VI.3) Additional information

Great Ormond Street Hospital for children NHS Foundation Trust is looking to appoint the successful bidder for Phase 2B of the Redevelopment Programme, the Premier Inn Clinical Building (PICB) due for completion during summer 2017.

The 116-bed building includes a new surgery centre with two integrated operating theatres, a respiratory ward and an isolation unit for children with dermatology and rheumatology conditions or infectious diseases.

It is anticipated that these much-needed facilities will enable the hospital to treat up to 20 per cent more children with the most complex, rare and often life-threatening conditions. They will also allow parents or carers to stay by the child's bedside overnight, provide more room for children to play and eat together and areas for parents to have a break.
