Section One – Individual Contract Award

During the course of the Framework Agreement, Customers/Participating Authorities will enter into Individual Contracts/Orders for Goods and/or Services for specified periods.

In accordance with the 'Public Contract Regulations 2015' Individual Contracts based on a Framework Agreement are to be awarded before the end of the term of the Framework Agreement itself. The duration of the Individual Contract does not need to coincide with the duration of the Framework Agreement, but might, as appropriate, be shorter or longer. In particular, the Customer is allowed to set the length of Individual Contracts based on a Framework Agreement taking account of factors such as the time needed for their performance, where maintenance of equipment with an expected useful life of more than four (4) years is included or where extensive training of staff to perform the Individual Contract is needed.

The Framework Agreement allows for Customers/Participating Authorities to place their Orders via Further Competition and Direct Award.

These Individual Contract Terms and Conditions, will apply and will remain in force after the expiry of the Framework Agreement until such time all Individual Contracts expire or are terminated.

The onus will be on the Customer to carry out their own due diligence before selecting whether they conduct a Further Competition or choose to Direct Award with any of the awarded Suppliers. The Customer will determine the requirement, specification and award, based on the Most Economically Advantageous Tender (MEAT)

Further Competition – Re-opening competition with all the capable Suppliers awarded on the Framework Agreement to determine the most appropriate Supplier for a defined period of time or project.

In accordance with The Public Contract Regulations 2015 the Customer may choose to implement, amend or provide alternative terms and conditions to those contained within the Software Products and Associated Services 2 Individual Contract Terms and Conditions. Any such amendments or alternative terms and conditions will be contained within the Further Competition documents and/or the Order/Individual Contract.

In order to adhere to 'The Public Contracts Regulations 2015' when re-opening competition under this Framework Agreement the Participating Authority should follow the steps below:

1. The Participating Authority/Customer must invite all Suppliers on the Framework Agreement who are deemed capable of delivering the particular requirement.
2. The Participating Authority/Customer shall be responsible for formulating a specification/product brief containing full details of the work/products required.
3. The Participating Authority/Customer will send the specification/product brief to all Suppliers quoting the Framework Agreement reference number. A reasonable and proportionate time limit should be set for the submission of fully completed Tender responses.
4. Responses received must be kept in a secure place, unopened and unread, until the designated closing date and time for final submissions has passed. Responses received after the specified date and time should be rejected unopened.

5. The submitted response shall be evaluated in accordance with the criteria stated in the original specification/product brief. The headline criteria used must be the same as the headline criteria used for the original Framework Agreement or part thereof, but the Participating Authority/Customer may change the weightings and add their own sub-criteria to apply.
6. The Tenderers must be advised of the result in writing including brief details on where they scored points and where they did not.
7. A required 'standstill period' does not apply to Further Competitions held under a Framework Agreement. However it is advisable to hold a standstill period in relation to a Further Competition as it is possible a Supplier may challenge the decision and apply to court for a 'declaration of ineffectiveness' which could lead to the Individual Contract being terminated and possibly a fine or compensation claim.
8. There is no scope at the Further Competition stage to select on the basis of general financial and economic standing or technical ability, as these issues have been addressed as part of the Framework Agreement process. However this does not mean financial due diligence should not be undertaken if considered appropriate (e.g. obtaining a report on a Suppliers financial standing from an appropriate agency) as long as this does not form part of any selection process.

The headline criteria to be used at Further Competition stage shall be Price and Quality of Service/Added Value

Customers may amend the sub-criteria underneath these headings as well as change the weightings (the percentages below are for guidance only) that shall be relevant to their individual need.

Headline Assessment Criteria
Price
Quality of Service/Added Value

Direct Award – Placing an Order with any capable Supplier awarded on the Framework Agreement, without re-opening competition, following the criteria set out below.

Regulation 33(8)(a) of the Public Contracts Regulations 2015 (PCR 2015) sets out the criteria for making a Direct Award where a Framework Agreement is concluded with more than one Supplier:

- all the terms governing the provision of the works, services and supplies concerned are set out in the Framework Agreement, and
- the objective conditions for determining which of the Suppliers on the Framework Agreement shall perform them are set out in the procurement documents.

In accordance with the above Regulation, Direct Award Orders may be placed under this Framework Agreement provided the Customer can meet any one of the following objective conditions:

- Customer is satisfied that following their own due diligence they can identify the Supplier that offers best value for their requirement
- The Supplier is able to supply the required Goods/Services within the Customers timescales
- The Supplier scored the highest mark for Price/Quality in the Framework Agreement evaluation

- Goods/Services required are unique/exclusive to one Vendor/Supplier
- Continuity of existing Goods/Services from an awarded Supplier

In any event the Contracting Authority takes no responsibility for the chosen contracting method of any Individual Customer/Participating Authority.
