BLACK COUNTRY – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background

The Black Country LEP area is made up of Dudley, Walsall and Sandwell and the City of Wolverhampton. With a population of 1.8 million, the Office for National Statistics has identified that 26.7% of the population of the area is economically inactive compared to Great Britain (GB) at 21.6%. Of these, 14.7% are looking for work. 21.9% of households in the LEP area are identified as workless households, compared to a GB average of 15.1%. 15.6% of the population has no qualifications, 8% higher than the UK.

The sub-region has put in place a number of strategic documents and action plans to address current ambitions for employability, education and skills:

Black Country ESIF Strategy 2014-2020 <http://www.blackcountrylep.co.uk/about-us/black-country-plans-for-growth/strategic-european-plan> Black Country Strategic Economic Plan <http://www.blackcountrylep.co.uk/about-us/black-country-plans-for-growth/strategic-economic-plan>

The sub-region contains high concentrations of unemployment and worklessness, however in contrast, employers are reporting skills shortages in certain sectors therefore skills are acting as a barrier to growth in the Black Country Business community.

The Black Country LEP envisages investment in support for the unemployed will create a strong workforce with the right skills to support economic growth and will provide individuals with a sustainable route out of poverty.

Local Authorities:

Dudley MBC,

Sandwell MBC
Walsall MBC
City of Wolverhampton

Key Priorities:

The Contractor shall ensure that Services are developed and designed to meet key transformational and enabling sectors, identified as the areas that are most likely to see new employment for the future, these include:

- Transport technologies, including aerospace and automotive
- Building technologies/construction
- Advanced manufacturing including advanced engineering
- Business services

Additionally the LEP recognises the importance of local distinctiveness by supporting employment and growth in key local business clusters, primarily:

Dudley-Visitor Economy

Sandwell-Food and Food Technology

Walsall- Health and Social Care

Wolverhampton-Creative and cultural industries.

The Black Country LEP envisage the investment in support for the unemployed will create a strong workforce to underpin sub-regional economic growth and provide individuals with a sustainable route away from poverty. Investment will contribute to the Black Country Promoting Social Inclusion programme aspirations that include:

Increased skill levels of population, reduction in reported skills shortages and output gap.

PART 4: LOCAL SERVICE REQUIREMENTS

CHESHIRE AND WARRINGTON – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP Background The Cheshire & Warrington Enterprise Partnership's Strategic Economic Plan and the European Structural Investment Fund (ESIF) Strategy represent a bold, ambitious and agreed economic growth agenda. The aim is to capitalise on the area's considerable growth potential; to become a £50bn economy by 2040, with employment opportunities for all those that want to work, and be recognised as a modern, strong and attractive location.

The design of the Cheshire & Warrington ESIF programme supports these wider objectives of the Strategic Economic Plan, with a strong intervention logic model based on opportunity and market failure. It is intended that delivery of the ESIF will have a substantial and lasting impact on the Cheshire and Warrington economy and its residents.

If Cheshire and Warrington is to achieve its economic potential, it requires all people of working age to make a positive contribution. This requirement is particularly pressing in the context of an ageing population which presents the prospect of a declining working age population over the next decade, for the first time in recent history.

As well as ensuring that there are sufficient highly skilled and adaptive people to fill the 120,000 new jobs that are forecast by 2040, there will also be replacement demand from over 230,000 jobs by 2025.

Replacement demand is the highest driver of future labour requirements in Cheshire and Warrington – particularly for manufacturing (35% of the workforce are 50+), public administration (33% of the workforce are 50+) and transport and communication (27% of the workforce are 50+). This replacement demand alone suggests a deficit of up to 60,000 graduates.

The forecast growth and replacement demand for labour will be a major challenge with a current population growth rate of 4.2% (barely half the national rate) and with only 160,000 young people aged 5 to 18 years old in our schools.

Although Cheshire and Warrington has not faced the scale of worklessness challenges

reported in some other parts of the country, pockets of worklessness are present. There are persistent pockets of worklessness in the sub-region including high concentrations of unemployment in parts of Warrington, Ellesmere Port and Crewe.

Detailed information can be found in the Cheshire and Warrington Strategic Economic Plan <http://www.871candwep.co.uk/strategic-economic-plan/>

Details of the Cheshire and Warrington Employment and Skills Plan can be found at www.871candwep.co.uk/resources/skills-education-plan/

Details of the local ESIF Strategy can be found at:

<http://www.871candwep.co.uk/investmentprogrammes/european-structural-andinvestment-funds/>

Local Authorities:

Cheshire East

Cheshire West and Chester

Warrington

Key Priorities:

Latest Claimant Count figures (as at March 2018) show 10,565 people in Cheshire and Warrington claiming Jobseekers Allowance or Universal Credit with a requirement to seek work.

This can be broken down by area as

- Cheshire East 3,440 (33%)
- Cheshire West and Chester 3,960 (37%)
- Warrington 3,165 (30%)

There were (as at August 2017) 4,620 Employment and Support Allowance claimants in the Work-Related Activity Group, where work is feasible in the short to medium term.

This can be broken down by area as

- Cheshire East 1,550 (33%)
- Cheshire West and Chester 1,790 (39%)
- Warrington 1,280 (28%)

These groups, totalling c.15,000 people, will represent the main target groups to be supported with this Service.

There were also a further 19,360 Employment and Support Allowance claimants in the Support Group (for those people with the most severe conditions) who can also be included under this call where an appropriate holistic package of support can be developed to help them into work. However, a specific call for those with multiple and/or complex barriers is expected later in the summer under Investment Priority 1.4, and successful applicants are expected to work closely to avoid duplication.

Additionally, issues of particular concern include –

- 26% of people claiming Jobseekers Allowance or Universal Credit with a requirement to seek work are aged 50+
- 47% of Employment and Support Allowance claimants are categorised as having mental and behavioural disorders.

Other key groups include:

- People who are known to the Criminal Justice system or ex offenders,
- Victims of Domestic Abuse,
- People with Disabilities including Learning Disabilities that have not been previously diagnosed and Behaviour Disorders.
- People who are homeless or at risk of becoming homeless due to debt, family breakdown, addiction and substance misuse.
- Carers who have lost their partner and are bereaved □ People who live in isolated rural communities

Consortia/partnerships should be able to deliver holistic packages of support which will identify and tackle the barriers individuals face in moving into work (for example: confidence, lack of recent work experience, basic skills, job-related skills, job-seeking skills, or other material barriers such as childcare, language or debt).

Investment activity delivered under this Service should focus on those sectors identified in the Cheshire and Warrington Strategic Economic Plan:

- Manufacturing and advanced engineering
- Life sciences and pharmaceuticals
- Energy and environment
- Chemicals
- Financial and business services
- Logistics and distribution

IT and digital skills should be a key underpinning theme of all training packages.

Provision should also take account of other sectors with emerging recruitment needs and skills shortages, including construction, health and social care.

The Service must be easily accessible across the whole sub-region and therefore take account of the mixed geography of Cheshire and Warrington.

The Contractor will be required to identify a named contact who will meet regularly with Cheshire and Warrington LEP and, more specifically, provide updates to the Skills and Education Board to help ensure local accountability and employer involvement in shaping

the delivery.

It is expected that a holistic “customer journey” of activity would include:

- Identification and engagement of participants
- Assessment of needs and action planning
- Linking to existing Careers Information, Advice and Guidance information and support
- Regulated and non-regulated learning
- CV writing, interview practice, job search
- Wraparound support to address personal and social barriers
- Employer engagement and job brokerage

Progression and sustainability into employment, apprenticeships or self-employment.

PART 5 FUNDING AND OUTCOMES

48. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

49. The contract will be for the value of £6,600,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS

COAST TO CAPITAL – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP Background

The Coast to Capital area has the 7th biggest economy in England and there are currently some of the highest employment rates and lowest unemployment rates ever seen in the region.

It is an international gateway region, with an economy, which benefits greatly from the growth and success of Gatwick airport and the businesses, which locate here because of the airport.

The regional economy is diverse, resilient and has progressed significantly due to excellent international links and a close integration with the London economy.

Our region derives its success from a network of interconnected economic hubs and has:

- Gatwick Airport at its heart,
- Strong economic integration with London through Croydon, the capital's fastest growing borough,
- A range of internationally recognised destinations including Brighton and Chichester,
- A constellation of towns with a variety of economic and residential offers,
- A beautiful landscape that makes a direct economic contribution, attracts visitors from around the world, and raises the quality of life of the region.

Employment in the Coast to Capital area

Coast to Capital is perceived to be an affluent area with high employment rates. However, there are areas of relative deprivation that include levels of unemployment and economic inactivity. Sections of the community such as lone parents and the disabled face additional challenges. In certain areas wage levels are low and the employment on offer may be low level, seasonal and insecure. Individuals often face multiple barriers: low and outdated skills, digital exclusion, health issues, and lack of affordable childcare or affordable transport.

The latest Annual Population Survey (APS) indicated that in the Coast to Capital area, unemployment was slightly higher than that of the South East of England as a whole. According to the Coast to Capital Economic Profile 2017 the unemployment rate in the region stands at 3.9% and figures from the 'Annual Population Survey' show the number of unemployed in the Coast to Capital region is currently standing around 41,300 people (equating to 3.9% of the area), from the period of October 2016 to September 2017. In addition, there are also 64,900 economically inactive people who have identified themselves as wanting a job.

There are very significant numbers of households who do not benefit from the job opportunities in the Coast to Capital area. There are wide variations at a local level and between male and female unemployment rates. Bringing those currently out of work back into the labour market across the Coast to Capital area, particularly in Croydon, Brighton and Hove, and the rural areas would further enable the Coast to Capital area to contribute to UK economic growth.

One of the recognised ways to address social mobility is to help unemployed and inactive people to secure employment. Feedback received from live ESF projects suggests that for many people who have been unemployed, or who have a track record of a variety of shortterm, part-time working, securing and retaining meaningful employment can be a real challenge. Similarly, for many people a lack of experience in a relevant sector can be a particular barrier to securing employment.

Coast to Capital has an ageing population. This is a significant risk to the overall productivity of the working age population as the more productive age cohorts are forecast to grow at a much slower rate. In addition, current employment patterns amongst older workers do not give cause for optimism that this group will remain active within our economy.

Whilst it is difficult to accurately predict the impact on employment of the UK leaving the European Union, it is likely that there will be shortages of labour in lower skilled jobs. It is important to ensure the Coast to Capital area is providing the potential labour market with the skills and aspiration to access these jobs and in time to progress through a career pathway.

Coast to Capital Local Enterprise Partnership's new Strategic Economic Plan (SEP) 201830 for the area can be found at <http://www.coast2capital.org.uk>

In addition, proposed activity must fit with the Coast to Capital ESIF strategy which can be found at http://www.coast2capital.org.uk/storage/downloads/esif_strategy-1475574393.pdf

Local Authorities:

There are 17 Local Authorities within the Coast to Capital area made up of county councils, district and borough councils and a national park authority:

- Adur District Council
- Arun District Council
- Brighton & Hove City Council
- Chichester District Council
- Crawley Borough Council
- Croydon Council
- Epsom & Ewell Borough Council
- Horsham District Council
- Lewes District Council
- Mid Sussex District Council
- Mole Valley District Council
- Reigate & Banstead Borough Council
- South Downs National Park
- Surrey County Council
- Tanbridge District Council
- West Sussex County Council
- Worthing Borough Council

Key Priorities: Geography

The entire LOT Area. We are particularly keen to see delivery in Newhaven to meet the employment and skills needs of the Newhaven Enterprise Zone, which is a joint initiative between Coast to Capital and Lewes District Council.

Further information about the Enterprise Zone can be found at

<http://newhavenenterprisezone.com/> and an economic profile of Newhaven can be found here: http://www.coast2capital.org.uk/storage/downloads/newhaven_economic_profile_20171505225183.pdf

Provision in Croydon and Lewes District must complement, and not duplicate, the ESF funded projects available through London LEP (Croydon is in both Coast to Capital and London LEPs) and the South East LEP (Lewes District is in both Coast to Capital and SELEP).

Priority Qualifications

Coast 2 Capital seek activity that provide the most appropriate learning pathways for the target groups whether regulated or non-regulated (bear in mind the credit level restrictions for training at L3 and higher.) The Contractor shall provide evidence of need for the learning pathways they propose to deliver.

Sectors

The new Coast to Capital SEP does not identify priority sectors but rather sectors where there are specialisms and strengths compared with the rest of the country.

<http://www.coast2capital.org.uk>. The Contractor will consider the employment and skills

required for job roles in sectors, which are suitable for the target group the Contractor wishes to engage with and provide high quality skills training that is sustainable.

Learner Type

We seek applications that provide extra support for target groups whose circumstances mean they face particular challenges in getting back to work. This could include activities such as:

- support for women to increase their participation, particularly in occupations or sectors where women are under-represented.
- engagement of inactive people who may face particular barriers in gaining and retaining employment.
- support for Participants with disabilities and health conditions that assists them to tackle the barriers they face and provide them with the advice and training they need to integrate into the workplace.
- careers advice, up-skilling and re-training for older people that are looking to return to the labour market.
- basic skills and digital skills provision needed by unemployed and inactive Participants to enable them to find jobs and qualifications to enable them to progress into and through work.

PART 5 FUNDING AND OUTCOMES

PART 4: LOCAL SERVICE REQUIREMENTS

COVENTRY AND WARWICKSHIRE – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP background:

In common with the UK as a whole the Coventry and Warwickshire (CW) area faces the challenge of ensuring sufficient vacancies for jobseekers and responding with sufficient flexibility to employer demand in the local labour markets. In some sectors there is an imbalance in the markets with low or no applicants for vacancies and in others high volumes or more applicants per vacancy. This mismatch needs to be effectively addressed.

Unemployment rates in the CWLEP area are falling, however there large variations in employment rates across the area. As employment opportunities for many will improve, there are some who will become isolated further without a robust and relevant intervention.

Evidence tells us that some individuals made redundant or already workless will find it difficult to (re)enter work without assistance and this means, as the job market improves, they will find it harder to compete with other jobseekers. Many communities, both geographical and of interest such as NEETS (young people not in education, employment and training), migrants, disabled people, some ethnic minority groups, lone parents and exoffenders continue to be marginalised and require support to help them gain employment. (Un)employment rates for these groups reflect theses disadvantages.

CWLEP Skills priority sectors are:

Advanced Manufacturing and Engineering
Construction
Retail

IT Services and digital creative
Logistics
Education
Culture and tourism
Health and social care

CWLEP ESIF Strategy

Local Authorities:

Coventry City Council
Warwickshire County Council (upper tier)
North Warwickshire Borough Council
Nuneaton and Bedworth Borough Council
Rugby Borough Council
Stratford on Avon District Council
Warwick District Council (5 x lower tier)

Key Priorities:

The Service will prioritise tackling inequality in the labour market and will concentrate on inequality for some marginalised groups, geographical discrepancies and those suffering worklessness due to ill health.

Activity may include providing additional and innovative programmes to specific target groups such as disabled people or people with health barriers (including mental health issues), people with caring responsibilities, lone parents, ethnic minorities, ex-service personnel, ex-offenders, care leavers and those from households with inter-generational worklessness.

Priority should be given to:

- training for those who need to upgrade their skills or learn new skills (including basic skills and English for speakers of other languages) to compete in the local labour market and adapt to changes in the economy;
- providing access to transport where this is a barrier to taking up a job;
- providing advice, guidance and support, adding value to National Careers Service where appropriate, in order to help people make better informed choices, and in particular to take account of the jobs available in the local area;
- targeting specific careers advice at women to help them make informed career choices;
- using self-employment as a route out of worklessness.. This can be a particularly helpful option where an individual is struggling to find work with an employer, either because they lack experience or because they face discrimination.

PART 5 FUNDING AND OUTCOMES

52. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

53. The contract will be for the value of £2,250,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS
CUMBRIA – TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP background

Cumbria is the second largest county in England and constitutes around 48% of the land mass of the north west. The county is home to 500,000 residents, with a workforce of 236,000 who are employed in 21,375 VAT/ PAYE registered enterprises

Cumbrian Economy

In the past decade Cumbria's economy has grown faster than nationally, with growth of 46.1% in Gross Value Added (GVA) between 2002 and 2012 and was the 4th fastest growing sub region in the UK.

Headline GVA for Cumbria at current basic prices stood at £8,578m in 2012. Much of this growth has been driven by West Cumbria, where manufacturing performance has been particularly strong due to the stability of major manufacturing operations.

Although manufacturing GVA in West Cumbria (Allerdale, Barrow and Copeland) has performed well in the past decade, East Cumbria (Carlisle, Eden, South Lakeland) still provides the higher share of Cumbria's GVA with 56% compared to West Cumbria's 46%.

Cumbria is home to a number of large, multinational companies who are major employers, and whose impact spreads much wider through their supply chains.

Notwithstanding the significance of the large employers, our SMEs do provide the backbone of the Cumbrian economy, with 99.7% of businesses employing fewer than 250 people.

Priorities**Advanced Manufacturing**

Cumbria has a long industrial heritage and manufacturing companies continue to be significant employers. Two of the UK's largest industrial sites are located in the county, involving the nuclear industry at Sellafield in West Cumbria and the submarine shipyard operated by BAE Systems at Barrow-in-Furness.

Other production units operated by multinational companies can be found throughout the county, including Pirelli Tyres, Nestlé, United Biscuits, Iggesund Paperboard, KimberleyClark, Heinz, Sealy Beds, GSK bio-pharmaceuticals, Innovia Films and Siemens sub-sea technologies.

Nuclear and Energy Excellence

The nuclear industry is one of Cumbria's and the UK's key assets, with a hard-won global reputation for excellence and innovation. Sellafield employs around 10,000 people, over half the UK's nuclear workforce, with thousands more in the supply chain in market-leading local companies

Rural and Visitor

Cumbria has some of the most sparsely populated areas in the country, which presents economic challenges for sustaining rural communities. However, the rural nature of the county is also one of its best assets. Cumbria is a place of magnificent land and seascapes and tremendous resources. Its topography, location, economic structure and population distribution combine to make it a unique economic area.

The Lake District National Park attracts millions of visitors each year and is widely recognised as one of the most scenic areas of England. The landscape has iconic status due to its association with famous artists and poets including William Wordsworth and Beatrix Potter. Cumbria also contains part of the Yorkshire Dales National Park. The west of the county has a stunning coastline that presents opportunities for economic growth. The north of the county hosts a significant part of Hadrian's Wall, a designated World Heritage Site since 1987, and the historic city of Carlisle

M6 Connectivity

In the UK and Eire context, North Cumbria is at the geographical centre for distribution and redistribution with ample land in key locations to increase storage and warehousing facilities. Logistics currently only represents just over 4% of employment and GVA in the county, but forecasts show potential for 6% growth in employment by 2024 - more than double the projected rate of employment growth across all sectors. Carlisle is the home of the iconic Eddie Stobart brand and Stobart Group, and both are a huge asset to the county.

The M6 provides the strategic route through the county with the connections via the A66 and A590 to the industrial areas in West Cumbria and the Furness peninsula. The recently completed Carlisle Northern Development Route improves the road connectivity to West Cumbria from the north. Although there is good rail connectivity within the county, more needs to be done to improve our infrastructure assets to ensure access to global markets.

These priorities are underpinned by 4 key economic drivers:

- Business Support
- Infrastructure

- Environmental Sustainability; and
- Skills development

These drivers are essential to grow the whole economy and in particular to maximise key economic assets for Cumbria.

More detail on these priorities and the skills investment plan supporting our ambitions can be found here:

Strategic Economic Plan - <http://www.thecumbrialep.co.uk/wpcontent/uploads/2018/02/Cumbria-LEP-final-report-1-April-2014.pdf>

Skills Investment Plan - <http://www.thecumbrialep.co.uk/wp-content/uploads/2018/02/CumbriaSkills-Investment-Plan-Final.pdf>

Local Authorities:

The service will be delivered within the Cumbria LEP area which is made up of:

- Allerdale
- Barrow in Furness
- Carlisle
- Copeland
- Eden
- South Lakeland

Key Priorities:

DWP evidence shows that an estimated 40% of customers claiming JSA/UC will move into work within the first 13 weeks of their claim through the support of their DWP Work Coach and will not require any further intervention.

Industry focussed unemployment initiatives and employer led work academies could fill a worthwhile purpose in helping the other 60% to find work (there will also be a cohort of individuals in the county who are not claiming benefits but who are looking/eligible for work; they too may be suitable for this kind of support).

The Service must develop effective progression pathways into employment within LEP priority sectors.

The Service must reflect the profile of unemployment rates Cumbria as set out here <https://www.cumbriaobservatory.org.uk/> . In particular, the Service should reflect the needs of 18-29 year olds and 50+ cohort.

In particular the Service should include support and progression for disadvantaged and under-represented groups including, but not limited to:

- unemployed (including long term unemployed)
- inactive
- ethnic minorities

- Female participants
- Participants without basic skills

- Participants with a disability or health problems
- Participants who are lone parents
- Offenders
- Care Leavers

PART 4: LOCAL SERVICE REQUIREMENTS
DORSET – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background:

In 2017 population estimates suggest a population of 770700 across Dorset. Of these 453000 are aged 16-64. Of these 383900 are economically active. Of the economically inactive (89200) 19400 want a job. These are people not in employment who want a job but are not classed as unemployed because they have either not sought work in the last four weeks or are not available to start work.

Dorset is good at employing its people. In 2017, it achieved average employment and unemployment rates of 77.8% and 2.9% respectively, compared with 74.7% and 4.4% for the equivalent UK averages. It also has a number of key businesses and sectors, with good ties into supply chains in, amongst others, marine engineering and aerospace, financial and business services, creative and digital services, consumer products, and innovative new technologies in health, welfare and ageing.

The Dorset LEP strategic economic plan can be found here:

<http://dorsetlep.co.uk/localdelivery/strategic-economic-plan/>

The ESIF Strategy can be found here: <http://dorsetlep.co.uk/funding/eu-funding/>

More data can be found here:

<https://www.nomisweb.co.uk/reports/lmp/lep/1925185572/report.aspx>

There are twelve areas (out of a total of 249) in Dorset within the top 20% most deprived nationally for multiple deprivation. Nine of these are within the urban borough of Weymouth and Portland, two are in Christchurch and one in West Dorset. 23 of Dorset's neighbourhoods are in the 20% most deprived nationally in relation to education¹

Local Authorities:

The current Local Authority areas are:

- Dorset County
- East Dorset,
- North Dorset,
- Purbeck,
- West Dorset,
- Weymouth & Portland,

- Bournemouth,
- Poole
- Christchurch

From April 2019 Dorset will be served by:

- Dorset Council
- Bournemouth, Poole and Christchurch Council

Key Priorities:

There should be a focus on these sectors to encourage employment:

Advanced Engineering & Manufacturing (including Aerospace and Marine)

- Care-tech (Care and Med-tech)
- Creative & Digital Industries
- Energy
- Financial Services & Insurance
- Nuclear
- Rural productivity (including Agri-tech)
- Tourism & Leisure

These are the priority sectors which have high growth potential in Dorset.

We would like there to be an upskilling at all levels but there should also be a focus on mental health barriers

57. The contract will be for the value of £450,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS

GREATER CAMBRIDGESHIRE AND GREATER PETERBOROUGH – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP Background:

The economic geography of Greater Cambridge Greater Peterborough (GCGP) is complex and diverse. The region is a high net contributor to the Exchequer and the cities of Cambridge and Peterborough are amongst the fastest growing in the country. However, this success has not been achieved across all areas and there are areas of deprivation that the LEP European Structural and Investment Funds (ESIF) Strategy is seeking to address.

The impact of unemployment on the wellbeing of individuals and communities is well understood. Therefore, a theme of the ESIF Strategy focusses on supporting people into employment. The ESIF Strategy highlights a lack of relevant experience and relevant qualifications as being frequently cited by local businesses as reasons for not recruiting those out of work. Therefore, people looking for work need the right qualifications and experience to enter the workplace; this causes particular difficulties for those who have recently left education with low levels of qualifications. Within the wider adult population, issues related to health and disability represent significant barriers and there is also a need to look at the flexibility of working which is major concern – especially for young women. Some minority ethnic groups are under-represented in the workplace. There are also language barriers which prevent adults from utilising their existing qualifications to gain employment, and in Peterborough, King's Lynn and parts of Cambridgeshire there are significant challenges around young people where English is not their first language or are new arrivals to the area.

The former GCGP LEP area already has a number of established opportunities and activities, to support those people who need additional support to prepare for, find and sustain employment. Provision is not consistent across the geography. However, some areas will have access to services not available in others. In Peterborough, we have a pilot project that supports a Health and Social Care pathway and Peterborough is expected to be one of 5 areas receiving Integration funding from Ministry of Housing Communities and Local Government (MHCLG).

The Combined Authority is currently in the process of developing their skills strategy. This will be informed by the work of the Cambridgeshire and Peterborough Independent Economic Review (CPIER). The full report will be available shortly. The final report will

set out the context and economic potential of the Combined Authority area and will be used to inform strategic investments and the future work of the Combined Authority.

Previously, the LEP had commissioned a report to support the Area Review in December 2016 and provide partners and providers with a summary of 'Skills Conclusions' for the local area. This provides detail on key occupations that are underpinning our economy. Alongside it sits a report on the vacancies (and common skills requested in adverts) over the last year across our area.

If you would like to receive a copy of the areas ESIF Strategy, Area Review Skills Conclusion, and Emsi reports on local job posting and the local business profile please contact: info@cambridgeshirepeterborough-ca.gov.uk (stating ESF Funding in the subject line) or call 01480 277180 and ask to speak to someone in the ESF team

The Combined Authority has a number of key strategic partners and would want to ensure the Contractor work closely with them to maximise the impact of activity, avoid duplication with existing provision and support local implementation. This would include our neighbouring LEPs, government agencies and local groups and networks. The exact bodies will vary by specification, but we would expect to hold joint briefing sessions for the Contractor to inform the development of the LEP delivery plan. If activity delivers across shared area with other LEPs we will need to manage this in partnership with the LEP to ensure we avoid confusion and duplication.

A key component part of this proposal is that it complements the existing ESF funded contracts that work with those furthest away from the job market, other activity that is subject to funding decisions and compliments DWP provision. It is expected that the Contractor will be aware of current local activity and ensure there is no duplication.

In addition, we have calls that are in progress that will also be addressing the same client group if bids are approved. This is for;

- Integrated Employment Triage and Support Service for adults in Greater Cambridge Greater Peterborough area; and
- Specialist Employment Services for People with Learning Disabilities in the Greater Cambridge, Greater Peterborough LEP area

A partnership approach and ability to vary the offer across different local authorities to address gaps on the offer is key.

Local Authorities:

The LEP area covers 14 Local Authority districts. South Lincolnshire is a relatively recent addition to our area and ESF funds to support South Holland and South Kesteven were allocated to Lincolnshire LEP. In addition, we have the Cambridgeshire & Peterborough Combined Authority that makes up 6 of the 14 Local authority districts within our area. The Whole of the Combined Authority area is contained within this LEP area. With the exception of Rutland, all other local authority areas are also part of another neighbouring LEP. The Wider LEP foot print can be seen below.

The target area for this LOT;

Cambridgeshire & Peterborough Combined Authority area

- Fenland
- Huntingdonshire
- East Cambridgeshire
- Cambridge and
- South Cambridgeshire
- Peterborough

Other areas included which form part of the wider LEP area are;

- Rutland
- West Norfolk & Kings Lynn
- St Edmundsbury
- Forest Heath
- The borders of South Holland & South Kesteven are eligible areas to support the delivery of provision BUT only where this focuses on the north side of the Combined Authority Area e.g. Peterborough or around Rutland. Any bids focused solely on the South Lincolnshire should be routed towards the Lincolnshire LEP call.

North Hertfordshire will be covered by the Hertfordshire LEP and Uttlesford will be covered by South East London LEP, for the purpose of this national call.

Key Priorities:

A key focus of the Combined Authority is supporting the economic growth across our market towns. We would therefore welcome proposals that target residents in the following areas;

- St Neots
- Chatteris
- March
- Littleport
- St.Ives
- Whittlesey
- Ramsey
- Ely
- Soham
- Huntingdon
- Wisbech (garden town)

We would particularly welcome more employability support in Cambridge, Huntingdon and Fenland.

The following are sectors of importance either in terms of economic growth or skills needs generally across the area.

- Agriculture & Food
- Advanced Manufacturing
- Life Sciences
- Logistics
- IT & Digital

- Health & Social Care
- Construction

However, we would urge provision targeted at the unemployed to focus on creating pathways to employment and as such vacancy data is more relevant than the priority sector.

Target Group

There are also specific target groups that we feel would benefit from additional support;

- Lone parents
- 50+ (Fuller Working Lives)
- Women returners
- Care leavers
- Autism/learning disability – supported employment
- Informal carers
- Those with mental health needs

PART 5 FUNDING AND OUTCOMES

PART 4: LOCAL SERVICE REQUIREMENTS

GREATER LINCOLNSHIRE – TRANSITION

GEOGRAPHY / AREA OF DELIVERY

LEP Background

Greater Lincolnshire has a population just over one million, dispersed over a large land mass almost double the size of Cornwall. There are around 44,000 businesses in the area and over 90% of these businesses have fewer than 10 employees. As a consequence engaging with employers across the whole of the LEP area can be challenging. Finding viable cohort sizes in our many rural economies is a well-known local barrier to learning.

The economy of Greater Lincolnshire has many strengths and the LEP's place marketing tool www.marketinglincolnshire.com highlights some of these advantages.

The Greater Lincolnshire Strategic Economic Plan, related sector strategies and the European Structural Investment Fund strategy are available on the website

<https://www.greaterlincolnshirelep.co.uk/priorities-and-plans/strategies-and-plans/>

The skills section of the LEP website has additional research including a large evidence base collected for the Area Review. See <https://www.greaterlincolnshirelep.co.uk/prioritiesand-plans/priorities/priority-skills/>

The LEP has a number of private sector led Boards that contribute to its strategies, including the Employment and Skills Board, the Manufacturing Board, the Food Board and the Visitor Economy Board.

The Employment and Skills Board (ESB) works with a large number of stakeholders with the aim of influencing the training offer to business and residents so that it better meets local need.

There are significant and growing numbers of high value jobs in the LEP area and forecasts show that future job vacancies will require practical and technical skills *at a higher level than those currently held by the local labour market*. An ageing workforce adds to the challenge. Recent analysis of local Level 3 technical learning in relation to the availability of Level 3 technical jobs shows a mismatch.

In order to boost the economy and create the workforce that can fill the 200,000 job vacancies that are predicted to be available over the next ten years (as our industries grow, and as people retire) the LEP seeks to upskill all residents, in all sectors, across all communities. Those with no qualifications progressing to a Level 1 or 2 qualification that prepares them for work in our growing sectors, whilst those with a Level 2 supported to achieve a Level 3 or higher, those with a Level 3 to be supported into Level 4.

Job and apprenticeship vacancies exist in a wide range of occupations at various skills levels, as well as supervisor and manager positions, including driving, construction, engineering, food processing, hospitality, nursing and other health and care roles,

teaching, welding and many more. Some of our most important sectors suffer from traditional 'old fashioned' stereotypes that mean young people are not aware of the technological advances and great opportunities within them. These stereotypes must be challenged. It has been found that unemployed people, including graduates, are not aware of the array of jobs and careers available in the area and are uninspired by what they (incorrectly) believe is on offer.

Local Authorities:

Lincolnshire made up of 7 District Authorities:

Boston Borough Council

East Lindsey District Council

City of Lincoln Council

North Kesteven District Council

South Holland District Council

South Kesteven District Council

West Lindsey District Council

North Lincolnshire

North East Lincolnshire

The Service must deliver in the entire LOT Area. The LEP seeks delivery in each Local Authority area proportionate to the volume of unemployed individuals and job vacancies. The LEP does not seek delivery that only covers the areas of greatest population density.

Key Priorities:

The LEP's main growth sectors for focus on this LOT are:

- Agri-food (food and drink manufacturing, agriculture, agri-tech),
- Manufacturing, (including engineering),
- The visitor economy (incorporating hospitality, leisure and retail across the whole LEP offer, not just coastal)
- Health & Care
- The low carbon sector, (including off-shore wind operations),
- Ports and logistics.

The Contractor must ensure that the skills needs of these sectors are taken into account when developing training programmes for unemployed Participants to enable them to progress into sustained employment. These will be developed by understanding what employers need, and will include technical as well as 'classroom' skills.

There is a seasonal impact on employment within the coastal area and the LEP would like to see an increase in sustainable employment.

In addition there are specific local employability skills gaps: written skills, team working, good customer handling, oral (communication) skills, problem solving, basic computer literacy and advanced IT skills (*source: UKCES Employer Skills Survey 2013*) which activity should be designed to address.

As part of the Services, the Contractor will be required to produce a development plan in

response to the LEPs needs to identify additional activities, with identified roles and responsibilities and named contacts. The plan will be agreed and revised with the LEP on an annual basis. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors; developing provider responsiveness; innovation and employer engagement. The Contractor will support the ongoing implementation of the plan and provide regular updates to the LEP. There will be a template for the development plan, which will be a minimum requirement for the Contractor.

PART 5 FUNDING AND OUTCOMES

60. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

61. The contract will be for the value of £3,150,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS
GREATER MANCHESTER – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background

Greater Manchester (GM) is one of the country's most successful city-regions. Home to more than 2.7 million people and with an economy bigger than that of Wales or Northern Ireland, our vision is to make GM one of the best places in the world to grow up, get on and grow old.

The GM LEP covers the same area as that of the Greater Manchester Combined Authority (GMCA), covering the 10 Local Authority (LA) areas of Bolton, Bury, Manchester, Oldham, Rochdale, Salford, Stockport, Tameside, Trafford and Wigan.

The Greater Manchester Strategy (GMS), called '*Our People, Our Place*', is a long term blueprint for the future which sets clear priorities for delivering our ambitions for economic growth and public service reform. The plan looks at ten priority areas which affect all GM residents and details how life will be improved for all who live in the city-region, from being ready for school, to starting work and growing old, as well as everything else in between. (<https://www.greatermanchester-ca.gov.uk/ourpeopleourplace>)

This specification is primarily responding to challenges under **GMS Priority 3 – Good jobs, with opportunities for people to progress and develop**, supports the delivery of a number of priorities within the GM Work and Skills Strategy 2016-2019 (https://www.greatermanchester-ca.gov.uk/info/20003/education_and_skills) and contributes towards aspirations laid out in GM ESIF Investment Plan.

The Service must be complimentary to the current Greater Manchester Working Well (Work & Health), the Working Well (Early Help) programme which will be operational from early 2019 and devolved Adult Education Budget activity which will be delivered across Greater Manchester from August 2019. It must also be responsive to programmes currently in development.

Local Authorities:

The Services will be delivered within the Greater Manchester Local Enterprise Partnership area. The Contractor must deliver the Services across all of the ten local authority areas within Greater Manchester.

- Bolton
- Bury
- Manchester
- Oldham
- Rochdale
- Salford

- Stockport
- Tameside
- Trafford
- Wigan

Key Priorities:

Priority Groups:

- aged 19+
- able to access support delivered in the ten GM Local Authority areas (as above), with priority being given to those whose home postcode falls within the GMLEP area, and
- unemployed (or inactive (including not in receipt of benefits), or claiming Universal Credit and not in full-time education) employment status is on the day intervention starts, and self-declare as having had limited recent experience of employment, and
- have a skills or training need that is identified as a barrier to their gaining sustainable employment.

The Service should extend to programmes which address, complement and add value to the support offered to individuals with complex barriers. Delivering meaningful qualifications rather than generic employability training, e.g. certificates and awards in welding, food and drink, lean manufacturing and adult health care, but not customer service and business administration. Where progression is into education, it should be towards full qualifications, ideally at a technical level.

As part of the Services, the Contractor must produce a development plan in response to the LEPs needs to identify additional activities, with identified roles and responsibilities and named contacts which will be agreed and revised with the LEP on an annual basis. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors; developing provider responsiveness; innovation and employer engagement.

PART 5 FUNDING AND OUTCOMES

62. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

63. The contract will be for the value of £9,920,400.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS
HERTFORDSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background

Unemployment remains low in Hertfordshire. In the year to May 2018, 0.85% of all economically active 16-64 year olds were unemployed (claiming JSA) with 1.5% of all economically active claiming JSA/Universal Credit – the lowest rate for ten years. Hertfordshire's unemployment rate remained well below the East of England and England average and the fourth lowest rate of all 38 LEP areas.

However, the percentage of people claiming JSA has been above the national average in Stevenage for the past six years. In May 2018, 1.5% of working age people living in Stevenage were claiming JSA with 2% claiming JSA/Universal Credits. The rate of JSA claimants in Broxbourne is also above the Hertfordshire average with 1.1% claiming JSA and 2.1% claiming JSA/Universal Credits. Both Watford and Welwyn Hatfield have JSA claimant rates lower than the Hertfordshire average but have higher than Hertfordshire average for those claiming JSA/Universal Credits. In other Hertfordshire districts, JSA claimant rates are as low as 0.6% in both St Albans and East Herts with associated JSA/Universal Credit rates of 1.4% & 0.8%.

Hertfordshire Local Enterprise Partnership has worked with Hertfordshire County Council and DWP to develop a revised [Skills Strategy for Hertfordshire](#). A key theme within the strategy is skills to drive growth i.e. working with businesses and training providers to improve the skills of both the existing workforce and the future labour market in order to sustain economic growth. Another key theme within the strategy is working towards fuller employment, i.e. supporting vulnerable adults into employment, increasing the available workforce and enabling priority groups to maximise their potential. The skills strategy builds on the aspirations set out in the [Hertfordshire ESIF Strategy](#) which was updated in 2016.

The proposed activity will help unemployed people and those economically inactive to address skills related barriers and progress into sustainable employment. As the economy continues to recover, there is a risk that those not in work may lack the skills employers require. The service will therefore, also have a focus on providing the targeted individuals with the vocationally related skills they need to compete in the local labour market meeting the needs of employers.

Ensuring our workforce has the right skills to encourage future economic growth lies at the heart of delivering the vision set out in the Hertfordshire Local Enterprise Partnership (LEP) [Strategic Economic Plan \(SEP\)](#). This will also be a central theme in our proposed local Industrial Strategy. Skills Support for the Unemployed will be an important element in achieving this vision.

The Hertfordshire Skills Survey showed that nearly half of employers identified skills gaps with 45% of local businesses stating that skills gaps were important factors affecting their competitiveness. Our aspiration is to work with businesses, Higher Education (HE), Further Education (FE) and other training providers to improve the skills of those currently inactive in the labour market ensuring a better matching of skills to business needs in order to sustain economic growth.

Key Priorities:

The Contractor must work in partnership with the contracted provider for the DWP Opt-in ESF provision in Hertfordshire to ensure an integrated service provision to the eligible target groups.

The Contractor will seek to co-locate service provision alongside delivery hubs based in Stevenage and Broxbourne areas, established by the successful DWP Opt-in ESF Contractor. We also envisage outreach to cover other areas such as Watford, Hatfield and Hemel Hempstead.

The Services must work in partnership with the Contractor for the ESFA Opt-in Skills for Growth provision to ensure continuity of support for those Participants who have achieved progression into employment.

The Services must provide specific and tailored services to unemployed and inactive Participants with a particular focus on the following hard to reach groups;

- People with disabilities
- BAME (black, Asian and ethnic minority) groups
- People with health conditions
- Lone parents
- People aged over 50
- Homeless
- Carers returning to the labour market

The LEP has identified the following priority sectors as key to its aim of driving economic growth within the county;

- Construction – with potential for significant increases in the building of residential units as well as the regeneration of a number of our urban centres, i.e. Stevenage,

Hatfield, Hemel Hempstead, Watford, Bishop Stortford there will be a need to upskills existing staff re modern methods of construction

- High-end logistics – which is growing very quickly, particularly in servicing Londonbased households and businesses, and increasingly generates higher quality jobs
- Film and digital media – noting that Hertfordshire has world class assets in the form of Leavesden (home of Warner Bros) and Elstree;
- Life Sciences/advanced manufacturing/engineering and IT – including life sciences, defence and aerospace companies, software, ICT and telecoms services, equipment producers and communications integrators;
- Financial and business services – where there are opportunities to accommodate national headquarters and also regional offices serving southern England: Watford, St Albans, Cheshunt, Hemel Hempstead can all claim notable businesses in this context.

In addition to the above, the LEP realises the importance of employment growth sectors such as hospitality, health & social care, retail and other service based sectors, however prioritises activity which supports progression into employment within those listed above.

As part of the Services, the Contractor will be required to produce a development plan in response to the LEPs needs to identify additional activities, with identified roles and responsibilities and named contacts. The plan will be agreed and revised with the LEP on an annual basis. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors; developing provider responsiveness; innovation and employer engagement. The Contractor will support the ongoing implementation of the plan and provide regular updates to the LEP. The LEP will agree a template for the development plan, which will be a minimum requirement for the Contractor.

PART 4: LOCAL SERVICE REQUIREMENTS
HUMBER - TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP Background

Skills levels in the Humber are improving but there is still much to do to close the productivity gap, address the low skills equilibrium and create a workforce that can maximise the opportunities presented by new private sector investments.

Despite improvements in skills levels, the Humber continues to be behind national averages for those with qualifications at level four and above and a higher percentage of the population have no qualifications. Low productivity and skills shortages affect some major sectors, posing a risk for the future.

Similarly, supporting people to access employment remains a priority to support local growth. As at December 2017, the employment rate of 73.5% in the Humber was below the national average for those aged 16-64 (74.9%), with Hull and North East Lincolnshire having the lowest at 69.5% and 69.9% respectively. Claimant counts from May 2018 reflect a similar picture with the Humber's claimant count of 2.9% being in excess of the regional (2.5%) and national averages (2.2%).

The Humber ESIF Strategy, Humber Employment and Skills Strategy and Humber Strategic Economic Plans all recognise the importance of employment and skills to local growth. Links to these strategies are provided below:

Like all Local Enterprise Partnerships, we are in a transition phase which is seeing the development of our Local Industrial Strategy, which builds on the work we have done through our Strategic Economic Plan. Research indicates a movement in some of our traditional sectors as well as a range of opportunities in new and emerging sectors.

The Humber LEP has developed a Blueprint for a Humber Industrial Strategy which was launched in June 2018. This can be found at: <http://www.humberlep.org/lep-launches-blueprint-for-future-of-the-energy-estuary/>

Local Authorities:

Hull City Council

East Riding of Yorkshire Council

North Lincolnshire Council

North East Lincolnshire Council

Key Priorities: Geography

The Service should cover the whole of the Humber Geography and the Contractor must ensure that there is equal access to opportunity in each of the Local Authority areas. Geographical coverage will be reviewed as part of the project steering group.

Priority qualifications/Sectors

Recognising the gap between Participants holding higher level skills and the new emerging job roles in the Humber that require these skills, the Service is also looking to promote pathways to access higher level opportunities and to support Participants to progress.

Learner Type

The focus should be on the progression of Participants from Level 2 to Level 3 and beyond, supporting them to achieve higher level skills to enable them to gain and progress in employment. It is anticipated that the majority of Participants supported will be those that are in receipt of benefits but with some support will be able to gain employment within a limited time period. There are a number of other programmes in the Humber which are focusing on those that are the furthest from the labour market and the Contractor must be mindful of the potential for duplication.

Governance

The Contractor shall take part in a quarterly project Steering Group which will include the Humber LEP, provider partners and other relevant stakeholders. The Contractor will provide quarterly reports to the Humber LEP which will be fed into its Employment and Skills Board. Data provided should be broken down to Local Authority area.

PART 5 FUNDING AND OUTCOMES

66. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

67. The contract will be for the value of £300,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS
LANCASHIRE - TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP Background

The Lancashire Local Enterprise Partnership (LEP) spans the areas supported by Lancashire County Council, Blackburn with Darwen Unitary Authority and Blackpool Unitary Authority. The LEP is home to a population of 1,485,042 people, just over one fifth of the North West total (20.6%). The economy is a mix of urban, rural and coastal communities. There are 52,100 businesses in Lancashire, of which 98% are SMEs.

The LEP's Strategic Economic Plan sets out the growth ambitions for the next 10 years providing a clear focus on realising the potential of the whole of Lancashire. The focus is to foster the right conditions for growth: to invest in innovation, skills, enterprise and infrastructure, to accelerate the achievement of its full economic potential. As the fourth largest economy in the north of England, Lancashire offers, through its ESIF Strategy, a mechanism to use ESI Funds to invest in opportunities that will support economic growth and well-being.

A key priority for the LEP is skills & employment; recognising the LEP's role in enabling and achieving a better balanced, skilled and inclusive labour market which underpins and contributes to economic well-being and growth across the County. The Lancashire Skills and Employment Strategic Framework is structured into 4 themes: Future Workforce, Skilled & Productive Workforce, Inclusive Workforce and An Informed Approach and articulates the priorities for Lancashire. The Strategic Framework is available here: <https://www.lancashirelep.co.uk/lep-priorities/skills-employment/skills-and-employment-strategicframework-2016-2021.aspx>

A robust evidence base underpins the framework and identifies key issues across Lancashire – this includes sector skills studies, and key skills and employment data. In April 2018, the Lancashire Labour Market Intelligence (LMI) Toolkit was published, providing up-to-date data and a range of information broken down by the 6 Travel to Work areas in Lancashire; the framework will be refreshed in sequence but the key issues and focus remain the same. The evidence base can be accessed here:

<https://www.lancashireskillshub.co.uk/about-us/evidence-base/>.

Within Lancashire 30,800 people (4.4%) of economically active residents are unemployed and 200,100 people (22.2%) of the working age population are economically inactive. Further examples of the needs of Lancashire residents can be found within the LMI toolkit:

<https://www.lancashireskillshub.co.uk/about-us/evidence-base/> **Local**

Authorities:

There is one upper tier local authority and two unitary authorities in the area:

Lancashire County Council

Blackburn with Darwen Borough Council

Blackpool Borough Council

Lancashire County Council is made up of the following district/borough councils: Burnley,

Chorley, Fylde, Hyndburn, Lancaster, Pendle, Preston, Ribble Valley, Rossendale, South Ribble, West Lancashire and Wyre.

Key Priorities:

It is envisaged that sector specific initiatives, working with Lancashire businesses, will be key to progressing Participants into sustainable employment, with progression opportunities. The Services should aim to work with companies who are opening new premises in Lancashire or companies who are experiencing growth thereby creating new jobs and vacancies. There should be a particular focus on working with businesses in Lancashire's priority sectors.

It is anticipated that the Contractor will have physical locations across the LEP geography that are easily accessible by Participants (using public transport and for those with disabilities). It is expected that the Contractor will also be able to deliver provision at employer premises.

Activity should complement other activity for similar target groups, such as the Big Lottery opt-in, directly funded projects and mainstream provision. The Contractor shall join the Lancashire Adult Forum to support activity and to encourage cross-project referrals and sharing of good practice.

Through the LEP Local Development Plan the Contractor will undertake additional activities in conjunction with the LEP. Examples of the activities include: contribution to the maintenance and development of the on-line referral tool for unemployed adults known as Escalate: <https://www.lancashireskillshub.co.uk/escalate/>, research, responding to skills needs of the LEP's priority sectors, CPD activities, mechanisms for increasing employer engagement and demand for apprenticeships, building capacity and responsiveness, new product development and innovation and other allied activities.

The Contractor will need to allocate resource to work in partnership with Lancashire's Skills Hub basis, to co-ordinate delivery between these 2 strands of activity and other opt-in projects and directly matched ESIF projects.

The Contractor shall create and manage a steering group which will sit across all strands of activity with relevant local stakeholders, which will report the LEP via the Skills and Employment Board. The Contractor will provide the LEP with regular performance reports on delivery and activity.

The Contractor will have in place a data sharing and a service level agreement with the Lancashire Growth Hub (Boost) and input employer contacts and activity on the Growth Hub CRM system. The data will be used to support referrals from the Growth Hub, a joined up approach to employer engagement and to support Lancashire-wide marketing campaigns promoting business support products and skills. The Contractor will work proactively with the Growth Hub to support business support simplification and effective engagement of employers.

Geography

The project must deliver across the whole LOT Area with particular emphasis on those areas with the highest unemployed and inactive residents as noted in the LMI toolkit.

<https://www.lancashireskillshub.co.uk/wp-content/uploads/2018/04/Lancashire-report-2.pdf> The Contractor will develop relationships with local authorities to support inclusive growth across Lancashire, as well as engage with the Growth Hub, 'Boost and partners to integrate the offer to businesses into the local ecosystem of business products.

There should be a focus on delivery in the following areas of high unemployment where the claimant count is above the average for Lancashire:

- Blackburn
- Blackpool
- Burnley
- Hyndburn
- Lancaster

Priority Sectors

There should be a focus on working with businesses in the following priority sectors, the Contractor will support inward investment and growth opportunities.

- Advanced Manufacturing and Engineering
- Energy and Environment
- Finance and Professional Services
- Visitor Economy
- Creative and Digital
- Health and Social Care
- Construction

Digital Skills is a significant priority focus, with the recent launch of the Local Digital Skills Partnership in Lancashire. The Contractor should articulate how activity will support the development of digital skills to support inclusive growth across Lancashire.

Priority should be given to:-

Age Groups: the Services should target Participants who are 19 years of age or over so as not to duplicate the NEET activity, also funded by the opt-in with the ESFA.

As per the LMI Toolkit, priority should be given to the following:

- Participants aged 19-24
- Participants over 50 years of age
- Participants from ethnic minorities
- Participants returning from long term sickness
- Participants with low basic skills or no qualifications

PART 5 FUNDING AND OUTCOMES

68. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

69. The contract will be for the value of £4,399,645.00.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS
LEICESTER AND LEICESTERSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background

The Leicester and Leicestershire Enterprise Partnership (LLEP) area encompasses the City of Leicester and County of Leicestershire and has a combined population of around one million people.

Our economy is currently worth £23.5bn in Gross Value Added (GVA) per annum and is central to the prosperity of the Midlands, providing nearly 500,000 jobs and hosting over 42,000 trading businesses. Our ambition is to become the most productive economy in the Midlands, making a major contribution to UK prosperity and earning power.

Our business base is primarily composed of small and medium sized enterprises (SMEs), with around 75% of our businesses having less than 10 employees, and we have particular strengths in manufacturing, logistics, professional and financial services, food and drink, tourism and textiles. However, we are also home to number of major international businesses, including Next, Pepsico, Triumph, Caterpillar, Norton, Santander, Wal-Mart, Amazon, DHL, Almac and 3M.

Leicester is one of the most diverse and fastest-growing cities in the UK, with an entrepreneurial and outward-looking population drawn from across the globe. The city has seen a number of inward investment successes in recent years, with IBM and Hastings Direct both setting up new operations in Leicester.

Our central city is ringed by a network of market towns, including Loughborough, Melton Mowbray, Market Harborough, Lutterworth, Hinckley and Coalville. These are important economic centres in their own right, contributing over £1 billion to the local economy. They also provide a focal point for their local communities and have the potential to generate additional economic growth.

We are home to three leading universities – De Montfort University, Loughborough University and the University of Leicester – each of whom have their own distinct specialisms and undertake world class research.

We are located in the heart of England and sit within a logistics ‘golden triangle’ formed by the M1, M6 and M42 motorways. This has made us the preferred location for national Distribution Centre’s such as Magna Park. We are also home to East Midlands Airport, the UK’s largest pure freight airport, and are set to benefit from the construction of HS2.

We are uniquely placed in having two designated Enterprise Zones spread across four separate sites. These are the MIRA Technology Park, Loughborough University Science and Enterprise Park, Charnwood Campus and Leicester Waterside. Each of these sites has their own distinct sector specialisms and offer us the potential to develop clusters

around Centres of Excellence in key industries, including life sciences, sports science, space, advanced manufacturing and the automotive sector.

Key Priorities:

Priority should be given to:

- Black, Asian & Minority Ethnic (BAME) Groups
- Those aged 50 or over

The Service should not duplicate activity which is already in place and being delivered through existing ESF Projects within the LLEP area.

There is a need to identify and target those areas where there is evidence of demand.

PART 4: LOCAL SERVICE REQUIREMENTS
NORTH EASTERN – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background The North East Local Enterprise Partnership's Strategic Economic Plan sets out the growth ambitions for the next 10 years, providing a clear focus on realising the potential of the whole of the North East, setting out the framework for their Growth Deal with Government and directs the resources within their agreed European Structural Investment Fund (ESIF) strategy.

Unemployment in the North East LEP area remains relatively high and employment low in comparison to other areas. Only 71.7% of 16-64 year olds are in employment compared to a national average of 75%. Lower employment and higher levels of economic inactivity hold back both economic growth and reduce social inclusion. Levels of deprivation in the area are relatively high; with the North East LEP area ranked as the 10th most deprived partnership area out of the 38 LEP areas according to the Index of Multiple Deprivation.

Individuals face a range of complex and multiple barriers to employment which are highly context specific; including physical and digital connectivity, cost and availability of appropriate training to develop relevant skills, capabilities and qualifications, and access to finance. These issues, combined with limited work experience opportunities, can result in low levels of confidence and work readiness. Similar challenges around poor physical and mental health and digital skills also act as major barriers. The impact and interplay of each of these is complex and varies for each individual resulting in the need for a person centred approach to support progress towards and into work.

These factors, although widespread, are particularly visible and concentrated for individuals with particular characteristics resulting in disproportionately poorer job outcomes including those who:

- Are aged 50+
- Have long term physical health conditions
- Are Long term unemployed (2 years +)
- Are from BAME (black, Asian and minority ethnic) background (including Romany and Gypsy communities)
- Are Women

More information about the North East LEP area strategic plans can be found at:
<https://www.nelep.co.uk/wp-content/uploads/2014/10/NE-LEP-ESIF-Strategy-Full-23-June-2016.pdf>

Local Authorities:

The Service will be delivered within entire LOT Area.

Gateshead
Newcastle Upon Tyne
North Tyneside

Northumberland
South Tyneside
Sunderland

Key Priorities:

The Service should take account of the needs of priority sectors as route ways to employment. These are:

- Advanced manufacturing and engineering, healthcare system and technologies (such as virtual reality, electric vehicles and advanced materials)
- Pharmaceuticals
- Energy
- Low carbon and renewable technologies
- Logistics
- Professional Service
- Forestry
- Tourism
- Support for new and emerging industries (known as our Smart Specialisation sectors):
- Passenger Vehicle Manufacture with particular focus on Low Carbon vehicle technology
- Creative, digital, software & technology
- Subsea engineering and manufacturing
- Life sciences and healthcare
- Other emerging growth areas include surface science , ageing, satellite technologies and energy networks

Priority must be given to deliver meaningful qualifications rather than generic employability training, eg certificate and awards in welding, food and drink, lean manufacturing and adult health care, but not customer service and business administration. Where progression is into education, it should be towards full qualifications, ideally at a technical level.

The Service must provide meaningful and appropriate information advice and guidance including overview of local labour market that will support Participants to secure suitable progression into a successful outcome and which raises interest in careers in the LEP's priority sectors.

The Contractor must establish a project steering group at the start of their contract to manage and oversee delivery of the contract. The group must have representation nominated by the LEP and agreed by the ESIF Committee. This must include at least one representative from the More Developed Area of Northumberland, Tyne & Wear. The steering group must be chaired by the Contractor and will need to meet on a monthly basis for the first three months and then as required.

The Contractor must ensure sufficient local engagement is undertaken during the contract period, and commit to:

- Engaging in ESF Provider Network activity as and when required
- Engaging in the North East LEP Growth Hub

- Being aware of and avoid duplication of existing provision

As part of the Services, the Contractor will be required to produce a development plan in response to the LEP area's needs to identify additional activities, with identified roles and

responsibilities and named contacts which will be agreed and revised with the ESFA/LEP area Steering Group on an annual basis. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors; developing provider responsiveness; innovation and employer engagement. The Contractor will support the on-going implementation of the plan and provide regular updates to the LEP area Steering Group. The ESFA/LEP will agree a template for the development plan, which will be a minimum requirement for the Contractor.

PART 5 FUNDING AND OUTCOMES

72. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

73. The contract will be for the value of £6,000,000.00 based on delivery of outcomes. The contract start date is 1 April 2019 and delivery will commence immediately. The final date for participant starts is 31 December 2020 and all activity must be completed by 31 July 2021.

PART 4: LOCAL SERVICE REQUIREMENTS

NORTHAMPTONSHIRE – MORE DEVELOPED
--

GEOGRAPHY / AREA OF DELIVERY

LEP Background

South East Midlands Local Enterprise Partnership (SEMLEP) are in the midst of a period of substantial change, politically, economically and in terms of a technological revolution that is rapidly re-shaping the way we live, work and do business. With the recent merger between SEMLEP and Northamptonshire LEP, now is the right time to review success, consider challenges and focus on opportunities. For us to continue to deliver the growth and prosperity we have seen in recent years, our priority is to create conditions for stronger, sustainable and productivity-led growth, with our strengths in innovation at the forefront.

In all our proposed activities, we anticipate cross-cutting benefits of sustainability and the promotion of equality. To ensure the value of ESIF funds is maximised locally, we plan to ensure that our Programme is open and accessible across the private, public, voluntary and community sectors.

The ambition in the South East Midlands LEP is to ensure young people and adults are equipped with the skills and support they will need to secure and sustain employment and thereby contribute to, and benefit from, economic growth.

This will be achieved through promoting inclusion, raising aspirations, facilitating educational excellence and delivering an employment and skills system that responds quickly and effectively to changing business needs. We need the delivery of employment support and skills provision that is designed specifically to address the local needs of locally targeted communities. Contractors are encouraged to facilitate employment and skills opportunities for young people, disadvantaged communities and the long term workless that take account of individual circumstances, health, social and psychological aspects which affect behaviour and motivation.

Northamptonshire Enterprise Partnership and South East Midlands Partnership merged in 2017 and serve the whole of South East Midlands including Northamptonshire. However, due to the structure of the Memorandum of Understanding with the ESF Managing

Authority, ESF opt in services are procured under the pre-merger geography. There are 13 Local Authorities covering the entire SEMLEP geography, with the population split 40% Northamptonshire and 60% SEMLEP based on pre-merger geography.

Local Authorities:

Grouped into largely rural areas of

- Daventry 4.1%,
- East Northamptonshire 4.5%,
- South Northamptonshire 4.5%.

and the predominantly urban areas of

- Corby 3.4%,
- Kettering 4.9%,
- Northampton 11.3%
- Wellingborough 3.9%.

Key Priorities:

SEMLEP will give priority to areas that have lost, had a reduction or removal of service provision and encourage project proposals that:

- Demonstrate how they will focus on, engage with and meet the basic skills and specific employability needs of Participants, particularly those from disadvantaged communities;
- Offer a flexible range of information, and job skills workshops and other activities targeted on localities and communities with the biggest need;
- Contain employability courses to those Participants who have recently become unemployed and those who are long term unemployed;
- Deliver pre-recruitment training which is focused on enhancing the Participants awareness of employer and sector specific skills requirements
 - Construction
 - Digital
 - Health and Social Care
 - Logistics
 - Rural communities
- Include bespoke job skills provision which targets occupations for which local entry level vacancies exist, including work trials and work experience which affords the employer and the potential employee a risk-free opportunity to decide if 'they are right for each other'.

The Services will help those who are disadvantaged but still relatively close to the labour market tackle their barriers to work, enter and sustain employment. As a result of the consultation, the following target groups have been identified as a priority.

1. People with work limiting illnesses on ESA, especially those who have been on benefits for over 2 years or individuals in a revolving cycle of ill health.
2. Individuals with mental health issues and individuals with learning, physical or sensory disabilities.
3. Support for ex-armed forces personnel to move into employment.

4. Carers, lone parents and women returning to the work force.
5. Women whose first language is not English, enabling them to access training at the appropriate level and take up employment opportunities including self-employment.

6. Communities in predominantly rural areas facing challenges accessing basic services including health, education, and training. Lack of public transport is a major issue particularly for young people who are unable to access employment outside their immediate residential area.

The Contractor shall attend the LEP ESF Providers Forum to promote alignment and streamlining of provision.

PART 5 FUNDING AND OUTCOMES

74. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.

PART 4: LOCAL SERVICE REQUIREMENTS
OXFORDSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background

OxLEP website: www.oxfordshirelep.com

Oxfordshire is home to 678,550 people of which 430,200 (63.4%) are of working age – aged 16-64. Economic activity is high with 377,400 (84.7%) classed as economically active.

Oxfordshire is a globally-renowned region with one of the strongest economies in the UK, and a successful record in securing investment to promote growth. For more information, please see OxLEPs [Strategic Economic Plan 2016](#).

50.7% of individuals in the county have an NVQ Level 4 or above, whilst 3.8% have no qualifications.

At May 2018 4,260 people were receiving out of work benefits, representing an unemployment rate of 1%. However, 26,860 people were claiming some type of benefit, including ESA, at November 2016.

Oxfordshire has relatively low levels of deprivation, according to the 2015 Indices of Multiple Deprivation: it is the 11th least deprived of 152 upper-tier local authorities in England (up from 12th in 2010). That puts the county well within the top 10% least deprived. Compared with other upper tier local authorities in England, Oxfordshire is less deprived than average across six of the seven domains of deprivation.

The 15 small areas in Oxfordshire that are among the 20% most deprived nationally include:

In Oxford City, parts of Rose Hill and Iffley, Northfield Brook, Barton and Sandhills, and Blackbird Leys

In Banbury, parts of Grimsbury and Castle, and Ruscote In
Abingdon, part of Abingdon Caldecott.

The [Oxfordshire Skills Strategy: Building a 21st century skills ecosystem](#) states that Oxfordshire operates in a very tight labour market with a job density of 0.96 – that is 96 jobs for every 100 working age residents, compared to 0.83 nationally. Since March 2014, the number of Oxfordshire residents receiving JSA/UC has declined by around 40%. Although welcomed, it does point to the challenges for growing and new businesses seeking to recruit staff from a small pool of potential labour. The skills strategy therefore has a Strategic Priority to address this:

To address Oxfordshire's tight labour market and skill shortage areas by:

1. Ensuring those marginalised or disadvantaged from work are moved closer

- to the labour market;
2. Supporting and encouraging older workers to consider vacancies in areas of skill shortage.

PART 4: LOCAL SERVICE REQUIREMENTS
SHEFFIELD CITY REGION – MORE DEVELOPED AND TRANSITION
GEOGRAPHY / AREA OF DELIVERY

LEP Background

The Sheffield City Region has a diverse economy comprising a dynamic core city, important towns and market towns, and a significant rural economy. The City Region encompasses more than 1.8 million people (over 1.1 million aged 16-64) and approximately 700,000 jobs. 76.6% of people are in employment.

The two largest authorities in the City Region, in terms of population are Sheffield and Doncaster.

Analysis of key indicators demonstrates:

- Gross Value Added (GVA) per employee is 18% below the national average and mean earnings are 17% below the national average.
- Despite lower skills levels than average for England, underemployment is high (12% of all employees and occurs in 41% of businesses), this includes the graduates from our universities in addition to the wider labour market.
- Employers invest less in training than average, for example, 38% of establishments have not trained anyone in their workforce in the last 12 months.
- A shortfall of 30,000 jobs in higher skilled occupations relative to the size of the employment base.

Productivity in the Sheffield City Region has been declining since 2000 and is circa 84% of the national average. The key determinant of this low productivity appears to be the high proportion of the workforce in low skilled occupations and the low proportions of the workforce in higher skills occupations in each sector.

In 2014/15 over 21,000 people started an Apprenticeship in the Sheffield City Region, with the majority at Level 2, only 3.5% at a higher level and with significant black and Asian ethnic minority (BAME) under-representation¹.

According to UKCES Employer Skills Survey 2015, the number of companies reporting having skills gaps is 16%, higher than the average in England of 14%, with 6% reporting they are struggling to fill vacancies and 31% are considered to be hard to fill. This is in addition to lower than national averages for the number of residents qualified to Level 3 and above (51.6% compared to 56.9) and above average figures for the number with no qualifications (8.9%, 8.0% Great Britain average).

Sheffield City Region has a diverse labour market comprising several urban hubs as well as semi-rural and rural areas. It has strengths in advanced manufacturing, creative, digital,

¹ Sheffield City Region Labour Market Report – can be found [here](#)

logistics, technology, retail and business services.

Sheffield City Region, its 9 local authorities, colleges, and health partners have a complex set of provision, local organisation networks and governance in place of relevance to skills and employments that this support will need to link into and align provision to be effective in our area. 6 Local Integration Boards have been established to strengthen and align skills and employment provision we expect this programme to work in an integrated way with existing provision and through those boards.

PART 4: LOCAL SERVICE REQUIREMENTS
SOUTH EAST – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP background

The South East LEP is the largest in the country and has three distinct skills board areas of Kent and Medway; Essex Southend and Thurrock; and East Sussex. It has a population of 4.2 million set to grow to nearly 5 million by 2039. Growth across a range of sectors is forecast on a significant scale and many of these are already experiencing shortages. This is coupled with significant numbers of economically inactive people and people on benefits. SELEP is seeking to provide pathways and assistance for unemployed people into these opportunities.

Across the SELEP area there are:

- 178,000 workless households
- 119,500 economically inactive people wanting a job
- 47,860 people on out of work benefits

Across Essex, Southend and Thurrock, there are:

- 76,100 workless households
- 48,800 economically inactive people wanting a job
- 19,235 people on out of work benefits

Across Kent and Medway, there are:

- 77,500 workless households
- 41,600 economically inactive people wanting a job
- 21,570 people on out of work benefits

Across East Sussex, there are:

- 24,200 workless households
- 15,900 economically inactive people wanting a job
- 6,700 people on out of work benefits

SELEP has recently agreed a five year skills strategy to be available at <http://www.southeastlep.com/> accompanied by an evidence base and would expect bids to be consistent with the ambition and priority this sets out. www.southeastlep.com/our-strategy/skills/

This has been endorsed by Kent and Medway Skills Commission and is consistent with local priorities. Further information on local priorities are available at https://www.kelsi.org.uk/_data/assets/pdf_file/0020/54632/Adult-Learning-Employment-and-Skills-Strategy-2015-2018.pdf (currently being revised)

This has been endorsed by the Essex Employment and Skills Board (ESB) and is consistent with local priorities. Further information on local priorities are available at <https://www.essexesb.co.uk/>

This has been endorsed by Skills East Sussex and is consistent with local priorities. Further information on local priorities are available at

The LEP operates through a federated model which brings together the three distinct skills board areas of Kent and Medway; Essex Southend and Thurrock; and East Sussex. The areas have their own needs and the services delivered through this contract will be expected to meet all the needs of all the areas however remote. To facilitate the clear geographic distinctions and the aspirations of each of the partner local authorities within the federated model, this contract will have three geographically based funding pots. The provider will be expected to use the allocated funding within the identified geographic area AND report on at that level to the LEP and any of its relevant steering groups or sub committees. Initially it is expected that the provider will attend and present performance reports on a monthly basis. The frequency of meetings will be reviewed after the third month.

The Contractor shall develop a development plan that will identify named individuals responsible for delivery based on the three distinct areas.

Part of Essex Southend Thurrock is shared by Cambridgeshire and Peterborough Combined authority so opportunities for join up should be explored.

Part of East Sussex is shared by Coast to Capital LEP so opportunities for join up should be explored.

Local Authorities:

Kent and Medway

Essex (including Uttlesford), Southend, Thurrock

East Sussex

Key Priorities:

Geography

- Areas of need (i.e. highest claimant count by ward or district), taking into account support that is already available in these areas **Priority**
- Priority should be given to achieve a response to employer need in the construction, health, care, logistics, IT, digital & creative, engineering and finance sectors. Delivery should also respond to additional local priorities for Southend and Thurrock such as visitor and tourism and in East Sussex and Kent to land-based, agriculture and visitor.
- Priority to be given to deliver meaningful qualifications rather than generic employability training, e.g. certificates and awards in bricklaying, carpentry, electrical, welding, health & social care etc. Where progression is into education, it should be towards full qualifications, ideally at a technical level.
- Deliver meaningful qualifications rather than generic employability training, e.g.

certificates and awards in bricklaying, carpentry, electrical, welding, health & social care etc. Where progression is into education, it should be towards full

qualifications, ideally at a technical level.

- Providers should display within their Initial Assessment and IAG ways in which they have addressed poor understanding of career pathways in certain sectors i.e. hospitality, health & social care and land-based
- Providers to ensure learners have progressing plans in place and have access to impartial and good quality careers education, information, advice and guidance.

Learner type:

- a particular focus should be on homeless people, those in workless households and ex-offenders as well as supporting older people into employment
- The successful candidate should establish a steering group to work closely with the LEP and local skills board to agree delivery focus

Delivery should involve collaboration with current relevant ESF and national programmes and facilities invested in by the LEP. Examples are available at

http://www.southeastlep.com/images/uploads/resources/SELEP_brochure_%28ESF_and_Skills_Capital%29.pdf

PART 4: LOCAL SERVICE REQUIREMENTS
SOUTH EAST MIDLANDS – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background

South East Midlands Local Enterprise Partnership (SEMLEP) are in the midst of a period of substantial change, politically, economically and in terms of a technological revolution that is rapidly re-shaping the way we live, work and do business. With the recent merger between SEMLEP and Northamptonshire LEP, now is the right time to review success, consider challenges and focus on opportunities. For us to continue to deliver the growth and prosperity we have seen in recent years, our priority is to create conditions for stronger, sustainable and productivity-led growth, with our strengths in innovation at the forefront.

In all our proposed activities, we anticipate cross-cutting benefits of sustainability and the promotion of equality. To ensure the value of ESIF funds is maximised locally, we plan to ensure that our Programme is open and accessible across the private, public, voluntary and community sectors.

The ambition in the South East Midlands LEP is to ensure young people and adults are equipped with the skills and support they will need to secure and sustain employment and thereby contribute to, and benefit from, economic growth.

This will be achieved through promoting inclusion, raising aspirations, facilitating educational excellence and delivering an employment and skills system that responds quickly and effectively to changing business needs. We need the delivery of employment support and skills provision that is designed specifically to address the local needs of locally targeted communities. Contractors are encouraged to facilitate employment and skills opportunities for young people, disadvantaged communities and the long term workless that take account of individual circumstances, health, social and psychological aspects which affect behaviour and motivation.

South East Midlands Partnership and Northamptonshire Enterprise Partnership merged in 2017 and serve the whole of South East Midlands including Northamptonshire. However, due to the structure of the Memorandum of Understanding with the ESF Managing Authority, ESF opt in services are procured under the pre-merger geography. There are 13 Local Authorities covering the entire SEMLEP geography, with the population split 60% SEMLEP and 40% Northamptonshire based on pre-merger geography.

Local Authorities:

Grouped into largely rural areas of

- Aylesbury Vale 9.6%
- Central Bedfordshire 13.9%
- Cherwell 7.4%, and the predominantly urban areas of
- Bedford 8.4%,
- Luton 10.9%
- Milton Keynes 13.3%

Key Priorities:

SEMLEP will give priority to areas that have lost, had a reduction or removal of service provision. The Contractor shall ensure that Services are developed and designed to:

- Focus on, engage with and meet the basic skills and specific employability needs of Participants, particularly those from disadvantaged communities;
- Offer a flexible range of Information, and job skills workshops and other activities targeted on localities and communities with the biggest need;
- Contain employability courses for those Participants who have recently become unemployed and those who are long term unemployed;
- Deliver pre-recruitment training which is focused on enhancing the Participants awareness of employer and sector specific skills requirements

 - Health and Social Care
 - Logistics
 - Rural communities
- Include bespoke job skills provision which targets occupations for which local entry level vacancies exist, including work trials and work experience which affords the employer and the potential employee a risk-free opportunity to decide if 'they are right for each other';

Skills Support for the Unemployed will help those who are disadvantaged but still relatively close to the labour market tackle their barriers to work, enter and gain employment.

The following target groups have been identified as a priority.

7. Participants with work limiting illnesses on ESA, especially those who have been on benefits for over 2 years or individuals in a revolving cycle of ill health.
8. Participants with mental health issues and Participants with learning, physical or sensory disabilities.
9. Support for ex-armed forces personnel to move into employment.
10. Carers, lone parents and women returning to the work force.
11. Women whose first language is not English, enabling them to access training at the appropriate level and take up employment opportunities including self-employment.
12. Communities in predominantly rural areas facing challenges accessing basic services including health, education, and training. Lack of public transport is a major issue particularly for young people who are unable to access employment outside their immediate residential area.

The Contractor will attend the LEP ESF Providers Forum to promote alignment and

- Career Choice: improving careers decision making and skills development as there is a poor understanding of labour market opportunities
- Business Engagement in Learning and Skills: develop greater involvement of businesses with skills provision and ensure a better match between the skills that employers look for and those delivered by education and training providers
- Learning and Skills Infrastructure: development of high quality education and training facilities

As part of the Services, the Contractor will produce a development plan in response to the LEPs needs to identify additional activities, with identified roles and responsibilities and named contacts which will be agreed and revised with the LEP on an annual basis. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors; developing provider responsiveness; innovation and employer engagement. The Contractor will support the on-going implementation of the plan and provide regular updates to the LEP.

The LEP will agree a template for the development plan, which will be a minimum requirement for the Candidate.

Covering over 3,300 square miles and located on the North East coast, the Tees Valley Local Enterprise Partnership (LEP) area comprises five Local Authority Areas - Darlington, Hartlepool, Middlesbrough, Redcar & Cleveland and Stockton-on-Tees.

The Tees Valley has a total population of 672,500 and offers over 303,500 jobs across some 16,500 businesses and through self-employment.

Tees Valley has a world-class reputation across its key sectors - Advanced Manufacturing; Process, Chemicals and Energy; Logistics; Health and Biologics; Digital and Creative; Culture and Leisure; and Business and Professional Services. It also has an established infrastructure and supply chain in the offshore, advanced manufacturing and engineering, chemicals and process and logistics sectors and key emerging sectors include life sciences, digital, energy and renewable, construction and business services.

All of these sectors are key to the economic development of the area and are all seeing growth and significant investment. With this investment, and that in infrastructure and facilities, we are creating sectors that are full of potential for future investors.

Tees Valley has many advantages over other areas. Not only is it a cost-competitive location, it is also ripe for investment, with exciting new opportunities on the South Tees Development Corporation, the new Tees Advanced Manufacturing Park and Central Park, a major hub for healthcare and life sciences businesses.

High growth and/or high volume replacement is anticipated in, but not exclusive to, the key sectors identified above, with 46% of replacement jobs expected to be across a range of levels, including entry level jobs offered as part-time opportunities and apprenticeships. However, there are skill shortages across most of our key sectors, and many employers cite a lack of access to skilled workers as their greatest barrier to growth.

The percentage of residents in Tees Valley with NVQ Level 3 (50%) still trails the national average (57%), with a further fall of 2.6 percentage points seen over the last year compared to a rise of 0.3 nationally.

30% of residents are qualified to NVQ level 4 compared to 38.6% nationally
Low skills rates compared to national average (12% of people have no qualifications, compared to 7.7% nationally).

Only 69% of our secondary schools are rated as Good or better, compared to 79% nationally and fewer of our learners choose Science, Technology, Engineering and Maths

(STEM) subjects, and fewer achieve higher grades in these subjects compared to national averages.

The Tees Valley ESIF Strategy (April 2016) provides synergy between our European aims, our agreed City Deal, Devolution Deal and Growth Deal – and the funds we have at our disposal through the Tees Valley Investment Fund, Local Growth Fund and local partners' investment.

Local Authorities:

The Services must deliver in the entire LOT Area

Key Priorities:

The Service must demonstrate complementarity to and not duplicate existing provision in Tees Valley, including but not exclusively, programmes such as Youth Employment Initiative (YEI) and Routes To Work (RTW).

The Service must engage and work with local partners and stakeholders, including but not exclusively, the Tees Valley Education, Employment & Skills Partnership Board.

Priority sectors include but are not limited to:

Advanced Manufacturing and Engineering;
Chemicals and Process;
Energy and Renewable;
Offshore;
Logistics;
Health and Biologics;
Digital and IT;
Creative and Media;
Culture and Leisure;
Business and Professional Services including Public Administration
Defence and Education;
Construction;
Healthcare; Retail.

All of these sectors are key to the economic development of Tees Valley.

The Service will meet the priorities of the Tees Valley Education, Employment & Skills Plan, 'Inspiring Our Future' to reduce long-term unemployment and the numbers of young people and adults that continue to be out of work. Levels of disengagement within our most deprived communities is a concern and the Service needs to address these significant challenges and support residents in those communities to fulfil their potential.

As part of the Services, the Contractor shall produce a development plan in response to the LEPs needs with identified roles and responsibilities and named contacts which will be

agreed and then reviewed and revised with the LEP/ESFA on an annual basis. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors; developing provider responsiveness; innovation and employer engagement. The Contractor shall be responsible for the on-going implementation of the plan and provide regular updates to the LEP as agreed. The LEP will agree a template for the development plan, which will be a minimum requirement for the Contractor.

PART 4: LOCAL SERVICE REQUIREMENTS
THAMES VALLEY BERKSHIRE – MORE DEVELOPED
GEOGRAPHY / AREA OF DELIVERY

LEP Background

Berkshire has low and falling unemployment rates (2.9% versus 4.5% nationally in 2017). Within Berkshire, rates are highest in Slough (3.8% and Reading (3.3%). However within Berkshire's urban areas, there are some areas in which a higher than average proportion of residents are claiming unemployment related benefits (Claimant Count). These (the wards of Minster, Norcot, Whitley and Battle) are all located within Reading.

Economic inactivity is also generally low across Berkshire (18% versus 21% nationally). Reasons for being inactive vary quite considerably across the sub-region. Slough has the largest proportion in this group who are looking after family or home (38%) and who are long-term sick (22%). Bracknell Forest and West Berkshire have the higher proportion of 16-64 who are economically inactive due to retirement (17% and 16% respectively).

Recent statistics for Thames Valley Berkshire demonstrate that there are a significant number of inactive people with mental health issues who are not currently engaged in active job search activities within the LEP area – but who would like to work. The LEP is particularly keen to see Services that support these individuals.

PART 4: LOCAL SERVICE REQUIREMENTS

WEST OF ENGLAND – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP Background

Background information regarding the LEP area can be found in our EU SIF Strategy available here: <http://westofenglandlep.co.uk/funding/eu-sif/>

This document was produced in 2014. The West of England LEP area also published a Strategic Economic Plan available here: <http://westofenglandlep.co.uk/about-us/strategicplan>

Both documents give a good background the economic situation here, as well as on our population. Our latest Operating Framework and Business Plan are available here: <https://www.westofengland-ca.gov.uk/westrategy/>

The following detail provides some background to the characteristics of the unemployed here (as of 2014):

Over the last five years white males aged 25-49 claimants have been consistently the largest claimant group in the West of England, followed by white females 25-49. White males 18-24 and 50+ are the following two categories with ethnic males 25-49 making up 6.8% and ethnic females 25-49 3.1% of total claimants.

Evidence suggests that assisting those in the 25-49 category offers significant potential for business impact and previous policy has hampered agencies' ability to address their needs. Whilst much of the activity will be target the 25-49 age group, all age, sex and ethnicity groups will be included in the activity proportionate to local need.

Local Authorities:

Bristol City Council
Bath and North East Somerset Council
North Somerset Council
South Gloucestershire Council

Key Priorities:

The key focus of training should be in key sectors across the West of England based on a comprehensive knowledge of the local job market and economy.

Key priorities are:

- supporting Participants to retrain or re-enter in the labour market by delivering opportunities for those with outdated skills i.e. level 2 gained in 1970s or vocational skills in declining industries
- supporting unemployed adults to enable them to gain employment in growth areas of the local labour market.
- encourage participation by mature job seekers, particularly those without academic qualifications, with self-taught skills or on the job learning.
- Assisting those who are over 50 years of age that make up a large proportion of our unemployed residents.
- Those in rural locations who find it hard to access employment opportunities.

PART 4: LOCAL SERVICE REQUIREMENTS

WORCESTERSHIRE – MORE DEVELOPED

GEOGRAPHY / AREA OF DELIVERY

LEP Background

Worcestershire Local Enterprise Partnership's vision is to build a connected, creative and dynamic economy that delivers increased prosperity for all those who choose to live, work and invest in Worcestershire.

Specifically, by 2025, to have added 25,000 jobs and increased Gross Value Added (GVA) by £2.9bn.

Worcestershire LEP is working towards three strategic objectives:

1. Create a World Class business location
2. Promote individuals with World Class skills
3. Develop World Class competitive and innovative businesses

The Service being procured will be aligned with the Worcestershire Strategic Economic Plan, European Structural and Investment Funds Strategy and Worcestershire Employment and Skills Strategy (<https://www.wlep.co.uk/resources/document-library>) and will be delivered to fulfil the second Worcestershire LEP Strategic Objective above which aims to realise people's potential and meet the skills needs of local businesses.

Worcestershire LEP, through the Worcestershire Employment & Skills Board, has identified a number of priorities in relation to employment and skills in the county:

- Skills and workforce planning: In particular, increasing the number of Apprenticeships (especially at levels 3 and 4), developing graduate level opportunities and increasing private sector skills investment.
- Strengthening the relationship between education and business: With Worcestershire Employment & Skills Board, we have developed an initiative for Worcestershire's high schools to work more closely with businesses, particularly in relation to work experience opportunities. See the new web portal for more information.
- Increasing employability: We are committed to improving the employment prospects of young people and a number of initiatives have been identified through the Employment and Skills Board.

Worcestershire LEP will work with partners to help deliver the vision set out in the SEP and ensure co-ordinated delivery of consistent, high quality programmes to all targeted client groups across Worcestershire.

Integral to this vision, is the fundamental requirement that ESF investment delivered via Co-Financing Organisations (ESFA and BLF) provides a coherent customer-oriented support programme and delivers social and economic inclusion as a whole.

Local Authorities:

Worcestershire County Council
Bromsgrove District Council
Malvern Hills District Council
Redditch Borough Council
Worcester City Council
Wyre Forest District Council
Wychavon District Council

Key Priorities:

As part of the Services, the Contractor will produce a development plan which will be agreed and revised with the LEP/ESFA. Plans could include research; co-ordination of labour market information; proposals to respond to skills needs of LEP's priority sectors or key sectors in the economy with prior agreement; developing provider responsiveness; innovation and employer engagement. The Contractor will support the on-going implementation of the plan and provide regular updates to the LEP.

The Services provided should be flexible roll-on roll-off.

The Services must provide self-employment support that reflects the needs of unemployed individuals.

The Contractor will work with the ESF SSW Contractor who will continue to support their SSU Participants' once they progress into employment where appropriate.

Worcestershire LEP would like meaningful qualifications rather than generic employability training, e.g. certificates and awards in welding, food and drink, lean manufacturing, construction and adult health care, but not customer service and business administration. Where progression is into education, it should be towards full qualifications.

The Services must investigate existing demand for ESOL provision across the LEP area and explore where the Services might be able to augment provision available to the target group and promote participation. The Services must then offer provision that will be responsive to local demands and business needs including a package of support that will equip Participants to develop the skills and workplace experience required by employers.

The Services must be available across the whole LOT with a focus on the following areas with high levels of workless residents:

- Broadwaters

- Greenlands
- Charford
- Abbey
- Batchley

PART 4: LOCAL SERVICE REQUIREMENTS

**YORK, NORTH YORKSHIRE AND EAST RIDING
MORE DEVELOPED AND TRANSITION**

GEOGRAPHY / AREA OF DELIVERY

LEP Background

The York, North Yorkshire and East Riding LEP's [ESIF Strategy and Strategic Economic Plan](#) and [Strategic Economic Plan Update](#) set out the priorities for economic growth in the area. Its skills priority 'Inspired People' sets out a range of objectives and activities to ensure that growing businesses have a productive workforce, young people make the right education and job choices and unemployed people get the best chances to connect to sustainable jobs. The ESIF strategy also seeks to address barriers relating to rural isolation which prevents access to initiatives and opportunities that are available in urban environments.

Whilst York and North Yorkshire has a generally healthy socio-economic profile with low unemployment and higher than average skills attainment there are pockets of deprivation which are evident in urban areas such as York, Harrogate and the coastal strip including Scarborough and Whitby. These areas have lower levels of attainment in skills, higher levels of unemployment and score highly on indices of deprivation.

The ESIF strategy focuses on key sectors for the LEP area. These are: bio-economy (including agri-tech, bio-renewables, food manufacturing), engineering, construction, health and social care, visitor economy and VCSE.

Agri-tech, bio renewables and food manufacture drive growth, however, there are substantial shortfalls in worker numbers in sectors which account for a large proportion of total businesses in the LEP area. These include health and social care, the visitor economy and construction. This shortfall necessitates action to ensure all our businesses can recruit and retain an optimum workforce and ensure our economy continues to grow.

The ageing workforce in important sectors such as engineering requires action to address the shortfall in skilled labour especially as significant economic opportunities such as offshore wind, the potash mine and increased construction projects gather pace. There is also a need to address the gender imbalance of too few women in STEM related careers and there is an under representation of men in the care sector.

WEIGHTING FOR QUESTION 1: x1 Maximum 4000 characters

Our Implementation Team (IMT) has supported successful implementation of 9 Skills Support Contracts c.£10.7m UK-wide to 10,128 participants (121% of profile) in line with Matrix, ISO9001/27001, C2E Gold Standard. Delivering 25% in house, 75% via subcontractors, we will take the following steps to ensure 1 April '19 delivery without impinging other services:

- Allocate project team with dedicated resource, and Contract Manager (CM) to lead implementation - resource reflecting Lot-specific activity/timescales
- Finalise timebound Project Plan covering HR, infrastructure, marketing, relationships etc; activity managed by CM reporting weekly to IMT
- Update Risk Register weekly including monitoring impact on other services (oversight by Skills Director)
- Review staff resource against projected flow – commence early recruitment of dedicated contract staff i.e. assessment centres/interviews, DBS/eligibility checks
- Finalise Subcontractor Agreements – review readiness to deliver weekly including impact on existing/future business
- Tailor PICS MIS with Pellcomp Software to region-specific needs
- Finalise contract-specific procedures and deliver team/Subcontractor induction/training
- Promote via partner network in line with Marketing Strategy

Resource/staffing infrastructure is modelled on Participant flows, caseload size REDACTED UNDER FOIA SECTION 43(2) and local sector expertise requirements, and draws on successful existing delivery of SSU nationally supporting 2,613 Participants in to employment.

Staffing includes REDACTED UNDER FOIA SECTION 43(2)

Delivery will operate from 7 fixed and 10+ outreach sites, providing full geographic coverage of all 7 LA areas reflecting local demand e.g. proportionally more resources in unemployment hotspots in North Warwickshire, Wood End and Nuneaton & Bedworth. Our fixed sites are accessible to 65% of Participants; with more remote/difficult to access areas e.g. Wootton Wawen serviced through outreach/drop-in sites at JCP offices, local libraries and community centres. To address barriers we will expand cross referral routes with: Shaw Trust; YMCA; Hereward College; WEA; Coventry Job Shop; Voluntary Action Coventry e.g. WEA: has over 10,000 members, 3,000 volunteers and received a "Good" Ofsted grade in 2018; Hereward College - Coventry winner of SEND provision of the year in 2018. The Company's 2000+ Enterprise Adviser Network of business volunteers currently works in over half of the country's secondary schools and colleges, supported by more than 100 trained Enterprise Coordinators.

7 local subcontractors including REDACTED UNDER FOIA SECTION 43(2) engaged via our Supplier Management Framework (SMF) process; will deliver basic skills support including ESOL, engage with and support marginalised groups (ethnic minorities, lone parents, ex-offenders, disabled people) and vocational qualifications.

Due diligence including detailed analysis of capacity/capability and resourcing plans ensures Subcontractors can deliver from day one. The Partnership Manager manages Subcontractors in line with our SMF and individual Agreements, using monthly formal reviews to monitor/forecast capacity, update delivery profile and resource plans, monitor new/potential changes to the business. This enables early remedial action to address potential resource/capacity issues.

2. Management and Reporting

How will your organisation ensure it manages and reports effectively to meet contractual requirements?

Your response to the above question will need to address/include the points below as a minimum:

- ☐ Describe the management information systems you will put in place to submit timely performance management data to the ESFA using the Individualised

Learner Record (ILR) and Supplementary Data Return process required to generate payments from the ESFA.

- Describe the arrangements you will put in place to comply with the reporting and Evidence Requirements set out in the Specification. Describe how you will collect and retain evidence prior to submitting a claim to ESFA for payment.
- Describe how you will manage and monitor your subcontractor(s) to ensure high quality delivery is taking place that complies with the Funding Rules and the Evidence Requirements. Your response should describe how you will manage the performance of your subcontracts to ensure the funds are fully and properly utilised. If you do not use subcontractors, you must indicate this in your response.
- Describe how you will monitor progress against your profile and what actions you would take to mitigate against underperformance.
- Describe how you will work with the LEP, including reporting relevant and timely management information and involvement in local steering groups, as detailed in Part 1 of the Specification.

WEIGHTING FOR QUESTION 2: x1 Maximum 3000 characters

PeoplePlus will use our integrated PICS MIS system to manage the contract. With an underlying capability deployed by 400+ providers this established capability captures eligibility, initial assessment, ILR data, learning and outcomes in real-time. The encrypted system with role-specific access rights generates accurate/timely ILR and Supplementary Data returns using:

- Workflows prompting input of key data throughout the Participant journey
- Business rules requiring evidence e.g. for non-regulated activity, progression deliverables
- In-built reports to assure data input, robust funding calculations/reporting and inform evidence audits
- Integrated ILR Data Exporter interfacing with ESFA Hub – automatic data validation of current funding rules to rectify outstanding issues before submission
- Final validation by our National Claims Team to maintain segregation of duties and data integrity.

To ensure compliance with reporting and Evidence Requirements we train staff against contract-specific procedures incorporating ESFA/ESF requirements including evidence collection/retention. Certified copies of activity/achievement e.g. signed ILP, attendance register, certificates; and standardised templates e.g. eligibility, job and education start, are securely retained on PICS for audit. PICS produces contract, site, ward, qualification-level data as required to

support monthly reporting. The Skills Director will provide the report and any required improvement plan to ESFA by the 4th working day each month.

Subcontractors (SC) managed by the Partnership Manager (PM) receive the same support/scrutiny as in-house teams. We use our established Supply Chain Management Framework to manage & monitor our SCs ensuring high quality teaching & learning/ performance underpinned by SLAs detailing contractual commitments, reporting arrangements, KPIs, delivery targets & tolerances uploaded to PICS. SCs are subject to short notice Quality Monitoring Support visits to test & review delivery whilst providing support.

The Contract Manager monitors progress vs profile via PICS real-time dashboards weekly/monthly (attendance, progress, achievement, completion etc) with detailed analysis at team, staff, Participant level. Forecasting identifies any required early intervention – improvement procedures with escalating levels of intervention include formal Performance Improvement Plan processes. Actions to mitigate underperformance include reviewing/increasing resource, staff training, mentoring/shadowing, reassigning caseloads, marketing activity, weekly and daily audit/intervention.

We will establish Coventry and Warwickshire LEP data requirements providing regular reports, LMI and other information to support economic briefings, good news stories, statistical releases as required. The PM will attend the Coventry and Warwickshire Jobs and Skills Business Group, to promote alignment and streamlining of provision, and other groups including Coventry City Council Employer Hub.

3. Engaging with and meeting the needs of Participants within the whole LOT Area.

How will your organisation utilise market intelligence and local knowledge and partnership working to engage with and meet the needs of Participants within the whole LOT area in which you wish to deliver?

As a minimum, your response must include the following:

- Describe how you will utilise partnership working to ensure that the Services will complement and avoid duplication with similar existing delivery in the Lot Area?
- Describe how you will assess the skills, needs and barriers to engagement of Participants and employers in the whole LOT Area. Describe how:
 - you will identify Participants' skills needs and barriers to learning and progression (for example for those Participants with additional learning needs); and

- Tell us how you will provide Services that take into account conditions

prevailing in the Lot Area with respect to the current employment market, social and economic conditions and market intelligence.

- Tell us how you will provide Services that are flexible and are capable of responding to reflect any changes to local conditions, new priorities or opportunities and changes to economic and political landscape.
- List your proposed partners and stakeholders (not subcontractors) on the Partners Tab in the workbook (this information may be verified prior to award of contract). Tell us how you will engage with them. Describe your engagement with proposed partners and stakeholders in connection with the Services that will be provided under the new Contract and how will they add value to your delivery model

WEIGHTING FOR QUESTION 3: x4 Maximum 4000 characters

As members of/engaging with C&W Growth Hub, Stratford Business Forum. PeoplePlus have excellent knowledge of existing delivery across the Lot. Our Partnership Manager (PM) will continue to engage these partnerships and join wider partnerships e.g. B2B Networking, Exceed in Coventry, BBO Accelerate using these to:

- Map linkages that support complementarity
- Agree cross-referral processes with service providers e.g. Valley House, Warwickshire Mental Health Employment Support Service, Warwickshire Skills for Employment, Cyrenians
- Identify gaps in services to adapt delivery
- Undertake joint design/planning to better coordinate services
- Promote routeways to apprenticeships/traineeships e.g. with Stratford College, Rugby College HIIT Training, Coventry College and PeoplePlus Apprenticeships
- Agree JCP referral routes

We assess prevailing skills needs and barriers to engagement across the Lot through:

- Stakeholder engagement e.g. C&W Chamber of Commerce
- Analysis of local intelligence e.g. C&W Skills Strategy, C&W SEP
- Trend analysis by PeoplePlus and Subcontractors including retention and achievement by cohort which shows high engagement numbers with slow uptake of apprenticeships
- Learner feedback and consultation e.g. A need for enterprise support and entry level qualifications for growth sectors such as engineering

Our service design overcomes such barriers through workplace learning opportunities and volunteering e.g. through: Warwickshire CAVA, reflecting Participants' interests/aspirations; IAG/sector roadshows to raise sector profiles; activities to develop employability skills; funding to overcome barriers e.g. travel costs, equipment; regular Participant network/training groups in hard-to-reach areas.

We have designed services to take into account prevailing conditions in the Lot e.g.

- Unemployment is 0.9% lower than the national average. Nuneaton and Bedworth are 4.4%, which is above the average.
 - Some sectors with low/no applicants. Low awareness of opportunities in growth sectors
 - 16th most deprived LEP. With areas of significant disadvantage e.g. Wood End
 - Technological advancements make re-entry to the job market a barrier for unemployed particularly long term unemployed, disabled and exoffenders.
- Skills shortages in STEM and digital sectors creating barriers to growth, 11.5% have no qualifications (England benchmark 8.6%). 62% of businesses believe there is a local skills shortage.

We will deliver utilising both fixed locations and outreach to maximise impact in areas where there is greatest opportunity for Participant progression in line with skills deal investment across the LEP; engage employers to undertake assessment and identify sector specific skills requirements; collaborate with sectors such as Advanced Manufacturing, to promote opportunities in the sector particularly to students' including engaging with the University of Warwick; promote regional opportunities from Coventry City of Culture and Commonwealth Games.

We have designed inherent flexibility in our service to respond to changes through quarterly service review using data, LMI, trend analysis to forecast need to plan service changes well in advance e.g. sectors, priority groups, geography (peripatetic staff). Deliver regulated/non-regulated learning to respond to new priorities/changing. pre-approved Subcontractors who can respond quickly to emerging sector specialisms

We will engage our proposed partners/stakeholders through face-to-face meetings; attending partnership/working groups e.g. C&W Jobs and Skills Business Group, NCS; regular information sharing; co-location/joint working; advisory/development activity. These partners/stakeholders will add value to our model by enabling us to improve participant engagement e.g. warm handover

from, Coventry CC job shop & employers' hub; access to drop-in sites; offer more effective IAG/career guidance; provide holistic services e.g. C&W Mind.

4. Meeting the needs of Participants and employers

How will your organisation engage with Participants and support them through their journey to achieving a Progression Outcome?

As a minimum, your answer must include the following:

- Describe how you will, promote, raise awareness, engage and recruit Participants [and employers] to the programme.
- Describe the mechanisms you will use to identify the skills needs of Participants and ensure your delivery programmes support positive outcomes for your Participants.
- Describe the processes you will use to carry out initial assessment and needs analysis for new Participants and the approach for developing individual learning plans.

- Detail how you will engage employers in the designing skills provision to ensure Participants gain the skills that employers need in the Lot Area.

WEIGHTING FOR QUESTION 4: x2 Maximum 4000 characters

PeoplePlus will implement a robust ESF-compliant marketing strategy led by the Contract Manager to promote/raise awareness to engage participants. We will use proven techniques from our current SSU delivery, engaging 10,128 Participants, 121% of profile to date, including:

- Using our network of 50+ local service providers to promote the provision to their service users e.g. Mifriendly cities, NCS, Coventry Citizens Advice, JCP, Valley House Coventry Training Consortium, Benn Partnership, Bradley Club and Trident Housing, Coventry and Warwickshire Mind, Shaw Trust, Prospects.
- Regular drop-in surgeries promoted through social media, flyers/posters
- Targeted digital marketing and social media campaigns for specific target groups e.g. unemployed females; Job Forums via Facebook e.g. Coventry Jobs 5.3k members
- Promoting routeway options/upskilling for growth sectors
- PR campaigns in local online press/publications e.g. Coventry Live to

promote case studies and impact

Mechanisms to identify Participants' skills needs are based on a full training needs assessment (TNA), delivery of Matrix standard IAG, skills profiling to identify potential pathways, BKSb functional skills assessment and identification of barriers and additional needs using our 'This is Me' assessment. Aligned with knowledge of local opportunities and progression routes, the TNA enables the Learning Mentor (LM) and participant to identify realistic goals aligned to local need/aspirations to support positive outcomes including self-employment.

Initial assessment includes IAG: providing options, a clear pathway & support, linking learner's interests & aspirations to long-term goals using a 'no wrong door' approach providing learners with alternative routes in to work based on individual needs, addressing barriers to engagement, using paper-based/digital tools. The LM will discuss TNA results with the Participant to build the Individual Learning Plan (ILP). A Participant-led approach ensures ownership of the goals/activity supporting progression, how support needs are met, and milestones to be achieved. The LM will facilitate access to all agreed activity and mentor the Participant with ongoing support to transition/sustain in employment.

The ILP is a working document evolving in line with progress, changing aspirations, labour market developments etc. Regular formal reviews between the LM and Participant (minimum monthly) will seek feedback about activities undertaken, overall progress, additional support received/required etc to help ensure activity is appropriate and the ILP remains effective in meeting their needs, updating as required. In addition the Contract Manager monitors performance data at site and contract level monthly to ensure activity is leading

to positive outcomes; while quality audits review the Participant journey to ensure it is based on initial assessment, addresses identified needs, and participants are progressing effectively. This informs continuous improvement of the overall provision.

We currently have an active database of 400+ employers across the Lot in key growth sectors e.g. Manufacturing and Engineering: Arrowsmith Coventry; Creative Industries and ICT: Hardlight; Logistics: KBTS; who are engaged by our Employer Relationship Manager (ERMs). Discovery Audits conducted by ERMs directly engage employers in designing tailored solutions – we have developed 15+ bespoke activities for Staffline employers including DHL in the last year to enable Participants to gain the skills needed aligned with key sectors supporting job outcomes, successfully delivering over 18,000 learning modules through our current SSU provision. We also attend local forums e.g. Coventry and Warwickshire Chamber of Commerce, Coventry Employer Hub, The Connexion Warwick West Midlands Combined Authority Network and undertake digital engagement to better understand local needs and gain input to provision design.
