QUALIFICATION Envelope (Compliance Check)

First, we will complete a mandatory evaluation to make sure that you have answered all questions and have completed the Attachment 4 - Price Schedule

in line with our instructions. All bids passing the mandatory evaluation will be progressed to the Technical Evaluation.

Financial Risk Assessment

We reserve the right to use a credit reference agency to obtain a financial risk score for you and any members of your consortium or any nominated guarantor(s).

If the financial risk score received from the credit reference agency is deemed acceptable, or there is an equivalent acceptable international score, you will receive a pass for the Financial Risk Assessment.

If the score indicates a financial risk, or no financial risk score is available, then we reserve the right to seek further information from you. If the information provided does not mitigate the financial risk, you will fail the Financial Risk Assessment and you will be excluded from the competition.

TECHNICAL Evaluation

We will give your responses to the TECHNICAL questions to the Contracting Authority's evaluation panel. Each evaluator will independently assess your responses to the technical questions using the response guidance and the evaluation criteria.

They will give a score and a reason for their score for each question they are assessing. The evaluators will enter the scores and reasons into the e-Sourcing suite.

If the evaluation panel wishes to clarify any areas of your bid, bid clarification questions will be issued via the e-Sourcing suite on an individual basis.

Consensus

Once the evaluators have independently assessed your answers to the questions we will arrange for the evaluators to meet. We will facilitate the discussion.

At this meeting, the evaluators will discuss the technical responses and review their scores and reasons for that score. The discussion will continue until they reach a consensus regarding the score, and reason for that score, for each question.

These final scores will be used to calculate your technical score.

If the evaluation panel wishes to clarify any areas of your bid, bid clarification questions will be issued via the e-sourcing suite on an individual basis.

TECHNICAL Threshold

If you have not met the minimum acceptable score for each question, you will be excluded from the competition and you will not receive a Commercial score. We will tell you that you have been excluded from the procurement and why at award stage.

COMMERCIAL Evaluation

We will consider your commercial response and conduct compliance checks, review if we consider your bid to be abnormal and conduct any clarifications required to formally evaluate your submission. This will be conducted in tandem with the technical evaluations and completed by a commercial evaluation panel.

We will only calculate your commercial score using the scoring mechanism outlined within the Bid Pack. However, if you failed to meet the minimum acceptable score during the technical evaluation you will not receive a score for the Commercial Envelope. If we wish to clarify any areas of your bid, bid clarification questions will be issued via the e-Sourcing suite on an individual basis.

Final Score

Your technical score will be added to your commercial score, to create your final score.

Award

Award will be made to the successful bidder, subject to contract.

We will notify successful and unsuccessful bidder(s) providing feedback via the e-sourcing suite.
