

Ealing Council

Tender for the construction and erection of two modular – built houses

at

**117 Mansell Road,
Greenford**

**Part D - Quality and technical
questionnaire**

Introduction

In this section you are required to describe your product and answer questions related to the project and how you propose to conduct the building contract.

Your answers to the questions will be used by the Council's tender evaluation panel to consider how closely your submission fits the Council's requirements.

This section accounts for 50% of the total score for your tender, and the individual marks are shown in brackets at the end of each question. You must answer all of the questions and provide sufficient detail as is necessary to fully describe to all of the information requested, even if the question do not carry a mark.

- 1 Please describe the product, method or construction system you propose to use on this project. (10 points)
- 2 Please provide a reference site where this product or system has been used before. Please give:
