"The *Project Manager* confirms its acceptance of the Authorisation no later than one day before the final date for payment and the *Contractor* submits it to the *project bank*. A reason for not accepting the Authorisation is that it does not match the application for payment or it does not comply with the requirements of the contract".

### **Option Y(UK)2: The Housing Grants, Construction and Regeneration Act 1996**

Delete Y2.1 , Y2.2 and Y2.3 and replace with the following:

Y2.1 In this Option, time periods stated in days exclude Christmas Day, Good Friday and bank holidays and a reference to “invoice” shall include an “electronic invoice” where an invoice has been issued transmitted and received in a structured electronic format which allows for its automatic and electronic processing. If the invoice is an electronic invoice it must comply with the standard on electronic invoicing. An electronic invoice complies with the standard on electronic invoicing where it complies with the European standard and any of the syntaxes published in Commission Implementing Decision (EU) 2017/1870.

Y2.2 The due date for payment is the 17<sup>th</sup> of each calendar month. The due date for payment of a final payment is

- if the *Project Manager* makes an assessment after the issue of a Defects Certificate, five weeks after the issue of the Defects Certificate,
- if the *Project Manager* does not make an assessment after the issue of a Defects Certificate, one week after the *Contractor* issues its assessment or
- if the *Project Manager* has issued a termination certificate, fourteen weeks after the issue of the certificate.

The final date for payment is the later of

- thirteen (13) days after the due date for payment and
- seven days after the receipt by the Party making payment of an invoice, issued in accordance with these *conditions of contract*.

The *Project Manager's* certificate is the payment notice specifying the amount due at the due date for payment (the notified sum, which may be zero) and stating the basis on which the amount was calculated. If the *Project Manager* does not make an assessment after the end of the Service Period, the *Contractor's* assessment is the Payment Notice.

If the *Project Manager* does not certify and issue the payment notice in accordance with the contract, the *Contractor's* application for payment is the Payment Notice.

Y2.3 If either Party intends to pay less than the notified sum, it issues a pay less notice to the other Party on or before the 27<sup>th</sup> of each calendar month by stating the amount considered to be due or to have been due on the date the pay less notice is served and the basis on which that sum is calculated. A Party does not withhold payment of an amount due under the contract unless it has notified its intention to pay less than the notified sum as required by the contract.

Z7A.2 The *Client* may terminate the contract with immediate effect

- if the contract has been subject to substantial modification which would have required a new procurement procedure pursuant to regulation 72 of the Public Contracts Regulations 2015 or
- the Court of Justice of the European Union declares in a procedure under Article 258 of the Treaty on the Functioning of the European Union, that a serious infringement of the obligations under the European Union Treaties and the Public Contracts Directive has occurred.

Z7A.3 The procedure and amount due on termination are the same as for

- R18 if the modification or infringement was due to a default by the Contractor,
- R19 if the modification or infringement was due to a default by the Client and
- R20 if the modification or infringement was due to any other reason

### Z8 Subcontracting

Z8.1 The *Contractor* assesses the amount due to a subcontractor without taking into account the amount assessed under the contract.

Z8.2 If the *Contractor* subcontracts work to an Associated Company, the Defined Cost of the work subcontracted is assessed as if the work had not been subcontracted unless

---

otherwise agreed by the *Project Manager*.

- Z8.3 The *Project Manager* may, having stated the reasons, instruct the *Contractor* to remove a subcontractor (at any stage of remoteness from the *Client*). The *Contractor* then arranges the removal of the subcontractor (at any stage of remoteness from the *Client*) and the appointment of a replacement in accordance with the contract.
- Z8.4 The *Client* may terminate if a key Subcontractor or another key resource needed for the *works* is no longer available and the *Contractor* is unable to propose an alternative resource acceptable to the *Project Manager*. In the event of a termination under this clause, the termination procedures followed are P1, P2 and P3 and the amounts due on termination are A1 and A3.
- Z8.5 Before
- appointing a proposed subcontractor or
  - allowing a subcontractor to appoint a proposed subsubcontractor
- the *Contractor* submits to the *Project Manager* for acceptance
- either
    - a European Single Procurement Document (as described in regulation 59 of the Public Contracts Regulations 2015) in respect of the proposed subcontractor or subsubcontractor or
    - other means of proof (as specified in regulations 60(4) and 60(5) of the Public Contracts Regulations 2015) that none of the mandatory or discretionary grounds for exclusion referred to in regulation 57 of the Public Contracts Regulations 2015 applies to the proposed Subcontractor or subsubcontractor and
  - details of any RIDDOR Incident under any contract for which the proposed Subcontractor or subsubcontractor is responsible and of any Enforcement Action brought against the proposed subcontractor or subsubcontractor.
- Z8.6 The *Contractor* does not appoint the proposed subcontractor (or allow the subcontractor to appoint the proposed subsubcontractor) until the *Project Manager* has accepted the submission. A reason for not accepting the submission is that
- it shows that there are grounds for excluding the proposed subcontractor or subsubcontractor under regulation 57 of the Public Contracts Regulations 2015 or
  - the *Project Manager* is not satisfied that the proposed subcontractor or subsubcontractor has put in place adequate measures to ensure that similar matters to the RIDDOR Incident or the event giving rise to Enforcement Action will not occur.
- Z8.7 If requested by the *Project Manager*, the *Contractor* provides further information to support, update or clarify a submission under clause Z8.5
- Z8.8 If, following the acceptance of a submission under clause Z8.6, it is found that

- one of the grounds for excluding the subcontractor or subsubcontractor under regulation 57 of the Public Contracts Regulations 2015 applies or
- the subcontractor or subsubcontractor has not put in place adequate measures to ensure that similar matters to the RIDDOR Incident or the event giving rise to Enforcement Action will not occur

the *Project Manager* may instruct the *Contractor* to

- replace the subcontractor or
- require the subcontractor to replace the subsubcontractor.

## **Z9A Change of Control and financial distress**

Z9A.1 The *Contractor* notifies the *Client* immediately if a Change of Control has occurred or is expected to occur except to the extent that (and for as long as) it is prevented from doing so by any disclosure restriction imposed on it by any tribunal or regulatory authority.

Z9A.2 The *Contractor* notifies the *Client* immediately of any material change in

- the direct or indirect legal or beneficial ownership of any shareholding in the *Contractor* (or a Consortium Member). A change is material if it relates directly or indirectly to a change of 3% or more of the issued share capital of the *Contractor* (or a Consortium Member), or
- the composition of the *Contractor* or a Consortium Member. A change is material if it directly or indirectly affects the performance of this contract by the *Contractor* or is considered substantial in accordance with Regulation 72(8)(e) of the Public Contracts Regulations 2015.

Z9A.3 The *Contractor* notifies the *Client* immediately of any change or proposed change in the name or status of the *Contractor* or a Consortium Member.

Z9A.4 The *Contractor* notifies the *Client* immediately if any of the following events occurs in relation to the *Contractor*, a Consortium Member or a Guarantor

- its Credit Rating falls below the relevant *credit rating*,
- there is a further fall in its Credit Rating below the relevant *credit rating*,
- it issues a profits warning to a stock exchange or makes any other public announcement about a material deterioration in its financial position or prospects,
- it is subject to a public investigation into improper financial accounting and reporting, suspected fraud or any other impropriety,
- it commits a material breach of its covenants to its lenders or
- its financial position or prospects deteriorate to such an extent that it would not meet the Financial Standing Test.

Z9A.5 If a Change of Control occurs and is likely to give rise to an actual or potential conflict of interest, the *Contractor* and the *Project Manager* meet within one week to discuss the actions to be taken by either Party in order to overcome or mitigate the conflict. If the Parties do not agree and implement the actions needed to overcome or mitigate the conflict, the *Client* may terminate the *Contractor's* obligation to Provide the Works

---

with immediate effect. In the event of a termination under this clause, the termination procedures followed are P1, P2 and P3 and the amounts due on termination are A1 and A2.

Z9A.6 If as a result of a Change of Control

- a person or organisation with which the *Client* does not wish to be associated for ethical or reputational reasons is an Associated Company or
- the *Client* decides (having reviewed any information provided by the *Contractor* and made appropriate inquiries) that the *Contractor* is no longer in a position to Provide the Works

the *Client* may terminate the *Contractor's* obligation to Provide the Works with immediate effect. In the event of a termination under this clause, the termination procedures followed are P1, P2 and P3 and the amounts due on termination are A1 and A2.

Z9A.7 If a Change of Control occurs, the *Contractor* provides to the *Client*

- certified copies of the audited consolidated accounts of the Controller for the last three financial years,
- a certified copy of a board minute of the Controller confirming that it will give to the *Client* a Parent Company Guarantee if so required by the *Client*,
- any other information required by the *Client* in order to determine whether the Controller meets the Financial Standing Test and
- any other information requested by the *Client* in order to satisfy itself that the *Contractor* remains in a position to perform its obligations under this contract.

Z9A.8 If a Change of Control or any of the events listed in clauses Z9A.2 to Z9A.4 occurs, the *Client* may require the *Contractor* to give to the *Client* a Parent Company Guarantee from the Controller or (if the Controller does not meet the Financial Standing Test) an alternative guarantor proposed by the *Contractor* and accepted by the *Client*.

Z9A.9 A reason for not accepting an alternative guarantor proposed by the *Contractor* is that it does not

- meet the Financial Standing Test,
- provide the legal opinion required in clause Z9A.13 or

have a Credit Rating at least equal to the *credit rating* for the person to whom the event listed in clause Z9A.4 has occurred.

Z9A.10 If so required by the *Client*, the *Contractor* within four weeks after the *Client* notifies the requirement gives to the *Client* a Parent Company Guarantee from the Controller or an alternative guarantor accepted by the *Client*.

Z9A.11 The *Client* may accept a Parent Company Guarantee from the Controller or an alternative guarantor proposed by the *Contractor* who does not meet the Financial Standing Test if the *Contractor* gives to the *Client* an assurance that the Controller or the alternative guarantor will meet the Financial Standing Test within 18 months of the *Client's* acceptance. If so, the Parties agree a process for reviewing the financial standing of the Controller or the alternative guarantor during that period in order to

---

demonstrate to the *Client* that it will meet the Financial Standing Test by the end of that period.

- Z9A.12 If
- the *Contractor* fails to notify the *Client* that an event listed in clause Z9A.4 has occurred,
  - neither the Controller nor any alternative guarantor proposed by the Contractor complies with the Financial Standing Test within the timescale stated in clause Z9A.11 or fails to provide the legal opinion required by clause Z9A.13
  - the *Contractor* does not give to the *Client* a Parent Company Guarantee from the Controller or an alternative guarantor accepted by the *Project Manager* within four weeks of a request from the *Project Manager* to do so or
  - the *Contractor* fails to demonstrate to the *Project Manager* that the Controller or the alternative guarantor accepted by the *Project Manager* will meet the Financial Standing Test within 18 months of the *Project Manager's* acceptance

the *Client* may treat such failure as a substantial failure by the *Contractor* to comply with its obligations.

- Z9A.13 If the *Contractor*, a Consortium Member, a Guarantor or an alternative guarantor proposed by the *Contractor* (in this clause referred to as a “relevant entity”) is not a company incorporated in and subject to the laws of England and Wales, the *Contractor* provides a legal opinion from a lawyer or law firm which is
- qualified and registered to practise in the jurisdiction in which the relevant entity is incorporated and
  - accepted by the *Client*

The legal opinion is addressed to the *Client* on a full reliance basis and the liability of the lawyer or law firm giving the opinion is not subject to any financial limitation unless otherwise agreed by the *Client*.

The legal opinion confirms that the method of execution of the Parent Company Guarantee is valid and binding under applicable local law and in particular covers the matters listed in the Framework Information.
