Audit Market Database

Project reference FRC2024-086

1. The Financial Reporting Council (FRC)

- The purpose of the Financial Reporting Council (FRC) is to serve the public interest by setting high standards of corporate governance, reporting and audit and by holding to account those responsible for delivering them. Further information https://www.frc.org.uk/
- The Government plans to establish the Audit, Reporting and Governance Authority (ARGA) as the successor to the Financial Reporting Council (FRC). ARGA's role will be to protect and promote the interests of investors, other users of corporate reporting and the wider public interest. It is anticipated that the transition from FRC to ARGA will occur within the life of the proposed Agreement.

2. Background

- The FRC's Market Intelligence and Insights (MII) team provides the FRC with understanding of the markets it oversees, the impact of its policies, horizon scanning and evidence-based insight to support and drive policy development.
- To fulfil these activities the MII team requires, on an ongoing basis, access to a reliable audit market database that provides details on audit, regulatory and disclosure information both current and historically. Our requirement is therefore an subscription with a database provider (with the breadth and depth of the data we require) that can provide the following content within the following data categories (See section 3 and Appendix 1 for example parameters that fall within these categories; note our requirements are not limited to these named parameters):
- This data must be accessible via web and data feeds.
- The FRC will require licences for 12 named users
- The FRC will require the rights to publish or reproduce small extracts from, or summaries of, the financial market data and will attribute the database supplier as the source of the information.

3. Our Requirement

- Current background data on the entity including the following identifiers: Companies House ID, LEI, Morningstar Company ID, Primary Exchange Ticker, ISIN
- Audit fee data
- Auditor engagement data
- Auditor change data
- Audit opinions data
- The FRC are seeking a 24 month contract.
