PROCUREMENT QUESTION LOG

Where we have been asked questions regarding this procurement, the answers to which may be relevant to all bidders, these questions have been reproduced below along with the associated answers.

Question 1

The Project Completion Date is identified in the Timetable in the Instructions To Bidders Document with a Start Date of Monday, 29th June 2020 and an end date of Friday, 21st August 2020, whereas the Specification states “The project is to be fully installed by no later than Tuesday, 31st March 2020.” Please can you confirm the correct dates?

Answer 1

The Council would confirm that the Timetable set out in the **Instructions To Bidders** is accurate, whereas the date included in the Specification is erroneous, having been overlooked from a previous revision.

For clarity, the project is to start no later than Monday, 29th June 2020 and conclude no later than Friday, 21st August 2020.
