justice system, and others, to improve outcomes for children and young people.
- 1.2 The Department for Education (DfE) helps to provide a steady supply of EPs into the Local Authority (LA) workforce in England by commissioning and funding providers to deliver the EP training course. At present, the Department funds 203 EP funded training places per annual intake, currently distributed across 13 institutions. The existing contracts with universities will be in operation until the 2023 cohort of trainees have graduated, in 2026.
- 1.3 To qualify, trainees must undertake a [Health and Care Professions Council](#) (HCPC) accredited Level 8 (doctorate level) Educational Psychologists postgraduate qualification. This is a three-year doctorate, with the first year being university-based, followed by three years on placement in a Local Authority. DfE funds the full three-year tuition fees and the first year bursary payment. In years two and three, the Local Authority providing the placement covers the bursary payments. After graduation, there is a requirement for qualified EPs to work in a Local Authority or other public sector setting which supports statutory work in England for three years.
- 1.4 To ensure there is a sufficient supply of EPs trained and working within the system to carry out their statutory functions linked to the assessment process for EHCPs and to support children and young people, teachers and families, the DfE intends to fund three more cohorts. These EP trainees would begin their training in academic years 2024, 2025 and 2026. The third of these cohorts, beginning their training in 2026, will be subject to funding being agreed.
- 1.5 The current EP training programme has established a strong reputation in the market as a prestigious postgraduate training route for EPs. Competition is very high for DfE funded course places. This is an opportunity to maintain the high-quality training and to develop the programme to meet the needs of employers of psychological services to children and young people, with a particular emphasis on LAs as employers.
- 1.6 The DfE recognises that the supply of qualified EPs varies across England, with some areas experiencing particular shortages. This has resulted in areas struggling to recruit and retain EP staff, contributing to delays in the completion of statutory and other work.

Schedule 2 (Specification)

Crown Copyright 2022

Whilst different factors will be contributing to this issue, the DfE considers this procurement an opportunity to improve the regional distribution of course places across England, supporting all Local Authorities to access a strong supply of qualified EPs, ultimately improving outcomes for children and young people.

2 Purpose

- 2.1 The aim of this agreement is to improve outcomes for children and young people by training more EPs to join the public sector workforce, while improving coverage of EPs across the regions of England.
- 2.2 The DfE requires providers to deliver a [Health and Care Professions Council](#) (HCPC) accredited Level 8 (doctorate level) Educational Psychologists postgraduate qualification.
- 2.3 As described above, the programme will run on a 3-year cycle. A single cohort will require three academic years of training and tuition. In year one, trainees will be university based with short practice placements. In years two and three, trainees will be on practice placement in an EP service within a Local Authority alongside a senior EP. The stated budget in this ITT is expected to cover the first year bursary for each cohort, as well as course delivery for all three years, across all three cohorts. To note, the first year bursary has increased for this contract, to £16,715 for London based trainees, and £16,266 for trainees outside of London.
- 2.4 This contract provides for three 3-year cohorts, with the first cohort scheduled to start their training in 2024, the second cohort in 2025, and the third cohort, subject to Spending Review funding, in 2026. Altogether, training for these cohorts would run from the 2024/25 academic year to the end of the 2028/29 academic year. The DfE is aiming to recruit at least 204 trainees per cohort, totalling at least 612 trainees across the three cohorts, split across two regional lots (see Appendix 1 for breakdown).
- 2.5 This agreement is therefore for six years, from 1st September 2023 to 31st August 2029. There will be approximately one year allotted between the agreement and signing of the contract, around 1st September 2023, to the commencement of the contract and the start date of the first trainee cohort, around 1st September 2024. This period is to facilitate providers to become HCPC accredited, and to become compliant with any other technical or legal standards, and to start the recruitment process for the 2024 cohort.
- 2.6 A possible contract extension, dependent upon future funding, would see an additional cohort begin their training in 2027, graduating in 2030.

2. What happens if you don't meet the Service Levels

- 2.1 The Supplier shall at all times provide the Deliverables to meet or exceed the Service Level Performance Measure for each Service Level.
- 2.2 The Supplier acknowledges that any Service Level Failure shall entitle the Buyer to the rights set out in Part A of this Schedule including the right to any Service Credits and that any Service Credit is a price adjustment and not an estimate of the Loss that may be suffered by the Buyer as a result of the Supplier's failure to meet any Service Level Performance Measure.
- 2.3 The Supplier shall send Performance Monitoring Reports to the Buyer detailing the level of service which was achieved in accordance with the provisions of Part B (Performance Monitoring) of this Schedule.

 - 2.5.1 the total number of Service Levels for which the weighting is to be changed does not exceed the number applicable as at the Start Date;
 - 2.5.2 the principal purpose of the change is to reflect changes in the Buyer's business requirements and/or priorities or to reflect changing industry standards; and

3. Critical Service Level Failure

On the occurrence of a Critical Service Level Failure:

- 3.1 any Service Credits that would otherwise have accrued during the relevant Service Period shall not accrue; and
- 3.2 the Buyer shall (subject to the Service Credit Cap) be entitled to withhold and retain as compensation a sum equal to any Charges which would otherwise have been due to the Supplier in respect of that Service Period ("**Compensation for Critical Service Level Failure**"),

provided that the operation of this Paragraph 3 shall be without prejudice to the right of the Buyer to terminate this Contract and/or to claim damages from the Supplier for material Default.

Part A: Service Levels and Service Credits

If the level of performance of the Supplier:

1.1 is likely to or fails to meet any Service Level Performance Measure; or

- 2.2 Service Credits are a reduction of the amounts payable in respect of the Deliverables and do not include VAT. The Supplier shall set-off the value of any Service Credits against the appropriate invoice in accordance with calculation formula in the Annex to Part A of this Schedule.
- 2.3 For failure of 1 KPI in 1 Service Period a 0.5% reduction to the Charges will be applied for the value of the Charges in the Service Period in which the KPI failure occurred, this 0.5% reduction will be deducted from the next applicable invoice.

The Service Credits shall be calculated on the basis of the following:

$\% \text{ Service Credits} \div \text{Number of Measurement Periods} = \% \text{ Service Credits to be applied on the following Month's invoice.}$

Service credit mechanism	Per Service / Reporting Period – 1 month (Service credit deduction applies to the period of reporting where the performance failure occurred).	Performance Measurement Period	Number of Measurement Periods	Service Credit per Month
1 x Service Level/KPI missed = 1 Service Credit	0.5% of Charges	Monthly Quarterly Annually	72 24 6	0.0069% 0.0208% 0.0833%
2 x Service Levels/KPI's missed = 2 Service Credits	1% of Charges	Monthly Quarterly Annually	72 24 6	0.013% 0.0416% 0.1666%

For example, if regarding KPI 4 98% of Bursaries were paid on time for 2 consecutive Service Periods then this would incur 1% of Charges equivalent to the following: $1\% \div 6 = 0.1666\%$ of Charges, equating to £17,570.

- 1.2 The Insurances shall be:
 - 1.2.1 maintained in accordance with Good Industry Practice;

2. How to manage the insurance

- 2.1 Without limiting the other provisions of this Contract, the Supplier shall:

3. What happens if you aren't insured

The Supplier shall use all reasonable endeavours to notify the Buyer (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

7. Insurance claims

- 7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or the Contract for which it may be entitled to claim under any of the Insurances.
