| <p>II.2.4) Description of the procurement (nature and quantity of works, supplies or services or indication of needs and requirements):</p> | <p>Provision of DIP services for packages of work with an estimated value up to £100m. Lot 1 schemes will primarily be in the South West and Midlands regions of England but the two successful tenderers may also have opportunities to win additional work packages or standalone schemes in the rest of England in the circumstances specified in the procurement documents.</p> <p>There will be 2 tenderers appointed to this lot.</p> <p>Following appointment to the framework, each successful tenderer will be awarded a package of work, with an approximate total value of between £25m and £83m. Each package will have 2-3 individual named project schemes, to be delivered during the framework term. Further details on each package will be confirmed in published procurement documents.</p> <p>At tender stage, applicants for the lot will be asked for their preference of work package. The supplier with the highest assessed score appointed to the lot will be given their preferred package. The suppliers with the next highest score appointed to the lot will be given the remaining package.</p> <p>In addition to the initial package awarded following the tender, further packages and standalone schemes will be issued through direct award or tendered as a mini-competition which may include the suppliers appointed to all lots, as described in the procurement documents. In respect of contract values then applicants will have the ability to win work of value from other lots as well as their own.</p> <p>DIPs will undertake the following:</p> <p>Support Project Control Framework (PCF) Stage 2: specialist advice on planning and buildability; and where instructed Investigative and intrusive surveys.</p> <p>Accountable for PCF stages 3-7: Responsible for the detailed design and construction of designated project. Managing their designers to produce optimum solutions, in-house resource & specialist supply chain to construct scheme, ensuring scheme is delivered to time, cost and performance outcomes. The DIP will act as the Regional integrator between Highways England (HE), Technical Advisor Partner (TAP), DIP supply chain and key stakeholders to deliver an integrated solution. With specialisms including but not limited to Prelim' design; Specialist advice on the whole-life-costing and future maintenance/inspection requirements and provisions; Development of collaboration arrangements; Supply Chain Strategy; Development of progress approvals & planning consents & DCOs; Buildability and Value Engineering reviews; Risk management; Development of H&S, Environmental and Quality plans for executing works; Construction and commissioning of enabling and construction works; Principal Contractor and Principal Designer under CDM duties; Revision and agreement of final account; Defects rectification and aftercare; Hand over asset; Strategic Programme Office related services: Planning & production strategy; Regional Procurement strategy & materials logistics plan; Commercial management; Digital platform transformation; Skills & capability strategy to minimise regional skills gap; Performance Management Office; Health, Safety & Welfare. Other duties as instructed by the Project Manager.</p> <p>The DIP will be expected to contribute to national and regional Centres of Excellence to help drive innovation and to establish a Sustainable Improvement Hub to develop and deliver a procurement pipeline, common regional supply chain, promote procurement execution and facilitate supplier relationship management in the regions in which they operate. The DIPs will contribute to the development of HE's role as Network Owner and the DIP contracts may evolve over their life to reflect this developing maturity.</p> <p>It is mandated that the DIPs will make use of the HE's category management frameworks, and any future category management arrangements, to whom they will subcontract elements of work. HE may require suppliers to enter into an appropriate confidentiality agreement in relation to the operation of the category management contracts.</p> | | | | |

| <p>II.2.4) Description of the procurement (nature and quantity of works, supplies or services or indication of needs and requirements):</p> | <p>Provision of DIP services for packages of work with an estimated value above £100m. Lot 8 schemes will primarily be in the Yorkshire and the Humber, North East or North West regions of England but the three successful tenderers may also have opportunities to win additional work packages or standalone schemes in the rest of England in the circumstances specified in the procurement documents.</p> <p>There will be 3 tenderers appointed to this lot.</p> <p>Following appointment to the framework, each successful tenderer will be awarded a package of work, with an approximate total value of between £170m and £443m. Each package will have 1-3 individual named project schemes, to be delivered during the framework term. Further details on each package will be confirmed in published procurement documents.</p> <p>At tender stage, applicants for the lot will be asked for their preference of work package. The supplier with the highest assessed score appointed to the lot will be given their preferred package. The suppliers with the next and subsequent highest score appointed to the lot will be given the remaining packages.</p> <p>In addition to the initial package awarded following the tender stage, further packages and standalone schemes will be issued through direct award or tendered as a mini-competition which may include the suppliers appointed to all lots, as described in the procurement documents. In respect of contract values then applicants will have the ability to win work of value from other lots as well as their own.</p> <p>DIPs will undertake the following:</p> <p>Support PCF Stage 2: specialist advice on planning and buildability; and where instructed Investigative and intrusive surveys.</p> <p>Accountable for PCF stages 3-7: Responsible for the detailed design and construction of designated project. Managing their designers to produce optimum solutions, in-house resource & specialist supply chain to construct scheme, ensuring scheme is delivered to time, cost and performance outcomes. The DIP will act as the Regional integrator between HE, TAP, DIP supply chain and key stakeholders to deliver an integrated solution. With specialisms including but not limited to Prelim' design; Specialist advice on the whole-life-costing and future maintenance/inspection requirements and provisions; Development of collaboration arrangements; Supply Chain Strategy; Development of progress approvals & planning consents & DCOs; Buildability and Value Engineering reviews; Risk management; Development of H&S, Environmental and Quality plans for executing works; Construction and commissioning of enabling and construction works; Principal Contractor and Principal Designer under CDM duties; Revision and agreement of final account; Defects rectification and aftercare; Hand over asset; Strategic Programme Office related services: Planning & production strategy; Regional Procurement strategy & materials logistics plan; Commercial management; Digital platform transformation; Skills & capability strategy to minimise regional skills gap; Performance Management Office; Health, Safety & Welfare. Other duties as instructed by the Project Manager.</p> <p>The DIP will be expected to contribute to national and regional Centres of Excellence to help drive innovation and to establish a Sustainable Improvement Hub to develop and deliver a procurement pipeline, common regional supply chain, promote procurement execution and facilitate supplier relationship management in the regions in which they operate. The DIPs will contribute to the development of HE's role as Network Owner and the DIP contracts may evolve over their life to reflect this developing maturity.</p> <p>It is mandated that the DIPs will make use of HE's category management frameworks, and any future category management arrangements, to whom they will subcontract elements of work. HE may require suppliers to enter into an appropriate confidentiality agreement in relation to the operation of the category management contracts.</p> | | | | |

| <p>VI.3) Additional information:</p> | <p>How to Express Interest in this Tender:</p> <ol style="list-style-type: none"> 1. Register for a free account at https://highways.bravosolution.co.uk 2. Click the 'PQQs Open To All Suppliers' link. (These are Selection Questionnaires (SQ) open to any registered supplier). Click on the relevant PQQ to access the content. Click the 'Express Interest' button at the top of the page. This will move the PQQ into your 'My PQQs' page. (This is a secure area reserved for your projects only) You can now access any attachments by clicking 'Buyer Attachments' in the 'PQQ Details' box 3. Click 'My Response' under 'PQQ Details', you can choose to 'Create Response' or to 'Decline to Respond' (please give a reason if declining). You can now use the 'Messages' function to communicate with HE and seek any clarification. Follow the onscreen instructions to complete the PQQ. There may be a mixture of online & offline actions for you to perform. You must then submit your reply using the 'Submit Response' button at the top of the page. If you require any further assistance please consult the online help, or contact the eTendering help desk. <p>Expressions of interest must be submitted from the applicants' registered office address. Each member of a Joint Venture (JV) must submit a letter from their own registered office confirming all company names in the proposed JV. Applicants can only participate in one JV. Further guidance on JVs is contained in the procurement documents.</p> <p>A designer cannot act as designer for multiple applicants within the same lot.</p> <p>This procurement falls within the scope of HM Revenue and Customs' Construction Industry Scheme.</p> <p>Successful suppliers will be appointed to fulfil the duties of Principal Designer and Principal Contractor under the Construction (Design and Management) Regulations 2015.</p> <p>New work to be called off under one Lot may require a mini-competition between all Suppliers on the framework</p> <p>HE will assess the SQs to produce a single shortlist of applicants for all lots at the Selection Stage and invite suppliers to submit tenders for the Award Stage. Prior to selecting the suppliers to proceed to the Validation stage, HE will produce a ranking of suppliers that it intends to take forward and as part of that process it will also apply the tests set out above. HE will also undertake further financial capacity tests to ensure that suppliers have the required financial standing in relation to those lots or combination of lots where it is proposed to validate the tender. HE reserves the right, in its sole discretion, to exclude tenderers at this stage or at SQ stage.</p> <p>Applicants must identify the lots they have applied for and clearly state their order of preference (if applying for more than one) using the form provided. Suppliers may not change their lot preferences after submission of their completed SQ and may only tender for the lots for which they are invited. The supplier carries the financial risk of tendering for multiple lots.</p> <p>Applicants should note that HE sees the roles of the TAP and the DIP as a potential conflict of interest and the successful DIPs (including their design contractors) will be restricted from bidding for a TAP post that will be working on the same projects.</p> <p>HE reserves the right not to accept the highest scoring, or any, tender. Bidders should note that tenders are submitted at the supplier's own cost and risk. HE may cancel the competition or part of it for any reason, and bidders' costs will not be reimbursed. HE expressly reserves the right (i) not to award any contract as a result of this tendering exercise commenced by publication of this notice; and (ii) to make whatever changes it may see fit to the content and structure of the tendering competition; and in no circumstances will HE be liable for any costs incurred by candidates.</p> <p>Further information is provided in the procurement documents.</p> |
