OFFICIAL SENSITIVE

A303 Amesbury to Berwick Down (Stonehenge) Archaeological Works
OJEU REFERENCE: _224951/858727

[REDACTED]

Thank you for taking part in the above procurement. The evaluation has been completed, and in accordance with the Public Contracts Regulations 2015 (the "Regulations"), I am writing on behalf of Highways England to advise you of its intention to award the above-mentioned contract.

We propose, subject to the information in this letter, to award A303 Amesbury to Berwick Down (Stonehenge) Archaeological Works to your company [REDACTED]

The purpose of this letter is to advise you that:

- Highways England is minded to accept your tender dated [REDACTED]
- There will be no 'standstill period' due to noncompliance from another tenderer.
- This letter is without prejudice to the right of Highways England to abandon the procurement, cancel the award procedure or suspend awarding the contract for any reason.

You should not infer from this letter that your organisation's offer has been accepted, or that Highways England will award any contract on the basis of the tendering exercise. A binding contract will only come into existence once both parties have fully executed the Form of Agreement (which has been included in a Bravo message, with this letter) and this has been dated.

Appendix A of this letter contains a feedback report.

You must treat this letter in confidence until Highways England makes any public announcement about the award of the contract.

Yours sincerely,

[Redacted signature]
