### 2 DETAILS OF PROCESSING

2.1 The Appendix to this DPA details the processing operations that Processor provides to Controller.

### 3 OBLIGATIONS OF CONTROLLER

3.1 Controller shall comply with Applicable Data Protection Law and demonstrate such compliance as required under the Applicable Data Protection Law.

3.2 If required by Applicable Data Protection Law Controller shall provide to Processor a copy of the privacy notice that Controller provided to the data subjects.

### 4 INSTRUCTIONS

4.1 Controller engages Processor to process the personal data on behalf of Controller in accordance with GDPR Article 28. Controller instructs Processor to process Personal Data on its behalf of Controller for the purposes of performing the Services. Controller shall ensure that any instruction given to Processor complies with Applicable Data Protection Law. If Customer is a processor, Customer warrants that its instructions and actions with respect to the processing of the personal data provided to the Supplier, including the appointment of Supplier as another processor, have been authorized by the relevant controller.

4.2 Processor shall process the personal data only in accordance with the instructions given by the Controller unless otherwise required by European Union law, Member State law or other applicable data protection law (in the latter case clause 5.4 (b) applies).

4.3 Any further instructions that go beyond the instructions contained in this DPA or the Agreement must be within the subject matter of this DPA and the Agreement. If the implementation of such further instructions results in costs for Processor, Processor shall inform Controller about such costs with an explanation of the costs before implementing the instructions. Only after Controller's confirmation to bear such costs for the implementation of the instructions, Processor is required to implement such further instructions. Controller shall give further instructions generally in writing, unless the urgency or other specific circumstances require another (e.g., oral, electronic) form. Instructions in another form than in writing shall be confirmed by Controller in writing without delay.

4.4 Processor shall immediately inform Controller if, in its opinion, an instruction infringes the GDPR or other Applicable Data Protection Law and request Controller to withdraw, amend or confirm the relevant instruction. Processor shall be entitled to suspend implementation of the relevant instruction pending Controller's decision to withdraw, amend or confirm such instruction.

### 5 OBLIGATIONS OF PROCESSOR

5.1 Processor shall ensure that all persons authorized by Processor to process personal data on behalf of Controller, particularly personnel of Processor or any Subprocessor, have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

5.2 Before processing personal data to provide the Services, Processor shall implement the following technical and organizational measures: [www.softwareag.com/dpa-toms](http://www.softwareag.com/dpa-toms). 5.3 Processor shall make available to Controller all information necessary to demonstrate compliance with the obligations in GDPR Article 28. The Parties agree that this information obligation is met by providing Controller with an audit report upon request. To the extent additional audit activities are required by Applicable Data Protection Law, Controller may request inspections conducted by Controller or another auditor mandated by Controller. Such on-site audit must:

- be limited to processing facilities and personnel of Processor involved in the processing activities covered by this DPA;
- occur no more than once annually or as required by Applicable Data Protection Law or by a competent supervisory authority or immediately after a

material personal data breach affecting personal data processed by Processor under this DPA; and

Each Party shall bear its own costs arising out of or in connection with the on-site audit at Controller and Processor. Controller shall create an audit report summarizing the findings and observations of the on-site audit. All audit reports are confidential information of Processor and shall not be disclosed to third parties unless required by Applicable Data Protection Law or with Processor's consent.

#### 5.4 Processor shall notify Controller without undue delay:

- (a) about any legally binding request for disclosure of the personal data by a law enforcement authority, unless otherwise prohibited, such as by a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation;
- (b) if EU law, Member State law or other Applicable Data Protection Law to which Processor or Subprocessor is subject requires Processor or Subprocessor to process the personal data beyond Controller's instructions, before performing such processing, unless that European Union law, Member State law or other Applicable Data Protection Law prohibits such information on important grounds of public interest. In this case Processor's notification to Controller must specify the applicable legal requirement; and
- (c) after Processor has documented reason to believe that a personal data breach has occurred at Processor or at Subprocessors that may affect the personal data of Controller covered by this DPA. In this case, Processor shall assist Controller with Controller's obligation under Applicable Data Protection Law to inform the data subjects and the supervisory authorities, as applicable, by providing information in accordance to GDPR Article 33 (3) or other Applicable Data Protection Law as available to Processor. Processor shall implement remediation measure to prevent future breaches.

Processor must provide such assistance only if Controller cannot meet its obligation through other means.

#### 5.6 At the choice of Controller, Processor shall delete or return to Controller all personal data (including any data storage media) processed on Controller's behalf under this DPA after the end of the provision of Services and delete any existing copies unless European Union or Member State law requires Processor to retain such personal data.

### 6 DATA SUBJECT RIGHTS

#### 6.1 Controller is primarily responsible for handling and responding to requests made by data subjects. If a data subject contacts Processor directly, Processor shall communicate the data subject's request to Controller. Processor shall not respond to any data subject independently.

### 7 SUBPROCESSING

#### 7.1 Controller authorises the use of Subprocessors engaged by Processor for the provision of the Services under this DPA. The same applies to the use of further Subprocessors engaged by Subprocessors, in which case the below applies accordingly. Processor shall choose such Subprocessor diligently. Processor remains responsible for any acts or omissions of its Subprocessors in the same manner as for its own acts and omissions hereunder. Controller approves the Subprocessors listed here: [www.softwareag.com/dpa-processors](https://www.softwareag.com/dpa-processors)

#### 7.2 Processor shall pass on in writing (electronic form is sufficient) to Subprocessors the obligations of Processor under this DPA to the extent applicable to the subcontracted Services.

#### 7.3 Processor may replace or appoint suitable and reliable Subprocessors at its discretion in accordance with this clause:

- (a) Processor shall after Controller's registration on the SAG Support Portal (<https://www.softwareag.com/en/corporate/tr/dpa-trans/subprocessor.html>) notify Controller in advance of any changes to the list of Subprocessor(s) as set out under clause 7.1 by sending changes to the list of Subprocessor(s) to the given e-mail address of the Controller;
- (b) If Controller does not object in accordance with this clause within 30 days of receiving Processor's notice the Subprocessor(s) will be deemed accepted.
