1.2. Service Level Agreement (SLA)

This SLA defines the Service Levels that the Supplier offers to the Client for Cloud Managed Services offerings and for selected Support Service options.

1. Definitions:

Business Hours: means that the Supplier's availability Monday to Friday for 10 hours per day in the following geographies:

- Europe: 8am-6pm CET
- North America: 8am-8pm EST

Excluding the Christmas day and New Year's Day bank holidays.

Cloud Fees: means the fees payable in respect of Cloud Managed Services.

Cloud Managed Services: means the Starter, Business, Business Plus and/or Enterprise Cloud Managed Service offering.

2. SLA – Cloud Managed Services

2.1. General

The Supplier shall perform the Cloud Managed Services in accordance with the Service Levels per selected offering.

The Supplier will ensure Monthly Service Uptime as set out in the table below in accordance with the applicable Cloud Managed Service.

Any Maintenance Events which were not requested or caused by the Client, shall be considered downtime for the purpose of measuring service availability. However (i) planned maintenance notified by the Supplier and/or (ii) unscheduled maintenance performed outside normal business hours, provided that the Supplier has given the Client reasonable advance notice, shall not be considered downtime for the purpose of measuring service availability.

As a result, the Supplier also aims to ensure that no single unplanned or unscheduled Downtime exceeds certain durations in any month. The Supplier has therefore set Recovery Time Objectives (RTOs) as set out below.

| | CLOUD MANAGED SERVICE OFFERING | | | |
|--|--------------------------------|----------|---------------|------------|
| | Starter | Business | Business Plus | Enterprise |
| RTO - Recovery Time Objective (from notification of Issue) | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

2.2. Service Credits

The Supplier offers Service Credits for failure to meet its Monthly Uptime commitment and Recovery Time Objectives as set out below, and subject to Section 4.

2.2.1. Monthly Uptime

The following table sets out (i) the Supplier's Monthly Uptime percentage (depending on which Cloud Managed Service Offering the Client has selected) and (ii) the Service Credits which apply if the Supplier fails to meet the relevant Monthly Uptime percentage:

2.2.2. Recovery Time Objective

The following table sets out (i) the Supplier's monthly RTO (depending on which Cloud Managed Service Offering the Client has selected) and (ii) the Service Credits which apply if the Supplier fails to meet the relevant RTO:

| Cloud Managed Service Offering | Monthly recovery time objective | Service credit* |
|--------------------------------|---------------------------------|-----------------|
| | | |
| | | |
| | | |

* If Service Credits for Monthly RTO apply, they will represent the Client's exclusive right to Service Credits for the applicable month, irrespective of the Supplier's Monthly Uptime performance or any related Service Credits. For the avoidance of doubt, the Supplier's total liability for Service Credits in relation to Cloud Services in any month will not exceed the Cloud Fees for that month.

3. Support SLA

3.1. General

Support offered by the Supplier will vary depending on the type of Support Plan the Client has purchased. During the Support Plan period the Supplier shall perform the Support Services during the applicable Support Hours in accordance with the Service Levels.

The Supplier shall:

- (a) prioritise all Incident and Service Requests based on its reasonable assessment of the Severity Level of the problem reported as per the Support Package the Client has purchased; and
- (b) respond to all Incident and Service Requests in accordance with the responses and Response Time Targets set out below.

3.2. Response Time Targets:

Response Time Targets vary between Standard Support and Advanced Support, as selected by the Client:

| Standard Support: | Advanced Support: |
|-------------------|-------------------|
| | |

| | |
|--|--|
|    |    |
|--|--|

3.3. Support Hours

As selected by the Client, Support will be provided during the following hours:

| Business Hours | 24x7 |
|---|--|
| <ul style="list-style-type: none">  | <ul style="list-style-type: none">  |

3.4. Service Credits

Standard Support Packages:

For every three separate instances of the Supplier failing to meet its applicable support requirements (each a ‘Support Failure’), the Client shall be entitled to one hour of free support which, once verified in accordance with section 4 below and will be applied to the Client’s Standard Support Package.

Advanced Support Packages:

Clients on Advanced Support Packages shall be entitled to the following Service Credits:

| Monthly performance against SLA | Service Credit |
|---|--|
|  |  |
|  |  |
|  |  |

The above monthly performance shall be assessed on the basis of each calendar month and part months will be assessed on a pro rata basis. The above Service Credits may not be applied to any Cloud Fees. The provision of Service Credits are subject to compliance by the Client with Section 4.

4. Claiming Service Credits

4.1. To receive a Service Credit, the Client must submit a claim through the following link <https://support.valiantys.com/servicedesk/customer/portal/2> within 30 days of the end of the applicable service month. All claims must include:

- the dates and times of each claimed Support Failure or other failure to comply with the applicable SLA;
- details of the affected application or the affected tickets; and
- Client request logs that document the errors and corroborate the claimed outage (any confidential or sensitive information in these logs should be removed or replaced with asterisks).

4.2. Service Credits are subject to verification and confirmation by the Supplier. Once confirmed, they will be applied within 30 days as a credit against the next invoice in the applicable Client billing cycle. Failure to submit a Service Credit claim and/or provide all applicable information as required above will disqualify the Client from receiving Service Credits for the relevant month.

4.3. Service Credits are subject to the following conditions:

- in the event that multiple Service Failures overlap, Service Credits will be assessed only with respect to the Service Failures which relate to the root cause of the problem(s), as determined by the Supplier.
- They may only be applied against future fees/hours (as applicable) as determined by the Supplier;

- They are Client-specific and may not be applied or transferred to any other account;
 - They are not transferable and cannot be exchanged for cash or other forms of payment; and
 - Any outstanding or accrued Service Credits will be forfeited upon cancellation or termination of the Client's account.
- 4.4. All Downtime will be measured and determined exclusively at the discretion of the Supplier. The Supplier's decision in respect of Service Credit entitlement will be final and binding.
- 4.5. In the event that the Client has defaulted on payment more than twice in the previous twelve months, the Client shall not be entitled to claim any Service Credits.

5. Considerations

- Service requests and Changes estimated to more than 8 hours of work would have to be ordered as professional services.
- Response time is based on the time taken for the Supplier's support team to provide an active response (i.e. not automated) to the notification of an issue.
- The targets relate to responses only, not fixes.
- Issues (whether Incident or Service Request) will be considered notified only when they have been recorded in a support ticket received by the Supplier's support team.
- Each Issue shall include a description of the problem and the start time of the incident.
- The Client shall provide the Supplier with:
 - prompt notice of any Faults; and
 - such output and other data, documents, information, assistance and access, as is reasonably necessary to assist the Supplier to respond to the relevant Issue.

6. SLA Exclusions

The above SLAs do not apply to any unavailability, suspension or termination of the service, or any other service performance issues: (i) that result from a suspension applied because of non-payment; (ii) caused by factors outside of the Supplier's reasonable control, including any force majeure event or Internet access or related problems beyond the demarcation point of the Supplier; (iii) that result from any actions or inactions of the Client or any third party (other than the Supplier's sub-contractors); (iv) that result from Client equipment, software or other technology and/or third party equipment, software or other technology (other than third party equipment within the Supplier's direct control); or (v) arising from suspension and/or termination of Client rights in accordance with the Supplier's Terms of Service.

Schedule 2: Call-Off Contract charges

For each individual Service, the applicable Call-Off Contract Charges (in accordance with the Supplier's Digital Marketplace pricing document) can't be amended during the term of the Call-Off Contract. The detailed Charges breakdown for the provision of Services during the Term (being Year 1 and Year 2) will include:
