

## **SCHEME BRIEFS**

In accordance with section 3.6 of the Instructions for Tenderers the Agency is now issuing the overview scheme briefs that will be used in the financial assessment.

The scheme briefs do not specify items from the Schedule of Rates to be used or provide quantities for any item. They are simply descriptive of the work types to be used.

These scheme briefs are issued solely to assist tenderers and to provide greater transparency of the tender assessment process. In assessing the financial submissions the Agency will apply consistent assumptions for all tenderers.

Tenderers are **not** required to price these scheme briefs or to return them with their tender.

Given the descriptive nature of the scheme briefs the Agency does not anticipate that tender queries relating to their coverage will be necessary.

As stated in section 2.5.4 of the IfT tenderers are reminded that they are **not** permitted to make assumptions regarding the use or relevance of any item or activity in the Pricing Schedule. All items must be priced on the basis of the forecast Defined Cost to the tenderer of the items concerned and a tender that is priced on any other basis will be rejected.
