

POLITICO Pro 2021 | SERVICE OVERVIEW

One destination to make a bigger impact on policy.

The POLITICO Pro Platform is now fully integrated with policy reporting.

Key Features include:

- Integrated POLITICO Pro journalism with policy data, all in one place.
- **Legislative tracking** for 4 different legislatures (EU, UK, France, Germany).
Details include latest actions, votes and timeline, rapporteurs and stakeholders, amendments text, complete summary, related news, DG contacts and more.
- **Pro's Directories**: stay connected to MPs, policymakers, staffers, and key decision-makers.
- **Updates on legal Cases** from the European Court of Justice, the European General Court and the European Commission.
- Access all policy documents linked to a legislation from the Commission, EU Council, European Parliament, national parliaments, and leak documents obtained by POLITICO.
- **Monitoring** in news, official press releases, Twitter, parliamentary activities and more, based on your chosen keywords.
- Gain deeper insights through interactive features such as vote mapping, MEP voting comparisons to identify new stakeholders to engage with.
- **POLITICO's infographics library**: policy data visuals put together by our policy analysts.
Use them in your professional presentations or communications to explain complex policy topics and trends to your stakeholders.
- **Project management & collaboration tools**: organize your work with Projects & folders ; keep track of meetings, assign tasks, and share notes and documents with your team.
