

Questions Received (to 30/9/17) :

Would alternative solutions be considered?

- Yes, but planning approval and development control costs would need to be included (as a parish council the planning application costs are 50%.
- The tender design was chosen as there is a need for a sturdy/vandal resistant solution. Alternatives are considered by the Steering Group in advance of the tender deadline.

Are there additional drawings?

- I have attached a site map.

Boiler Room and Internals

- Design and final equipment etc. to be agreed, but part of the tender.
