3. [REDACTED]

The diagram consists of a large grey rectangular block on the left side, extending vertically. To its right is a grid of colored squares. The top row of the grid is a solid black horizontal bar. Below this, the grid is composed of several horizontal and vertical segments. The colors of the segments are black, white, and grey. The segments are arranged in a way that suggests a complex pattern or structure, possibly representing a data set or a logical flow. The overall layout is abstract and geometric.
