5.7. The Supplier is required to have effective resource planning to ensure all authorisations for Supplier Personnel are in place before Supplier Personnel are deployed to deliver the Services under this Contract (ie. by the Start Date).

5.8. To the extent any Supplier Personnel records time to the FSA's Time Recording System which relates to Supplier Personnel's provision of Services prior to their authorisation (or prior to their authorisation taking effect) such time will not be chargeable to the FSA and FSA shall not pay any Charges in respect of the same.

6. Attendance

6.1. In relation to each FBO Premises for which the Supplier is required to provide the Core Services, the FSA shall provide a "**Statement of Resource**" (SOR). The Statement of Resource shall set out the required attendance levels and for the Supplier's cOA and cOV at the relevant FBO Premises to which it relates, in order for the Supplier to deliver the Core Services in line with the FSA's requirements in respect of that FBO Premises.

6.2. The SOR is agreed between the relevant Food Business Operator (FBO) and the FSA. The Supplier will be notified by the FSA of any change to the resourcing requirements set out in an individual SOR in line with the applicable notice period set out in the table at Paragraph 6.17 below and the detail otherwise set out in this Paragraph 6. The Supplier acknowledges that any SOR is subject to change depending on industry requirements and specific notice periods applicable are required for increases or decreases in resource.

6.3. All Supplier Personnel are required to be at the inspection point or lairage relating to the relevant FBO Premises at the start time indicated in the applicable SOR. All required duties of the Supplier Personnel in relation to a FBO Premises (as indicated by FSA to Supplier in the applicable SOR) are to be completed before Supplier Personnel leave the FBO Premises unless reporting facilities are not in operation (in which case remote access may be

used to complete reporting tasks outside of the resourcing period stated in the SOR/ off-site from the FBO premises).

- 6.4. Unpaid breaks.** Each individual Supplier Personnel providing the Core Services is entitled to an uninterrupted (by the FBO or FBO's staff) unpaid break of thirty (30) mins (where Supplier Personnel's daily working time in relation to a FBO Premises as indicated in the SOR is more than six (6) hours). Relevant break should be a break in working time and should not be taken either at the start or end of a Working Day. Unpaid breaks that are recorded on the SOR for premises working six (6) hours or less are to be taken as breaks and recorded as a break on the timesheet system.
- 6.5.** If unpaid breaks that are recorded on the SOR for FBO Premises working six (6) hour or less are not taken as breaks (e.g. the FBO does not stop for a break), they should not be recorded as a break (or if they are interrupted, only the uninterrupted time is recorded as a break, e.g. only fifteen (15) minutes of a thirty (30) minute break recorded as a break taken and a note made on the timesheet as to the reason.) Where an unpaid break is recorded on the SOR but the FBO Premises repeatedly works through the break or where the FBO Premises has no unpaid break recorded in the SOR but repeatedly takes a break this will trigger a review of the SOR.
- 6.6.** Where a FBO Premises works more than six (6) hours without an unpaid break, whether it is in the SOR or not, would be a breach of the Working Time Regulations, and should be reported to the FSA for further investigation. Unpaid breaks not recorded in the SOR for FBO Premises working six (6) hours or less are not to be taken as breaks and offline duties should be undertaken during this time.
- 6.7.** Where a FBO Premises works six (6) hours or less where no unpaid break is recorded in the SOR and a break is taken due to stoppage, if no additional offline duties can be undertaken IUWT is to be used on the timesheet. However, please note that FSA waives certain charges in line with the charging guide so there may be situations where the downtime is booked as NUWT or NIDT. Supplier will be advised by a manager if those 2 codes need to be used. Whatever activity codes are applicable for the day they should not exceed the overall SOR hours for the FBO Premises unless overtime working is required and agreed between the FSA team and the FBO, or other factors arise which require longer FSA attendance such as enforcement activity. If an FBO chooses to work less than the agreed SOR hours for that FBO Premises, Supplier Personnel are permitted to record IUWT up to their contractual hours as indicated in the SOR, where they are paid for this time, as per local management instructions to cater for exceptions and industry requirements. Local FSA management will need to consider to possible redeployment and any cost incurred by the Supplier that cannot be recovered elsewhere. If the FBO chooses to operate above the agreed SOR hours for an FBO Premises, prior agreement will be required from Supplier Personnel deployed to the relevant FBO Premises to work beyond the hours stated in the SOR, for which the Supplier Personnel will be paid for the additional hours they have worked.
- 6.8.** Where a new FBO Premises is approved, the FSA will produce an SOR for that FBO Premises and there will be up to thirty (30) Calendar Days for the Supplier to provide the required resource to fulfil the requirements of the for

that new FBO Premises. The resource is chargeable to the FSA from the start date of the SOR. Where there is a delay in the start date which was within the control of the FBO to prevent, then the FBO is responsible for the cost of the resource from the start date.

- 6.9.** Where a FBO Premises has its approval revoked or suspended or FSA controls are withdrawn owing to non-payment of judgment debt, the FSA will give the Supplier thirty (30) Calendar Days' notice to allow the Supplier to redeploy Supplier Personnel deployed to the relevant FBO Premises concerned, where possible. If FSA fails to provide this notice to the Supplier, the Supplier is entitled to claim downtime for any Supplier Personnel staff that have been unable to be redeployed from the FSA using the claim form at Annex 8 to this Schedule 2 (Specification).
- 6.10.** Where a FBO Premises decides to close, FSA are required to give the Supplier thirty (30) Calendar Days' notice to allow Supplier to redeploy their Supplier Personnel deployed to the FBO Premises concerned.
- 6.11.** Where operations at a FBO Premises operation are discontinuous (such as approved game handling establishments which operate during game seasons only) the FSA shall provide the Supplier with fourteen (14) Working Days' that cOV attendance at relevant FBO Premises is required or should be resumed (as applicable).
- 6.12.** The FSA is required to give the Supplier thirty (30) Calendar Days' notice for an increase or decrease in cOV resource required in relation to a FBO Premises.
- 6.13.** The FSA will endeavour to give the Supplier seven (7) Calendar Days' notice for an increase or decrease in cOA resource required in relation to a FBO Premises. However, there are often requirements that arise at short notice beyond the control of the FSA, and in these instances the FSA will provide two (2) clear Working Days' notice. Any more urgent provision will be by local arrangement.
- 6.14.** For additional cOA requests for a FBO Premises beyond an agreed SOR, the FSA will reimburse the Supplier for the full amount of the request, except where this request is cancelled or reduced by the FSA giving two (2) clear Working Days' notice. Where less than two (2) clear Working Days' notice is given, the FSA will reimburse the Supplier for the resource stated in the initial request to a maximum of two (2) Working Days (provided that the Supplier is not able to be redeploy the relevant Supplier Personnel elsewhere).
- 6.15.** The Supplier is expected to make every effort to find alternative work for cOA and cOV resources required by a SOR, but which has been cancelled, to avoid the charging of underutilised time to the FSA. The Supplier is only able to claim for underutilised time where they have been unable to re-deploy the resource and there is a demonstrable cost to the Supplier resulting directly from Supplier's inability to re-deploy (i.e. contractual requirement to pay the relevant Supplier Personnel which cannot be re-deployed).
- 6.16.** The FSA hold Regional Engagement and Development Days (READ) and other events, which will require provision of significant backfill of employed OA positions by the Supplier, outside of normal peak periods. The

Supplier shall be required to provide Supplier Personnel resourcing to fill the relevant backfill required by the FSA. The FSA will give the Supplier a minimum of three (3) Months' notice of the date of a READ and the backfill resourcing requirements which the Supplier is required to provide, in order to allow the Supplier to put a plan in place to resource the backfill appropriately for the FSA with Supplier Personnel.

6.17. Resource Request Notice and Cancellation Periods

The management side of the system is called TAPPAS. The Supplier shall approve and rectify issues with declined timesheets, in accordance with the timescales set out in the Time Recording Guidance and additional guides (as referred to in Paragraph 7.2 above).
- 7.4. The Supplier acknowledges that the FSA uses the timesheets submitted by the Supplier on the Time Recording System for charging of the Variable Costs and other industry charging. The Supplier shall ensure that all timesheets submitted to the Time Recording System are accurate and submitted in a timely manner.
- 7.5. The Supplier shall ensure that all timesheets submitted by all Supplier Personnel providing the Services are submitted by 12:00 noon on a Monday and approved by the Supplier by 17:00 on the Tuesday of the following week to which they relate. ANNEX 11: GAINSHARE APPROACH AND CALCULATION

Delivering Innovation and Efficiency within this Contract is important to the FSA. However, it is recognised that under the current payment mechanism the Supplier may not be sufficiently incentivised to provide proposals that are commercially and operationally beneficial for both Parties. The FSA is therefore proposing a gainshare mechanism to share the benefits of implemented innovation and/or efficiency measures between the parties.

This section sets out at a commercial principal level the proposed approach to:

- Developing innovation and/or efficiency proposals
- Calculation and payment of gainshare deriving from successful innovation/efficiency proposals.

Commercial Principles

Development and agreement of Innovation and/or Efficiency Proposals

- Both Parties can initiate the development of Innovation/Efficiency Proposals for consideration by the Head of Operational Assurance & Excellence and Head of Field Operations (or their delegated leads).
- Proposals will be presented at the Operational Board Meetings detailed in Schedule 13.
- The Party initiating the proposal will set out their innovation/efficiency proposal to include:
 - The operational and financial impact of the proposal,
 - A risk and impact assessment and a clear delivery plan.

The Parties will work together to estimate and agree the value of the benefits that will be delivered.

- In exceptional circumstances, the FSA may require additional work to be undertaken to develop the proposal into a more detailed Business Case. When this occurs the FSA may choose (at its discretion) to reimburse the Supplier for time incurred in developing this.
- Where the innovation/efficiency is anticipated to result in quantified operational benefits to the FSA, but also in an increase in ongoing cost to the Supplier but not a reduction of charges to the FSA the proposal shall include a proposed variation of the charges. The gainshare mechanism shall not apply.
- Where implementation of the innovation and/or efficiency requires the Supplier to incur material Implementation costs, the FSA and Supplier will discuss an appropriate cost sharing mechanism.
- The decision on whether to implement a gainshare proposal will be made by the Head of Field Operations and the Head of Operational Assurance & Excellence.

Ongoing monitoring and assessment of benefits

- The Supplier shall record the quantified operational and financial benefits on a Monthly basis until the agreed end date whereby the innovation/efficiency initiative has ended, and it is incorporated into business as usual, or until a decision has been made to stop the innovation / efficiency initiative, whichever is earlier. The FSA national contract management team will support this evidence gathering where necessary.
- The Head of Field Operations and Head of Operational Assurance & Excellence can decide to stop, continue or expand innovation / efficiency initiatives.

Payment of gain share

- Gainshare payments shall be agreed and approved at the Operational Board Meetings and payable as soon as is practical following a successful conclusion to a gainshare initiative.
- The Supplier shall provide the FSA with a calculation of gainshare payments with reference to the anticipated quantifiable benefits set out in the accepted proposal and the actually achieved benefits. The gainshare payment will be capped at 10 weeks of agreed impact.
- Where the innovation/efficiency is anticipated to result in a reduction of charges to the FSA, the gainshare payment shall be calculated in accordance with mechanism A.
- Where the innovation/efficiency is not anticipated to result in a reduction of charges to the FSA, but is anticipated to reduce costs to the Supplier, the FSA will have the right to a notional gainshare payment which shall be calculated in accordance with mechanism B. The notional gainshare payment shall be deducted from the charges in the invoice due immediately after the anniversary of the contract commencement date.

Calculation of gain share

Gain shares shall be calculated in accordance with the following mechanisms:

Mechanism A:

Gainshare A shall be calculated as follows:

A = Total of costs to the FSA without implementation of innovation/efficiency in the period between initiative commencement and the agreed end date

B = Total of costs to the FSA with implementation of innovation/efficiency in the period between initiative commencement and the agreed end date

C = Total of implementation costs payable in the period between initiative commencement and the agreed end date.

D = Total of any additional costs for FSA directly incurred in relation to the innovation/efficiency in the period between initiative commencement and the agreed end date.

Gain A = A-B-C-D

The Supplier shall be entitled to 50% of Gain A

Mechanism B:

Gainshare B shall be calculated as follows:

A = Total of relevant Supplier costs without implementation of innovation/efficiency in the period between initiative commencement and the agreed end date.

B = Total of relevant Supplier costs with implementation of innovation/efficiency in the period between initiative commencement and the agreed end date

C = Total of implementation costs incurred by the Supplier in the period between initiative commencement and the agreed end date.

Gain B = A-B-C

The FSA shall be entitled to 50% of Gain B

If multiple gain shares are payable within the period each gainshare calculation shall be calculated incrementally such that Supplier costs and FSA charges used to calculate each gain reflect the incremental financial impact, taking account of the prior gain calculation.

Schedule 3 (Charges)

1. Definitions

1.1 The following definitions shall apply to this Schedule 3 (Charges):

"Adjustable Charges" means:

- a) the Annual Costs;

Regarding Direct Variable Costs – FSA Risk: where a Soft Cap exists and has been agreed between the FSA and the Supplier for these costs, "Soft Cap" means that the FSA shall have no obligation to fund additional costs in excess of the specific agreed amount, but that in cases where the Supplier forecasts that a particular cost may exceed the specific agreed amount the FSA agrees to enter in good faith into discussions with the Supplier to understand the impact of not paying for the additional cost in order to enable the FSA to decide whether the FSA wishes to fund/partially fund any such additional cost at its sole discretion ;

"Backfill Rates" means the hourly rates applicable to Supplier's provision of Field Veterinary Coordinators (FVC) and Veterinary Auditors (VA) in accordance with Part E of Annex 1 to this Schedule 3 (Charges), such rates as set out in Appendix 1 to Part E;

- 2.2 Any variation to the Charges payable under a Contract must be agreed between the Supplier and the Buyer in accordance with this Schedule.

The Parties shall agree that either that no adjustment is required, or, if the Parties agree that an adjustment is required, shall agree an adjustment (increase or decrease) to the Adjustable Charges.

4.4 In circumstances where either Party requests an adjustment to the Adjustable Charges pursuant to this Paragraph 4 of Schedule 3 (Charges), the Supplier agrees that the Supplier's Impact Assessment (which the Supplier shall prepare in accordance with Clause 28.2 of the Core Terms) shall include (but shall not be limited to):

4.6 Where the Parties agree an adjustment (if any) then it will be implemented from the first (1st) Working Day following the relevant Review Date or such later date as the Buyer may determine at its sole discretion and Annex 1 shall be updated accordingly.

5 Changes to Provisional Staffing Information

5.1 The Buyer acknowledges that:

5.1.1 as part of the tender process for this Contract, the Buyer provided the Supplier with the Former Supplier's provisional staffing information (as provided to the Buyer by the Former Supplier) (the "**Provisional Staffing Information**");

5.1.2 in its Tender Response, the Supplier indicated:

- (a) those employees of the Former Supplier to whom the Supplier expected the Employment Regulations would apply on the Relevant Transfer Date and whose employment would transfer to the Supplier (the "**Anticipated Transferring Former Supplier Employees**"); and

(c) details of:

- i. any employee or employees which the Supplier has hired to role(s) previously expected to be filled by an Anticipated Transferring Former Supplier Employee but in respect of which no such employee transferred to the Supplier or a Notified Sub-Contractor in accordance with the Employment Regulations for whatever reason (each, a "**Replacement Employee**"); and
- ii. the costs of employing each such Replacement Employee which fall into the Cost Categories (the "**Replacement Employee Costs**"),

together, the "**Actual TUPE Information**".

- 5.2 Within thirty (30) Working Days of the Start Date, either Party may request that the Adjustable Charges are varied (either by increase or decrease) to reflect any change to the Supplier's costs in providing the Services arising out of any difference between the Anticipated TUPE Information and the Actual TUPE Information. The process for reviewing that request and agreeing the terms of a variation (if any) shall be in accordance with this Paragraph 5 and the Variation Procedure.
- 5.3 Where either Party requests that the Adjustable Charges are varied in accordance with Paragraph 5.2 above:

To the extent the Parties are unable to agree, the Buyer shall (in its sole discretion) make the final determination on such adjustment (if any), at all times acting reasonably.
- 5.4 The Parties agree that, where the Supplier is requesting an increase to the Adjustable Charges in accordance with this Paragraph 5, the Supplier shall be required to provide sufficient evidence to demonstrate to the Buyer's reasonable satisfaction that:

- 5.4.2 the increase in the Supplier's costs referred to Paragraph 5.4.1 has had a corresponding impact on the Adjustable Charges;
- 5.4.3 the proposed increase to the Adjustable Charges is aligned to the current market rates applicable to provision of the Services.
- 5.5 The Parties agree that for the purposes of this Paragraph 5, in circumstances where the Supplier was the incumbent Former Supplier, the definitions of Anticipated Transferring Former Supplier Employees and Actual Transferring Former Supplier Employees shall be read as meaning those employees of the Former Supplier who would have been identified as Anticipated Transferring Former Supplier Employees or Actual Transferring Former Supplier Employees had there been a Relevant Transfer.

6. Events that allow Parties to change the Charges

- 6.1 The Parties agree that the Charges may be adjusted (and Annex 1 will be updated accordingly) due to:
- 6.1.1 a Specific Change in Law in accordance with Clauses 28.6 to 28.8;
 - 6.1.2 a benchmarking review in accordance with Schedule 12 (Benchmarking);
 - 6.1.3 a request from the Supplier, which it can make at any time, to decrease the Charges;

- 6.2 The Parties also agree that the Adjustable Charges may be adjusted (by increase or decrease) at any time following the Start Date, on request from either Party (and Annex 1 of this Schedule 3 (Charges) shall be updated accordingly), in the following circumstances:
- 6.2.1 where in respect of any Service Year, there is a difference of 10% (ten percent) or more as between:
 - (a) the hours for which the Buyer anticipated the Supplier would be required to provide Supplier Personnel in provision of the Services (as set out in the Tender Response); and
 - (b) the hours for which the Buyer actually requires the Supplier to provide Supplier Personnel in the provision of the Services,and that difference has a demonstrable impact on the Adjustable Charges;
 - 6.2.2 where there is a change to immigration policy and / or any Law which relates specifically to immigration in England and Wales, which is not a Specific Change in Law and which has a demonstrable effect on Supplier's provision of the Services and / or the Supplier's costs incurred in providing such Services;
 - 6.2.3 where the role of cOA and / or cOV is added to or removed from the Skilled Worker Visa: Immigration Salary List -
<https://www.gov.uk/government/publications/skilled-worker-visa-shortage-occupations/skilled-worker-visa-shortage-occupations>;
- in each case, such adjustment (if any) to be agreed between the Parties in accordance with the Variation Procedure.
- 6.3 In circumstances where either Party requests an adjustment in the Charges pursuant to Paragraph 6.2 of this Schedule 3 (Charges) above, the Supplier agrees that the Supplier's Impact Assessment (which the Supplier shall be required to prepare in accordance with Clause 28.2 of the Core Terms) shall include (but shall not be limited to) the information listed at Paragraph 4.4.2(a) to (f) of this Schedule 3 (Charges).

7.1 Those Charges (and components of Charges) listed at Annex 3 to this Schedule 3 (Charges) shall be adjusted in line with either the:

7.1.1 Consumer Price Index (**CPI**); or

7.1.2 Industry Output Index (**IOI**) – Professional, Scientific and Technical; or

7.1.3 the average of the CPI and the IO (the “**Index**”),

(such applicable rate of inflation as stated (in each case) at Annex 3 to this Schedule 3 (Charges)), pursuant to Paragraph 7.4 of this Schedule 3 (Charges). All other Charges, costs, expenses, fees and charges may not be adjusted to take account of any inflation, change to exchange rate, change to interest rate or any other factor or element which might otherwise increase the cost to the Supplier.

7.2 The following costs, expenses, fees or charges included in the Charges shall not be subject to adjustment under this Paragraph 7 and shall not be included in the relevant amount or sum for the purposes of Paragraph 7.1 of this Schedule 3 (Charges):

7.2.1 Any costs charged by the Supplier to the Buyer in respect of Supplier Assets or Buyer Assets (including capital costs and installation, maintenance and support costs) which are incurred by the Supplier prior to the relevant adjustment date but which remain to be recovered through the Charges.

7.3 Charges shall not be indexed during the first one (**1**) year following the Start Date (the “**Non-Indexation Period**”).

7.4 Where Annex 3 states a Charge (or a component of a Charge) is subject to Indexation then it will be indexed on the date which is one year after the end of the Non-Indexation Period to reflect the percentage change in the applicable Index during the one year period immediately following the end of the Non-Indexation Period. Subsequent adjustments shall take place on each following yearly anniversary to reflect the percentage change in the applicable Index since the previous change.

7.5 Where the applicable Index:

7.5.1 used to carry out an indexation calculation is updated (for example due to it being provisional) then the indexation calculation shall also be updated unless the Buyer and the Supplier agree otherwise; or

7.5.2 is no longer published, the Buyer and the Supplier shall agree an appropriate replacement index which shall cover to the maximum extent possible the same economic activities as the original index.

Description of a Minor Impact, Moderate Impact and Major Impact (in each case) is set out the Impact Table below.

4.3 The Buyer's assessment as to whether the Supplier's performance against a Service Level has caused a Minor, Moderate or Major Impact on a FBO Premises shall consider impact of Supplier's performance on:

4.5 The Buyer shall prepare a Lot Proforma in relation to each Minor Impact, Moderate Impact and / or Major Impact recorded in a given Month and share the relevant Lot Proforma(s) with the Supplier ahead of each Monthly Contract Performance Management Meeting (as applicable)). The Supplier shall ensure that each Lot Proforma is populated with corrective and preventative actions in relation to each Minor Impact, Moderate Impact and / or Major Impact to which the Lot Proforma relates, ahead of the relevant Contract Performance Management Meeting.

- c) where Malicious Software has been introduced into the Supplier Information Management System, identifies, contains the spread of, and minimises the impact of Malicious Software.

7.3 If Malicious Software is found, the Parties shall cooperate to reduce the effect of the Malicious Software and, particularly if Malicious Software causes loss of operational efficiency or loss or corruption of Buyer Data, assist each other to mitigate any Losses and to restore the Services and / or Deliverables to their desired operating efficiency.

7.4 Any cost arising out of the actions of the Parties taken in compliance with the provisions of Paragraph 7.3 of this Appendix 1 to Schedule 16 (Security) shall be borne by the Parties as follows:

- a) by the Supplier where the Malicious Software originates from the Supplier Software, any third-party software licenced by the Supplier or the Buyer Data (whilst the Buyer Data was under the control of the Supplier) unless the Supplier can demonstrate that such Malicious Software was present and not quarantined or otherwise identified by the Buyer when provided to the Supplier; and
- b) by the Buyer, in any other circumstance.

8. Breach of Security

8.1 If either Party becomes aware of a Breach of Security it shall notify the other as soon as reasonably practicable after becoming aware of the breach, and in any event within 24 hours.

8.2 The Supplier must, upon becoming aware of a Breach of Security or attempted Breach of Security immediately take those steps identified in the Security Management Plan (if applicable) and all other reasonably steps necessary to:

- a) minimise the extent of actual or potential harm caused by such Breach of Security.
- b) remedy such Breach of Security to the extent possible.

c) apply a tested mitigation against any such Breach of Security; and

d) prevent a further Breach of Security in the future which exploits the same root cause failure.

8.3 As soon as reasonably practicable and, in any event, within five Working Days, or such other period agreed with the Buyer, following the Breach of Security or attempted Breach of Security, provide to the Buyer full details of the Breach of Security or attempted Breach of Security, including a root cause analysis where required by the Buyer.

8.4 The Supplier must take the steps required by Paragraph 8.2 of this Appendix 1 to Schedule 16 (Security) at its own cost and expense.

9. Sub-contractors

The Supplier must assess the parts of the information and communications technology system and the Sites that its Sub-contractors will use to provide the Services and / or Deliverables against the NCSC Cloud Security Principles at their own cost and expense to demonstrate that the people, process, technical and physical controls have been delivered in an effective way. The Sub-contractor must document that assessment and make that documentation available to the Buyer at the Buyer's request.

10. Third-party Software

The Supplier must not, and must ensure that Sub-contractors do not, use any software to Process Buyer Data where the licence terms of that software purport to grant the licensor rights to Process the Buyer Data greater than those rights strictly necessary for the use of the software.

11. Deletion of Buyer Data

The Supplier must, and must ensure that all Sub-contractors, securely erase any or all Buyer Data held by the Supplier or Sub-contractor when requested to do so by the Buyer using a deletion method that ensures that even a determined expert using specialist techniques can recover only a small fraction of the data deleted.

The Supplier shall ensure that each of the Insurances is effective no later than the Effective Date in respect of those Insurances set out in the Annex to this Schedule 22 (Insurance Requirements) and those required by applicable Law; and
- 1.2 The Insurances shall be:
 - 1.2.1 maintained in accordance with Good Industry Practice;
 - 1.2.2 (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent contractor in respect of risks insured in the international insurance market from time to time;
 - 1.2.3 taken out and maintained with insurers of good financial standing and good repute in the international insurance market; and
 - 1.2.4 maintained until the End Date except in relation to Professional Indemnity where required under Part C of the Annex to this Schedule 22 (Insurance Requirements) which shall be maintained for at least six (6) years after the End Date.
- 1.3 The Supplier shall ensure that the public and products liability policy contain an indemnity to principals clause under which the Buyer shall be indemnified in respect of claims made against the Buyer in respect of death or bodily injury or third party property damage arising out of or in connection with the Deliverables and for which the Supplier is legally liable.

2. How to manage the insurance

- 2.1 Without limiting the other provisions of this Contract, the Supplier shall:
 - 2.1.1 take or procure the taking of all reasonable risk management and risk control measures in relation to Deliverables as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;
 - 2.1.2 promptly notify the insurers in writing of any relevant material fact under any Insurances of which the Supplier is or becomes aware; and
 - 2.1.3 hold all policies in respect of the Insurances and cause any insurance broker effecting the Insurances to hold any insurance slips and other evidence of placing cover representing any of the Insurances to which it is a party.

3. What happens if you aren't insured

- 3.1 The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which

would entitle any insurer to refuse to pay any claim under any of the Insurances.

- 3.2 Where the Supplier has failed to purchase or maintain any of the Insurances in full force and effect, the Buyer may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances and recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

4. Evidence of insurance you must provide

The Supplier shall upon the Effective Date and within 15 Working Days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to the Buyer, that the Insurances are in force and effect and meet in full the requirements of this Schedule 22 (Insurance Requirements).

5. Making sure you are insured to the required amount

- 5.1 The Supplier shall ensure that any Insurances which are stated to have a minimum limit "in the aggregate" are maintained for the minimum limit of indemnity for the periods specified in this Schedule 22 (Insurance Requirements).
- 5.2 Where the Supplier intends to claim under any of the Insurances for any matters that are not related to the Deliverables and/or this Contract, the Supplier shall, where such claim is likely to result in the level of cover available under any of the Insurances being reduced below the minimum limit of indemnity specified in this Schedule 22 (Insurance Requirements), promptly notify the Buyer and provide details of its proposed solution for maintaining the minimum limit of indemnity specified in this Schedule 22 (Insurance Requirements).

6. Cancelled Insurance

- 6.1 The Supplier shall notify the Buyer in writing at least five (5) Working Days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances.
- 6.2 The Supplier shall ensure that nothing is done which would entitle the relevant insurer to cancel, rescind or suspend any insurance or cover, or to treat any insurance, cover or claim as voided in whole or part. The Supplier shall use all reasonable endeavours to notify the Buyer (subject to third party confidentiality obligations) as soon as practicable when it becomes aware of any relevant fact, circumstance or matter which has caused, or is reasonably likely to provide grounds to, the relevant insurer to give notice to cancel, rescind, suspend or void any insurance, or any cover or claim under any insurance in whole or in part.

7. Insurance claims

- 7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Deliverables, or this Contract for which it may be entitled to claim under any of the Insurances. In the event that the Buyer receives a claim relating to or arising out of this Contract or the Deliverables, the Supplier shall co-operate with the Buyer and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.
- 7.2 Except where the Buyer is the claimant party, the Supplier shall give the Buyer notice within twenty (20) Working Days after any insurance claim in excess of £1,000,000 GBP (one million pounds) relating to or arising out of the provision of the Deliverables or this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by the Buyer) full details of the incident giving rise to the claim.
- 7.3 Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.
- 7.4 Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible.
