Exclusion of Tenders for Non-Compliance

D8. Where part of a Tenderer's response to the Tender is deemed non-compliant, the Authority may (in its sole discretion) discuss and/or clarify these non-compliant elements with the Tenderer but the Authority reserves the right to exclude a non-compliant Tender from this procurement.

Determination of Successful Tenderers

D9. The Tender evaluation process shall be carried out in accordance with the process detailed in Schedule 14 of the C17CSAE Provision of Cord, Thread, Bungee and Associated Items Multi Supplier Framework Contract (Mini-Competition Evaluation Models for Contract No: C17CSAE/708795450). For completeness, the applicable evaluation model has been replicated below.

D10. The Mini-competition will be awarded to the Tenderer that provides a proposal in accordance with the exact requirement as detailed in the Statement of Requirement (Schedule 12) i.e. a compliant bid, and the Tenderer that is evaluated to have proposed the Most Economically Advantageous Tender (MEAT) response. In the event that both compliant and non-compliant (i.e. the Tenderer does not submit a proposal that delivers the exact requirement as specified in the Statement of Requirement (Schedule 12)) tenders are received, the Authority may disqualify non-compliant Tenders prior to the relevant evaluation model being applied.

D11. In the event that all Tenders received are non-compliant due to excess order quantities proposed, the Authority shall calculate a unit price (quoted price divided by quoted quantity) and then multiply this value by the specified order quantity to establish an 'order quantity price'. A weighting of 100% of the unit price will be applied to each quoted unit quantity in excess of the specified order quantity. This weighted price will be added to the 'order quantity price'. The combined value will then be used to calculate the total 'Cost' for the Article which shall be used in the MEAT calculation in the relevant evaluation model. A worked example has been provided below.

Worked Example

Specified Order Quantity – 100 meters.

Tenderer quoted price and quoted quantity - £500 for 120 meters.

Authority calculates unit price - £500 divided by 120 = £4.17 per meter.

Authority calculates 'order quantity price' - £4.17 multiplied by 100 = £417.

Quoted unit quantity in excess of specified order quantity - 20 meters.

Weighted price for quoted unit quantity in excess of specified order quantity – (£4.17 multiplied by 2) multiplied by 20 = £166.80.

Weighted price plus 'order quantity price' = £583.80.

Total 'Cost' = £583.80.

In the event that a non-compliant Tender is awarded the Mini-competition the Authority will

confirm if the quantity of Articles in excess of the ordered quantity shall be delivered to the Authority or shall be disposed of by the Contractor in accordance with disposal instructions provided at the time by the Authority Project Manager (as identified in Annex A (DEFFORM 111) to Schedule 3 (Contract Data Sheet)).

Evaluation Model 2

D12. The successful Tenderer for each Article identified on the Statement of Requirement (Schedule 12) shall be identified by applying the Most Economically Advantageous Tender (MEAT) calculation below.

$$\frac{\text{Non-cost score} \frac{wQ}{wC}}{\text{cost}}$$

Where:

wQ = weighting of non-cost criteria

wC = weighting applied to cost

D13. The 'Non-cost' score shall be calculated using the lead time (in weeks) proposed for each Article. The shortest lead time (i.e. the lowest number of weeks) proposed will be awarded a score of 100. If more than one Tenderer proposes equal shortest lead times both Tenderers shall be awarded a score of 100. For each week in excess of the shortest lead time proposed, the Tenderers' 'Non-cost' score shall be decreased by 10, up to a maximum of ten weeks (or more) where a 'Non-cost' score of 0 will be awarded.

D14. The 'Cost' applied to the calculation shall be the total Firm non-revisable Price Including Delivery (exclusive of UK Value Added Tax) i.e. the 'Cost', for each Article listed in the Statement of Requirement (Schedule 12), subject to Condition 3 above.

D15. The lead time (weeks) i.e. the 'Non-cost' criteria, per Article listed in the Statement of Requirement (Schedule 12) shall have a weighting of 60% of the total score.

D16. The total Firm non-revisable Price Including Delivery (exclusive of UK Value Added Tax) i.e. the 'Cost', per Article listed in the Statement of Requirement (Schedule 12), subject to Condition 3 above, shall have a weighting of 40% of the total score.

D17. The total score will be calculated for each Article by applying the 'Non-cost' score and the 'Cost' to the MEAT calculation. Tenders will then be ranked in order of their score. The highest-scoring Tender will be the MEAT and subject to acceptance by the Authority, will be awarded the Mini-competition.

D18. If equal scores are awarded to more than one Tenderer, the Tender with the shortest lead time shall be the MEAT.

Single Tender

D19. In the event that only one tender is received, the Authority shall have the right to award the Contract directly to this supplier.

Notification of Tender Results and Standstill Period

D20. The Authority will notify the Tenderers of the Tender results via the DSP. If a standstill period is required, the Authority will allow a period of at least ten (10) calendar days between the date of dispatch of the notice of its decision to award a Contract before entering into a Contract, known as

the standstill period. The standstill period ends at 23:59 GMT on the tenth (10th) day after the date of such notification. If the tenth (10th) day is not a Business Day, the standstill period ends at 23:59 GMT on the next Business Day.

Contract Award

D21. Following determination of the successful Tenderer and conclusion of the standstill period (if required), the Authority will confirm acceptance of the successful Tenderer's offer by countersigning the Tender Submission Document (Offer and Acceptance) document. No Contract will be in force until the Tender Submission Document (Offer and Acceptance) has been signed by both parties.

Section E - Instructions on Submitting Tenders

Submission of your Tender

E1. Your Tender and any ITT Documentation must be submitted electronically via the Defence Sourcing Portal (DSP) by 16:00 GMT on Tuesday 23rd April 2024. The Authority reserves the right to reject any Tender received after the stated date and time. Hard copy, paper or delivered digital Tenders (e.g. email, DVD) at OFFICIAL SENSITIVE classification are no longer required and will not be accepted by the Authority.

E2. Your priced Schedule 12 (Statement of Requirement) must only be submitted to the commercial envelope of the DSP ITT. You must ensure that there are no prices present in the technical or qualification (if applicable) envelopes of the DSP ITT. The Authority has the right to request, at its discretion, that any pricing information found in the technical or qualification (if applicable) envelopes is redacted in accordance with paragraph E3.

E3. The Authority may, in its own absolute discretion allow the Tenderer to rectify any irregularities identified in the Tender by the Authority or provide clarification after the Tender return date. For example, this may include, but is not limited to, redacting pricing information in the unpriced copy of the tender, rectifying, or providing clarification in relation to a corrupt or blank document. Tenderers will be provided with instructions via the DSP on how they can correct such irregularities which must be completed by the deadline set. The Authority will cross reference the amended Tender with the original Tender submitted to the DSP before the Tender return date to ensure that no other amendments, other than in relation to the specific irregularity/clarification communicated by the Authority, have been made. Should Tenderers make additional amendments to the Tender other than those relating to the specific irregularity/clarification communicated to the Tenderer by the Authority, this will result in a non-compliant bid.

E4. The DSP is accredited to OFFICIAL SENSITIVE. Material that is protectively marked above this classification must not be uploaded to the DSP. Please contact **Redacted under FOIA Section 40, Personal Information** if you have a requirement to submit documents above OFFICIAL SENSITIVE.

E5. You must not upload any ITAR or Export Controlled information as part of your Tender or ITT documentation into the DSP. You must contact **Redacted under FOIA Section 40, Personal Information** to discuss any exchange of ITAR or Export Controlled information. You must ensure that you have the relevant permissions to transfer information to the Authority.

Lots

E6. This requirement has not been split into lots.

Variant Bids

E7. The Authority will not accept variant bids.

Samples

E8. Samples are not required.

Section F - Conditions of Tendering

F1. The issue of ITT Documentation or ITT Material is not a commitment by the Authority to place a Contract as a result of this competition or at a later stage. Neither does the issue of this ITT or subsequent Tender submission create any implied Contract between the Authority and any Tenderer and any such implied Contract is expressly excluded.

F2. The Authority reserves the right, but is not obliged to:

- a. vary the terms of this ITT in accordance with applicable law.
- b. seek clarification or additional documents in respect of a Tenderer's submission during the Tender evaluation where necessary for the purpose of carrying out a fair evaluation. Tenderers are asked to respond to such requests promptly.
- c. visit your site.
- d. disqualify any Tenderer that submits a non-compliant Tender in accordance with the instructions or conditions of this ITT.
- e. disqualify any Tenderer that is guilty of misrepresentation in relation to its Tender, expression of interest, or the tender process.
- f. withdraw this ITT at any time or choose not to award any Contract as a result of this tender process, or re-invite Tenders on the same or any alternative basis.
- g. re-issue this ITT on a single source basis, in the event that this procurement does not result in a 'competitive process' as defined in the Single Source Contract Regulations 2014, making such adjustments as would be required by the application of the Defence Reform Act 2014 and/or the Single Source Contract Regulations 2014.
- h. choose not to award any Contract as a result of the current tender process.
- i. where it is considered appropriate, ask for an explanation of the costs or price proposed in the Tender where the Tender appears to be abnormally low.

F3. The Contract will be effective when both parties sign the Tender Submission Document (Offer and Acceptance) on or before the end of the validity period specified in paragraph C3.

Conforming to the Law

F4. You must comply with all applicable UK legislation and any equivalent legislation in a third state.

F5. Your attention is drawn to legislation relating to the canvassing of a public official, collusive behaviour, and bribery. If you act in breach of this legislation your Tender may be disqualified from this procurement. Disqualification will be without prejudice to any civil remedy available to the Authority or any criminal liability that your conduct may attract.

Bid Rigging and Other Illegal Practices

F6. You must report any bid rigging, fraud, bribery, corruption, or any other dishonest irregularity in connection to this tendering exercise to:

Defence Regulatory Reporting Cell Hotline
0800 161 3665 (UK) or
+44 1371 85 4881 (Overseas)

Conflicts of Interest

F7. Any attempt by Tenderers or their advisors to influence the contract award process in any way may result in the Tenderer being disqualified. Specifically, Tenderers shall not directly or indirectly at any time:

- devise or amend the content of their Tender in accordance with any agreement or

arrangement with any other person, other than in good faith with a person who is a proposed partner, supplier, consortium member or provider of finance.

- enter into any agreement or arrangement with any other person as to the form or content of any other Tender or offer to pay any sum of money or valuable consideration to any person to effect changes to the form or content of any other Tender.

- enter into any agreement or arrangement with any other person that has the effect of prohibiting or excluding that person from submitting a Tender.

- canvass the Authority or any employees or agents of the Authority in relation to this procurement; or

- attempt to obtain information from any of the employees or agents of the Authority or their advisors concerning another Tenderer or Tender.

F8. Where you have provided advice to the Authority in relation to this procurement procedure or otherwise have been or are involved in any way in the preparation or conduct of this procurement procedure or where any other actual or potential Conflict of Interest (COI) exists, arises or may arise or any situation arises that might give the perception of a COI at any point before the Contract award decision, you must notify the Authority immediately.

F9. Where an actual or potential COI exists or arises or any situation arises that might give the perception of a COI at any point before the Contract award decision, you must provide a proposed Compliance Regime within seven (7) calendar days of notifying the Authority of the actual, potential, or perceived COI. The proposal must be of a standard which, in the Authority's sole opinion, appropriately manages the conflict, provides sufficient separation to prevent distortion of competition and provides full details listed at F9 a to g below. Where the Contract is awarded and the COI is still relevant post-Contract award decision, your proposed Compliance Regime will become part of the Contract Terms and Conditions. As a minimum, the Compliance Regime must include:

- a. the manner of operation and management.
- b. roles and responsibilities.
- c. standards for integrity and fair dealing.
- d. levels of access to and protection of competitors' sensitive information and Government Furnished Information.
- e. confidentiality and/or non-disclosure agreements (e.g., DEFFORM 702).
- f. the Authority's rights of audit; and
- g. physical and managerial separation.

F10. Tenderers are ultimately responsible for ensuring that no Conflicts of Interest exist between the Tenderer and their advisers, and the Authority and its advisers. Any Tenderer who fails to comply with the requirements described at paragraphs F7 to F10 (including where the Authority does not deem the proposed Compliance Regime to be of a standard which appropriately manages the conflict) may be disqualified from the procurement at the discretion of the Authority.

Publicity Announcements

F11. If you wish to make an announcement regarding this procurement, you must seek approval from the named Commercial Officer and Press Office and such permission will only be given at the sole discretion of the Authority. Requests must be made in writing to the named Commercial Officer and a copy of the draft announcement provided. This shall then be forwarded to the Press Office and their contact details will be provided for further follow up.

F12. Under no circumstances should you confirm to any Third Party the Authority's Contract award decision before the Authority's announcement of the award of Contract.

Sensitive Information

F13. All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. They report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-governmental role delivering overall Government policy on public procurement, including ensuring value for money, related aspects of good procurement practice and answering Freedom of Information requests.

F14. For these purposes, the Authority may share within Government any of the Tenderer's documentation/information (including any that the Tenderer considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Tenderer to the Authority during this procurement. Tenderers taking part in this competition must identify any Sensitive Information (as defined in ROR ID 1 (Schedule 5)) and consent to these terms as part of the competition process. This allows the Authority to share information with other Government Departments while complying with our obligations to maintain confidentiality.

F15. Where required, the Authority will disclose on a confidential basis any information it receives from Tenderers during the tender process (including information identified by the Tenderer as Sensitive Information in accordance with the provisions of this ITT) to any Third Party engaged by the Authority for the specific purpose of evaluating or assisting the Authority in the evaluation of the Tenderer's Tender. In providing such information the Tenderer consents to such disclosure.
