Framework Ref: RM6179
Project Version: v1.0
Model Version: v3.7

Framework Schedule 6 (Order Form Template and Call-Off Schedules)

Special Term 1 – Conflicts of Interest

General provisions:

Clause 32 of the RM6179 Core Terms shall cover any perceived Conflict of Interest. The Supplier acknowledges the particular sensitivity of the Services in respect of any actual, potential or perceived Conflicts of Interest. Any perception of a Conflict of Interest within the process and structures set up to deal with the Scheme could undermine public confidence in the fairness and transparency of the Scheme and attract adverse public comment/reaction. Consequently, the Buyer is keen to ensure perceptions of COIs are also suitably avoided/mitigated to ensure the integrity of the operation of the Scheme is not undermined.

Where the Supplier is required to notify the Buyer of a Conflict of Interest in accordance with Clause 32 of the Core Terms the Supplier must also provide the Buyer with any information the Buyer reasonably requires in respect of such Conflict of Interest on an ongoing basis.

The Supplier's obligations in respect of Clause 32 of the RM6179 Core Terms shall extend to any Conflict of Interest or potential or perceived Conflict of Interest that may arise in respect of any Relevant COI Party. The Supplier shall ensure that appropriate arrangements are put in place with any Relevant COI Party to enable it to provide such information to the Buyer as the Buyer may require in respect of any Relevant COI Party Conflict of Interest. The Supplier shall ensure that any Relevant COI Party complies with any steps required by the Buyer in accordance with Clause 32.3 of the Core Terms.

During the Contract Period the Buyer may ask the Supplier to terminate a Subcontract under Clause 10.8 of the Core Terms, remove an Independent Panel member from a case allocated to it or exercise any other right it is entitled to exercise under the Contract where a Conflict of Interest or potential or perceived Conflict of Interest has occurred which, in the opinion of the Buyer, cannot be managed to the satisfaction of the Buyer or where the Supplier and/or the Subcontractor has failed to take the steps required under Clause 32.3 of the Core Terms to manage such Conflict of Interest to the satisfaction of the Buyer.

The Buyer may consider the inclusion of a conflict waiver where the Supplier can show that the terms of such waiver are necessary for the Supplier to meet its regulatory requirements. The Buyer reserves the right to reject the terms of any conflict waiver that it believes are unreasonable and/or may expose the Buyer to additional risk. The acceptance or otherwise of a waiver by the Buyer for this Contract should not be taken as a precedent for any other call-off contract that may be entered into under this framework and the Buyer reserves the right to take a different approach on any future contract it may enter into where it considers it is reasonable to do so.

Potential Conflicts of Interest:

The following shall be potential Conflicts of Interest (though this is not an exhaustive list):

Framework Schedule 6 (Order Form Template and Call-Off Schedules)

Crown Copyright 2018

- The Supplier (or their Subcontractor's) having provided services to:
 - Post Office Limited or Fujitsu.
 - the Department for Business, Energy and Industrial Strategy (BEIS), the Buyer, or UK Government Investments (UKGI) in relation to Post Office issues.
- Individuals that have previously worked (directly or indirectly) for the Post Office Limited, Fujitsu, or in the Post Office policy teams of UKGI/BEIS/the Buyer in relation to Post Office issues and/or Horizon system related redress schemes forming part of the Supplier's (or a Subcontractor's) team in the delivery of the Contract.
- Individuals that are linked (directly or indirectly) to a case that is being assessed under this Contract and/or a claimant under that case forming part of the Supplier's (or a Subcontractor's) team in the delivery of the Contract.

In the above list:

- each named organisation should be treated as including its predecessor and/or successor organisations;
- conflicts should be treated as relevant if they occurred since 1994.

Any support provided to the Buyer for the "Group Litigation Order Scheme" or the Overturned Conviction Scheme OC.1 does not constitute a Conflict of Interest.

The Buyer is aware that the Post Office Horizon IT Inquiry is also procuring a contract for a legal supplier. The Buyer is particularly sensitive to the potential for Conflict of Interest concerns where these arise because of the close prior or current work or other close connection between a Relevant COI Party and any of the institutional participants (including their current and former employees) in the Post Office Horizon IT Inquiry. For the avoidance of doubt, it is therefore a potential Conflict of Interest for the Supplier (or its Subcontractors) to deliver both the Inquiry contract and this Contract.

Independent Panel Chair and Independent Panel Conflicts of Interest:

Circumstances constituting a potential Conflict of Interest for the Independent Panel Chair and Independent Panel members will be as described above for the Supplier and its Subcontractors but the Buyer and Supplier may agree reasonable adjustments where the Independent Panel Chair and/or Independent Panel members are individuals. The Buyer and the Supplier shall agree any such adjustments prior to the appointment of the Independent Panel Chair and Independent Panel under this Contract as a Variation in accordance with the Variation Procedure (and this Order Form will be updated accordingly).

Conflict of Interest checks on appointment:

Prior to the appointment of the Independent Panel Chair and the Independent Panel, the Supplier shall confirm to the Buyer whether or not the proposed Independent Panel Chair and proposed members of the Independent Panel are subject to an actual, potential or perceived Conflicts of Interest.

If the Supplier confirms that the proposed Independent Panel Chair and/or any proposed members of the Independent Panel are subject to an actual, potential or perceived Conflict of Interest, the Supplier shall provide the Buyer with a Conflict of Interest statement detailing how the Conflict of Interest will be managed to the satisfaction of the Buyer.

In the event this Conflict of Interest statement is accepted by the Buyer (in its sole discretion), it shall be incorporated into this Contract as a Variation in accordance with the Variation Procedure. However, if the Conflict of Interest cannot, in the opinion of the Buyer, be managed to the satisfaction of the Buyer and the Buyer rejects the Conflict of Interest statement, the conflicted Independent Panel Chair or conflicted Independent Panel member shall not be appointed under this Contract (as applicable).

Conflicts of Interest checks on case allocation:

Prior to work commencing on any case that has been referred by the Supplier to Alternative Dispute Resolution (ADR) Stage 2, the Supplier shall confirm to the Buyer whether or not the Independent Panel Chair and the Independent Panel member(s) due to be allocated to that case are subject to an actual, potential or perceived Conflicts of Interest.

If the Supplier confirms that the Independent Panel Chair and/or Independent Panel member(s) due to be allocated to that case are subject to an actual, potential or perceived Conflict of Interest, the Supplier shall provide the Buyer with a Conflict of Interest statement detailing how the Conflict of Interest will be managed to the satisfaction of the Buyer.

In the event this Conflict of Interest statement is accepted by the Buyer (in its sole discretion), it shall be incorporated into this Contract as a Variation in accordance with the Variation Procedure. However, if the Conflict of Interest cannot, in the opinion of the Buyer, be managed to the satisfaction of the Buyer and the Buyer rejects the Conflict of Interest statement, the conflicted Independent Panel member shall not be permitted to work on the case allocated to it and the case shall be reallocated by the Independent Panel Chair to another Independent Panel member).

Special Term 2 - Buyer's internal information risk assurance process (IRAP)

In the event that the Supplier fails the Buyer's internal information risk assurance process (IRAP), the Buyer has the right to terminate the Contract on one (1) Month's

Special Term 3 – Cyber essentials certification

The Independent Panel Chair and members of the Independent Panel are required to demonstrate to the Buyer prior to their appointment that they hold the same level of Cyber Essentials Certificate or ISO accreditation as the Supplier. If the Independent Panel Chair and/or any member of the Independent Panel is unable to demonstrate this to the satisfaction of the Buyer (in its sole discretion), the Supplier shall procure that the Independent Panel Chair or Independent Panel member (as applicable) submits to the Buyer for its approval (in its sole discretion) a mitigation plan identifying the equivalent standards it can meet. This mitigation plan must be provided by the Independent Panel Chair or Independent Panel member (as applicable), and approved by the Buyer, prior to appointment.

Special Term 4 – Security standards

Where the Supplier can demonstrate to the Buyer that it would be unreasonable for the Independent Panel Chair or a member of the Independent Panel to meet the security standards set out in Call-Off Schedule 9 (Security), the Buyer and the Supplier may agree adjusted standards for the Independent Panel Chair or Independent Panel member (as applicable) that the Buyer considers to be reasonable (in its sole discretion). Any such adjustments shall be effected as a Variation in accordance with the Variation Procedure.

- 6.3 Without prejudice to any other right of audit or access granted to the Buyer pursuant to this Contract, the Buyer and/or its authorised representatives shall be entitled, at any time upon giving reasonable notice to the Supplier, to carry out such tests (including penetration tests) as it may deem necessary in relation to the ISMS and the Supplier's compliance with the ISMS and the Security Management Plan. The Buyer may notify the Supplier of the results of such tests after completion of each such test. If any such Buyer's test adversely affects the Supplier's ability to deliver the Deliverables so as to meet the KPIs, the Supplier shall be granted relief against any resultant under-performance for the period of the Buyer's test.
- 6.4 Where any Security Test carried out pursuant to Paragraphs 6.2 or 6.3 reveals any actual or potential Breach of Security or weaknesses (including un-patched vulnerabilities, poor configuration and/or incorrect system management), the Supplier shall promptly notify the Buyer of any changes to the ISMS and to the Security Management Plan (and the implementation thereof) which the Supplier proposes to make in order to correct such failure or weakness. Subject to the Buyer's prior written Approval, the Supplier shall implement such changes to the ISMS and the Security Management Plan and repeat the relevant Security Tests in accordance with the timetable agreed with the Buyer or, otherwise, as soon as reasonably possible. - 6.5 If any repeat Security Test carried out pursuant to Paragraph 6.4 reveals an actual or potential Breach of Security exploiting the same root cause failure, such circumstance shall constitute a material Default of this Contract.

7. Complying with the ISMS

- 7.1 The Buyer shall be entitled to carry out such security audits as it may reasonably deem necessary in order to ensure that the ISMS maintains compliance with the principles and practices of ISO 27001 and/or the Security Policy where such compliance is required in accordance with paragraph 3.4.3 d.
- 7.2 If, on the basis of evidence provided by such security audits, it is the Buyer's reasonable opinion that compliance with the principles and practices of ISO/IEC 27001 and/or, where relevant, the Security Policy are not being achieved by the Supplier, then the Buyer shall notify the Supplier of the same and give the Supplier a reasonable time (having regard to the extent and criticality of any non-compliance and any other relevant circumstances) to implement and remedy. If the Supplier does not become compliant within the required time then the Buyer shall have the right to obtain an independent audit against these standards in whole or in part.
- 7.3 If, as a result of any such independent audit as described in Paragraph the Supplier is found to be non-compliant with the principles and practices of

ISO/IEC 27001 and/or, where relevant, the Security Policy then the Supplier shall, at its own expense, undertake those actions required in order to achieve the necessary compliance and shall reimburse in full the costs incurred by the Buyer in obtaining such audit.

8. Security Breach

8.1 Either Party shall notify the other in accordance with the agreed security incident management process as defined by the ISMS upon becoming aware of any breach of security or any potential or attempted Breach of Security.

- c) apply a tested mitigation against any such Breach of Security or attempted Breach of Security and provided that reasonable testing has been undertaken by the Supplier, if the mitigation adversely affects the Supplier's ability to provide the Deliverables so as to meet the relevant Service Level Performance Indicators, the Supplier shall be granted relief against any resultant under-performance for such period as the Buyer, acting reasonably, may specify by written notice to the Supplier;
- d) prevent a further Breach of Security or any potential or attempted Breach of Security in the future exploiting the same root cause failure; and
- e) supply any requested data to the Buyer (or the Computer Emergency Response Team for UK Government ("GovCertUK")) on the Buyer's request within two (2) Working Days and without charge (where such requests are reasonably related to a possible incident or compromise); and
- f) as soon as reasonably practicable provide to the Buyer full details (using the reporting mechanism defined by the ISMS) of the Breach of Security or attempted Breach

of Security, including a root cause analysis where required by the Buyer.

8.3 In the event that any action is taken in response to a Breach of Security or potential or attempted Breach of Security that demonstrates non-compliance of the ISMS with the Security Policy (where relevant) or the requirements of this Schedule, then any required change to the ISMS shall be at no cost to the Buyer.

9. Vulnerabilities and fixing them

9.1 The Buyer and the Supplier acknowledge that from time to time vulnerabilities in the ICT Environment will be discovered which unless mitigated will present an unacceptable risk to the Buyer's information.

9.2 The severity of threat vulnerabilities for COTS Software shall be categorised by the Supplier as 'Critical', 'Important' and 'Other' by aligning these categories to the vulnerability scoring according to the agreed method in the ISMS and using the appropriate vulnerability scoring systems including:

9.2.1 the 'National Vulnerability Database' 'Vulnerability Severity Ratings': 'High', 'Medium' and 'Low' respectively (these in turn are aligned to CVSS scores as set out by NIST <http://nvd.nist.gov/cvss.cfm>); and

9.2.2 Microsoft's 'Security Bulletin Severity Rating System' ratings 'Critical', 'Important', and the two remaining levels ('Moderate' and 'Low') respectively.

9.3 The Supplier shall procure the application of security patches to vulnerabilities within a maximum period from the public release of such patches with those vulnerabilities categorised as 'Critical' within 14 days of release, 'Important' within 30 days of release and all 'Other' within 60 Working Days of release, except where:

9.3.1 the Supplier can demonstrate that a vulnerability is not exploitable within the context of any Service (e.g. because it resides in a software component which is not running in the service) provided vulnerabilities which the Supplier asserts cannot be exploited within the context of a Service must be remedied by the Supplier within the above timescales if the vulnerability becomes exploitable within the context of the Service;

9.3.2 the application of a 'Critical' or 'Important' security patch adversely affects the Supplier's ability to deliver the Services in which case the Supplier shall be granted an extension to such timescales of 5 days, provided the Supplier had followed and continues to follow the security patch test plan agreed with the Buyer; or

9.3.3 the Buyer agrees a different maximum period after a case-by-case consultation with the Supplier under the processes defined in the ISMS.

9.4 The Specification and Mobilisation Plan (if applicable) shall include provisions for major version upgrades of all COTS Software to be upgraded within 6

Months of the release of the latest version, such that it is no more than one major version level below the latest release (normally codified as running software no older than the 'n-1 version') throughout the Term unless:

9.4.1 where upgrading such COTS Software reduces the level of mitigations for known threats, vulnerabilities or exploitation techniques, provided always that such upgrade is made within 12 Months of release of the latest version; or

9.4.2 is agreed with the Buyer in writing.

9.5 The Supplier shall:

9.5.1 implement a mechanism for receiving, analysing and acting upon threat information supplied by GovCertUK, or any other competent Central Government Body;

9.5.2 ensure that the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) is monitored to facilitate the detection of anomalous behaviour that would be indicative of system compromise;

9.5.3 ensure it is knowledgeable about the latest trends in threat, vulnerability and exploitation that are relevant to the ICT Environment by actively monitoring the threat landscape during the Contract Period;

9.5.4 pro-actively scan the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) for vulnerable components and address discovered vulnerabilities through the processes described in the ISMS as developed under Paragraph 3.3.5;

9.5.5 from the date specified in the Security Management Plan provide a report to the Buyer within five (5) Working Days of the end of each Month detailing both patched and outstanding vulnerabilities in the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) and any elapsed time between the public release date of patches and either time of application or for outstanding vulnerabilities the time of issue of such report;

9.5.6 propose interim mitigation measures to vulnerabilities in the ICT Environment known to be exploitable where a security patch is not immediately available;

9.5.7 remove or disable any extraneous interfaces, services or capabilities that are not needed for the provision of the Services (in order to reduce the attack surface of the ICT Environment); and

9.5.8 inform the Buyer when it becomes aware of any new threat, vulnerability or exploitation technique that has the potential to affect the security of the ICT Environment and provide initial indications of possible mitigations.

9.6 If the Supplier is unlikely to be able to mitigate the vulnerability within the timescales under this Paragraph 9, the Supplier shall immediately notify the Buyer.

2. End user devices

- 2.1 When Government Data resides on a mobile, removable or physically uncontrolled device it must be stored encrypted using a product or system component which has been formally assured through a recognised certification process of the National Cyber Security Centre ("NCSC") to at least Foundation Grade, for example, under the NCSC Commercial Product Assurance scheme ("CPA").
- 2.2 Devices used to access or manage Government Data and services must be under the management authority of Buyer or Supplier and have a minimum set of security policy configuration enforced. These devices must be placed into a 'known good' state prior to being provisioned into the management authority of the Buyer. Unless otherwise agreed with the Buyer in writing, all Supplier devices are expected to meet the set of security requirements set out in the End User Devices Security Guidance (<https://www.ncsc.gov.uk/guidance/end-user-device-security>). Where the guidance highlights shortcomings in a particular platform the Supplier may wish to use, then these should be discussed with the Buyer and a joint decision shall be taken on whether the residual risks are acceptable. Where the Supplier wishes to deviate from the NCSC guidance, then this should be agreed in writing on a case by case basis with the Buyer.

3. Data Processing, Storage, Management and Destruction

- 3.1 The Supplier and Buyer recognise the need for the Buyer's information to be safeguarded under the UK Data Protection regime or a similar regime. To that end, the Supplier must be able to state to the Buyer the physical locations in which data may be stored, processed and managed from, and what legal and regulatory frameworks Government Data will be subject to at all times.
- 3.2 The Supplier shall agree any change in location of data storage, processing and administration with the Buyer in accordance with Clause 14 (Data protection).

Call-Off Schedule 9 (Security)

- 3.3.4 securely erase any or all Government Data held by the Supplier when requested to do so by the Buyer.

4. Ensuring secure communications

- 4.1 The Buyer requires that any Government Data transmitted over any public network (including the Internet, mobile networks or un-protected enterprise network) or to a mobile device must be encrypted using a product or system component which has been formally assured through a certification process recognised by NCSC, to at least Foundation Grade, for example, under CPA.
- 4.2 The Buyer requires that the configuration and use of all networking equipment to provide the Services, including those that are located in secure physical locations, are at least compliant with Good Industry Practice.

5. Security by design

- 5.1 The Supplier shall apply the 'principle of least privilege' (the practice of limiting systems, processes and user access to the minimum possible level) to the design and configuration of IT systems which will process or store Government Data.
- 5.2 When designing and configuring the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) the Supplier shall follow Good Industry Practice and seek guidance from recognised security professionals with the appropriate skills and/or a NCSC certification (<https://www.ncsc.gov.uk/section/products-services/ncsc-certification>) for all bespoke or complex components of the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier).

6. Security of Supplier Staff

- 6.1 Supplier Staff shall be subject to pre-employment checks that include, as a minimum: identity, unspent criminal convictions and right to work.
- 6.2 The Supplier shall agree on a case by case basis Supplier Staff roles which require specific government clearances (such as 'SC') including system administrators with privileged access to IT systems which store or process Government Data.
- 6.3 The Supplier shall prevent Supplier Staff who are unable to obtain the required security clearances from accessing systems which store, process, or are used to manage Government Data except where agreed with the Buyer in writing.

Call-Off Schedule 9 (Security)

Call-Off Ref:

6.4 All Supplier Staff that have the ability to access Government Data or systems holding Government Data shall undergo regular training on secure information management principles. Unless otherwise agreed with the Buyer in writing, this training must be undertaken annually.

6.5 Where the Supplier or Subcontractors grants increased ICT privileges or access rights to Supplier Staff, those Supplier Staff shall be granted only those permissions necessary for them to carry out their duties. When staff no longer need elevated privileges or leave the organisation, their access rights shall be revoked within one (1) Working Day.

7. Restricting and monitoring access

7.1 The Supplier shall operate an access control regime to ensure all users and administrators of the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) are uniquely identified and authenticated when accessing or administering the Services. Applying the 'principle of least privilege', users and administrators shall be allowed access only to those parts of the ICT Environment that they require. The Supplier shall retain an audit record of accesses.

8. Audit

8.1 The Supplier shall collect audit records which relate to security events in the systems or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include:

8.1.1 Logs to facilitate the identification of the specific asset which makes every outbound request external to the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier). To the extent the design of the Deliverables allows such logs shall include those from DHCP servers, HTTP/HTTPS proxy servers, firewalls and routers.

8.1.2 Security events generated in the ICT Environment (to the extent that the ICT Environment is within the control of the Supplier) and shall include: privileged account log-on and log-off events, the start and termination of remote access sessions, security alerts from desktops and server operating systems and security alerts from third party security software.

8.2 The Supplier and the Buyer shall work together to establish any additional audit and monitoring requirements for the ICT Environment.

8.3 The Supplier shall retain audit records collected in compliance with this Paragraph 8 for a period of at least 6 Months.

3.2 The Supplier acknowledges that the Buyer may disclose the Supplier's Confidential Information (excluding the Supplier's or its Subcontractors' prices or costs) to an actual or prospective Replacement Supplier to the extent that such disclosure is necessary in connection with such engagement.

3.3 The Supplier shall provide complete updates of the Exit Information on an as-requested basis as soon as reasonably practicable and notify the Buyer within five (5) Working Days of any material change to the Exit Information which may adversely impact upon the provision of any Deliverables (and shall consult the Buyer in relation to any such changes).

3.4 The Exit Information shall be accurate and complete in all material respects and shall be sufficient to enable a third party to prepare an informed offer for those Deliverables; and not be disadvantaged in any procurement process compared to the Supplier.

4. Exit Plan

4.1 The Supplier shall, within three (3) Months after the Start Date, deliver to the Buyer an Exit Plan which complies with the requirements set out in Paragraph 4.3 of this Schedule and is otherwise reasonably satisfactory to the Buyer.

4.5 Only if (by notification to the Supplier in writing) the Buyer agrees with a draft Exit Plan provided by the Supplier under Paragraph 4.2 or 4.4 (as the context requires), shall that draft become the Exit Plan for this Contract.

4.6 A version of an Exit Plan agreed between the parties shall not be superseded by any draft submitted by the Supplier.

5. Termination Assistance

5.1 The Buyer shall be entitled to require the provision of Termination Assistance at any time during the Contract Period by giving written notice to the Supplier (a **"Termination Assistance Notice"**) at least four (4) Months prior to the Expiry Date or as soon as reasonably practicable (but in any event, not later than one (1) Month) following the service by either Party of a Termination Notice. The Termination Assistance Notice shall specify:

5.1.1 the nature of the Termination Assistance required; and

5.1.2 the start date and initial period during which it is anticipated that Termination Assistance will be required, which shall continue no longer than twelve (12) Months after the End Date.

5.2 The Buyer shall have an option to extend the Termination Assistance Period beyond the initial period specified in the Termination Assistance Notice in one or more extensions, in each case provided that:

5.2.1 no such extension shall extend the Termination Assistance Period beyond the date twelve (12) Months after the End Date; and

5.2.2 the Buyer shall notify the Supplier of any such extension no later than twenty (20) Working Days prior to the date on which the Termination Assistance Period is otherwise due to expire.

5.3 The Buyer shall have the right to terminate its requirement for Termination Assistance by serving not less than (20) Working Days' written notice upon the Supplier.

5.4 In the event that Termination Assistance is required by the Buyer but at the relevant time the parties are still agreeing an update to the Exit Plan pursuant to Paragraph 4, the Supplier will provide the Termination Assistance in good faith and in accordance with the principles in this Schedule and the last Buyer approved version of the Exit Plan (insofar as it still applies).

7. Obligations when the contract is terminated

7.1 The Supplier shall comply with all of its obligations contained in the Exit Plan.

Call-Off Schedule 20 (Call-Off Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Call-Off Contract

Introduction
<p>The Department for Business and Trade (DBT) is the department for economic growth. We support businesses to invest, grow and export, creating jobs and opportunities across the country.</p> <p>The purpose of this specification is to set out the scope of the Services that the Supplier shall provide.</p>
Background
<p>The Government has implemented multiple schemes to support those who have been impacted by the faulty Horizon software. In December 2019, Post Office Limited reached a “full and final” settlement of £42.75m plus legal costs in the long-running “Group Litigation Order” (GLO) case initiated by 555 postmasters regarding its accounting system. As a condition of the GLO settlement Post Office created the Historical Shortfall Scheme (HSS), which compensated other affected postmasters without criminal convictions.</p> <p>In January 2024, the Prime Minister announced that Government would be legislating to overturn convictions relating to the Horizon system and/or Post Office’s egregious investigatory and prosecutorial behaviour, which has been brought to light in the Post Office Horizon IT Inquiry. The Post Office (Horizon System) Offences Bill was introduced to Parliament on 13 March 2024 and received Royal Assent on 24 May 2024.</p> <p>In March 2024, it was announced that the Department for Business and Trade (DBT) will be responsible for delivering redress to those individuals whose convictions are quashed by the Post Office (Horizon System) Offences Act under a new Horizon Convictions Redress Scheme (the Scheme). Work establishing the Scheme is underway, with a planned roll out by the summer, in line with previous Government commitments and subject to sign off from new government. Postmasters will receive a letter to confirm when their relevant court and criminal records have been updated,</p>

including how they can register to access the Scheme. The Post Office (Horizon System) Offences Act and therefore the Scheme covers England, Wales and Northern Ireland. The Post Office (Horizon System) Offences (Scotland) Act covers Scotland. Those with convictions quashed via these legislative measures will be eligible for redress via the Scheme.

Postmasters who have their convictions overturned under the Post Office (Horizon System) Offences Act have two options under the Scheme, they can accept a £600k payment as a full and final settlement, or they can ask for a fully assessed claim. The latter will be initially assessed by DBT's claims advisers who have been procured by DBT under a separate contract.

DBT is now procuring a legal firm to provide alternative dispute resolution services under the Scheme or other Horizon-related redress schemes as may be required.

The Scheme will be particularly sensitive to perceived conflicts from the claimants, due to the highly sensitive nature of their past experience with both Post Office Limited and Fujitsu. As such, both companies provoke strong emotions with the claimants and the Scheme needs to be perceived as fair and in no way associated with either company. Any association with either company has the potential to damage claimants' confidence and trust in the scheme, and therefore could be seen to undermine the objectives of the Scheme.

AIMS AND OBJECTIVES

Call-Off Schedule 20 (Call-Off Specification)

Call-Off Ref:

Crown Copyright 2018

Aims

To support the delivery of fair and swift redress for postmasters by providing alternative dispute resolution (ADR) services. This includes primarily facilitating ADR for claims made under the Scheme but could also include claims made under other Post Office related redress schemes. It also includes the identification and appointment of an Independent Panel and Independent Panel Chair (each defined below).

Suppliers should consult and refer to the ADR Flowchart in Schedule 10 of the ITFC, to understand the sequencing of ADR stages and where their involvement is required. Please note that the Flowchart may be subject to change based on the scheme design.

Objectives

The objectives of the Scheme (including via the Scheme principles and guidance) will be weighted towards ensuring first offers are full and fair offers to the claimant, seeking to avoid lengthy processes of claims and counterclaims. The onus will be on avoiding an adversarial approach.

The Supplier, the Independent Panel and Independent Panel Chair (that have been appointed by the Supplier) will be required to comply with all guidance, principles and frameworks issued under the Scheme. This material is currently under development and is legally privileged, therefore DBT is unable to share it with the Supplier as part of the ITFC.

Principles such as propriety, ethics and impartiality, sound judgement as well as promote diversity and inclusion should also be upheld in the delivery of the Scheme. The Supplier will be responsible for upholding these principles in the delivery of their service. This includes ensuring both the Independent Panel and Chair also uphold them.

□ ADR Stage 1

The Supplier will be required to facilitate constructive dialogue between DBT/case advisors and the claimant/their legal representative.

The Supplier will initially need to acknowledge and record each request for ADR Stage 1 from either DBT or the claimants and bring the parties together as appropriate. The Supplier should coordinate with the parties within 2 working days of a request for ADR Stage 1. ADR Stage 1 will involve establishing where both sides would be willing to move in respect of the offer made and what their positioning is on any final settlement amount. The Supplier should act as a neutral and independent third party, helping both parties to understand the position held by the other and steer them

Call-Off Schedule 20 (Call-Off Specification)

Call-Off Ref:

towards areas where agreement is possible in order to broker a mutually acceptable settlement.

If ADR Stage 1 discussions do not result in a settlement, the Supplier must set out to both parties the results of the session within 3 working days and options for next steps. The Supplier must monitor the case's progress and if meaningful re-engagement has not happened between the parties within 10 days from the sharing of results of the ADR Stage 1 session, the Supplier should explain to both parties that the case will be referred to ADR Stage 2.

It may be appropriate to grant extensions in some cases, in which case the Supplier must give reasonable notice to DBT where more time is required for ADR Stage 1 and provide justification.

The Supplier will be required to have experience and expertise in dispute resolution with familiarity of schemes of a similar magnitude but is not expected to hold any formal qualifications or certifications.

☐ **ADR Stage 2**

Within 3 Months from the Call-Off Start Date, the Supplier will be required to subcontract an independent panel composed of 3 core members and such reserve members that the Supplier deems necessary (the "Independent Panel") and a core independent panel chair and such reserve chairs that the Supplier deems necessary (each "the Independent Panel Chair", as the context requires) for the assessment of claims.

In the event that ADR Stage 1 has failed to achieve a bilateral agreement between the parties, the Supplier will refer the claim to ADR Stage 2 and inform the core Independent Panel Chair within 2 working days of this referral. Once the Supplier had made this referral to the Independent Panel Chair, they must then submit a case summary to the Chair within 5 working days of informing the Chair. The Independent Panel Chair will then assign claims to appropriate Independent Panel members in accordance with the terms of this Specification and the selected Independent Panel Members shall assess each claim. The Panel Chair and all assigned Panel Members for a specific claim must then collectively come to an agreement on the offer amount.

The total combined hourly rate for all the individual members of the Independent Panel, including the Independent Panel Chair, must not in relation to any case exceed £1225 per (hour) excluding VAT. This should be taken into consideration by the Supplier when appointing Independent Panel members and the Independent Panel Chair. The Supplier should note that

Call-Off Schedule 20 (Call-Off Specification)

Call-Off Ref:

in most cases quorate may be one Independent Panel member and the Independent Panel Chair, and the Supplier would expect sitting costs to be significantly lower than the total hourly cap.

- Independent Panel

The Supplier will be required to identify and subcontract accounting, medical and retail experts to form the Independent Panel. The Supplier should ensure that the Independent Panel appointed by it meets the following criteria:

- The core members of the Independent Panel should include:
- An accounting expert: The conduct of forensic accounting work, with their seniority being largely at partner level in larger accountancy firms;
- A retail expert: Sufficient expertise and experience within the retail world, specifically small businesses, to be able to speak authoritatively upon any retail issues raised by claimants.
- A medical expert: expertise in assessing personal injury claims for awards based on Judicial College Guidelines as a personal injury specialist.
- Conflict of Interest: The Independent Panel will be subject to the same conflict of interest requirements as the Supplier in order for them to conduct independent assessment of claims adjusted as necessary in accordance with the Contract to reflect the fact Independent Panel members may be individuals. Before appointing an Independent Panel member, the Supplier must provide DBT with any conflict-of-interest statement and mitigation plan provided by any prospective member for DBT's approval in accordance with the terms of the Contract. The Supplier must also ensure that each Independent Panel Member does not have a COI with the parties to any case assigned to it.
- Cyber essentials certification: The Supplier shall ensure that each Independent Panel Member has cyber essentials certification in place, or if an Independent Panel Member is unable to obtain such certification, such equivalent measures as are approved by DBT prior to the appointment of such Independent Panel member's appointment.

The Independent Panel assigned to any case shall comprise of a maximum of 3 members. If a core member assigned or due to be assigned to a case by the Independent Panel Chair is unable to act in accordance with this Contract and the Independent Panel Chair is satisfied the role cannot be re-assigned to another core member of the Independent Panel, the Independent Panel Chair may re-assign the role to a reserve member of the Independent Panel.

DBT reserves the right to veto in its sole discretion individual Independent Panel member appointments where they have concern over matters relating to

Call-Off Schedule 20 (Call-Off Specification)

expertise, capability, value for money, propriety, ethics or impartiality, including conflict of interest.

The Supplier will be required to manage the payment process of the cost incurred by the Independent Panel in accordance with the Contract. The Supplier will ensure that DBT has reviewed and agreed the Independent Panel invoicing before the Supplier proceeds with payment to the Independent Panel. The Independent Panel rates must include all expenses. Disbursements may only be charged for on an exceptional basis in accordance with paragraph 5 of Call Off Schedule 5 (Pricing Details). No other costs will be payable by DBT in relation to the Independent Panel.

As per the ADR Flowchart in Schedule 10 of the ITFC, the Supplier will provide the Independent Panel with a summary of each case that has not been resolved bilaterally at ADR Stage 1. At ADR Stage 2, The Independent Panel should apply its independent judgement to individual cases using the Scheme principles and guidance, which will aim to encourage consistency across Post Office Horizon-related redress schemes. If the Independent Panel thinks that the facts of a case mean that the principles need changing, it will make that recommendation to DBT via the Supplier.

In respect of any individual case, the Independent Panel may opine on the dispute via papers only or hold meetings. The Independent Panel will make an assessment of the issues raised, which may recommend a specific award or request further evidence or analysis. The Independent Panel's assessment – including its reasoning – should be recorded in writing and made available to the parties and their representatives. The Supplier will support this process and provide further evidence if so requested by the Independent Panel.

- Independent Panel Chair

The Supplier shall subcontract the role of Independent Panel Chair to a legal expert, with their seniority being at KC or retired Judge.

The Supplier will ensure that any Independent Panel Chair appointed meets the following criteria:

- The Independent Panel Chair should have prior experience of performing a similar role, or familiarity with redress schemes of a similar magnitude.
- The Independent Panel Chair will be subject to the same conflict of interest requirements as the Supplier in order for them to conduct independent assessment of claims adjusted as necessary in accordance with the Contract to reflect the fact the Independent Panel Chair may be an individual. Before

Call-Off Schedule 20 (Call-Off Specification)

appointing an Independent Panel Chair, the Supplier must provide DBT with any conflict-of-interest statement and mitigation plan provided by any prospective member for DBT's approval in accordance with the terms of the Contract. The Supplier must also ensure that the Independent Panel Chair does not have a COI with the parties to any case assigned to it.

- Cyber essentials certification: The Supplier shall ensure that the Independent Panel Chair has cyber essentials certification in place, or if they are unable to obtain such certification, such equivalent measures as are approved by DBT prior to the appointment of such Independent Panel Chair's appointment.

If a case is referred to the core Independent Panel Chair and the core Independent Panel Chair is unable to act in accordance with this Contract, the Supplier may re-assign the role to a reserve chair.

DBT reserves the right in its sole discretion to veto the proposed Independent Panel Chair where they have concern over matters relating to expertise, capability, value for money, propriety, ethics or impartiality, including conflict of interest.

The Supplier will be required to manage the payment process of the cost incurred by the Independent Panel Chair. The Supplier will ensure that DBT has reviewed and agreed the Independent Panel Chair invoicing before the Supplier proceeds with payment to the Independent Panel Chair. The Independent Panel Chair rates must include all expenses. Disbursements may only be charged for on an exceptional basis in accordance with paragraph 5 of Call Off Schedule 5 (Pricing Details). No other costs will be payable by DBT in relation to the Independent Panel Chair.

The Independent Panel Chair will be required to assign the appropriate Independent Panel member(s) to each case as required taking into account the issues arising and the expertise required and in accordance with the terms of this Specification. Where the Independent Panel considering a case is made up of more than one Independent Panel member, and the Independent Panel members are not able to reach consensus on a recommendation, the majority view (being more than 50% of them) will be treated as the recommendation of the Independent Panel. To ensure neutrality, the Supplier must ensure there is suitable separation between individuals involved in ADR Stage 1 and the Contract Manager reporting to DBT.

When ADR Stage 1 has been unsuccessful, the Supplier will proceed to ADR Stage 2 and will need to instruct the Independent Panel Chair to convene the Independent Panel for an assessment. After which, the Supplier will be required to coordinate the Independent Panel members, which may include (but not be limited to) arranging meetings, submitting a summary of the case and supplying any other relevant documentation.

If ADR Stage 1 is successful, or following the final decision made at the end of Stage 2, the Supplier may be required to draft settlement agreements to be issued to the Claimants with their final offer amount.

The Supplier will be expected to monitor Independent Panel capacity and respond to capacity challenges when required..

To avoid additional distress to claimants, the Supplier will be required to check on the case advisor portal whether the claimant has already provided any information previously before asking for it again. Claimants should not be asked multiple times for information or evidence they say they do not have. We want claimants to receive the maximum redress to which they are entitled under the Scheme. However, providing detailed documentary evidence to support every aspect of a claim for redress can be challenging for claimants.

The Supplier will be required to monitor claim progress throughout the Contract, including updating the case advisor portal, and informing DBT caseworkers of each claim's progress at ADR Stage 1 and, where constructive dialogue fails, at ADR Stage 2. The Supplier should ensure timely updates are made available to all parties, including the claimant and their representative.

The Supplier should contact claimants using their preferred contact method, as well as the preferred day / time that they would like to be contacted. If the Independent Panel (including the Independent Panel Chair) are not responding within standard timescales (to be determined), the Supplier should conduct follow-up and ensure progress is being made.

The Supplier should take necessary steps to operate in a way that achieves value for money, in both their services and the operation of the Independent Panel and Chair. The Supplier should include:

- strict budget control measures that do not compromise on the fairness and impartiality in the decision-making;
- quality checks to ensure the requirements are being met; and
- processes to ensure work is always allocated appropriately.

METHODOLOGY

Across all Horizon-related redress schemes, DBT encourages and expects most claimants to be legally represented. However, it is possible that some claimants may submit their own claims rather than seeking legal representation.

It is expected that around 1000 postmasters will have their convictions overturned and therefore will be eligible for redress under the Scheme. Of these, current departmental analysis indicates that c. 43% of claimants may accept the Governments offer of £600,000 (although this is difficult to predict at this stage) and so these cases are expected to be straightforward.

Many claimants are now working with their legal representatives to develop their claims. The Post office (Horizon System) Offences Act received Royal Assent on 24 May 2024. Shortly after DBT opens the Scheme (anticipated summer 2024), it is expected applications for redress will be received.

It is assumed that 57% of cases will be considered 'fully assessed' claims. A proportion of these will require alternative dispute resolution via constructive dialogue or a panel assessment, where agreement between the claimant and DBT has not been reached.

It is not clear at this stage how many claims will need to be considered by the Independent Panel, but our cost estimates have assumed it will be similar to that seen on a previous scheme. Nevertheless, DBT makes no representation as to that proportion or volume of claims, and the Independent Panel will be required to deal with as many claims as are referred to the independent Panel.

In order to deliver the above outputs and the required work rate, the Supplier will need to provide a high-quality team of multiple ADR facilitators at various levels of seniority.

The Supplier must provide their own IT. Casework documents will be stored on the claim portal provided by DBT's case advisors and available to all. Work will be conducted remotely/at the Supplier's premises.

DBT may request during the Contract Period that any member of the Supplier Staff engaged in the performance of the Supplier's obligations under the Contract signs a confidentiality undertaking with DBT in accordance with clause 15.3 of the core terms for RM6179, dependant on the information from claimants received. DBT will confirm the reasons for any request to the Supplier at the time of such request.

The Supplier is expected to provide written regular updates on the progress of cases and costs and their breakdown, including the hours worked. This should be provided in a consistent format, to be agreed with DBT, allowing spend over the life of the Contract to be easily tracked. This information will be reviewed at regular meetings between the Supplier and the DBT Contract Manager.

OUTPUTS REQUIRED

Work as outlined above, and reporting outputs as below:

- Weekly reporting on hours worked and personnel working.
- Weekly reporting on progress of cases, for example number of claims at each stage and average length of time at each stage.
- Monthly projection of the future progress of claims.
- Monthly reporting of costs and cost forecasts.

Timing and format of these reports is to be agreed with the DBT Contract Manager.

The Supplier will be required to work with all parties to report on progress including providing ADR Stage 1 summary reports and ADR Stage 2 decision reports.

QUALITY ASSURANCE

The Supplier will perform ongoing internal quality checks throughout the lifecycle of the Contract.

- 8.3 The Supplier indemnifies both CCS and every Buyer against each of the following:
-
- (a) wilful misconduct of the Supplier, Subcontractor and Supplier Staff that impacts the Contract; and
 - (b) non-payment by the Supplier of any Tax or National Insurance.
- 8.4 All claims indemnified under this Contract must use Clause 26.

-

- 9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

10.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:

- (a) reject the Variation; or

11.6 In spite of Clauses 11.1, 11.2 but subject to Clauses 11.3 and 11.4, the Supplier's aggregate liability in each and any Contract Year under each Contract under Clause 14.8 shall in no event exceed the Data Protection Liability Cap.

11.7 Each Party must use all reasonable endeavours to mitigate any Loss or damage which it suffers under or in connection with each Contract, including any indemnities.

14.5 If at any time the Supplier suspects or has reason to believe that the Government Data provided under a Contract is corrupted, lost or sufficiently degraded, then the Supplier must notify the Relevant Authority and immediately suggest remedial action.

14.6 If the Government Data is corrupted, lost or sufficiently degraded so as to be unusable the Relevant Authority may either or both:

-
- (a) tell the Supplier to restore or get restored Government Data as soon as practical but no later than 5 Working Days from the date that the Relevant Authority receives notice, or the Supplier finds out about the issue, whichever is earlier; and/or
 - (b) restore the Government Data itself or using a third party.

15.2 In spite of Clause 15.1, a Party may disclose Confidential Information which it receives from the Disclosing Party in any of the following instances:

 - (h) to the Serious Fraud Office where the Recipient Party has reasonable grounds to believe that the Disclosing Party is involved in activity that may be a criminal offence under the Bribery Act 2010.

15.3 In spite of Clause 15.1, the Supplier may disclose Confidential Information on a confidential basis to Supplier Staff on a need-to-know basis to allow the Supplier to meet its obligations under the Contract. The Supplier Staff must enter into a direct confidentiality agreement with the Relevant Authority at its request.

15.6 Transparency Information is not Confidential Information.

15.7 The Supplier must not make any press announcement or publicise the Contracts or any part of them in any way, without the prior written consent of the Relevant Authority and must take all reasonable steps to ensure that Supplier Staff do not either.

17. Invalid parts of the contract

If any part of a Contract is prohibited by Law or judged by a court to be unlawful, void or unenforceable, it must be read as if it was removed from that Contract as much as required and rendered ineffective as far as possible without affecting the rest of the Contract, whether it is valid or enforceable.

18. No other terms apply

The provisions incorporated into each Contract are the entire agreement between the Parties. The Contract replaces all previous statements, agreements and any course of dealings made between the Parties, whether written or oral, in relation to its subject matter. No other provisions apply.

19. Other people's rights in a contract

No third parties may use the Contracts (Rights of Third Parties) Act 1999 (CRTPA) to enforce any term of the Contract unless stated (referring to CRTPA) in the Contract. This does not affect third party rights and

remedies that exist independently from CRTPA.

20. Circumstances beyond your control

20.1 Any Party affected by a Force Majeure Event is excused from performing its obligations under a Contract while the inability to perform continues, if it both:

- (a) provides a Force Majeure Notice to the other Party; and
- (b) uses all reasonable measures practical to reduce the impact of the Force Majeure Event.

20.2 Either Party can partially or fully terminate the affected Contract if the provision of the Deliverables is materially affected by a Force Majeure Event which lasts for 90 days continuously.
