

Questions and Answers from Site Visit 18 August 2021

Q. Do we need to go above drying room so as not to interrupt structure?

A. Preferable but can consider building back in to mezzanine so avoid excess cost due to complications.

Q. Can we go up to rather than over office?

A. Currently not built to take working load. Would need to assess opportunity cost of building over vs reinforcing existing.

Q. Ok to build across roller door?

A. Yes we don't need full height access of roller door.

Q. What is intended use?

A. Workshop space and storage.

Q. Can we arrange for trade contractors to visit to compile quote?

A. Yes

Q. Does office require heating/air con?

A. Not in initial brief but on reflection probably needed. Please itemise on quote.

Q. Have you had much interest?

A. Yes
