UK SBS will not itself be a party to, nor have any liability under, the Contract unless it is expressly specified as Contracting Authority in the Order.

A2-2 The terms of this Contract, any Special Conditions and the Order apply to the Contract to the exclusion of all other terms and conditions, including any other

### **A3 Termination**

- A3-1 The Contracting Authority or UK SBS acting as an agent on behalf of the Contracting Authority may terminate the Contract in whole or in part at any time before the Services are provided with immediate effect by giving the Supplier written notice, whereupon the Supplier shall discontinue all work on the Contract. The Supplier shall have a duty to mitigate its costs and shall on request provide proof of expenditure for any compensation claimed.

A3-2-10 a person becomes entitled to appoint a receiver over the Supplier's assets or a receiver is appointed over the Supplier's assets; or

A3-2-11 any event occurs, or proceeding is taken, with respect to the Supplier in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause A3-2-3 to clause A3-2-10 inclusive; or

A3-2-12 there is a change of control of the Supplier (within the meaning of section 1124 of the Corporation Tax Act 2010); or

A3-2-13 the Supplier suspends, or threatens to suspend, or ceases or threatens to cease to carry on, all or substantially the whole of its business; or

A3-2-14 the Supplier's financial position deteriorates to such an extent that in the Contracting Authority's opinion the Supplier's capability to adequately fulfil its obligations under the Contract has been placed in jeopardy; or

A3-3 Termination of the Contract, however arising, shall not affect any of the parties' rights and remedies that have accrued as at termination. Clauses which expressly or by implication survive termination or expiry of the Contract shall continue in full force and effect.

A3-4 Without prejudice to clause A3-3, clauses B1, B2, B5, B6, B7, B8, B9, C1, C2, C3, C4, C6 and C7 shall survive the termination or expiry of the Contract and shall continue in full force and effect.

A3-5 Upon termination or expiry of the Contract, the Supplier shall immediately:

A3-5-1 cease all work on the Contract;

A3-5-2 Deliver to the Contracting Authority all Deliverables and all work-in-progress whether or not then complete. If the Supplier fails to do so, then the Contracting Authority may enter the Supplier's premises and take possession of them. Until they have been returned or delivered, the Supplier shall be solely responsible for their safe keeping and will not use them for any purpose not connected with this Contract;

A3-5-3 cease use of and return (or, at the Contracting Authority's or UK SBS's acting as an agent on behalf of the Contracting Authority's election, destroy) all of the Contracting Authority's Materials in the Supplier's possession or control; and

A3-5-4 Cease all use of, and delete all copies of, UK SBS's or the Contracting Authority's or UK SBS's confidential information.

A3-6 **Termination** The Contracting Authority or UK SBS acting as an agent on behalf of the Contracting Authority may terminate the Contract by written notice to the Supplier in any of the following circumstances:

A3-6-1 Where it considers that the Contract has been subject to a substantial modification which would have required a new procurement procedure in accordance with Regulation 72(9) of the Public Contracts Regulations 2015 ("PCR 2015");

A3-6-2 Where it considers that the Supplier has at the time of the award of the Contract been in one of the situations referred to in Regulation 57(1) of the PCR 2015, including as a result of the application of regulation 57(2), and should therefore have been excluded from the procurement procedure;

A3-6-3 Where the Contract should not have been awarded to the Supplier in view of a serious infringement of the obligations under the EU Treaties and Directive 2014/24/EU of the European Parliament and of the Council that has been declared by the Court of Justice of the European Union in a procedure under Article 258 of the TFEU;

A3-6-4 Where the European Commission sends a reasoned opinion to the United Kingdom or brings the matter before the Court of Justice of the European Union under Article 258 of the TFEU alleging that the Contract should not have been awarded to the Supplier in view of a serious infringement of the obligations under the Treaties and Directive 2014/24/EU of the European Parliament and of the Council; or

A3-6-5 Where a third party starts court proceedings against the Contracting Authority seeking a declaration that the Contract is ineffective or should be shortened under Regulations 98 to 101 of the PCR 2015, which the Contracting Authority or UK SBS acting as an agent on behalf of the Contracting Authority considers to have a reasonable prospect of success.

A3-6-6 Such termination shall be effective immediately or at such later date as is specified in the notice. The Contracting Authority shall not incur any liability to the Supplier by reason of such termination and shall not be required to pay any costs, losses or damage to the Supplier. Termination under this clause shall be without prejudice to any other rights of the Contracting Authority.

A3-7 The Contracting Authority or UK SBS acting as an agent on behalf of the Contracting Authority shall at any time have the right for convenience to terminate the Contract or reduce the quantity of Services to be provided by the Supplier in each case by giving to the Supplier reasonable written notice. During the period of notice the Contracting Authority may direct the Supplier to perform all or any of the work under the Contract. Where the Contracting Authority has invoked either of these rights, the Supplier may claim reasonable costs necessarily and properly incurred by him as a result of the termination or reduction, excluding loss of profit, provided that the claim shall not exceed the total cost of the Contract. The Supplier shall have a duty to mitigate its costs and shall on request provide proof of expenditure for any compensation claimed.

  - B8-4-1 do nothing to invalidate any insurance policy or to prejudice the Contracting Authority's entitlement under it; and
  - B8-4-2 notify the Contracting Authority if any policy is (or will be) cancelled or its terms are (or will be) subject to any material change.
- B8-5 If the Supplier fails or is unable to maintain insurance in accordance with clause B8-1, the Contracting Authority or UK SBS acting as an agent on behalf of the Contracting Authority may, so far as it is able, purchase such alternative insurance cover as it deems to be reasonably necessary and shall be entitled to recover all reasonable costs and expenses it incurs in doing so from the Supplier.

## **B9 Liability**

## Annex A – Specification

This research will be predominantly support the AFPRB (and to a lesser extent the SSRB). The AFPRB provides independent advice to the Prime Minister and the Secretary of State for Defence on the remuneration and charges for Armed Forces' personnel. In reaching its recommendations, the AFPRB takes account of: the need to recruit, retain and motivate suitably able and qualified people taking account of the particular circumstances of Service life; Government policies; the MoD's budget; and the Government's inflation target. It must also consider the need for the pay of the Armed Forces to be broadly comparable with pay levels in civilian life.

### Background to X-Factor

X-Factor is a pensionable addition to basic military pay intended to reflect the net disadvantage in conditions of service experienced by members of the Armed Forces compared with civilians.

X-Factor accounts for a range of components but is not linked to a formula. The rate tapers for more senior Officers (Colonel equivalent and above) as it was felt that those personnel were less affected by some aspects of the X-Factor. In addition, parts of AFPRB's remit group are entitled to lower levels of X-Factor, such as Reserves and the Military Provost Guard Service as some of the factors included in the X-Factor are not considered to apply to them. The AFPRB is responsible for the structural aspects of X-Factor including its make-up, application and level.

The level of X-Factor is typically reviewed every five years and this is the focus of this research project. Relatedly, the components of the X-Factor are also reviewed periodically. The last components review was finalised in 2021 and the results of this will feed into the forthcoming level review.

The absolute level of X-Factor has changed by only 4.5 percentage points in total since 1974 and individual increases have typically been modest at either 0.5% - 1.0%. It is currently set at 14.5%. The levels of X-Factor since 1970 are shown in Table 1 below.

**Table 1: The level of X-Factor (as a percentage of base pay) since 1970. Changes are shaded and in bold.**

Year	UK Regulars	
	Male	Female

A summary of the conclusions of the last review of the level of X-Factor, including an analysis of each of its then 13 components, is contained in Chapter 5 of the 2018 AFPRB

report: <https://www.gov.uk/government/publications/armed-forces-pay-review-body-forty-seventh-report-2018>.

### Overall aims of this research

- To inform the AFPRB's review of the level of X-Factor in 2022, ahead of its forthcoming report, to be published in 2023.
- To provide an assessment of the X-Factor components as they relate to the civilian sector.

### Objectives

- Identify and provide time-series data and analysis for the civilian sector relating to each of the X-Factor components as set out in the 2021 review (not yet published).
- Identify credible alternative data sources as a contingency in case those used previously are no longer available/out of date.
- Regarding the tapering of X-Factor for senior ranks, the project should ascertain whether the components vary by seniority within civilian life. Of particular interest are senior managers at an equivalent level to armed forces senior ranks.
- Data to cover the period from 2018-22 (or latest available data depending on the source. This may require that the report be updated if new data is released).
- Provide the OME with an analysis of the data, as they relate to the civilian sector, an assessment of how they have changed since 2017, and an assessment of which components are the most highly valued in the civilian sector.
- Provide the OME with an assessment of which of these data sources are likely to be available for use in future reviews of the level of X-Factor.

### Project management

The chosen contractor will agree with the OME:

- Detailed timings for the stages of the project.
- Detailed arrangements for the management of the project including regular telephone/email updates and occasional progress meetings to discuss emerging findings.
- Availability of project team members across the life span of the project including indications of the expected number of days work per person.
- Availability of team members for a pre-defined period beyond the end of the project to answer any queries arising.

### Ownership and Publication

- The OME will own all deliverables produced under the contract and will be free to use these as it wishes.
- The OME expects to publish the contractor's final report on its website within Gov.uk at a time to be decided by the AFPRB secretariat team.

### Methodology and data sources

- The first stage of the project will involve identifying and assessing relevant data sources for each of the X-Factor components. This will use the recommendations in the 2021 X-Factor components review.
- Regarding the tapering of X-Factor for senior ranks, data sources that can be used to look specifically at senior ranks within civilian life where available.

- The data sources should then be confirmed with the OME.
- The second stage of the project will involve collating and analysing the data.
- The third stage of the project will involve an assessment of the direction and extent of any changes to the components, taking into account the quality, reliability and limitations of each data source.
  - If more recent data becomes available throughout the project's life, an update stage will be required to produce an updated report.

#### **Data quality standards required**

- Data and analysis used and provided should be as up to date and robust as possible, and the report must include clear documentation of the sources used, including any noteworthy strengths and weaknesses.
- Data visualisation methods, e.g. tables, charts, diagrams etc which facilitate understanding of the report will be required.

#### **Deliverables (to be paid as milestone payments after Contracting Authority has inspected)**

- By the end of May 2022, a paper outlining the sources identified to conduct this review. These will be approved by the OME/the AFPRB before work proceeds to the next stage.
- By the end of July 2022 a concise, accessible draft report, to address the project objectives. This should include:
  - A summary of findings in a simple diagram/illustration showing whether, in civilian life since 2017, available data suggests the individual components have: improved a lot/improved a little/stayed much the same/deteriorated a little/deteriorated a lot – or that the available information on a component is inconclusive (or else not available).
  - Detailed documentation and discussion of the evidence, its strengths and weaknesses, signposting of sources etc.
- By the end of August 2022 a final version of the full report taking into account the OME/AFPRB suggestions on the earlier draft version. If more recent data becomes available, an updated final report will be required.
- A presentation of the findings to the AFPRB (date to be agreed with the AFPRB secretariat).
