**OFFICIAL SENSITIVE
SUBJECT TO CONTRACT**

ORT_00105 NATIONAL ENFORCEMENT CAMERA SOLUTION (NECS) (the “Contract”)

Dear Redacted

Further to my letter dated 11th March 2024, I am writing to inform you that National Highways can now proceed and intends to award a place on this Contract to your company for the Development and Approval of NECS Equipment with a value of £7,300,000.00.

Please note that no contract will exist until the form of agreement has been fully executed by both parties and dated. The **Parent Company Guarantee** you are obtaining from **Verra Mobility Corporation** will also need to be executed by them before the Contract can be completed.

Contract Execution

The form of Contract (**which National Highways refers to as a Task Order**) is attached. Please arrange for your authorised signatories to execute it in duplicate and return the signed documents to us via CCFT as soon as possible. Please do not date the Contract. We will execute the Contract in duplicate and then contact you to confirm it can be dated. Once this has happened we will return a signed and dated copy for you to keep.

Parent Company Guarantee

Prior to entering into the Contract, you are required to obtain the Parent Company Guarantee. This requires execution by Verra Mobility Corporation. Please provide evidence that Verra Mobility Corporation has executed the Parent Company Guarantee via National Highways' e-Sourcing portal.

Insurance

Prior to entering into the Contract, you are required to provide evidence that the insurances required in the Contract are in place. Please submit this evidence via our e-Sourcing portal.

Publicity

Until such time as we notify you, you must not publicise the contents of this letter or our intention to award this contract. All media enquiries should be directed to the relevant National Highways procurement officer via our e-Sourcing portal.

Yours sincerely,

Redacted

Head of Procurement
