- H9.2 If the Authority requires a continuation of all or any of the Services on expiry or termination of the Contract, either by performing them itself or by engaging a third party to perform them, the Supplier shall co-operate fully with the Authority and any such third party and shall take all reasonable steps to ensure the timely and effective transfer of the Services without disruption to routine operational requirements.
- H9.3 The following commercial approach shall apply to the transfer of the Services if the Supplier:
- (a) does not have to use resources in addition to those normally used to deliver the Services prior to termination or expiry, there shall be no change to the Price; or
 - (b) reasonably incurs additional costs, the Parties shall agree a Change to the Price based on the Supplier's rates either set out in Schedule 2 or forming the basis for the Price.
- H9.4 When requested to do so by the Authority, the Supplier shall deliver to the Authority details of all licences for software used in the provision of the Services including the software licence agreements.

H9.5 Within one Month of receiving the software licence information described in clause H9.4, the Authority shall notify the Supplier of the licences it wishes to be transferred and the Supplier shall provide for the approval of the Authority a plan for licence transfer.

H10 Knowledge Retention

The Supplier shall co-operate fully with the Authority in order to enable an efficient and detailed knowledge transfer from the Supplier to the Authority on the completion or earlier termination of the Contract and in addition, to minimise any disruption to routine operational requirements. To facilitate this transfer, the Supplier shall provide the Authority free of charge with full access to its Staff, and in addition, copies of all documents, reports, summaries and any other information requested by the Authority. The Supplier shall comply with the Authority's request for information no later than 15 Working Days from the date that that request was made.

I GENERAL

I1 Dispute Resolution

- I1.1 The Parties shall attempt in good faith to negotiate a settlement to any dispute between them arising out of or in connection with the Contract within 20 Working Days of either Party notifying the other of the dispute and such efforts shall involve the escalation of the dispute to the finance director of the Supplier and the commercial director of the Authority.
- I1.2 Nothing in this dispute resolution procedure prevents the Parties seeking from any court of competent jurisdiction an interim order restraining the other Party from doing any act or compelling the other Party to do any act.
- I1.3 If the dispute cannot be resolved by the Parties pursuant to clause I1.1 either Party may refer it to mediation pursuant to the procedure set out in clause I1.5.
- I1.4 The obligations of the Parties under the Contract shall not cease, or be suspended or delayed by the reference of a dispute to mediation (or arbitration) and the Supplier and the Staff shall comply fully with the requirements of the Contract at all times.
- I1.5 The procedure for mediation and consequential provisions relating to mediation are as follows:
- (a) a neutral adviser or mediator (the "**Mediator**") shall be chosen by agreement of the Parties or, if they are unable to agree upon a Mediator within 10 Working Days after a request by one Party to the other or if the Mediator agreed upon is unable or unwilling to act, either Party shall within 10 Working Days from the date of the proposal to appoint a Mediator or within 10 Working Days of notice to either Party that he is unable or unwilling to act, apply to the Centre for Effective Dispute Resolution to appoint a Mediator;
 - (b) the Parties shall within 10 Working Days of the appointment of the Mediator meet with him in order to agree a programme for the exchange of all relevant information and the structure to be adopted for negotiations. If appropriate, the Parties may at any stage seek assistance from the Centre for Effective Dispute Resolution to provide guidance on a suitable procedure;

- (c) unless otherwise agreed, all negotiations connected with the dispute and any settlement agreement relating to it shall be conducted in confidence and without prejudice to the rights of the Parties in any future proceedings;
- (d) if the Parties reach agreement on the resolution of the dispute, the agreement shall be recorded in writing and shall be binding on the Parties once it is signed by their duly authorised representatives;
- (e) failing agreement, either of the Parties may invite the Mediator to provide a non-binding but informative written opinion. Such an opinion shall be provided on a without prejudice basis and shall not be used in evidence in any proceedings relating to the Contract without the prior written consent of both Parties; and
- (f) if the Parties fail to reach agreement within 60 Working Days of the Mediator being appointed, or such longer period as may be agreed by the Parties, then any dispute or difference between them may be referred to the Courts unless the dispute is referred to arbitration pursuant to the procedures set out in clause I1.6.

I1.6 Subject to clause I1.2, the Parties shall not institute court proceedings until the procedures set out in clauses I1.1 and I1.3 have been completed save that:

- (a) the Authority may at any time before court proceedings are commenced, serve a notice on the Supplier requiring the dispute to be referred to and resolved by arbitration in accordance with clause I1.7;
- (b) if the Supplier intends to commence court proceedings, it shall serve notice on the Authority of its intentions and the Authority has 21 days following receipt of such notice to serve a reply on the Supplier requiring the dispute to be referred to and resolved by arbitration in accordance with clause I1.7; and
- (c) the Supplier may request by notice to the Authority that any dispute be referred and resolved by arbitration in accordance with clause I1.7, to which the Authority may consent as it sees fit.

I1.7 If any arbitration proceedings are commenced pursuant to clause I1.6:

- (a) the arbitration is governed by the Arbitration Act 1996 and the Authority shall give a notice of arbitration to the Supplier (the "**Arbitration Notice**") stating:
 - (i) that the dispute is referred to arbitration; and
 - (ii) providing details of the issues to be resolved;
- (b) the London Court of International Arbitration ("**LCIA**") procedural rules in force at the date that the dispute was referred to arbitration in accordance with I1.7 (b) shall be applied and are deemed to be incorporated by reference to the Contract and the decision of the arbitrator is binding on the Parties in the absence of any material failure to comply with such rules;
- (c) the tribunal shall consist of a sole arbitrator to be agreed by the Parties;

- (d) if the Parties fail to agree the appointment of the arbitrator within 10 days of the Arbitration Notice being issued by the Authority under clause 11.7 (a) or if the person appointed is unable or unwilling to act, the arbitrator shall be appointed by the LCIA;
- (e) the arbitration proceedings shall take place in London and in the English language; and

- 12.1 Subject to this clause 12, a Party may claim relief under this clause 12 from liability for failure to meet its obligations under the Contract for as long as and only to the extent that the performance of those obligations is directly affected by a Force Majeure Event. Any failure or delay by the Supplier in performing its obligations under the Contract which results from a failure or delay by an agent, Sub-Contractor or supplier is regarded as due to a Force Majeure Event only if that agent, Sub-Contractor or supplier is itself impeded by a Force Majeure Event from complying with an obligation to the Supplier.
- 12.2 The Affected Party shall as soon as reasonably practicable issue a Force Majeure Notice, which shall include details of the Force Majeure Event, its effect on the obligations of the Affected Party and any action the Affected Party proposes to take to mitigate its effect.
- 12.3 If the Supplier is the Affected Party, it is not entitled to claim relief under this clause 12 to the extent that consequences of the relevant Force Majeure Event:
- (a) are capable of being mitigated by any of the Services, but the Supplier has failed to do so; and/or
 - (b) should have been foreseen and prevented or avoided by a prudent provider of services similar to the Services, operating to the standards required by the Contract.
- 12.4 Subject to clause 12.5, as soon as practicable after the Affected Party issues the Force Majeure Notice, and at regular intervals thereafter, the Parties shall consult in good faith and use reasonable endeavours to agree any steps to be taken and an appropriate timetable in which those steps should be taken, to enable continued provision of the Services affected by the Force Majeure Event.
- 12.5 The Parties shall at all times following the occurrence of a Force Majeure Event and during its subsistence use their respective reasonable endeavours to prevent and mitigate the effects of the Force Majeure Event. Where the Supplier is the Affected Party, it shall take all steps in accordance with Good Industry Practice to overcome or minimise the consequences of the Force Majeure Event.
- 12.6 If, as a result of a Force Majeure Event:
- (a) an Affected Party fails to perform its obligations in accordance with the Contract, then during the continuance of the Force Majeure Event:

- i) the other Party is not entitled to exercise its rights to terminate the Contract in whole or in part as a result of such failure pursuant to clause H2.1 or H2.3; and
 - ii) neither Party is liable for any Default arising as a result of such failure;
- (b) the Supplier fails to perform its obligations in accordance with the Contract it is entitled to receive payment of the Price (or a proportional payment of it) only to the extent that the Services (or part of the Services) continue to be performed in accordance with the Contract during the occurrence of the Force Majeure Event.

12.7 The Affected Party shall notify the other Party as soon as practicable after the Force Majeure Event ceases or no longer causes the Affected Party to be unable to comply with its obligations under the Contract.

12.8 Relief from liability for the Affected Party under this clause 12 ends as soon as the Force Majeure Event no longer causes the Affected Party to be unable to comply with its obligations under the Contract and is not dependent on the serving of a notice under clause 12.7.

13 Notices and Communications

13.1 Subject to clause 13.3, where the Contract states that a notice or communication between the Parties must be "written" or "in writing" it is not valid unless it is made by letter (sent by hand, first class post, recorded delivery or special delivery) or by email or by communication via Bravo.

13.2 If it is not returned as undelivered a notice served in:

or when the other Party acknowledges receipt, whichever is the earlier.

13.3 Notices pursuant to clauses 11, 12 or 17 or to terminate the Contract or any part of the Services are valid only if served in a letter by hand, recorded delivery or special delivery.

I4 Conflicts of Interest

- I4.1 The Supplier shall take appropriate steps to ensure that neither the Supplier nor any Staff is placed in a position where, in the reasonable opinion of the Authority, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Supplier and the duties owed to the Authority under the Contract. The Supplier will notify the Authority immediately giving full particulars of any such conflict of interest which may arise.
- I4.2 The Authority may terminate the Contract immediately by notice and/or take or require the Supplier to take such other steps it deems necessary if, in the Authority's reasonable opinion, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Supplier and the duties owed to the Authority under the Contract. The actions of the Authority pursuant to this clause I4 shall not prejudice or affect any right of action or remedy which shall have accrued or shall thereafter accrue to the Authority.

I5 Rights of Third Parties

- I5.1 Clauses B10.5 and E1.3 confer benefits on persons named in them (together "**Third Party Provisions**" and each person a "**Third Party Beneficiary**") other than the Parties and are intended to be enforceable by Third Party Beneficiaries by virtue of the Contracts (Rights of Third Parties) Act 1999 ("**CRTPA**").
- I5.2 Subject to clause I5.1, a person who is not a Party has no right under the CRTPA to enforce the Contract but this does not affect any right or remedy of any person which exists or is available otherwise than pursuant to the CRTPA and does not apply to the Crown.
- I5.3 No Third-Party Beneficiary may enforce or take steps to enforce any Third-Party Provision without Approval.
- I5.4 Any amendments to the Contract may be made by the Parties without the consent of any Third-Party Beneficiary.

I6 Remedies Cumulative

Except as expressly provided in the Contract all remedies available to either Party for breach of the Contract are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy are not an election of such remedy to the exclusion of other remedies.

I7 Waiver

- 17.1 The failure of either Party to insist upon strict performance of any provision of the Contract, or the failure of either Party to exercise, or any delay in exercising, any right or remedy do not constitute a waiver of that right or remedy and do not cause a diminution of the obligations established by the Contract.
- 17.2 No waiver is effective unless it is expressly stated to be a waiver and communicated to the other Party in writing in accordance with clause I3 (Notices and Communications).
- 17.3 A waiver of any right or remedy arising from a breach of the Contract does not constitute a waiver of any right or remedy arising from any other or subsequent breach of the Contract.

18 Severability

If any part of the Contract which is not of a fundamental nature is held invalid, illegal or unenforceable for any reason by any court of competent jurisdiction, such part shall be severed and the remainder of the Contract shall continue in full effect as if the Contract had been executed with the invalid, illegal or unenforceable part eliminated.

19 Entire Agreement

The Contract constitutes the entire agreement between the Parties in respect of the matters dealt with therein. The Contract supersedes all prior negotiations between the Parties and all representations and undertakings made by one Party to the other, whether written or oral, except that this clause shall not exclude liability in respect of any fraudulent misrepresentation.

110 Change in Law

- 110.1 The Supplier is neither relieved of its obligations to supply the Services in accordance with the terms and conditions of the Contract nor entitled to an increase in the Price as the result of:

- (a) a General Change in Law; or
- (b) a Specific Change in Law where the effect of that Specific Change in Law on the Services is reasonably foreseeable at the Commencement Date.

- 110.2 If a Specific Change in Law occurs or will occur during the Term (other than as referred to in clause 110.1(b)), the Supplier shall:

- (a) notify the Authority as soon as reasonably practicable of the likely effects of that change, including whether any:
 - (i) Change is required to the Services, the Price or the Contract; and
 - (ii) relief from compliance with the Supplier's obligations is required; and
- (b) provide the Authority with evidence:
 - (i) that the Supplier has minimised any increase in costs or maximised any reduction in costs, including in respect of the costs of its Sub-Contractors; and

(ii) as to how the Specific Change in Law has affected the cost of providing the Services.

I10.3 Any variation in the Price or relief from the Supplier's obligations resulting from a Specific Change in Law (other than as referred to in clause I10.1(b)) shall be implemented in accordance with clause F4.

I11 Counterparts

The Contract may be executed in counterparts, each of which when executed and delivered constitute an original but all counterparts together constitute one and the same instrument.

I12 Governing Law and Jurisdiction

Subject to clause I1 (Dispute Resolution) the Contract, including any matters arising out of or in connection with it, are governed by and interpreted in accordance with English Law and are subject to the jurisdiction of the Courts of England and Wales. The submission to such jurisdiction does not limit the right of the Authority to take proceedings against the Supplier in any other court of competent jurisdiction, and the taking of proceedings in any other court of competent jurisdiction does not preclude the taking of proceedings in any other jurisdiction whether concurrently or not.

SCHEDULE 1 – SPECIFICATION

1.0 Introduction

The Official Solicitor and the Public Trustee are an arm's length body of the Ministry of Justice (MoJ). The MoJ Commercial Team are running the procurement activity on behalf of the Official Solicitor to the Senior Courts (Official Solicitor) and the Public Trustee (OSPT).

This document outlines the statement of requirements for the provision of Investment Services for the Official Solicitor and to the Public Trustee.

2.0 Background

2.1 The Official Solicitor and The Public Trustee

The Official Solicitor and the Public Trustee are separate independent statutory office holders.

The Official Solicitor is appointed by the Lord Chancellor under section 90 of the Senior Courts Act 1981. The Official Solicitor acts as last resort administrator of estates and trustee of trusts.

The Public Trustee is appointed by the Lord Chancellor under section 8 of the Public Trustee Act 1906. The Public Trustee acts as executor or administrator of estates and as the appointed trustee of settlements.

In addition, the Public Trustee: is the legal holder of land under Part IV of the First Schedule to the Law of Property Act 1925 (land held in undivided shares) and Part V of the First Schedule to the Law of Property Act 1925 (Common Land).

Each of their respective cases is unique in terms of its beneficiaries and the way in which the case must be managed

In these roles, the Official Solicitor and the Public Trustee each separately holds real and personal property such as stocks and shares ("securities"), cash and land.

2.2 The Clients

The Official Solicitor and the Public Trustee's clients are the beneficiaries of the estates and trusts that they manage. The money held originates from the person who set up the estate or trust, and the beneficiaries of the investments are the individual clients.

2.3 Estates

An estate is where the OSPT has been appointed as executor of a deceased person's will or as administrator of somebody's estate who has died without a will.

2.4 Executer/ administrator

An executor/administrator collects in all of the deceased's assets and pays all of the debts before distributing what remains to the beneficiaries named in the will or, if there is no will, who is entitled by law to this.

2.5 Trust

A trust is where the OSPT has been appointed to act as a trustee in a deed. A trustee has a duty to invest the capital held to produce income to use or pay for the benefit of the beneficiaries named in the deed.

3.0 Legal duties of the Official Solicitor and the Public Trustee

The Trustee Act 2000 sets out standards and requirements for trustees in dealing with trust investments. These duties are owed to the individual beneficiaries for whom they act as trustee, executor or administrator.

Under the Trustee Act 2000, a Trustee has a duty to seek "proper" advice (such being defined in s5(4) of the Trustee Act 2000).

It is therefore a legal responsibility of the Official Solicitor and of the Public Trustee as Trustees to ensure that investment advice is obtained.

4.0 Current level of investment

As of 28th February 2019, the current supplier held £53,711,223.37 of Investments on behalf of the Official Solicitor and the Public Trustee, broken down as follows:

- Official Solicitor: £51, 552,389.88
- Public Trustee: £2,158,833.49

The current supplier also held £1,058,970.94 of cash on behalf of the Official Solicitor and the Public Trustee, broken down as follows, as of 28th February 2019:

- Official Solicitor: £995,185.50
- Public Trustee: £63,785.34

The case load as of 28th February 2019 was 157. The case load is declining. Any new cases are subject to strict last resort criteria and in the last 12 months, only one new case has been accepted and five cases closed. The breakdown of cases is as follows: 110 Official Solicitor and 47 Public Trustee.

5.0 Requirement

To comply with the Trustee Act 2000, the Official Solicitor and the Public Trustee must consider the suitability to the trust of investments and the need for diversification of investments of the trust, which is why proper advice must be obtained and considered.

Each estate and trust held by the Official Solicitor and the Public Trustee must have a separate account so the investment makeup is tailored to the needs of the estate/trust.

The business need is for the provision of investment advice to the Official Solicitor and to the Public Trustee in respect of their current estates and trusts and for future cases.

The key requirements are:

- Provision of investment advice by a fully qualified Investment Manager (whose activities are professionally regulated);
- Provision of associated management information (MI) in line with the schedule set out in the below Management Information (MI) section;
- Provision of monthly consolidated valuation reports;
- The Investment Manager must provide a contract note for each sale or purchase at the point of transaction. The contract note shall be emailed to the relevant case manager;
- The Investment Manager will accept all funds that are referred to the Investment Manager (without reference to the value of the Fund or otherwise);
- Contribute to the stewardship accounts;
- Must comply to the Trustee Act 2000

5.1 In scope

The scope of the work is the provision of investment advice on a discretionary (as opposed to an advisory) basis. The investment provider must accept all funds that are referred to them, without reference to the value of the fund or otherwise.

It is essential that the provider or providers can demonstrate experience of dealing with trustees, executors and administrators and be an authorised person or authorised persons under the Financial Services and Markets Act 2000 and any re-enactment thereof.

The provider(s) will be expected to provide investment advice and management services of the type provided to any other professional trustee or administrator.

The Official Solicitor and the Public Trustee are each appointed as Accounting Officers by the Principal Accounting Officer of the Ministry of Justice (MoJ). The Official Solicitor and the Public Trustee hold legal title to third party assets by virtue of their respective functions (as set out above).

As Accounting Officers, they are responsible for the stewardship of the third-party assets held by them and administered on their behalf by OSPT and the external provider. Annual stewardship accounts must be prepared in relation to the administration of those assets. The provider will be expected to contribute to the production of those accounts. Further information on the Stewardship Accounts is set out below.

Attendance at quarterly assurance meetings with the Official Solicitor and the Public Trustee and two independent investment advisers to review market performance.

5.1 Out of scope

Responsibility for management of the trusts and estates will be retained by the Official Solicitor and Public Trustee.

Management of real property is not included in this requirement.

5.3 Contractual Provision

The current contracts (as legally separate independent statutory office holders, the Official Solicitor and the Public Trustee hold separate but identical contracts with the provider) have been in place since December 2016 and are due to expire on 3rd December 2019. The new contracts must be in place and mobilised no later than 2nd December 2019.

The new contracts would be in place for an initial three-year period, with the option to extend for a further two 12-month periods (3+1+1).

5.4 Future requirements

Both the Official Solicitor and the Public Trustee apply very strict acceptance criteria and they do not expect any significant amount of new work. As set out above, in the previous 12 months, only one new case was accepted.

It is very important for the provider to understand that this is a declining area of work. It is envisaged that almost all the Public Trustee's cases will be closed within the next few years and where possible the Official Solicitor will seek to retire from cases where it is possible for an alternative trustee to be found.

6.0 Stewardship accounts

In addition to their duties under the law of trusts and the law governing the administration of estates, as Accounting Officers, the Official Solicitor and the Public Trustee are responsible for the stewardship of third party monies and assets administered on their behalves. As Accounting Officers, the Official Solicitor and the Public Trustee are each required to ensure that proper financial procedures are followed and that accounting records are maintained in a form suited to the requirement of management and, at present, to facilitate the preparation of annual stewardship accounts in accordance with the accounts direction issued by MoJ. They must also ensure that third party monies are properly safeguarded and well managed both as trustees and administrators and as Accounting Officers.

These aggregate stewardship accounts are additional to the individual trust and estates accounts which the Official Solicitor and the Public Trustee are required by law to prepare.

The accounts include:

- Three financial statements (balance sheet, capital account and income account);
- an opening narrative of responsibilities and in-year developments; and

- detailed notes to the accounts

The accounts are produced by the Official Solicitor, the Public Trustee and their Trusts and Estates Team, audited by the National Audit Office and approved by the MoJ Audit Committee.

The provider will be expected to contribute to the stewardship accounts by way of providing data in quarterly reconciliation reports. This includes details of investment sales, purchases, management fees and adjustments. The capital and income cash held by the provider as at 31 March of each year also forms part of the accounts. The different elements of sales and purchases such as consideration, transaction fee, stamp duty and contract levy must all be shown separately in the accounts.

It would not be possible for the Official Solicitor and Public Trustee to produce the stewardship accounts to the required standard without the data from the provider.

Stewardship Accounting is unique to the Official Solicitor and the Public Trustee, and is a mandatory requirement of these contracts.

7.0 Management Information (MI)

As well as discretionary advice, the provider must also produce and submit MI set out in the below table:

Management Information	Frequency	Detail
Production of Securities reconciliations	Produced quarterly	The quarterly reconciliation includes book cost, market values, profit/loss figures and dividends received in the period.
Attendance at (and preparation for) assurance meetings with 2 external industry experts and OSPT.	Attended quarterly	
Production of investments reports (consolidated valuation reports as at 31st March and 30th September).	Bi-annual production	Investment Reports showing all sales, purchases, holdings, calculated tax figures, capital gain, current value, initial costs and an explanation of performance
Tax pack, which the Case Managers require to complete the annual tax return for each trust as mandated by HMRC.	Annual	The tax pack needs to include: <ul style="list-style-type: none"> • Consolidated tax certificate; • Details of accrued interest; and • Capital gains tax report.

Management Information	Frequency	Detail
Provision of requested management information, e.g. end of month fund management report"	Ad hoc and in line with agreed submission dates.	

8.0 The providers relationship with the Official Solicitor and the Public Trustee

There are three Case Managers who have day to day responsibility for the cases on behalf of the Official Solicitor and Public Trustee. They attend the quarterly assurance meetings.

The provider will be required to supply the Case Managers with half-yearly investment reports for each individual account which they will then review and respond to the provider if they have any questions regarding the performance of the portfolio.

The Case Managers contact the provider in the following instances:

- When further money is required or if it is necessary to change the frequency or amount of the income being paid from the provider to the trust.
- To Inform the provider of any change to the investment objective or risk profile.
- If required, the Case Managers will ask the provider to provide them with projections based on future capital drawdowns from the account.
- When there is excess/further capital cash to invest in individual cases
- The provider will also be expected to work with the Official Solicitor's and the Public Trustee's Stewardship Manager to contribute to the annual stewardship account production, and the Official Solicitor's and the Public Trustee's Head of Trust and Estates who will manage the contracts on their behalf.

The provider will ensure there is a robust cash management strategy in place together with appropriate risk management for each portfolio.

There will be instances when the provider will hold the securities on an execution only basis, rather than on a discretionary management basis. This will be when the trust comes to an end (for example, on the death of the beneficiary, ending of the trust period etc.) pending the sale or transfer of the investments.

9.0 Regulatory status of the provider

The provider must be an authorised person or authorised persons under the Financial Services and Markets Act 2000 and any re-enactment thereof.

10.0 Data Protection

The standard service contract used contains an up to date data protection clause, which also covers the GDPR regulations.

11.0 Subcontractors of the provider

The provider should specify all organisations to which it intends to subcontract parts of the service provision, the roles of those organisations in the service provision, their locations, and details of the nature of the interfaces and management controls which will ensure seamless service delivery to the Official Solicitor and the Public Trustee.

12.0 Procedure for payment of management fees

All costs will be paid direct from each trust using client funds held by the provider.

The provider will be required to submit a half yearly schedule of charges for each case, which is reviewed and approved by the Case Managers. These charges will then be deducted by the provider direct from the client funds they hold.

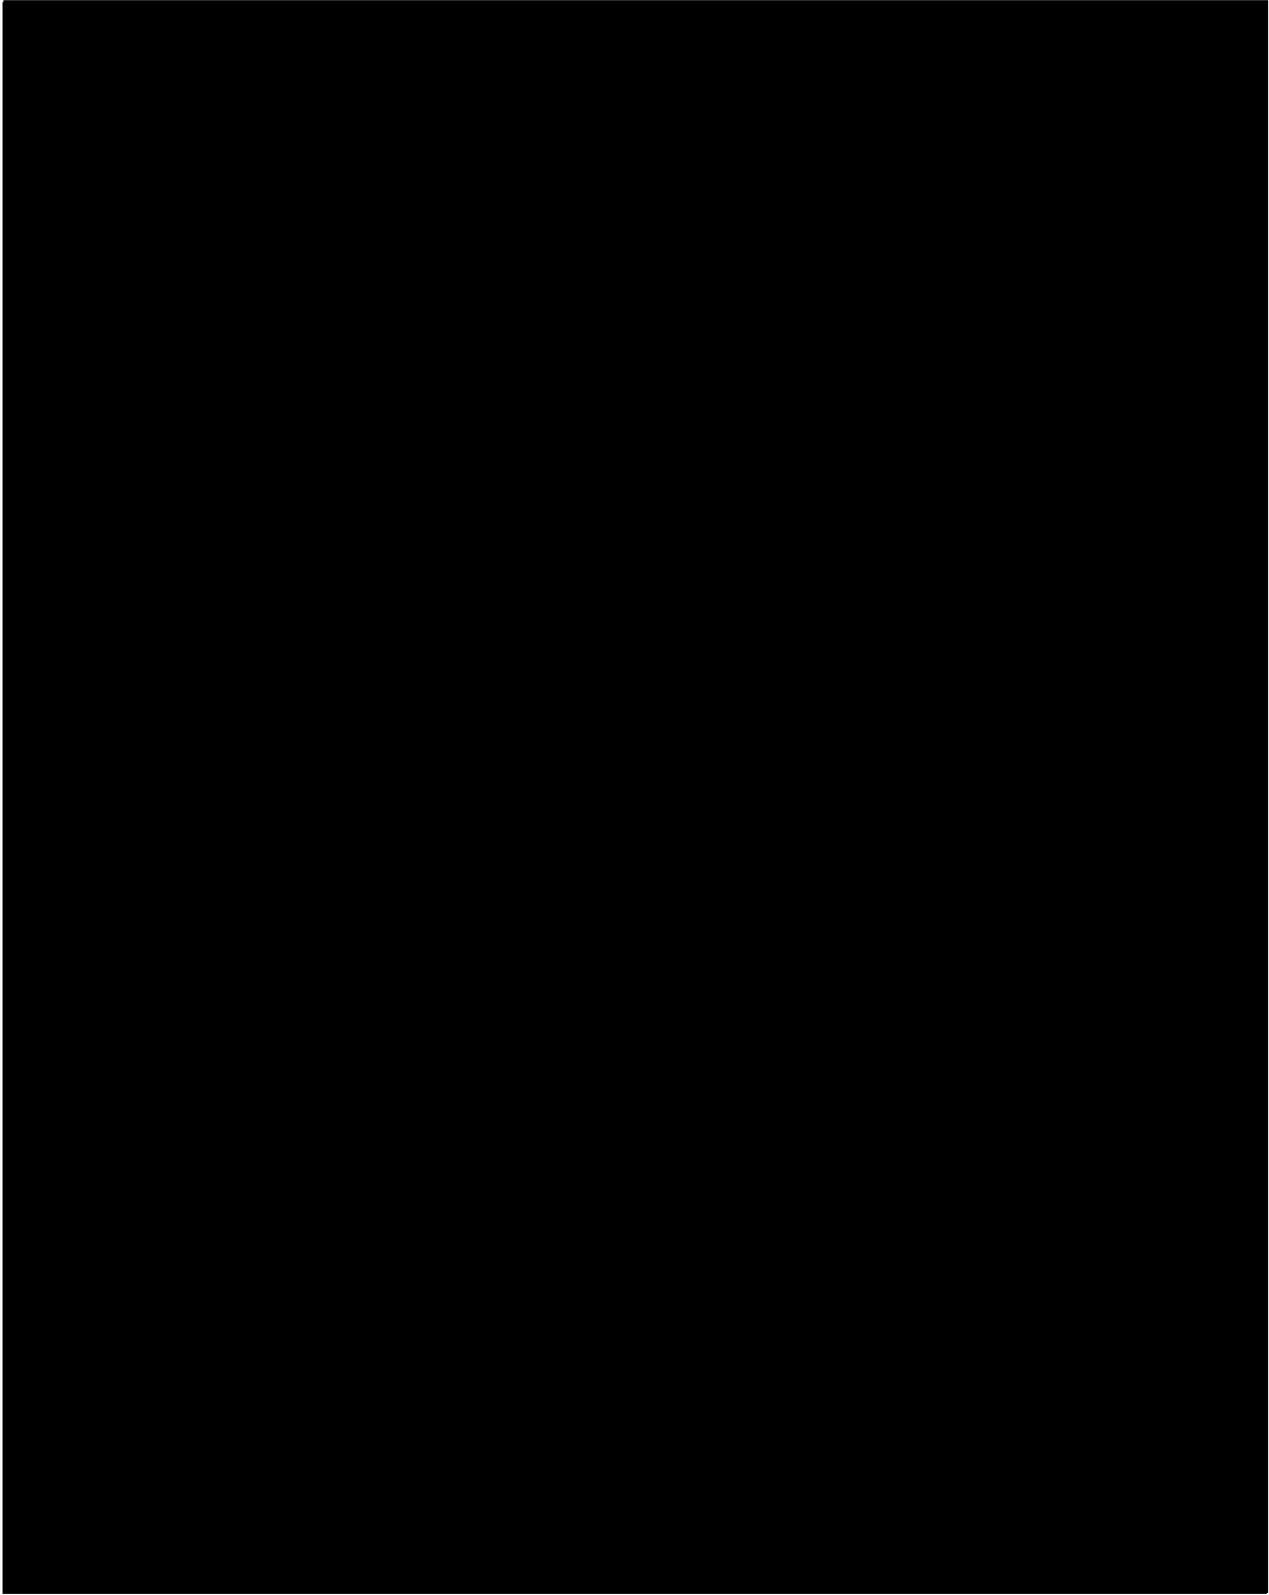

13.0 Insurance of assets

The provider must ensure that sufficient insurance cover is maintained to compensate the investors in the event of loss (excluding, of course, losses due to market fluctuations). This insurance must be sufficient to cover 100% of the value of each and every loss, up to the full value of that part of the Official Solicitors and Public Trustees investments, regardless of the number of clients involved in any one claim or the number of claims.

14.0 Service Level Agreement

The Official Solicitor and Public Trustee would expect the provider to respond to queries or ad hoc requests within three working days, unless an alternative timeframe is arranged.

4. REVISION OF THE ISMS AND SECURITY PLAN

- 4.1 The ISMS and Security Plan shall be reviewed in full and tested by the Supplier at least annually throughout the Term (or more often where there is a significant change to the Supplier System or associated processes or where an actual or potential Breach of Security or weakness is identified) to consider and take account of:
 - 4.1.1 any issues in implementing the Security Policy Framework and/or managing information risk;

The updated ISMS and/or Security Plan shall, unless otherwise agreed by the Authority, be subject to clause F4 (Change) and shall not be implemented until Approved.

4.4 If the Authority requires any updated ISMS and/or Security Plan to be implemented within shorter timescales than those set out in clause F4, the Parties shall thereafter follow clause F4 for the purposes of formalising and documenting the relevant change for the purposes of the Contract.

5. SECURITY TESTING

5.1 The Supplier shall, at its own cost, carry out relevant Security Tests from the Commencement Date and throughout the Term.

6. SECURITY AUDITS AND COMPLIANCE

6.1 The Authority and its authorised representatives may carry out security audits as it reasonably considers necessary in order to review the supplier's information security provision and its consideration of relevant best practice frameworks. The Authority and its authorised representatives shall, where applicable, be granted access to the Supplier Sites and Sub-contractor premises for this purpose subject to the Authority and the Supplier agreeing a mutually convenient date for the audit.

6.2 If, on the basis of evidence resulting from such audits, it is the Authority's reasonable opinion that the requirements of this Schedule 5 and/or the Baseline Security Requirements is not being achieved by the Supplier, the Authority shall notify the Supplier of this and request a response to the alleged non-conformance(s) within a reasonable period of time (having regard to the extent and criticality of any non-compliance and any other relevant circumstances.)

6.3 For each opinion provided by the Authority, the Supplier shall evaluate the Authority's opinion to determine if it is in agreement and accepts the opinion, or if it is not in agreement, and challenges the opinion. This evaluation shall consider all factors and considerations relevant to the provider, including but not limited to resource utilisation, initial and ongoing cost, return on investment, extent of risk mitigation, likely effectiveness, impact on existing systems, impact on the enterprise architecture and the impact on existing and future projects.

6.4 For each accepted opinion, the Supplier shall provide the Authority with a proposal for remediation. If the Authority is in agreement with the Supplier's proposal, the Supplier shall proceed with the remediation in accordance with the proposal and shall provide the Authority with confirmation when the remediation is complete. If the Authority is not in agreement with the Supplier's proposal, the Authority and the Supplier shall enter a process of negotiation until a mutually acceptable proposal is achieved.

6.5 For each challenged opinion, the Supplier shall provide the Authority with its reason(s) for not accepting the opinion. If the Authority is in agreement with the Supplier's challenge, the Authority shall update its opinion to show no further action is required and shall provide confirmation to the Supplier. If the Authority is not in agreement with the Supplier's proposal, the Authority and the Supplier shall enter a process of negotiation until a mutually acceptable outcome is achieved.

7. SECURITY RISKS AND BREACHES

7.1 The Supplier shall use its reasonable endeavours to prevent any Breach of Security for any reason, including as a result of malicious, accidental or inadvertent behaviour.

- 7.2 If either Party becomes aware of a Breach of Security or an attempted Breach of Security it shall act in accordance with the agreed security incident management processes and incident response plans as set out in the ISMS.
- 7.3 Without prejudice to the security incident management processes and incident response plans set out in the ISMS, upon becoming aware of any Breach of Security or attempted Breach of Security, the Supplier shall:
- 7.3.1 immediately notify the Authority and take all reasonable steps (which shall include any action or changes reasonably required by the Authority) that are necessary to:
 - 7.3.1.1 minimise the extent of actual or potential harm caused by any Breach of Security;
 - 7.3.1.2 remedy any Breach of Security to the extent that is possible and protect the integrity of the ICT Environment (to the extent that this is within its control) and ISMS against any such Breach of Security or attempted Breach of Security;
 - 7.3.1.3 mitigate against a Breach of Security or attempted Breach of Security; and
 - 7.3.1.4 prevent a further Breach of Security or attempted Breach of Security in the future resulting from the same root cause failure;
 - 7.3.2 provide to the Authority and/or the Computer Emergency Response Team for UK Government (“GovCertUK”) or equivalent any data that is requested relating to the Breach of Security or attempted Breach of Security within 2 Working Days of such request; and
 - 7.3.3 as soon as reasonably practicable and, in any event, within 2 Working Days following the Breach of Security or attempted Breach of Security, provide to the Authority full details (using the reporting mechanism defined by the ISMS) of the Breach of Security or attempted Breach of Security, including a root cause analysis if required by the Authority

and the Supplier recognises that the Authority may report significant actual or potential losses of Personal Data to the Information Commissioner or equivalent and to the Cabinet Office.

- 7.4 If any action is taken by the Supplier in response to a Breach of Security or attempted Breach of Security which occurred as a result of non-compliance of the ISMS with any ISO/IEC 27001: 2013 requirements or equivalent (as applicable), the Baseline Security Requirements and/or the requirements of this Schedule 5, any such action and change to the ISMS and/or Security Plan as a result shall be implemented at the Supplier’s cost.

IT Environment

- 7.5 The Supplier shall ensure that the Supplier System:
- 7.5.1 functions in accordance with Good Industry Practice for protecting external connections to the internet;
 - 7.5.2 functions in accordance with Good Industry Practice for protection from malicious code;
 - 7.5.3 provides controls to securely manage (store and propagate) all cryptographic keys to prevent malicious entities and services gaining access to them, in line with the Supplier’s Cryptographic Policy as made available to the Authority from time to time.
 - 7.5.4 is patched (and all of its components are patched) in line with Good Industry Practice; and

7.5.5 uses the latest versions of anti-virus definitions, firmware and software available from industry accepted anti-virus software vendors.

7.6 Notwithstanding paragraph 7.5, if a Breach of Security is detected in the ICT Environment, the Parties shall co-operate to reduce the effect of the Breach of Security and, if the Breach of Security causes loss of operational efficiency or loss or corruption of Information Assets and/or Authority Data, assist each other to mitigate any losses and to recover and restore such Information Assets and Authority Data.

7.7 All costs arising out of the actions taken by the Parties in compliance with paragraphs 7.2, 7.3 and 7.6 shall be borne by:

7.7.1 the Supplier if the Breach of Security originates from the defeat of the Supplier's security controls or Information Assets and/or Authority Data is lost or corrupted whilst under the control of the Supplier or its Sub-contractor; or

7.7.2 the Authority if the Breach of Security originates from the defeat of the Authority's security controls or Information Assets and/or Authority Data is lost or corrupted whilst under the control of the Authority

and each Party shall bear its own costs in all other cases.

8. VULNERABILITIES AND CORRECTIVE ACTION

8.1 The Parties acknowledge that from time to time vulnerabilities in the ICT Environment and ISMS will be discovered which, unless mitigated, will present an unacceptable risk to Information Assets and/or Authority Data.

8.2 The severity of any vulnerabilities shall be categorised by the Supplier as "High", "Medium" and "Low" according to the agreed method in the ISMS and using any appropriate vulnerability scoring systems.

8.3 The Supplier shall procure the application of security patches to vulnerabilities categorised as '*Critical*' within 14 days of public release, vulnerabilities categorised as '*Important*' within 30 days of public release and vulnerabilities categorised as '*Other*' within 60 days of public release, except where:

8.3.1 ~~the Supplier can demonstrate that a vulnerability is not exploitable within the context of the Services being provided, including where it resides in a software component which is not being used, provided that, where those vulnerabilities become exploitable, they are remedied by the Supplier within the timescales in paragraph 8.3;~~

8.3.2 the application of a security patch in respect of a vulnerability categorised as '*Critical*' or '*Important*' adversely affects the Supplier's ability to deliver the Services, in which case the Supplier shall be granted an extension to the timescales in paragraph 8.3 of 5 days, provided that the Supplier continues to follow any security patch test plan agreed with the Authority; or

8.3.3 the Authority agrees a different timescale after consultation with the Supplier in accordance with the processes defined in the ISMS.

8.4 The ISMS and the Security Plan shall include provision for the Supplier to upgrade software throughout the Term as soon as reasonably applicable after the release of the latest version unless:

8.4.1 upgrading such software reduces the level of mitigation for known threats, vulnerabilities or exploitation techniques, provided always that such software is upgraded by the Supplier within 12 months of release of the latest version; or

8.4.2 otherwise agreed with the Authority in writing.

8.5 The Supplier shall:

8.5.1 implement a mechanism for receiving, analysing and acting upon threat information provided by GovCertUK, or any other competent central Government Body;

8.5.2 ensure that the ICT Environment (to the extent that this is within the control of the Supplier) is monitored to facilitate the detection of anomalous behaviour that would be indicative of system compromise;

8.5.3 ensure that it is knowledgeable about the latest trends in threat, vulnerability and exploitation that are relevant to the ICT Environment (to the extent that this is within the control of the Supplier) by actively monitoring the threat landscape during the Term;

8.5.4 pro-actively scan the ICT Environment (to the extent that this is within the control of the Supplier) for vulnerable components and address discovered vulnerabilities through the processes described in the ISMS;

8.5.5 propose interim mitigation measures in respect of any vulnerabilities in the ICT Environment (to the extent this is within the control of the Supplier) known to be exploitable where a security patch is not immediately available;

8.5.6 remove or disable any extraneous interfaces, services or capabilities that are no longer needed for the provision of the Services (in order to reduce the attack surface of the ICT Environment to the extent this is within the control of the Supplier); and

8.6 If the Supplier is unlikely to be able to mitigate any vulnerability within the timescales in paragraph 9.3, the Supplier shall notify the Authority immediately.

8.7 Any failure by the Supplier to comply with paragraph 9.3 shall constitute a material Default.

9. SUB-CONTRACTS

9.1 The Supplier shall ensure that all Sub-Contracts with Sub-Contractors who have access to Information Assets and/or Authority Data contain equivalent provisions in relation to information assurance and security that are no less onerous than those imposed on the Supplier under the Contract.

ANNEX 1 – BASELINE SECURITY REQUIREMENTS

1 Security Classifications and Controls

- 1.1 The Supplier shall, unless otherwise Approved in accordance with paragraph 6.2 of this Annexe 1, only have access to and handle Information Assets and Authority Data that are classified under the Government Security Classifications Scheme as OFFICIAL.
- 1.2 There may be a specific requirement for the Supplier in some instances on a limited 'need to know basis' to have access to and handle Information Assets and Authority Data that are classified as 'OFFICIAL-SENSITIVE.'
- 1.3 The Supplier shall be able to demonstrate to the Authority and any accreditor that it has taken into account the "Technical Controls Summary" for OFFICIAL (in the above guidance) in designing and implementing the security controls in the Supplier System, which shall be subject to assurance and accreditation to Government standards.
- 1.4 Additional controls may be required by the Authority and any accreditor where there are aspects of data aggregation.

2 End User Devices

- 2.1 Authority Data shall, wherever possible, be held and accessed on paper or in the ICT Environment on secure premises and not on removable media (including laptops, removable discs, CD-ROMs, USB memory sticks, PDAs and media card formats) without Approval. If Approval is sought to hold and access data by other means, the Supplier shall consider the second-best option and third best option below and record the reasons why a particular approach should be adopted when seeking Approval:
 - 2.1.1 second best option means: secure remote access so that data can be viewed or amended over the internet without being permanently stored on the remote device, using products meeting the FIPS 140-2 standard or equivalent, unless Approved;
 - 2.1.2 third best option means: secure transfer of Authority Data to a remote device at a secure site on which it will be permanently stored, in which case the Authority Data and any links to it shall be protected at least to the FIPS 140-2 standard or equivalent, unless otherwise Approved, and noting that protectively marked Authority Data must not be stored on privately owned devices unless they are protected in this way
- 2.2 The right to transfer Authority Data to a remote device should be carefully considered and strictly limited to ensure that it is only provided where absolutely necessary and shall be subject to monitoring by the Supplier and Authority.
- 2.3 Unless otherwise Approved, when Authority Data resides on a mobile, removable or physically uncontrolled device, it shall be:
 - 2.3.1 the minimum amount that is necessary to achieve the intended purpose and should be anonymised if possible;
 - 2.3.2 stored in an encrypted form meeting the FIPS 140-2 standard or equivalent and using a product or system component which has been formally assured through a recognised certification process of CESG to at least Foundation Grade, for example, under the CESG Commercial Product Assurance scheme ("CPA") or equivalent, unless otherwise Approved;
 - 2.3.3 protected by an authentication mechanism, such as a password; and

2.3.4 have up to date software patches, anti-virus software and other applicable security controls to meet the requirements of this Schedule 5.

2.4 Devices used to access or manage Authority Data shall be under the management authority of the Supplier and have a minimum set of security policy configurations enforced. Unless otherwise Approved, all Supplier devices shall satisfy the security requirements set out in the CESG End User Devices Platform Security Guidance ("**CESG Guidance**") (<https://www.gov.uk/government/collections/end-user-devices-security-guidance--2>) or equivalent.

2.5 Where the CESG Guidance highlights shortcomings in a particular platform the Supplier may wish to use, then these should be discussed with the Authority and a joint decision shall be taken on whether the residual risks are acceptable. If the Supplier wishes to deviate from the CESG Guidance, this should be agreed in writing with the Authority on a case by case basis.

3 Data Storage, Processing, Management, Transfer and Destruction

3.1 The Parties recognise the need for Authority Data to be safeguarded and for compliance with the Data Protection Legislation. To that end, the Supplier shall inform the Authority the location within the United Kingdom where Authority Data is stored, processed and managed. The import and export of Authority Data from the Supplier System must be strictly controlled and recorded.

3.2 The Supplier shall inform the Authority of any changes to the location within the United Kingdom where Authority Data is stored, processed and managed and shall not transmit, store, process or manage Authority Data outside of the United Kingdom without Approval which shall not be unreasonably withheld or delayed provided that the transmission, storage, processing and management of Authority Data offshore is within:

3.2.1 the European Economic Area ("**EEA**"); or

3.2.2 another country or territory outside the EEA if that country or territory ensures an adequate level of protection by reason of its domestic law or of the international commitments it has entered into which have been defined as adequate by the European commission.

3.3 The Supplier System shall support the requirement of the Authority to comply with Government policy and Cabinet Office guidance on Offshoring, currently set out at:

<https://ogsirooffshoring.zendesk.com/hc/en-us/articles/203107991-HMG-sOffshoring-Policy>

by assessing, as required, any additional security risks associated with the storage, processing and/or transmission of any data and/or information offshore, including by an offshore Supplier (which may include the use of 'landed resources'), taking account of European Union requirements to confirm the 'adequacy' of protection of Personal Data in the countries where storage, processing and/or transmission occurs. No element of the Supplier System may be off-shored without Approval.

3.4 The Supplier shall ensure that the Supplier System provides internal processing controls between security domains to prevent the unauthorised high domain exporting of Authority Data to the low domain if there is a requirement to pass data between different security domains.

3.5 The Supplier shall ensure that any electronic transfer of Authority Data:

3.5.1 protects the confidentiality of the Authority during transfer through encryption suitable for the impact level of the data;

3.5.2 maintains the integrity of the Authority Data during both transfer and loading into the receiving system through suitable technical controls for the impact level of the data; and

3.5.3 prevents the repudiation of receipt through accounting and auditing.

3.6 The Supplier shall:

3.6.1 protect Authority Data, including Personal Data, whose release or loss could cause harm or distress to individuals and ensure that this is handled as if it were confidential while it is stored and/or processed;

3.6.2 ensure that any OFFICIAL-SENSITIVE information, including Personal Data is encrypted in transit and when at rest when stored away from the Supplier's controlled environment;

3.6.3 on demand, provide the Authority with all Authority Data in an agreed open format;

3.6.4 have documented processes to guarantee availability of Authority Data if it ceases to trade;

3.6.6 securely erase any or all Authority Data held by the Supplier when requested to do so by the Authority;

3.6.7 ensure that all material used for storage of Confidential Information is subject to controlled disposal and the Supplier shall:

3.6.7.1 destroy paper records containing Personal Data by incineration, pulping or shredding so that reconstruction is unlikely; and

3.6.7.2 dispose of electronic media that was used for the processing or storage of Personal Data through secure destruction, overwriting, erasure or degaussing for re-use.

4 Networking

4.1 Any Authority Data transmitted over any public network (including the Internet, mobile networks or un-protected enterprise network) or to a mobile device shall be encrypted..

4.2 The Supplier shall ensure that the configuration and use of all networking equipment in relation to the provision of the Services, including equipment that is located in secure physical locations, shall be at least compliant with Good Industry Practice.

4.3 The Supplier shall ensure that the ICT Environment (to the extent this is within the control of the Supplier) contains controls to maintain separation between the PSN and internet connections if used.

5 Security Architectures

5.1 When designing and configuring the ICT Environment (to the extent that this is within the control of the Supplier) the Supplier shall follow Good Industry Practice.

5.2 The Supplier shall apply the '*principle of least privilege*' (the practice of limiting systems, processes and user access to the minimum possible level) to the design and configuration of the ICT Environment used for the storage, processing and management of Authority Data. Users should only be granted the minimum necessary permissions to access Information Assets and Authority Data and must be automatically logged out of the Supplier System if an account or session is inactive for more than 15 minutes.

6 Digital Continuity

The Supplier shall ensure that each Information Asset is held in an appropriate format that is capable of being updated from time to time to enable the Information Asset to be retrieved, accessed, used and transferred to the Authority.

7 Personnel Vetting and Security

- 7.1 All Staff shall be subject to pre-employment checks that include, as a minimum, their employment history for at least the last 3 years, identity, unspent criminal convictions and right to work (including nationality and immigration status) and shall be vetted in accordance with the BPSS or BS7858 or equivalent.
- 7.2 The Supplier shall ensure that Staff who can access Information Assets and/or Authority Data and/or the ICT Environment are aware of their responsibilities when handling such information and data and undergo regular training on secure information management principles.
- 7.3 If the Supplier grants Staff access to Information Assets and/or Authority Data, those individuals shall be granted only such levels of access and permissions that are necessary for them to carry out their duties. Once Staff no longer require such levels of access or permissions or leave the organisation, their access rights shall be changed or revoked (as applicable) within three Working Days or sooner.

8 Identity, Authentication and Access Control

- 8.1 The Supplier shall operate a robust role-based access control regime, including network controls, to ensure all users and administrators of and those maintaining the ICT Environment are uniquely identified and authenticated when accessing or administering the ICT Environment to prevent unauthorised users from gaining access to Information Assets and/or Authority Data. Applying the '*principle of least privilege*', users and administrators and those responsible for maintenance shall be allowed access only to those parts of the ICT Environment they require. The Supplier shall retain an audit record of accesses and users and disclose this to the Authority upon request.
- 8.2 The Supplier shall ensure that Staff who use the Authority System actively confirm annually their acceptance of the Authority's acceptable use policy.

9 Physical Media

- 9.1 The Supplier shall ensure that all:
