

Shipping Containers Specification Document

Background

BGS Edinburgh is looking at moving to a new location this year. All the departments, including Marine Operations & Engineering, will be progressively moved to the new buildings which are currently being built for us and as a result of that new technical and operational equipment is required.

Offshore geological surveys/expeditions are a significantly important part of our operation and as such require high quality and reliable equipment. In order to keep sustainability of our service, we need to be supplied with six containers. The containers vary with regard to type to satisfy our operational needs as efficiently as possible.

The following are the BGS requirements split in to three main requested areas.

1. General Requirements

Specifications listed in this section are in accordance with Standard ISO 6346:1995 or equivalent

All the containers must be fitted with valid CSC plate (Container Safety Convention)

Painting of the exterior of the containers in red RAL3001 is required.

We are looking to purchase all of the containers from one supplier for logistical purposes.

Bidders are requested to specify a price for the delivery of the containers within the Pricing Schedule document, however, we reserve the right for BGS to arrange the final transport and delivery of the containers. The containers are required to be available for collection at one location in the UK, details of which we must be advised at the time of bidding.

2. Types of Containers and Quantity

2.1. 20ft General Purpose – Standard

- Size Type Code: 22G0
- Dimensions: L 6058mm/20ft; W 2438mm/8ft; H 2591mm/8ft 6inch
- Type: Unventilated general purpose container
- Description: Openings at one or both end(s)
- Naming: 20 Foot Dry Container
- Group Code: GP

- Quantity: 3

2.2. 20ft Soft Top

- Size Type: 22U1
- Dimensions: L 6058mm/20ft; W 2438mm/8ft; H 2591mm/8ft 6inch
- Type: Open-Top Container
- Description: openings at one or both end(s) plus removable roof in end frame
- Naming: 20 Foot Open Top Container
- Group Code: UT

- Quantity: 1

2.3. 20ft Hard Top

- Size Type: 22U6
- Dimension: L 6058mm/20ft; W 2438mm/8ft; H 2591mm/8ft 6inch
- Type: Hard-Top Containers
- Description: Hard-Top Container –Removable Top
- Naming: 20 Foot Hard Top Container
- Group Code: UT

- Quantity: 1

2.4. 20ft High Cube

- Size Type: 25G0
- Dimensions: L 6058mm/20ft; W 2438mm/8ft; H 2895mm/9ft 6inch
- Type: Unventilated general purpose container
- Description: Openings at one or both end(s)
- Naming: 20 Foot High Cube Dry Container
- Group Code: GP

- Quantity: 1
