13.8 The Supplier will ensure that no unlicensed software or open source software (other than the open source software specified by the Buyer) is interfaced with or embedded within any Buyer Software or Deliverable.

13.9 Before using any third-party IPRs related to the supply of the Services, the Supplier will submit to the Buyer for approval, all details of any third-party IPRs.

13.10 Where the Supplier is granted permission to use third-party IPRs in a request for approval, the Supplier will ensure that the owner of such third-party IPRs grants to the Buyer a licence on the terms informed to the Buyer in the request for approval.

13.11 If the third-party IPR is made available on terms equivalent to the Open Government Licence v3.0, the request for approval will be agreed and the Supplier will buy licences under these terms. If not, the Supplier shall notify the Buyer in writing giving details of what licence terms can be obtained and other alternatives and no third-party IPRs may be used without Buyer approval in writing.

13.12 The Supplier will, on written demand, fully indemnify the Buyer and the Crown for all losses which it may incur at any time as a result of any claim (whether actual alleged asserted and/or substantiated and including third party claims) that the rights granted to the Buyer in accordance with the Call-Off Contract or the performance by the Supplier of the provision of the Services or the possession or use by the Buyer of the Services or Deliverables delivered by the Supplier, including the publication of any Deliverable that is software as open source, infringes or allegedly infringes a third party's Intellectual Property Rights (an 'IPR Claim').

13.13 Clause 13.12 will not apply if the IPR Claim arises from:

- designs supplied by the Buyer;
- the use of data supplied by the Buyer which is not required to be verified by the Supplier under any provision of the Call-Off Contract; or
- other material provided by the Buyer necessary for the provision of the Services.

13.14 The indemnity given in Clause 13.12 will be uncapped.

13.15 The Buyer will notify the Supplier in writing of the IPR Claim made against the Buyer and the Buyer will not make any admissions which may be prejudicial to the defence or settlement of the IPR Claim. The Supplier will at its own expense conduct all negotiations and any litigation arising in connection with the IPR Claim provided always that the Supplier:

- consults the Buyer on all substantive issues which arise during the conduct of such litigation and negotiations;
- takes due and proper account of the interests of the Buyer;
- considers and defends the IPR Claim diligently using competent counsel and in such a way as not to bring the reputation of the Buyer into disrepute; and
- does not settle or compromise the IPR Claim without the prior approval of the Buyer (such decision not to be unreasonably withheld or delayed).

13.16 If an IPR Claim is made (or in the reasonable opinion of the Supplier is likely to be made) in connection with the Call-Off Contract, the Supplier will, at the Supplier's own expense and subject to the prompt approval of the Buyer, use its best endeavours to:

- modify the relevant part of the Services or Deliverables without reducing their functionality or performance, or substitute Services or Deliverables of equivalent functionality or performance, to avoid the infringement or the alleged infringement, provided that there is no additional cost or burden to the Buyer;
- buy a licence to use and supply the Services or Deliverables, which are the subject of the alleged infringement, on terms which are acceptable to the Buyer; and
- promptly perform any responsibilities and obligations to do with the Call-Off Contract.

13.17 If an IPR Claim is made (or in the reasonable opinion of the Supplier is likely to be made) against the Supplier, the Supplier will immediately notify the Buyer in writing.

13.18 If the Supplier does not comply with provisions of this Clause within 20 Working Days of receipt of notification by the Supplier from the Buyer under clause 13.15 or receipt of the notification by the Buyer from the Supplier under clause 13.17 (as appropriate), the Buyer may terminate the Call-Off Contract for Material Breach and the Supplier will, on demand, refund the Buyer with all monies paid for the Service or Deliverable that is subject to the IPR Claim.

13.19 The Supplier will have no rights to use any of the Buyer's names, logos or trademarks without the Buyer's prior written approval.

13.20 The Supplier will, as an enduring obligation throughout the term of the Call-Off Contract where any software is used in the provision of the Services or information uploaded, interfaced or exchanged with the CCS or Buyer systems, use software and the most up-to-date antivirus definitions from an industry-accepted antivirus software vendor. It will use the software to check for, contain the spread of, and minimise the impact of Malicious Software (or as otherwise agreed between CCS or the Buyer, and the Supplier).

13.21 If Malicious Software is found, the Supplier will co-operate with the Buyer to reduce the effect of the Malicious Software. If Malicious Software causes loss of operational efficiency or loss or corruption of Buyer Data, the Supplier will use all reasonable endeavours to help the Buyer to mitigate any losses and restore the provision of the Services to the desired operating efficiency as soon as possible.

13.22 Any costs arising from the actions of the Buyer or Supplier taken in compliance with the provisions of the above clause, and clause 20.3, will be dealt with by the Buyer and the Supplier as follows:

- by the Supplier, where the Malicious Software originates from the Supplier Software or the Buyer Data while the Buyer Data was under the control of the Supplier, unless the Supplier can demonstrate that such Malicious Software was present and not quarantined or otherwise identified by the Buyer when provided to the Supplier.
- by the Buyer if the Malicious Software originates from the Buyer Software or the Buyer Data, while the Buyer Data was under the control of the Buyer.

13.23 All Deliverables that are software shall be created in a format, or able to be converted into a format, which is suitable for publication by the Buyer as open source software, unless otherwise agreed by the Buyer, and shall be based on open standards where applicable. The Supplier warrants that the Deliverables:

- are suitable for release as open source;
- have been developed using reasonable endeavours to ensure that their publication by the Buyer shall not cause any harm or damage to any party using them;
- do not contain any material which would bring the Buyer into disrepute;
- can be published as open source without breaching the rights of any third party; and
- do not contain any Malicious Software.

13.24 Where Deliverables that are software are written in a format that requires conversion before publication as open source software, the Supplier shall also provide the converted format to the Buyer unless the Buyer agrees in advance in writing that the converted format is not required.

13.25 Where the Buyer has authorised a Supplier request not to make an aspect of the Deliverable open source, the Supplier shall as soon as reasonably practicable provide written details of what will not be made open source and what impact that exclusion will have on the ability of the Buyer to use the Deliverable and Project Specific IPRs going forward as open source.

13.26 The Buyer may assign, novate or otherwise transfer its rights and obligations under the licences granted pursuant to this clause to:

- a Central Government Body; or
- to any body (including any private sector body) which performs or carries on any of the functions and/or activities that previously had been performed and/or carried on by the Buyer.

If the Buyer ceases to be a Central Government Body, the successor body to the Buyer shall still be entitled to the benefit of the licences granted in this clause.

14. Data Protection and Disclosure

14.1 The Parties will comply with the Data Protection Legislation and agree that the Buyer is the Controller and the Supplier is the Processor. The only processing the Supplier is authorised to do is listed at Schedule 9 unless Law requires otherwise (in which case the Supplier will promptly notify the Buyer of any additional processing if permitted by Law).

14.2 The Supplier will provide all reasonable assistance to the Buyer to prepare any Data Protection Impact Assessment before commencing any processing (including provision of detailed information and assessments in relation to processing operations, risks and measures) and must notify the Buyer immediately if it considers that the Buyer's instructions infringe the Data Protection Legislation.

14.3 The Supplier must have in place Protective Measures, which have been reviewed and approved by the Buyer as appropriate, to guard against a Data Loss Event, which take into account the nature of the data, the harm that might result, the state of technology and the cost of implementing the measures.

14.4 The Supplier will ensure that the Supplier Personnel only process Personal Data in accordance with this Call-Off Contract and take all reasonable steps to ensure the reliability and integrity of Supplier Personnel with access to Personal Data, including by ensuring they:

- i) are aware of and comply with the Supplier's obligations under this Clause;
- ii) are subject to appropriate confidentiality undertakings with the Supplier or relevant Subprocessor
- iii) are informed of the confidential nature of the Personal Data and don't publish, disclose or divulge it to any third party unless directed by the Buyer or in accordance with this Call-Off Contract
- iv) are given training in the use, protection and handling of Personal Data

14.5 The Supplier will not transfer Personal Data outside of the European Economic Area unless the prior written consent of the Buyer has been obtained and the following conditions are met:

- i) the Buyer or the Supplier has provided appropriate safeguards in relation to the transfer (whether in accordance with GDPR Article 46 or LED Article 37) as determined by the Buyer;
- ii) the Data Subject has enforceable rights and effective legal remedies;

- iii) the Supplier complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred (or, if it is not so bound, uses its best endeavours to assist the Buyer in meeting its obligations); and
- iv) the Supplier complies with any reasonable instructions notified to it in advance by the Buyer with respect to the processing of the Personal Data

14.6 The Supplier will delete or return the Buyer's Personal Data (including copies) if requested in writing by the Buyer at the termination or expiry of this Call-Off Contract, unless required to retain the Personal Data by Law.

14.7 The Supplier will notify the Buyer immediately if it receives any communication from a third party relating to the Parties' obligations under the Data Protection Legislation, or it becomes aware of a Data Loss Event, and will provide the Buyer with full and ongoing assistance in relation to each Party's obligations under the Data Protection Legislation in accordance with any timescales reasonably required by the Buyer.

14.8 The Supplier will maintain complete and accurate records and information to demonstrate its compliance with this clause. This requirement does not apply where the Supplier employs fewer than 250 staff, unless:

- i) the Buyer determines that the processing is not occasional;
- ii) the Buyer determines the processing includes special categories of data as referred to in Article 9(1) of the GDPR or Personal Data relating to criminal convictions and offences referred to in Article 10 of the GDPR; and
- ii) the Buyer determines that the processing is likely to result in a risk to the rights and freedoms of Data Subjects.

14.9 Before allowing any Subprocessor to process any Personal Data related to this Call-Off Contract, the Supplier must obtain the prior written consent of the Buyer, and shall remain fully liable for the acts and omissions of any Subprocessor.

14.10 The Buyer may amend this Call-Off Contract on not less than 30 Working Days' notice to the Supplier to ensure that it complies with any guidance issued by the Information Commissioner's Office.

15. Buyer Data

15.1 The Supplier will not remove any proprietary notices relating to the Buyer Data.

15.2 The Supplier will not store or use Buyer Data except where necessary to fulfil its obligations.

15.3 If Buyer Data is processed by the Supplier, the Supplier will supply the data to the Buyer as requested and in the format specified by the Buyer.

15.4 The Supplier will preserve the integrity of Buyer Data processed by the Supplier and prevent its corruption and loss.

15.5 The Supplier will ensure that any system which holds any Buyer Data complies with the security requirements prescribed by the Buyer.

15.6 The Supplier will ensure that any system on which the Supplier holds any protectively marked Buyer Data will be accredited as specific to the Buyer and will comply with:

- the government security policy framework and information assurance policy;
- guidance issued by the Centre for Protection of National Infrastructure on Risk Management and Accreditation of Information Systems; and
- the relevant government information assurance standard(s).

15.7 Where the duration of the Call-Off Contract exceeds one year, the Supplier will review the accreditation status at least once a year to assess whether material changes have occurred which could alter the original accreditation decision in relation to Buyer Data. If any changes have occurred, the Supplier will re-submit such system for accreditation.

15.8 If at any time the Supplier suspects that the Buyer Data that the Supplier has held, used, or accessed has or may become corrupted, lost, breached or significantly degraded in any way for any reason, then the Supplier will notify the Buyer immediately and will at its own cost comply with any remedial action proposed by the Buyer.

15.9 The Supplier will provide, at the request of CCS or the Buyer, any information relating to the Supplier's compliance with its obligations under the Data Protection Legislation. The Supplier will also ensure that it does not knowingly or negligently fail to do something that places CCS or any Buyer in breach of its obligations of the Data Protection Legislation. This is an absolute obligation and is not qualified by any other provision of the Call-Off Contract.

15.10 The Supplier agrees to use the appropriate organisational, operational and technological processes and procedures to keep the Buyer Data safe from unauthorised use or access, loss, destruction, theft or disclosure.

16. Document and source code management repository

16.1 The Supplier will comply with any reasonable instructions given by the Buyer as to where it will store documents and source code, both finished and in progress, during the term of the Call-Off Contract.

16.2 The Supplier will ensure that all items that are uploaded to any repository contain sufficient detail, code annotations and instructions so that a third-party developer with the relevant technical abilities within the applicable role would be able to understand how the item was created and how it works together with the other items in the repository within a reasonable timeframe.

17. Records and audit access

17.1 The Supplier will allow CCS (and CCS's external auditor) to access its information and conduct audits of the Services provided under the Call-Off Contract and the provision of Management Information (subject to reasonable and appropriate confidentiality undertakings).

18. Freedom of Information (FOI) requests

18.1 The Supplier will transfer any Request for Information to the Buyer within 2 Working Days of receipt.

18.2 The Supplier will provide all necessary help reasonably requested by the Buyer to enable the Buyer to respond to the Request for Information within the time for compliance set out in section 10 of the Freedom of Information Act or Regulation 5 of the Environmental Information Regulations.

18.3 To the extent it is permissible and reasonably practical for it to do so, CCS will make reasonable efforts to notify the Supplier when it receives a relevant FoIA or EIR request so that the Supplier may make appropriate representations.

19. Standards and quality

19.1 The Supplier will comply with any standards in the Call-Off Contract and Section 4 (How Services will be delivered) of the Framework Agreement, and with Good Industry Practice.

20. Security

20.1 If requested to do so by the Buyer, the Supplier will, within 5 Working Days of the date of the Call-Off Contract, develop, obtain Buyer's approval of, maintain and observe a Security Management Plan and an Information Security Management System (ISMS) which, after Buyer approval, will apply during the term of the Call-Off Contract. Both the ISMS and the Security Management Plan will comply with the security policy of the Buyer and protect all aspects of the Services, and all processes associated with the delivery of the Services.

20.2 The Supplier will use software and the most up-to-date antivirus definitions available from an industry accepted antivirus software vendor to minimise the impact of Malicious Software.

20.3 If Malicious Software causes loss of operational efficiency or loss or corruption of Buyer Data, the Supplier will help the Buyer to mitigate any losses and will restore the Services to their desired operating efficiency as soon as possible.

20.4 The Supplier will immediately notify CCS of any breach of security in relation to CCS's Confidential Information (and the Buyer in relation to any breach regarding Buyer Confidential Information). The Supplier will recover such CCS and Buyer Confidential Information however it may be recorded.

20.5 Any system development by the Supplier must also comply with the government's '10 Steps to Cyber Security' guidance, as amended from time to time and currently available at: <https://www.ncsc.gov.uk/guidance/10-steps-cyber-security>

20.6 The Buyer will specify any security requirements for this project in the Order Form.

21. Incorporation of terms

21.1 Upon the execution of a Statement of Work (SOW), the terms and conditions agreed in the SOW will be incorporated into the Call-Off Contract that the terms of the SOW are agreed under.

22. Managing disputes

22.1 When either Party notifies the other of a dispute, both Parties will attempt in good faith to negotiate a settlement as soon as possible.

22.2 Nothing in this prevents a Party from seeking any interim order restraining the other Party from doing any act or compelling the other Party to do any act.

22.3 If the dispute cannot be resolved, either Party will be entitled to refer it to mediation in accordance with the procedures below, unless:

- the Buyer considers that the dispute is not suitable for resolution by mediation;
- the Supplier does not agree to mediation.

22.4 The procedure for mediation is as follows:

- A neutral adviser or mediator will be chosen by agreement between the Parties. If the Parties cannot agree on a mediator within 10 Working Days after a request by one Party to the other, either Party will as soon as possible, apply to the mediation provider or to the Centre for Effective Dispute Resolution (CEDR) to appoint a mediator. This application to CEDR must take place within 12 Working

Days from the date of the proposal to appoint a mediator, or within 3 Working Days of notice from the mediator to either Party that they are unable or unwilling to act.

- The Parties will meet with the mediator within 10 Working Days of the mediator's appointment to agree a programme for the exchange of all relevant information and the structure for negotiations to be held. The Parties may at any stage seek help from the mediation provider specified in this clause to provide guidance on a suitable procedure.
- Unless otherwise agreed, all negotiations connected with the dispute and any settlement agreement relating to it will be conducted in confidence and without prejudice to the rights of the Parties in any future proceedings.
- If the Parties reach agreement on the resolution of the dispute, the agreement will be recorded in writing and will be binding on the Parties once it is signed by their duly authorised representatives.
- Failing agreement, either Party may invite the mediator to provide a non-binding but informative opinion in writing. Such an opinion will be provided without prejudice and will not be used in evidence in any proceedings relating to the Call-Off Contract without the prior written consent of both Parties.
- If the Parties fail to reach agreement in the structured negotiations within 60 Working Days of the mediator being appointed, or such longer period as may be agreed by the Parties, then any dispute or difference between them may be referred to the courts.

22.5 Either Party may request by written notice that the dispute is referred to expert determination if the dispute relates to:

- any technical aspect of the delivery of the digital services;
- the underlying technology; or
- is otherwise of a financial or technical nature.

22.6 An expert will be appointed by written agreement between the Parties, but if there's a failure to agree within 10 Working Days, or if the person appointed is unable or unwilling to act, the expert will be appointed on the instructions of the President of the British Computer Society (or any other association that has replaced the British Computer Society).

22.7 The expert will act on the following basis:

- they will act as an expert and not as an arbitrator and will act fairly and impartially;
- the expert's determination will (in the absence of a material failure to follow the agreed procedures) be final and binding on the Parties;
- the expert will decide the procedure to be followed in the determination and will be requested to make their determination within 30 Working Days of their appointment or as soon as reasonably practicable and the Parties will help and provide the documentation that the expert needs for the determination;
- any amount payable by one Party to another as a result of the expert's determination will be due and payable within 20 Working Days of the expert's determination being notified to the Parties
- the process will be conducted in private and will be confidential;

- the expert will determine how and by whom the costs of the determination, including their fees and expenses, are to be paid.

22.8 Without prejudice to any other rights of the Buyer under the Call-Off Contract, the obligations of the Parties under the Call-Off Contract will not be suspended, ceased or delayed by the reference of a dispute submitted to mediation or expert determination and the Supplier and the Supplier Staff will comply fully with the Requirements of the Call-Off Contract at all times.

23. Termination

23.1 The Buyer will have the right to terminate the Call-Off Contract at any time by giving the notice to the Supplier specified in the Order Form, subject to clause 23.2 and 23.3 below. The Supplier's obligation to provide the Services will end on the date set out in the Buyer's notice.

23.2 The minimum notice period (expressed in Working Days) to be given by the Buyer to terminate under this Clause will be the number of whole days that represent 20% of the total duration of the current SOW to be performed under the Call-Off Contract, up to a maximum of 30 Working Days.

23.3 Partial days will be discounted in the calculation and the duration of the SOW will be calculated in full Working Days.

23.4 The Parties acknowledge and agree that:

- the Buyer's right to terminate under this Clause is reasonable in view of the subject matter of the Call-Off Contract and the nature of the Service being provided.
- the Call-Off Contract Charges paid during the notice period given by the Buyer in accordance with this Clause are a reasonable form of compensation and are deemed to fully cover any avoidable costs or losses incurred by the Supplier which may arise either directly or indirectly as a result of the Buyer exercising the right to terminate under this Clause without cause.
- Subject to clause 34 (Liability), if the Buyer terminates the Call-Off Contract without cause, they will indemnify the Supplier against any commitments, liabilities or expenditure which result in any unavoidable Loss by the Supplier, provided that the Supplier takes all reasonable steps to mitigate such Loss. If the Supplier holds insurance, the Supplier will reduce its unavoidable costs by any insurance sums available. The Supplier will submit a fully itemised and costed list of such Loss, with supporting evidence of unavoidable Losses incurred by the Supplier as a result of termination.

23.5 The Buyer will have the right to terminate the Call-Off Contract at any time with immediate effect by written notice to the Supplier if:

- the Supplier commits a Supplier Default and if the Supplier Default cannot, in the opinion of the Buyer, be remedied; or
- the Supplier commits any fraud.

23.6 Either Party may terminate the Call-Off Contract at any time with immediate effect by written notice to the other if:

- the other Party commits a Material Breach of any term of the Call-Off Contract (other than failure to pay any amounts due under the Call-Off Contract) and, if such breach is remediable, fails to remedy that breach within a period of 15 Working Days of being notified in writing to do so;
- an Insolvency Event of the other Party occurs, or the other Party ceases or threatens to cease to carry on the whole or any material part of its business
- a Force Majeure Event occurs for a period of more than 15 consecutive calendar days.

23.7 If a Supplier Insolvency Event occurs, the Buyer is entitled to terminate the Call-Off Contract.

24. Consequences of termination

24.1 If the Buyer contracts with another Supplier, the Supplier will comply with Clause 29.

24.2 The rights and obligations of the Parties in respect of the Call-Off Contract (including any executed SOWs) will automatically terminate upon the expiry or termination of the relevant Call-Off Contract, except those rights and obligations set out in clause 24.6.

24.3 At the end of the Call-Off Contract period (howsoever arising), the Supplier must:

- immediately return to the Buyer:
 - all Buyer Data including all copies of Buyer Software and any other software licensed by the Buyer to the Supplier under the Call-Off Contract;
 - any materials created by the Supplier under the Call-Off Contract where the IPRs are owned by the Buyer;
 - any items that have been on-charged to the Buyer, such as consumables; and
 - all equipment provided to the Supplier. This equipment must be handed back to the Buyer in good working order (allowance will be made for reasonable wear and tear).
- immediately upload any items that are or were due to be uploaded to the repository when the Call-Off Contract was terminated (as specified in Clause 27);
- cease to use the Buyer Data and, at the direction of the Buyer, provide the Buyer and the replacement Supplier with a complete and uncorrupted version of the Buyer Data in electronic form in the formats and on media agreed with the Buyer and the replacement Supplier;
- destroy all copies of the Buyer Data when they receive the Buyer's written instructions to do so or 12 months after the date of expiry or termination (whichever is the earlier), and provide written confirmation to the Buyer that the data has been destroyed, except where the retention of Buyer Data is required by Law;
- vacate the Buyer premises;

- work with the Buyer on any work in progress and ensure an orderly transition of the Services to the replacement supplier;
- return any sums prepaid for Services which have not been delivered to the Buyer by the date of expiry or termination;
- provide all information requested by the Buyer on the provision of the Services so that:
 - the Buyer is able to understand how the Services have been provided; and
 - the Buyer and the replacement supplier can conduct due diligence.

24.4 Each Party will return all of the other Party's Confidential Information. Each Party will confirm that it does not retain the other Party's Confidential Information except where the information must be retained by the Party as a legal requirement or where the Call-Off Contract states otherwise.

24.5 All licences, leases and authorisations granted by the Buyer to the Supplier in relation to the Services will be terminated at the end of the Call-Off Contract period (howsoever arising) without the need for the Buyer to serve notice except where the Call-Off Contract states otherwise.

24.6 Termination or expiry of the Call-Off Contract will not affect:

- any rights, remedies or obligations accrued under the Call-Off Contract prior to termination or expiration;
- the right of either Party to recover any amount outstanding at the time of such termination or expiry;
- the continuing rights, remedies or obligations of the Buyer or the Supplier under clauses:
 - 8 - Payment Terms and VAT
 - 9 - Recovery of Sums Due and Right of Set-Off
 - 11 - Confidentiality
 - 12 - Conflict of Interest
 - 13 - Intellectual Property Rights
 - 24 - Consequences of Termination
 - 28 - Staff Transfer
 - 34 - Liability
 - 35 - Waiver and cumulative remedies
- any other provision of the Framework Agreement or the Call-Off Contract which expressly or by implication is to be performed or observed notwithstanding termination or expiry will survive the termination or expiry of the Call-Off Contract.

25. Supplier's status

25.1 The Supplier is an independent Contractor and no contract of employment or partnership is created between the Supplier and the Buyer. Neither Party is authorised to act in the name of, or on behalf of, the other Party.

26. Notices

26.1 Any notices sent must be in writing. For the purpose of this Clause, an email is accepted as being in writing.

26.2 The following table sets out the method by which notices may be served under the Call-Off Contract and the respective deemed time and proof of Service:

Delivery type	Deemed delivery time	Proof of Service
Email	9am on the first Working Day after sending	Dispatched in a pdf form to the correct email address without any error message

26.3 The address and email address of each Party will be the address and email address in the Order Form.

27. Exit plan

27.1 The Buyer and the Supplier will agree an exit plan during the Call-Off Contract period to enable the Supplier Deliverables to be transferred to the Buyer ensuring that the Buyer has all the code and documentation required to support and continuously develop the Service with Buyer resource or any third party as the Buyer requires. The Supplier will update this plan whenever there are material changes to the Services. A Statement of Work may be agreed between the Buyer and the Supplier to specifically cover the exit plan.

28. Staff Transfer

28.1 The Parties agree that nothing in the Call-Off Contract or the provision of the Services is expected to give rise to a transfer of employment to which the Employment Regulations apply.

28.2 The Supplier will fully indemnify the Buyer against all Supplier Staff Liabilities which arise as a result of any claims brought against the Buyer due to any act or omission of the Supplier or any Supplier Staff.

28.3 The indemnity given in Clause 28.2 will be uncapped.

29. Help at retendering and handover to replacement supplier

29.1 When requested, the Supplier will (at its own expense where the Call-Off Contract has been terminated before end of term due to Supplier cause) help the Buyer to migrate the Services to a replacement Supplier in line with the exit plan (Clause 27) to ensure continuity of the Services. Such help may include Supplier demonstrations of the existing code and development documents, software licences used and Buyer approval documents. The Supplier will also answer Service and development-related clarification questions.

29.2 Within 10 Working Days of a request by the Buyer, the Supplier will provide any information needed by the Buyer to prepare for any procurement exercise or to facilitate any potential replacement Supplier undertaking due diligence. The exception to this is where such information is deemed to be Commercially Sensitive Information, in which case the Supplier will provide the information in a redacted form.

30. Changes to services

30.1 It is likely that there will be changes to the scope of the Services during the Call-Off Contract period. Agile projects have a scope that will change over time. The detailed scope (eg as defined in user stories) can evolve and change during the Call-Off Contract Period. These changes do not require formal contract changes but do require the Buyer and Supplier to agree these changes.

30.2 Any changes to the high-level scope of the Services must be agreed between the Buyer and Supplier. The Supplier will consider any request by the Buyer to change the scope of the Services, and may agree to such request.

31. Contract changes

31.1 All changes to the Call-Off Contract which cannot be accommodated informally as described in Clause 30 will require a Contract Change Note.

31.2 Either Party may request a contract change by completing and sending a draft Contract Change Note in the form in Schedule 4 of Part C - The Schedules ('the **Contract Change Notice**') to the other Party giving sufficient information to enable the other Party to assess the extent of the change and any additional cost that may be incurred. The Party requesting the contract change will bear the costs of preparation of the Contract Change Notice. Neither Party will unreasonably withhold nor delay consent to the other Party's proposed changes to the Call-Off Contract.

31.3 Due to the agile-based delivery methodology recommended by the Framework Agreement, it may not be possible to exactly define the consumption of Services over the duration of the Call-Off Contract in a static Order Form. The Supplier should state the initial value of all Services that are likely to be consumed under the Call-Off Contract.

32. Force Majeure

32.1 Neither Party will be liable to the other Party for any delay in performing, or failure to perform, its obligations under the Call-Off Contract (other than a payment of money) to the extent that such delay or failure is a result of a Force Majeure event. Each Party will use all reasonable endeavours to continue to perform its obligations under the Call-Off Contract for the length of a Force Majeure event. If a Force Majeure event prevents a Party from performing its obligations under the Call-Off Contract for more than 15 consecutive calendar days, the other Party may terminate the Call-Off Contract with immediate effect by notice in writing.

Digital Outcomes and Specialists 4 Framework Agreement Call-Off Contract v2

<https://www.gov.uk/government/publications/digital-outcomes-and-specialists-4-call-off-contract>

33. Entire agreement

33.1 The Call-Off Contract constitutes the entire agreement between the Parties relating to the matters dealt within it. It supersedes any previous agreement between the Parties relating to such matters.

33.2 Each of the Parties agrees that in entering into the Call-Off Contract it does not rely on, and will have no remedy relating to, any agreement, statement, representation, warranty, understanding or undertaking (whether negligently or innocently made) other than as described in the Call-Off Contract.

33.3 Nothing in this Clause or Clause 34 will exclude any liability for (or remedy relating to) fraudulent misrepresentation or fraud.

34. Liability

34.1 Neither Party excludes or limits its liability for:

- death or personal injury;
- bribery or fraud by it or its employees;
- breach of any obligation as to title implied by section 12 of the Sale of Goods Act 1979 or section 2 of the Supply of Goods and Services Act 1982; or
- any liability to the extent it cannot be excluded or limited by Law.

34.2 In respect of the indemnities in Clause 13 (Intellectual Property Rights) and Clause 28 (Staff Transfer) and a breach of Clause 14 (Data Protection and Disclosure) the Supplier's total liability will be unlimited. Buyers are not limited in the number of times they can call on this indemnity.

34.3 Subject to the above, each Party's total aggregate liability relating to all Losses due to a Default in connection with this agreement will be limited to the greater of the sum of £500,000 or a sum equal to 200% of the Call-Off Contract Charges paid, due or which would have been payable under the Call-Off Contract in the 6 months immediately preceding the event giving rise to the liability.

- Losses covered by this clause 34.3 that occur in the first 6 months of a Call-Off Contract, will be limited to the greater of the sum of £500,000 or a sum equal to 200% of the estimated Call-Off Contract Charges for the first 6 months of the Call-Off Contract.

34.4 Subject to clause 34.1, in no event will either Party be liable to the other for any:

- loss of profits;
- loss of business;
- loss of revenue;

Part C - The Schedules

Schedule 1 - Requirements

1. Purpose

- 1.1 The aim of the project is to undertake an initial Alpha phase and then subsequently design, build and implement an integrated digital communications portal and skills assessment tool for government property professionals. This will allow users access to functionality such as:
- register as members;
 - populate their own profile against the Property Function Career Framework in terms of role, experience, qualifications, location;
 - connect, network and learn from other professionals via on-line forums etc;
 - access a single digital portal that will link them a wide to range of content, information etc about the property function;
 - assess their skills, and have their line manager verify this, in order to identify their strengths and development needs;
 - build individual learning pathways with relevant development options;
 - as managers and analysts, undertake reporting on workforce and capability
- 1.2 As a result, we will understand the composition of the property profession (role, grade, location, experience) across the public sector and its capability and development needs. We will also provide the profession with a digital platform to help engage with other members and share/learn and exchange knowledge. It will ultimately provide the whole profession with a single digital place to collaborate and develop.
- 1.3 There is currently no skills tool available. A communications portal does exist, provided on a legacy platform called e-PIMS. This solution will no longer be available from March 2021. The functionality of the current solution is poor and the content out of date. As such, usage is limited and feedback is often poor. The membership registration process is also linked to a previous version of job roles, so is no longer consistent with the current role classification in a recently launched Career Framework for the property profession.

2. Background to the Contracting Authority

- 2.1 The Office of Government Property (OGP) provides cross-government functional and professional leadership for the whole of the government estate. This includes a direct relationship with central government departments covering a diverse range of different asset portfolios that includes schools, prisons, courts, hospitals, science and research and development laboratories, defence and offices. OGP also has relationships with the wider public sector including NHS bodies and local authorities. The property function is a network of >5,000 people (including >4,000 property professionals) and has its arms around many more (for example, there are 95,000 people employed in property-related roles in the NHS).

Digital Outcomes and Specialists 4 Framework Agreement Call-Off Contract v2

<https://www.gov.uk/government/publications/digital-outcomes-and-specialists-4-call-off-contract>

- 2.2 The Authority has a critical role in delivering government priorities and property programmes. In line with this, the Authority has developed and published the Government estates strategy for the future.
- 2.3 The Authority's key priorities / programmes are:
- Government Property Profession (GPP): works to improve the capability of the Government property function. Working with Heads of Profession in departments this includes specific development for the >4,000 members of the Government property profession.
 - One Public Estate (OPE): a partnership between the Authority and the Local Government Association (LGA) to provide practical and technical support as well as funding to councils to deliver ambitious property-focused programmes in collaboration with central government and other public sector partners.
 - Sustainability and Asset Performance: Working across Government to deliver a well-maintained, net zero carbon Government estate.
 - Strategy and Assurance: leads on the assurance of the Estate Strategy and expert services.
 - Facilities Management: Working across Government to improve facilities management services and capability.
 - Data and Analysis: Leading on the first Digital National Asset Register (D-NAR) in public sector that will include land and property assets across public sector property.
 - Places for Growth: This programme works with Departments, Professions, and Arm's Length Bodies (ALBs) to encourage the movement and creation of roles outside London.

3. Background to Requirement/Overview of requirement

- 3.1 This project will provide a digital platform for property professionals to connect with others to learn and share, assess their skill levels and construct an individual learning pathway. This will enable people to develop their skills and flourish in any part of the UK.
- 3.2 In 2018 the Government Estate Strategy (GES) was published setting out the need to deliver a vision of "a public estate for public benefit during the parliamentary session. One of the strategic objectives in the Strategy is to "strengthen Expertise - we will build our capability with market leading skills experience, and strengthen links between property specialists and other professions." The strategy provides some detail about how we will deliver this objective, and makes specific mention to providing an online portal that will provide members with access to job training, networking, mentoring and development objectives. This project is the way that we will deliver this GES commitment.
- 3.3 In order to support the implementation of the GES, the Property Function produces an annual Government Property Functional Plan each year. Building capability is a key element of the 20/21 plan. The 19/20 Functional Plan refers to completing work

on assessing our skills gap. This is work that will be addressed directly by this project. The 20/21 plan refers to both the upgrade of our existing communications portal and the development of a skills tool. This project is addressing both of those areas.

- 3.4 In order to deliver the GES objective, we have established the Property Capability Programme. This programme consists of 13 individual projects, of which this project is one. We have prioritised each project, and this project has been classified as a “must do” initiative for 20/21. We have established a programme board of Departmental Property Heads of Profession, who have endorsed the project as a priority for their Departments.
- 3.5 In February 2020 we launched the Government Property Career Framework to support the development of property professionals across government. The framework simplifies the roles in Government Property to five job families and twenty-two core role: www.gov.uk/government/publications/the-government-property-profession-career-framework--2

The purpose of the Balanced Scorecard is to promote contract management activity, through measurement of a Supplier's performance against Key Performance Indicators, which the Buyer and Supplier should agree at the beginning of a Call-Off Contract. The targets and measures listed in the example scorecard (above) are for guidance and should be changed to meet the agreed needs of the Buyer and Supplier.

The recommended process for using the Balanced Scorecard is as follows:

1. The Buyer and Supplier agree a templated Balanced Scorecard together with a performance management plan, which clearly outlines the responsibilities and actions that will be taken if agreed performance levels are not achieved.
2. On a pre-agreed schedule (e.g. monthly), both the Buyer and the Supplier provide a rating on the Supplier's performance
3. Following the initial rating, both Parties meet to review the scores and agree an overall final score for each Key Performance Indicator

4. Following agreement of final scores, the process is repeated as per the agreed schedule

CCS encourages Buyers to share final scores with CCS, so that performance of the Framework Agreement can be monitored. This may be done by emailing scores to: cloud_digital@crowncommercial.gov.uk.

Schedule 6 - Optional Buyer terms and conditions

If such condition will not be fulfilled, the Buyer will be entitled to enforce this deed of guarantee subsequently as if such release, discharge or settlement had not occurred and any such payment had not been made. The Buyer will be entitled to retain this security before and after the payment, discharge or satisfaction of all monies, obligations and liabilities that are or may become due owing or incurred to the Buyer from the Guarantor for such period as the Buyer may determine.

GUARANTOR INTENT

Without prejudice to the generality of Clause 5 (The Buyer's protections), the Guarantor expressly confirms that it intends that this deed of guarantee will extend from time to time to any variation, increase, extension or addition of or to the Call-Off Contract and any associated fees, costs or expenses.

RIGHTS OF SUBROGATION

The Guarantor will, at any time when there is any Default in the performance of any of the Guaranteed Obligations by the Supplier or any Default by the Guarantor in the performance of any of its obligations under this deed of guarantee, exercise any rights it may have:

- of subrogation and indemnity
- to take the benefit of, share in or enforce any security or other guarantee or indemnity for the Supplier's obligations

The Guarantor will do this in accordance with the Buyer's written instructions and will hold any amount recovered as a result of the exercise of such rights on trust for the Buyer and pay the same to the Buyer on first demand.

The Guarantor acknowledges that it has not taken any security from the Supplier in connection with this deed of guarantee and agrees not to do so until Beneficiary receives all monies payable hereunder and will hold any security taken in breach of this Clause on trust for the Buyer.

DEFERRAL OF RIGHTS

Until all amounts which may be or become payable by the Supplier under, or in connection with, the Call-Off Contract have been irrevocably paid in full, the Guarantor agrees that, without the prior written consent of the Buyer, it will not:

- exercise any rights it may have to be indemnified by the Supplier
- claim any contribution from any other guarantor of the Supplier's obligations under the Call-Off Contract

- demand or accept repayment in whole or in part of any indebtedness now or hereafter due from the Supplier
- claim any set-off or counterclaim against the Supplier

If the Guarantor receives any payment or other benefit or exercises any set-off or counterclaim or otherwise acts in breach of this Clause 8, anything so received and any benefit derived directly or indirectly by the Guarantor therefrom will be held on trust for the Buyer and applied in or towards discharge of its obligations to the Buyer under this deed of guarantee.

PAYMENTS AND SET-OFF

All sums payable by the Guarantor under this deed of guarantee will be paid without any set-off, lien or counterclaim, deduction or withholding, except for those required by Law. If any deduction or withholding must be made by Law, the Guarantor will pay that additional amount to ensure that the Buyer receives a net amount equal to the full amount which it would have received if the payment had been made without the deduction or withholding.

The Guarantor will pay interest on any amount due under this deed of guarantee at the applicable rate under the Late Payment of Commercial Debts (Interest) Act 1998, accruing on a daily basis from the due date up to the date of actual payment, whether before or after judgment.

The Guarantor will reimburse the Buyer for all legal and other costs (including VAT) incurred by the Buyer in connection with the enforcement of this deed of guarantee.

GUARANTOR'S ACKNOWLEDGEMENT

The Guarantor warrants, acknowledges and confirms to the Buyer that it has not entered into this deed of guarantee in reliance upon the Buyer nor been induced to enter into this deed of guarantee by any representation, warranty or undertaking made by, or on behalf of the Buyer, (whether express or implied and whether following statute or otherwise) which is not in this deed of guarantee

ASSIGNMENT

The Buyer will be entitled to assign or transfer the benefit of this deed of guarantee at any time to any person without the consent of the Guarantor being required and any such assignment or transfer will not release the Guarantor from its liability under this Guarantee.

The Guarantor may not assign or transfer any of its rights or obligations under this deed of guarantee.

This deed of guarantee, and any non-Contractual obligations arising out of or in connection with it, will be governed by and construed in accordance with English Law.

The Guarantor irrevocably agrees for the benefit of the Buyer that the courts of England will have jurisdiction to hear and determine any suit, action or proceedings and to settle any dispute which may arise out of or in connection with this deed of guarantee and for such purposes hereby irrevocably submits to the jurisdiction of such courts.

Part 2: Alternative data protection relationships

[These template Call-Off terms assume the Buyer is the Data Controller, and the Supplier is the Data Processor. If your agreement contains more complex relationships, you will need to amend this agreement. Material here has been drawn from PPN 02/18 but you should ensure you follow up to date guidance, and seek legal advice where appropriate.]

[The wide range and complexity of possible relationships precludes a detailed set of alternative terms.]

[You will need to amend 14.1 (text given below for reference) which sets out the standard Buyer Controller Relationships to reflect the actual roles for your Call-Off. You may also need to amend other parts of clause 14.]

14.1 The Parties will comply with the Data Protection Legislation and agree that the Buyer is the Controller and the Supplier is the Processor. The only processing the Supplier is authorised to do is listed at Schedule 9 unless Law requires otherwise (in which case

the Supplier will promptly notify the Buyer of any additional processing if permitted by Law).

[You may also wish to add a Schedule 11, based on the PPN 02/18 Schedule Y, to set out the responsibilities of each Party and the particulars of the relationship. Add Schedule 11 to the table of contents.]

Schedule 11: Joint Controller Agreement

The essence of this relationship shall be published.

You may also wish to include an additional clause apportioning liability between the Parties arising out of data protection; of data that is jointly controlled.]
