The Contractor shall promptly provide to the Authority, at the Authority's written request, copies of its Business Continuity Plan, reasonable and proportionate documentary evidence that the Contractor tests its Business Continuity Plan in accordance with the requirements of this Clause 6.3 of this contract and reasonable and proportionate information regarding the outcome of such tests. Should the Contractor not incorporate any suggestion made by the Authority into such Business Continuity Plan it will explain the reasons for not doing so to the Authority.

19.5 Should a Business Continuity Event occur at any time, the Contractor shall implement and comply with its Business Continuity Plan and provide regular written reports to the Authority on such implementation.

-
- 19.6 During and following a Business Continuity Event, the Contractor shall use reasonable endeavours to continue to provide the Services in accordance with this Contract.

20. Limitation of liability

- 20.1 Neither Party shall be liable to the other Party for any loss or damage, costs or expenses incurred or suffered by the other Party as a result of any breach of the terms of the Contract, unless the same were in the reasonable contemplation of the Parties at the time when they entered into the Contract.
- 20.2 Except in the case of death or personal injury caused by negligence, and fraudulent misrepresentation or in other circumstances where liability may not be so limited under any applicable law, the liability of either Party under or in connection with the Contract, whether arising in contract, tort, negligence, breach of statutory duty or otherwise shall not exceed the contract price.
- 20.3 The Contract Price of the Services under the Contract has been negotiated and agreed on the basis that the Parties may limit their liability to each other as set out in the Contract and the Parties each confirm that they will themselves bear or insure against any loss for which the other Party has limited its liability under the Contract.

21. Insurance

- 23.4 If the meeting(s) referred to in Clause 23.3 does not resolve the matter in question then the Parties will attempt to settle it by mediation in accordance with the Centre for Effective Dispute Resolution ("CEDR") Model Mediation Procedure or any other model mediation procedure as agreed by the Parties. To initiate a mediation the Parties may give notice in writing (a "Mediation Notice") to the other requesting mediation of the dispute and shall send a copy thereof to CEDR or an equivalent mediation organisation as agreed by the Parties asking them to nominate a mediator. The mediation shall commence within 28 days of the Mediation Notice being served. Neither Party will terminate such mediation until each of them has made its opening presentation and the mediator has met each of them separately for at least one hour. Thereafter paragraph 14 of the Model Mediation Procedure will apply (or the equivalent paragraph of any other model mediation procedure agreed by the Parties). Neither Party to the mediation will commence legal proceedings against the other until 30 days after such mediation of the dispute in question has failed to resolve the dispute. The Parties will co-operate with any person appointed as mediator providing him with such information and other assistance as he shall require and will pay his costs, as he shall determine or in the absence of such determination such costs will be shared equally.

24. **Environmental Considerations**

Where the provisions of any such legislation are implemented by the use of voluntary agreements or codes of practice, the Contractor shall comply with such agreements or codes of practices as if they were incorporated into English law subject to those voluntary agreements being cited in tender documentation.

For the avoidance of doubt, the Contractor will not be restricted from making any claim in respect of the Contract Price to the extent the Contract Price is outstanding and due and payable.

25.5 The Authority and the Contractor agree that termination (in whole or in part) or expiry of the Contract shall not affect either Party's obligations which the Contract provides shall survive the termination or expiry of the Contract or the continuance of the part or parts not terminated where the Contract is terminated in part only.

TRAVEL EXPENSES AND REIMBURSEMENT POLICY

NO. FINP 004

This policy applies to:	All employees and non-executive directors
Date of Board Approval:	January 2014
Review Date:	January 2016

Travel Expenses and Reimbursement Policy

Introduction

1. The primary purpose of this document is to set out the NHS LA's policy on the reimbursement of additional costs incurred by staff when travelling on NHS LA business away from their normal place of work. All staff have a designated base for contractual purposes and this is the "normal place of work" for the purposes of this policy.
2. The arrangements in this policy apply to all travel within the U.K. Arrangements for European or other overseas travel will require the prior approval of the Chief Executive. Travel for the Chief Executive should be authorised by the Chair
3. The expenditure limits quoted are deemed adequate to cover the costs likely to be incurred for the duties undertaken and only actual costs will be reimbursed, except where allowances for particular areas of expenditure are set. Expenditure outside these limits will not be reimbursed without the express permission of the Chief Executive or by another member of the NHS LA's Board where the expenditure relates to the Chief Executive.
4. Receipts for expenses will be required, except where stated otherwise or if one is not provided (e.g. oyster cards), or where a fixed allowance is specified.
5. Employees are encouraged to use public transport wherever appropriate.
6. The NHS LA will at all times consider carefully the use of public funds for both travel and subsistence and will take steps to avoid inappropriate or excessive spending. It is recognised that as a national authority the NHS LA and its Board Members and staff will be required to travel extensively and, further, that in order to actively manage the relationships throughout the NHS with Customers and stakeholders
7. All vehicles should be used safely, in accordance with any applicable laws and regulations and with thought to their impact of the environment.
8. This policy is in line with the arrangements in the Agenda for Change: NHS Terms and Conditions of Service Handbook.

Equality Impact Assessment

9. As part of its development, this policy and its impact on equality have been reviewed in consultation with trade union and other employee representatives in line with the NHS LA's Equal Opportunities Policy and the Public Sector Equality Duty. The purpose of the assessment is to minimise and if possible remove any disproportionate impact on employees and service users in relation to the protected characteristics: race, sex, disability, age, sexual orientation, religious or other belief, marriage and civil partnership, gender reassignment and pregnancy and maternity. No detriment was identified.

Good corporate citizen

10. In line with its policy to support sustainable development, the NHS LA discourages the use of cars when appropriate alternatives are available. Walking, cycling or taking public transport should be considered where these are viable options and car share could be considered where possible. Videoconferencing, telephone and email should be considered as alternatives to travel.

Eligibility

11. These arrangements apply to all staff who incur additional expenses whilst on NHS LA business.
12. This policy does not apply to staff in respect of relocation or external secondment, when separate arrangements apply. Internal secondments, which may involve a change of base (normal place of work), are covered by this policy.
13. The policy does not apply to individuals employed by agencies or other contractors.
14. In implementing this policy, managers must ensure that all staff are treated fairly and within the provisions and spirit of the NHS LA's Equal Opportunities Policy. Special attention should be paid to ensuring the policy is understood when using it for staff new to the NHS or NHS LA, by staff whose literacy or use of English is weak or for persons with little experience of working life.

Authorisation of Travel

15. Managers are responsible for the authorisation of travel within their areas of responsibility. Where travel is a normal requirement of a job, then prior authorisation of individual journeys would be inappropriate and managers should make more general arrangements for this.
16. Where travel is not a normal requirement of a job, the staff should seek prior authorisation for the proposed journey, the means of travel etc.
17. The method of transport to be used and the route to be taken should be the most economical, taking into account the nature of the task, the time of the journey, its urgency, and the availability of transport to the individual.

Travel Policy

18. Lease Car Holders

- ❖ where parking fees for private car use would exceed the cost of the taxi.
- ❖ where Health & Safety concerns are paramount

Fleet Policy and Driver Guidelines

Overview

The NHS LA car policy has been formulated on the following basis:

Lease cars are provided to employees who are required to travel on NHS LA business as a significant part of their working duties. This is currently restricted to claims inspectors.

Very senior managers may be provided with a car or an allowance by the Remuneration Committee.

The provision of a lease car is subject to the employee holding and continuing to hold a current, full driving licence.

All lease cars will be on a banded basis linked to the seniority of the post holder. These levels will fit into the following three bands:

- **Executive Staff:** A maximum annual amount of £5,000.00 including maintenance & RAC cover.
- **Senior Managers:** A maximum annual amount of £4,029.00 including maintenance & RAC cover.
- **Managers and staff:** A maximum annual amount of £3,830.00 including maintenance & RAC cover.

Vehicles will usually be on a three year, 20,000 miles per annum contract and will include maintenance and breakdown cover. Drivers are able to choose any vehicle; there are no restriction in number of doors, body type or manufacturer.

An example vehicle listing will be supplied in order to provide a list of vehicles that will fall within your range.

Fuel and Mileage Management

Fuel will be claimed back via expenses.

Mileage logs will need to be completed in order for the contract mileage to be monitored, if a vehicle has completed significantly more or less mileage than originally contracted for the contract can be re-scheduled with the leasing company.

All vehicles are covered by a maintenance agreement, vehicles can be booked in for a Service, Technical Repair, Tyres, Batteries and Exhausts by contact the leasing companies Service Booking Line (the telephone number can be found in the driver information card in the tax disc holder).
