

The Coal  
Authority

This notice is not a call for competition - The Coal Authority intends to issue the call for competition on or after 11 January 2019

The Coal Authority was established by Parliament to undertake specific statutory duties, set out in the Coal Industry Act 1994, associated with licensing coal mining operations; managing property and the historic legacy arising from the ownership of the coal reserves and underground workings; settling subsidence damage claims not falling on coal mine operators and providing access to coal mining information.

Deliverables from this requirement will be to conduct an assets condition survey for the existing mine water treatment plant at;

**Neath Road, Resolven, Neath, SA11 4DF – known as Ynysarwed.**

Grid Ref: SN 8040 0110 and SN8050 01210

We seek the provision of itemised asset condition information i.e.: structural, mechanical, electrical, etc. including actual asset age, expected asset life and a judgement on the probable remaining life of the asset.

The report is to highlight the risk and cost associated with options below

1. Decommissioning of the existing plant.
2. Refurbishment and rebuild of HDS scheme.

Please note that any future procurement will be subject to a separate advertisement

Anticipated time lines will be for issue of tender in January 2019 and for all works to be complete during March 2019.

We would like to invite enquiries from interested parties so as to enable them to better understand our requirements.

**OFFICIAL – SENSITIVE: COMMERCIAL**

About the buyer
