4. Description	
<p>This potential opportunity is for the appointment of a Learning, Evaluation & Quality (LEQ) partner for the Enhancing Schools' Commercial Capability (ESCC) project. A successful contractor will be required to deliver formative and summative evaluations and feasibility studies for component elements of the project.</p> <p>The Enhancing Schools' Commercial Capability (ESCC) project aims to test a range of initiatives to improve schools' commercial acumen, to help them save time and money when undertaking their commercial activities.</p> <p>The research/evaluation contract's objective is to help DfE understand which initiatives work and deliver value to schools. There will be some fieldwork to undertake on 'live' workstreams, and some development/feasibility work to support the project team at pre-delivery stage of other workstreams.</p> <p>This PIN provides notice of the early market engagement event on this new procurement which will be held on Wednesday 2nd November at 15:30 to 16:30 UK time and will be held via MS Teams.</p> <p>Please email ESCC.project@education.gov.uk to register your interest to attend and receive more information about the event.</p>
