10 INTELLECTUAL PROPERTY RIGHTS (“IPRS”)

10.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a nonexclusive, perpetual, royalty-free, irrevocable, transferable, sub-licensable worldwide licence to use, copy and adapt the Supplier's Existing IPR to enable the Buyer and its sub-licensees to both:

10.1.1 receive and use the Deliverables; and

10.1.2 use the New IPR.

The termination or expiry of the Contract does not terminate any licence granted under this clause 10.

10.2 Any New IPR created under the Contract is owned by the Buyer. The Buyer gives the Supplier a royalty-free, non-exclusive, non-transferable licence to use, copy, and adapt any Existing IPRs and the New IPR which the Supplier reasonably requires for the purpose of fulfilling its obligations during the Term and commercially exploiting the New IPR developed under the Contract. This licence is sub-licensable to a Subcontractor for the purpose of enabling the Supplier to fulfil its obligations under the Contract, and in that case the Subcontractor must enter into a confidentiality undertaking with the Supplier on the same terms as set out in clause 15 (What you must keep confidential).

10.3 Unless otherwise agreed in writing, the Supplier and the Buyer will record any New IPR and keep this record updated throughout the Term.

10.4 Where a Party acquires ownership of intellectual property rights incorrectly under this Contract, it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.

10.5 Neither Party has the right to use the other Party's intellectual property rights, including any use of the other Party's names, logos or trademarks, except as provided in this clause 10 or otherwise agreed in writing.

10.6 If any claim is made against the Buyer for actual or alleged infringement of a third party's intellectual property arising out of, or in connection with, the supply or use of the Deliverables (an “**IPR Claim**”), then the Supplier indemnifies the Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result of the IPR Claim.

10.7 If an IPR Claim is made or anticipated, the Supplier must at its own option and expense, either:

- 10.7.1 obtain for the Buyer the rights in clause 10.1 without infringing any third party intellectual property rights; and
 - 10.7.2 replace or modify the relevant item with substitutes that don't infringe intellectual property rights without adversely affecting the functionality or performance of the Deliverables.
 - 10.7.3 If the Supplier is not able to resolve the IPR Claim to the Buyer's reasonable satisfaction within a reasonable time, the Buyer may give written notice that it terminates the Contract from the date set out in the notice, or where no date is given in the notice, the date of the notice. On termination, the consequences of termination in clauses 11.5.1 shall apply.
- 10.8 The Supplier shall not use in the Delivery of the Deliverables any Third Party IPR unless:
- 10.8.1 the Buyer gives its approval to do so; and
 - 10.8.2 one of the following conditions applies:
 - 10.8.2.1 the owner or an authorised licensor of the relevant Third Party IPR has granted the Buyer a direct licence that provides the Buyer with the rights in clause 10.1; or
 - 10.8.2.2 if the Supplier cannot, after commercially reasonable endeavours, obtain for the Buyer a direct licence to the Third Party IPR as set out in clause 10.8.2.1:
 - (a) the Supplier provides the Buyer with details of the licence terms it can obtain and the identity of those licensors;
 - (b) the Buyer agrees to those licence terms; and
 - (c) the owner or authorised licensor of the Third Party IPR grants a direct licence to the Buyer on those terms; or
 - 10.8.2.3 the Buyer approves in writing, with reference to the acts authorised and the specific intellectual property rights involved.

**THE SPECIFICATION, INCLUDING PROJECT
TIMETABLE AND EVALUATION OF
TENDERS****GENERAL INTRODUCTION**

The Food Standards Agency (FSA) is an independent, non-ministerial department established in 2000 following several high-profile outbreaks of foodborne illness such as BSE (mad cow disease). Our objectives, powers and duties are mainly set out in the Food Standards Act 1999. We work across England, Wales and Northern Ireland. Our main objectives in law are to protect public health from risks arising from the consumption of food and generally to protect the interests of consumers in relation to food. We work closely with Food Standards Scotland, which is the equivalent public body for Scotland.

Our mission is '[food you can trust](#)', and our vision for the food system is one in which food is safe, food is what it says it is, and food is healthier and more sustainable. We work across the food system to encourage transparency and openness, make it easier for businesses to do the right thing, and increase compliance to high food standards to protect public health. Our work is always based on the best and most recent science and evidence

Understanding the views and interests of Parliamentarians and other opinion formers is critical to achieving the FSA's objectives. Our parliamentary monitoring provides the intelligence and insight we need to support our ongoing engagement and legislative work across the FSA's entire policy and delivery remit.

More about who we are and what we do

Our role includes providing policy advice to ministers; inspecting, auditing and assuring businesses producing meat, wine and dairy; and generating the evidence to ensure our decisions and advice are based on the best available science. Our functions include providing information and advice to policymakers and to the general public in connection with the matters within our statutory objectives, monitoring developments in science and technology on these matters and commissioning

research on them. We have similar functions in relation to the safety of animal feed and other interests of users of animal feed.

Our statutory powers include the power to issue guidance on control of foodborne disease, and the power to gather and publish information about the food system in support of our objectives, and to publish our own advice. We also have specific powers as a regulator, to enforce food controls directly with some businesses and to oversee the enforcement of them by local authorities.

As a non-ministerial government department, we are governed by a Board, rather than ministers. Our sponsor department is the Department of Health and Social Care. Our chair and other members are appointed by the Secretary of State for Health and Social Care, and the Welsh and Northern Ireland governments. Our Board, who hold its meetings in public, sets the overall strategic direction of our organisation. Our Chief Executive is responsible for ensuring that FSA activities are carried out efficiently and effectively and is accountable to the Board for the exercise of their powers.

A. THE SPECIFICATION

Background

The Food Standards Agency is looking to appoint a supplier for parliamentary monitoring and information services.

We require two services:

1. Parliamentary and political monitoring across Westminster, Wales and NI
2. Insight on the wider political context

The Specification

Tenders are invited to carry out:

- 1. Parliamentary monitoring** We require:

The Short Form Contract

Crown Copyright 2023

[Subject to Contract]

- Daily monitoring of the following for specific keywords, or issues of interest to the FSA:

- House of Commons and House of Lords, including (but not exclusively) debates, committee meetings, legislative documents, oral and written questions, Early Day

Motions, select committee reports and findings, Ministerial statements; and petitions;

- Senedd Cymru (Welsh Parliament) monitoring as above;

- Northern Ireland Assembly monitoring as above;

- Other relevant publications and activities e.g. statements and announcements from government bodies and political figures, political parties and MPs'/MSs'/MLAs' press releases, social posts; party political conference activity, manifestos, stakeholder responses to government activity, stakeholder calls for government.

- We would like the above to be delivered via accessible email to a list, including but not limited to, of 30 FSA staff as soon as possible and within 24 hours after broadcast / publication. We are open to alternative accessible format suggestions, but it must meet the minimum [Web Content Accessibility Guidelines 2.1 Level AA](#), including but not limited to the use of colour, text size and line spacing.
- A sample list of the keywords we currently monitor is annexed. This is provided to give suppliers an example of our current monitoring requirements, and is subject to change.
- Suppliers should note that the FSA already monitors social media for issues of interest to us and this monitoring will pick up posts where we are tagged or where our hashtags are used. But it will be important for suppliers to help us see the bigger picture beyond the formal proceedings of Parliament and our own social media monitoring, and to identify where MPs/MSs/MLAs or parties might be campaigning on issues of interest to the FSA. So, for example, if an MP speaks in a debate and later issues a press release or posts about the subject, it is helpful to have that detail as well as the debate contribution.

Our objective for this service:

The Short Form Contract

Crown Copyright 2023

[Subject to Contract]

- An alert service and accurate report of parliamentary and political activity relating to our keywords/areas of interest which will ensure our people are up-to-date on issues and opportunities relevant to the FSA.

2. Insight on the wider

political context We

require:

- Access to background information to help us understand the wider context and inform our engagement with parliamentarians. This might include: up-to-date biographies of parliamentarians/assembly members; information on progress of bills and other parliamentary business across Westminster parliament, Wales and NI; forward planners/calendars of key political events; ability for FSA staff to identify MPs/MSs/MLAs with an active interest in food related issues; ad hoc briefings to help us understand relevant political moments, developments and trends.

Our objective for this service:

- To enable the FSA to understand parliamentarians' and assembly members' activities, interests and views on key issues; to identify MPs/MSs/MLAs who may support FSA objectives; to plan future and manage existing engagement on issues of strategic importance to us; to stay ahead of political developments and inform our internal thinking.

We would value the opportunity to see how the service would look. This could be an example email, or a link to a mocked-up page on a website, or an example of a service provided to an existing client, or a case study.

Please confirm in your tender that you have in place, or that you will have in place by contract award, the human and technical resources to perform the contract to ensure compliance with the UK General Data Protection Regulation (UK GDPR) (implemented by the Data Protection Act 2018) and to ensure the protection of the rights of data subjects.

Please provide details of the technical facilities and measures (including systems and processes) you have in place, or will have in place by contract award, to ensure compliance with the UK GDPR and to ensure the protection of the rights of data subjects. Your response should include, but should not be limited to facilities and measures:

- to ensure ongoing confidentiality, integrity, availability and resilience of processing systems and services;

The Short Form Contract

- to maintain records of personal data processing activities; and
- to regularly test, assess and evaluate the effectiveness of the above measures.

A draft copy of the contract is included in the tender documents. Please ensure any questions regarding the contract are raised during the clarification period and not after successful award.

The termination or expiry of the Contract does not terminate any licence granted under this clause 10.1.

10.2 Any New IPR created under the Contract is owned by the Buyer. The Buyer gives the Supplier a royalty-free, non-exclusive, non-transferable licence to use, copy and adapt any Existing IPRs and the New IPR for the purpose of fulfilling its obligations during the Term. This licence is sublicensable to a Subcontractor for the purpose of enabling the Supplier to fulfil its obligations under the Contract, and in that case the Subcontractor must enter into a confidentiality undertaking with the Supplier on the same terms as set out in clause 15 (What you must keep confidential).

10.3 Unless otherwise agreed in writing, the Supplier and the Buyer will record any New IPR and keep this record updated throughout the Term.

10.4 Where a Party acquires ownership of intellectual property rights incorrectly under this Contract it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.

- 10.6 If any claim is made against the Buyer for actual or alleged infringement of a third party's intellectual property arising out of, or in connection with, the supply or use of the Deliverables (an "**IPR Claim**"), then the Supplier indemnifies the Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result of the IPR Claim.
- 10.7 If an IPR Claim is made or anticipated the Supplier must at its own option and expense, either:

10.11 Subject to clause 10.10, the Supplier agrees that the Buyer may at its sole discretion publish under Open Licence all or part of the New IPR Items and the Supplier warrants that the New IPR Items are suitable for release under Open Licence and that the publication of the New IPR Items under Open Licence will not infringe the rights of any third party and will not harm any Third Party or the Buyer.

10.12 The Supplier will supply any or all New IPR Items in a format suitable for publication under Open Licence (“**the Open Licence Publication Material**”) within 30 days of written request from the Buyer (“**Buyer Open Licence Request**”).
