Deadline for Responses:	17:00, 15 November

Date: 25.10.22

The Department for Business, Energy & Industrial Strategy (referred throughout these documents as “BEIS” or the “Department”) wishes to commission a project to Defining Digital Requirement for UK Inventory System Upgrade.

Enclosed are the following sections:

- Section 1 (page 5) Instructions on tendering procedures
- Section 2 (page 9) Specification of Requirements
- Section 3 (page 15) Further information on tender procedure
- Section 4 (page 18) Declarations to be submitted by the tenderer;
 - Statement of non-collusion
 - Form of tender
 - Conflict of interest
 - Standard Selection Questionnaire
 - The General Data Protection Regulation Assurance Questionnaire for Contractors
- Annex A: Pricing schedule
- Annex C: Exclusion grounds

Please register your interest in submitting a tender through the Jaggaer platform. This will ensure you receive immediate notification of updates to the ITT process or answers to questions raised by potential bidders.

Please read the instructions on the tendering procedures carefully since failure to comply with them may invalidate your tender. Your tender must be returned by the closing date clearly displayed in the Jaggaer portal.

I look forward to receiving your response.

Yours sincerely,

Name: Ross Black

Please upload your proposal before the deadline via Jaggaer.

The Department does not undertake to consider tenders received after that time. The Department requires tenders to remain valid for a period indicated in the specification of requirements.

The Department shall have the right to disqualify you from the procurement if you fail to fully complete your response, or do not return all of the fully completed documentation and declarations requested in this ITT. The Department shall also have the right to disqualify you if it later becomes aware of any omission or misrepresentation in your response to any question within this invitation to tender. If you require further information concerning the tender process, or the nature of the proposed contract, email ross.black@beis.gov.uk. All questions should be submitted by **2300 on 31 October** questions submitted after this date may not be answered. Should questions arise during the tendering period, which in our judgement are of material significance, we will publish these questions with our formal reply by the end

Classification:	OFFICIAL

of **4 November** and circulate – unnamed - to all organisations that have expressed an interest in bidding. All contractors should then take that reply into consideration when preparing their own bids, and we will evaluate bids on the assumption that they have done so.

You will not be entitled to claim from the Department any costs or expenses that you may incur in preparing your tender whether or not your tender is successful.

C. Conflict of Interest

The Department's standard terms and conditions of contract include reference to conflict of interest and require contractors to declare any potential conflict of interest to the Secretary of State.

For research and analysis, conflict of interest is defined the presence of an interest or involvement of the contractor, subcontractor (or consortium member) which could affect the actual or perceived impartiality of the research or analysis.

Contractors are asked to sign and return 'Declaration 3' to indicate whether or not any conflict of interest may be, or be perceived to be, an issue. If this is the case, the contractor or consortium should give a full account of the actions or processes that it will use to ensure that conflict of interest is avoided. In any statement of mitigating actions, contractors are expected to outline how they propose to achieve a robust, impartial and credible approach to the research.

Failure to declare or avoid conflict of interest at this or a later stage may result in exclusion from the procurement competition, or in the Department exercising its right to terminate any contract awarded.

D. Evaluation of Responses

The tender process will be conducted to ensure that bids are evaluated fairly and transparently, in accordance with agreed assessment criteria. Further details are provided in the specification.

E. Terms and conditions applying to this Invitation to Tender

The Department's Standard Terms and Conditions of Contract will apply to this contract. These are available to download on Jaggaer.

Classification:	OFFICIAL				
Document Title:	Defining Digital Requirement for UK Inventory System Upgrade				
Version:	0.1	Version Date:	12 Oct 2022	Owner:	BEIS Commercial

Please read the Procurement Guidance on GDPR and Cyber-Security. If the Contractor will be a Joint Data Controller, the data protection provisions contained in the Standard Terms and Conditions will be replaced by a Data Sharing Agreement drafted by Government Legal Department. If this applies to your procurement, the change from the standard data protection provisions should be described in this section of the Invitation to Tender.

If the Contractor will transfer personal data outside of the European Economic Area or the countries highlighted in Procurement Guidance on GDPR and Cyber-Security, please inform your Procurement Business Partner, who will highlight the changes which will need to be made to the standard data protection provisions.

F. Further Instructions to Contractors

The Department reserves the right to amend the enclosed tender documents at any time prior to the deadline for receipt of tenders. Any such amendment will be numbered, dated and issued by 1 November. Where amendments are significant, the Department may at its discretion extend the deadline for receipt of tenders.

The Department reserves the right to withdraw this contract opportunity without notice and will not be liable for any costs incurred by contractors during any stage of the process. Contractors should also note that, in the event a tender is considered to be fundamentally unacceptable on a key issue, regardless of its other merits, that tender may be rejected. By issuing this invitation the Department is not bound in any way and does not have to accept the lowest or any tender and reserves the right to accept a portion of any tender unless the tenderer expressly stipulates otherwise in their tender.

G. Checklist of Documents to be Returned

1. Background

The UK National Atmospheric Emissions Inventory (NAEI) System is now over 20 years old. This means the system used to calculate UK Greenhouse Gas, and Air Quality, pollutant emissions – which underpin our domestic and international emissions reductions targets – rely in many places on legacy software systems which no longer reflect state-of-the-art tools for processing large datasets. This drives risk (since these software platforms could fail, or be subject to malicious attack) and inefficiency (the inventory grows each year, and the systems used are not optimised to produce emissions estimates with the lowest level of manual effort, which means costs increase year on year).

We will undertake a programme of work to upgrade the inventory digital system. The *existing system* is a combination of MS Excel, MS Access and SQL as data storage software, and Excel, R scripts and other software to carry out calculations. An outline map of the system can be provided to bidders on request to BEIS.

The *first* step is to clearly establish the operational & user requirements of for a new system, and translate these requirements into a digital specification, which would be significantly more streamlined than the current system. This project will undertake the work to establish requirements and specify them in a digital requirement.

2. Requirements

A significant body of work on operational & user requirements has already been undertaken internally. The supplier will therefore

- Review the existing documentation, developed by BEIS, and identify any gaps, flagging these to BEIS
- Create, based on these documents and any additional information provided by BEIS and the UK Inventory Agency (Ricardo Energy & Environment), a high-level system architecture that meets the user requirement. Identify tools, languages, and/or existing platforms that may be suitable to deliver against the requirement
- Based on this, develop a Request for Proposals (RFP) document, which a credible and experienced Digital Solutions provider could bid against

Our requirement is for all digital solutions to be delivered through open-source software to ensure maximum transparency within the NAEI, and ensure portability of the system.

Classification:	OFFICIAL

If BEIS chose to move forward with the implementation of a new system, it is likely that BEIS will seek to procure digital consultancy support to support us with *Project Management* of the implementation phase. This work will seek to ensure that all digital products are being delivered to specification and quality. Procurement of this digital support will be run separately from the project described here.

3. Outputs Required

- High Level System Map
 - o Based on the input data types used in the inventory, the methods which need to be applied to pre-process this data to generate standardised activity data and emissions factors, and the methods used to generate emissions estimates from activity data and emissions factors, map how a state-of-the-art inventory system would be constructed from input to output. Capture key data storage points and identify how these could be structured to enable analysis and quality assurance of interim data collection stages within inventory complication. Identify tools, languages, and/or existing platforms that may be suitable to deliver against the requirement, and demonstrate where in the system map these tools would be applied
- RFP
 - o Produce relevant technical specification for the solution, and supporting content (such as architecture briefing documents). At a minimum the RFP will set out:
 - Project timeline
 - Project overview including the “*what*” and “*why*” of the proposal
 - Goals and success criteria
 - Including detailed process for building existing inventory categories within system architecture.
 - The GHGI is built around 5 sectors each sub-divided into categories, this work will cover Energy, Industrial Processes & Product Use (IPPU), Waste, and overarching inventory system and other related products such as Conversion Factors.
 - LULUCF and Agriculture sectors delivered under other contracts are currently out of scope but consideration should be given to how they will interact with the new system.
 - Current state of the inventory system and desired outcomes

Classification:	OFFICIAL

- Users and their requirements
- Project scope
- Technical requirements
 - Technologies to be used for database elements, analytical elements, and outputs
 - Security requirements
 - Accessibility and transparency requirements
 - Infrastructure requirements
 - Quality assurance and quality control
 - Model assurance – in accordance with BEIS Quality Assurance process for models¹
 - Documentation including high level and low level design
- Budget
- Evaluation criteria

4. Working Arrangements and interdependencies

A BEIS Contract Manager, Ross Black (ross.black@beis.gov.uk) will be the lead contact on the project. He will be supported by the Project Owner, James Davey (james.davey@beis.gov.uk). A lead official in Defra will be provided, to deal with any system requirements specific to air quality elements of the inventory. Data access will be facilitated by BEIS, as all data is stored internally. Although, Ricardo Energy & Environment, the current UK Inventory Agency, will be available to answer specific questions about the current inventory system, and the international requirements for inventory systems in general.

5. Data Protection

The Contractor will be compliant with the Data Protection Legislation, as defined in the terms and conditions applying to this Invitation to Tender. A guide to The General Data Protection Regulation published by the Information Commissioner’s Office can be found [here](#).

6. Skills and experience

BEIS would like you to demonstrate that you have the experience and capabilities to undertake the project. Your tender response should include a summary of each proposed team members experience and capabilities.

Contractors should propose named members of the project team, and include the tasks and responsibilities of each team member. This should be clearly linked to the work programme, indicating the grade/ seniority of staff and number of days allocated to specific tasks.

Contractors should identify the individual(s) who will be responsible for managing the project.

Given the complex nature of this project, which goes beyond standard digital systems, we would expect to see expertise in climate & energy analysis within the project team. Experience in delivering inventory products or estimating UK GHG emissions would be advantageous but not necessary.

7. Consortium Bids

In the case of a consortium tender, only one submission covering all of the partners is required but consortia are advised to make clear the proposed role that each partner will play in performing the contract as per the requirements of the technical specification. We expect the bidder to indicate who in the consortium will be the lead contact for this project, and the organisation and governance associated with the consortia.

8. Budget and payment

The budget for this project is up to £80,000 excluding VAT.

Contractors should provide a full and detailed breakdown of costs (including options where appropriate). This should include staff (and day rate) allocated to specific tasks.

Cost will be a criterion against which bids which will be assessed.

Payments will be linked to delivery of key milestones. The indicative milestones and phasing of payments is as follows. Please advise in your tender response how this breakdown reflects your usual payment processes:

- The satisfactory completion of a System map, approved by BEIS: 50% of cost
- The satisfactory complementation of an RFP, approved by BEIS, 50% of cost

Classification:	OFFICIAL

Version:	0.1	Version Date:	12 Oct 2022	Owner:	BEIS Commercial

In submitting full tenders, contractors confirm in writing that the price offered will be held for a minimum of 60 calendar days from the date of submission. Any payment conditions applicable to the prime contractor must also be replicated with sub-contractors.

The Department aims to pay all correctly submitted invoices as soon as possible with a target of 10 days from the date of receipt and within 30 days at the latest in line with standard terms and conditions of contract.

9. Assessment of Tenders

Contractors are invited to submit full tenders of no more than 20 pages, excluding declarations. Tenders will be evaluated by at least three BEIS staff.

BEIS will select the bidder that scores highest against the criteria and weighting listed below:

EVALUATION CRITERIA AND SCORING METHODOLOGY

Criterion	Description	Weighting
01	Understanding the requirement	20%
02	Project plan, project management and risk management	40%
03	Project Team skills and experience	20%
04	Cost	20%
		100%

Criteria 01 – Understanding the requirement

Please provide your understanding of the current UK GHG Inventory System, and how & why the Authority requires assistance in designing an improved system. In doing this, you may wish to refer to the UK National Inventory Report, and wider supporting documentation about the UK GHG Inventory system, which is available at <http://naei.beis.gov.uk>

Criteria 02 – Project plan, project management and risk management

Please provide a detailed project plan which sets out the steps you will take to meet the requirements set out in this ITT, dependencies and how these will be managed. Detail how resources will be allocated to different areas of work. Provide a full risk register with estimates

Classification:	OFFICIAL				
Document Title:	Defining Digital Requirement for UK Inventory System Upgrade				
Version:	0.1	Version Date:	12 Oct 2022	Owner:	BEIS Commercial

of risk likelihood and impact, and clear mitigation actions for significant risks.

Criteria 03 – Project team skills and experience

Please provide detail on how your organisation has expertise and capability to undertake necessary deliverables. Please also provide detail on the experience of those named individuals who would be managing the delivery of this requirement. Please include the tasks and responsibilities of each team member, indicating the grade/seniority of staff and number of days allocated to specific tasks.

Given the complex nature of this project, which goes beyond standard digital systems, we would expect to see expertise in climate & energy analysis within the project team. Experience in delivering inventory products or estimating UK GHG emissions would be advantageous but not necessary.

CVs are not required to be submitted, but short profiles of individual's experience may be provided and included in this page limit.

Criteria 04 – Cost

Price will be marked using proportionate pricing. Please see the example below.

If 20% = 20 marks

Supplier	Price	Marks
1 (lowest bid)	£50,000	20
2	£60,000	$50/60 * 20 = 16.7$
3	£75,000	$50/75 * 20 = 13.3$

Suppliers must fill out Annex A.

Scoring Method

Tenders will be scored against each of the criteria above, according to the extent to which they meet the requirements of the tender. The meaning of each score is outlined in the table below.

The total score will be calculated by applying the weighting set against each criterion, outlined above; the maximum number of marks possible will be 100. Should any contractor score 1 in any of the criteria, they will be excluded from the tender competition.

A. Definitions

Please note that references to the "Department" throughout these documents mean The Secretary of State for Business, Energy and Industrial Strategy acting through his/her representatives in the Department for Business Energy & Industrial Strategy.

The Freedom of Information Act 2000 ("FOIA") and the Environmental Information Regulations 2004 ("EIR") apply to the Department. You should be aware of the Department's obligations and responsibilities under FOIA or EIR to disclose, on written request, recorded information held by the Department. Information provided in connection with this procurement exercise, or with any contract that may be awarded as a result of this exercise, may therefore have to be disclosed by the Department in response to such a request, unless the Department decides that one of the statutory exemptions under the FOIA or the exceptions in the EIR applies. If you wish to designate information supplied as part of this response as confidential, or if you believe that its disclosure would be prejudicial to any person's commercial interests, you must provide clear and specific detail as to the precise information involved and explain (in broad terms) what harm may result from disclosure if a request is received, and the time period applicable to that sensitivity. Such designation alone may not prevent disclosure if in the Department's reasonable opinion publication is required by applicable legislation or Government policy or where disclosure is required by the Information Commissioner or the First-tier Tribunal (Information Rights).

Additionally, the Government's transparency agenda requires that tender documents (including ITTs such as this) are published on a designated, publicly searchable web site. The same applies to other tender documents issued by the Department (including the original advertisement and the pre-qualification questionnaire (if used)), and any contract entered into by the Department with its preferred supplier once the procurement is complete. By submitting a tender you agree that your participation in this procurement may be made public. The answers you give in this response will not be published on the transparency web site (but may fall to be disclosed under FOIA or EIR (see above)). Where tender documents issued by the Department or contracts with its suppliers fall to be disclosed the Department will redact them as it thinks necessary, having regard (inter alia) to the exemptions/exceptions in the FOIA or EIR.

B. Data security

The successful tenderer must comply with all relevant Data Protection Legislation, as defined in the terms and conditions applying to this Invitation to Tender.

Section 4 contains a "The General Data Protection Regulation Assurance Questionnaire for Contractors" (Declaration 5) to evidence the extent of readiness.

Classification:	OFFICIAL				
Document Title:	Defining Digital Requirement for UK Inventory System Upgrade				
Version:	0.1	Version Date:	12 Oct 2022	Owner:	BEIS Commercial

The Authority may ask the Contractor to provide evidence to support the position stated in the questionnaire. The Authority may require the successful Contractor to increase their preparedness where the Authority is not satisfied that the Contractor will be in a position to meet its obligations under the terms and conditions. If the Contractor fails to satisfy the Authority that it will be in a position to meet its obligations under the terms and conditions in the event that the Contractor is successful, the Authority reserves the right to exclude the bidder from this procurement.

C. Non-Collusion

No tender will be considered for acceptance if the contractor has indulged or attempted to indulge in any corrupt practice or canvassed the tender with an officer of the Department. Section 4 contains a "Statement of non-collusion" (declaration 1); any breach of the undertakings covered under items 1 - 3 inclusive will invalidate your tender. If a contractor has indulged or attempted to indulge in such practices and the tender is accepted, then grounds shall exist for the termination of the contract and the claiming damages from the successful contractors. You must not:

- Tell anyone else what your tender price is or will be, before the time limit for delivery of tenders.
- Try to obtain any information about anyone else's tender or proposed tender before the time limit for delivery of tenders.
- Make any arrangements with another organisation about whether or not they should tender, or about their or your tender price.

Offering an inducement of any kind in relation to obtaining this or any other contract with the Department will disqualify your tender from being considered and may constitute a criminal offence.

Declaration 1: Statement of non-collusion

To: The Department for Business, Energy & Industrial Strategy

1. We recognise that the essence of competitive tendering is that the Department will receive a bona fide competitive tender from all persons tendering. We therefore certify that this is a bona fide tender and that we have not fixed or adjusted the amount of the tender or our rates and prices included therein by or in accordance with any agreement or arrangement with any other person.

2. We also certify that we have not done and undertake not to do at any time before the hour and date specified for the return of this tender any of the following acts:

- (a) communicate to any person other than the Department the amount or approximate amount of our proposed tender, except where the disclosure, in confidence, of the approximate amount is necessary to obtain any insurance premium quotation required for the preparation of the tender;
- (b) enter into any agreement or arrangement with any other person that he shall refrain for submitting a tender or as to the amount included in the tender;

Declaration 2: Form of Tender

To: The Department for Business, Energy & Industrial Strategy

1. Having considered the invitation to tender and all accompanying documents (including without limitation, the terms and conditions of contract and the Specification) we confirm that we are fully satisfied as to our experience and ability to deliver the goods/services in all respects in accordance with the requirements of this invitation to tender.
2. We hereby tender and undertake to provide and complete all the services required to be performed in accordance with the terms and conditions of contract and the Specification for the amount set out in the Pricing Schedule.
3. We agree that any insertion by us of any conditions qualifying this tender or any unauthorised alteration to any of the terms and conditions of contract made by us may result in the rejection of this tender.
4. We agree that this tender shall remain open to be accepted by the Department for 8 weeks from the date below.
5. We understand that if we are a subsidiary (within the meaning of section 1159 of (and schedule 6 to) the Companies Act 2006) if requested by the Department we may be required to secure a Deed of Guarantee in favour of the Department from our holding company or ultimate holding company, as determined by the Department in their discretion.
6. We understand that the Department is not bound to accept the lowest or any tender it may receive.
7. We certify that this is a bona fide tender.

Declaration 4: Standard Selection Questionnaire

Financial Credit Checks:

BEIS use Dun & Bradstreet to assist them with their financial due diligence and will request Dun and Bradstreet to provide comprehensive reports on the preferred bidder/s where the opportunity being tendered for exceeds £1M (excluding VAT).

BEIS will review the Dun and Bradstreet report prior to notifying bidders of the result of the competition and may need to check [with bidders] that the information within the report is correct. BEIS may also request the latest accounts and financial information from the preferred bidder/s.

Suppliers assessed with a high financial risk status may not be awarded a contract at this stage we will revert to the bidder to discuss further.

Potential Supplier Information and Exclusion Grounds: Part 1 and Part 2.

The standard Selection Questionnaire is a self-declaration, made by you (the potential supplier), that you do not meet any of the grounds for exclusion². If there are grounds for exclusion, there is an opportunity to explain the background and any measures you have taken to rectify the situation (we call this self-cleaning).

A completed declaration of Part 1 and Part 2 provides a formal statement that the organisation making the declaration has not breached any of the exclusions grounds. Consequently we require all the organisations that you will rely on to meet the selection criteria to provide a completed Part 1 and Part 2. For example these could be parent companies, affiliates, associates, or essential sub-contractors, if they are relied upon to meet the selection criteria. This means that where you are joining in a group of organisations, including joint ventures and partnerships, each organisation in that group must complete one of these self-declarations. Sub-contractors that you rely on to meet the selection criteria must also complete a self-declaration (although sub-contractors that are not relied upon do not need to complete the self-declaration).

When completed, this form is to be sent back to the contact point given in the procurement documents along with the selection information requested in the procurement documentation.

Alternatively you can submit the completed Exclusion Grounds of the [EU ESPD \(Part III\)](#) as a downloaded XML file to the buyer contact point along with the selection information requested in the procurement documentation.

Supplier Selection Questions: Part 3

The procurement document will provide instructions on the selection questions you need to respond to and how to submit those responses. If you are bidding on behalf of a group (consortium) or you intend to use sub-contractors, you should complete all of the selection questions on behalf of the consortium and/or any sub-contractors.

If the relevant documentary evidence referred to in the Selection Questionnaire is not provided upon request and without delay we reserve the right to amend the contract award decision and award to the next compliant bidder.

Consequences of misrepresentation

If you seriously misrepresent any factual information in filling in the Selection Questionnaire, and so induce an authority to enter into a contract, there may be significant consequences. You may be excluded from the procurement procedure, and from bidding for other contracts for three years. If a contract has been entered into you may be sued for damages and the contract may be rescinded. If fraud, or fraudulent intent, can be proved, you or your responsible officers may be prosecuted and convicted of the offence of fraud by false representation, and you must be excluded from further procurements for five years.

Notes for completion

1. The “authority” means the contracting authority, or anyone acting on behalf of the contracting authority, that is seeking to invite suitable candidates to participate in this procurement process.
2. “You” / “Your” refers to the potential supplier completing this standard Selection Questionnaire i.e. the legal entity responsible for the information provided. The term “potential supplier” is intended to cover any economic operator as defined by the Public Contracts Regulations 2015 (referred to as the “regulations”) and could be a registered company; the lead contact for a group of economic operators; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.
3. Please ensure that all questions are completed in full, and in the format requested. If the question does not apply to you, please state ‘N/A’. Should you need to provide additional information in response to the questions, please submit a clearly identified annex.
4. The authority recognises that arrangements set out in section 1.2 of the standard Selection Questionnaire, in relation to a group of economic operators (for example, a consortium) and/or use of sub-contractors, may be subject to change and will, therefore, not be finalised until a later date. The lead contact should notify the authority immediately of any change in the proposed arrangements and ensure a completed Part 1 and Part 2 is submitted for any new organisation relied on to meet the selection criteria. The authority will make a revised assessment of the submission based on the updated information.
5. For Part 1 and Part 2 every organisation that is being relied on to meet the selection must complete and submit the self-declaration.
6. **Note for Contracting Authorities: The following paragraph is optional for inclusion if a decision has been made to request a self-declaration of the exclusion grounds from sub-contractors. All sub-contractors are required to complete Part 1 and Part 2³.**
7. For answers to Part 3 - If you are bidding on behalf of a group, for example, a consortium, or you intend to use sub-contractors, you should complete all of the
