

## Stroud Town Council Insurance tender 2019

### Additional queries 22/5/2019

|  |   |
|--|---|
| <p>Please can you forward/advise where to find on line etc a copy of your 2019/20 budget to see how the total income figure is broken down as it seems to have substantially grown over past years.</p>  | <p>See separate document</p>  |
| <p>Regarding cash in safe – the safe you have doesn't look suitable for a £10k limit we would look to quote on our standard £2k limit as I believe you do not have high quantities of cash passing through your hands.</p>   | <p>£2,000 would be sufficient, but please make clear this clear on your tender.</p>           |
| <p>Regarding the hired in plant am I correct in assuming that you are currently purely covering the plant for damage &amp; there is no cover for continuing hire charges? We can accommodate this under our policy but would need a separate policy if you requires the continuing hire charges cover.</p> | <p>Just damage</p>  |
| <p>Regarding subsidence, landslip &amp; heave please can you advise if any of your properties have suffered any sign of this in the past as you fall in a high risk subsidence area,</p>   | <p>None</p>   |
| <p>Finally please can you confirm the unit number at Libbys Drive.</p>   | <p>It has no number. Map reference is:<br/><br/>Easting: 385927<br/><br/>Northing: 205597</p> |
