TEN 421

January 2018

Social Fund

Overview

Cornwall Development Company (CDC) operates as Cornwall Council's economic development arm and is a member of the CORSERV group of companies. CDC has been successful in its bid to the European Growth Programme 2014 – 2020 to establish and operate the Cornwall & Isles of Scilly (CIoS) Skills Hub service. This project is funded by the European Social Fund (ESF) with match funding from Cornwall Council and Cornwall & Isles of Scilly Local Enterprise Partnership (LEP).

The Skills Hub encourages and supports businesses to develop and excel through skills and training. It provides one-to-one skills reviews and signposts businesses to training provision.

The service is delivered through a team of experienced Skills Connectors backed by office-based Business Navigators and a content-rich online portal.

CIoS Skills Hub requires a contractor to produce engaging film and photography content as required over the remaining lifetime of the project, and any subsequent extension or recommissioning.

Background

The Skills Hub helps businesses work smarter and thrive through skills and training. It aims to tackle the skills deficit commonly blamed for holding productivity back in Cornwall and the Isles of Scilly and has ambitious plans to embed a culture of skills and staff development across the CIoS business community. By working directly with businesses, it helps them to upskill and overcome barriers to growth or areas of underperformance.

Businesses are invited to tap into the expert team's unrivalled knowledge of the skills and training arena in CIoS through a free and independent skills review. Offered on a one-to-one basis, a skills review will help businesses:

- Identify their training needs and through a signposting service direct them to a training course, workshop or recruitment solution that is just right for them
- Unpick the vast range of skills and training opportunities available
- Demystify qualifications, training schemes and funding opportunities
- Understand the benefits and practicalities of apprenticeships
