

# **Invitation to Tender**Website Development and Maintenance

Superfast Cornwall 2: 2018-2020 TEN 420

25<sup>th</sup> January 2018

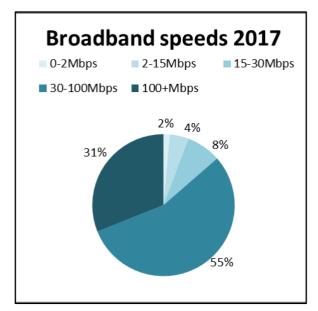

# 1. About the 'Superfast Cornwall 2' and Flexible Working Websites

Cornwall Development Company (CDC) are looking to procure the development, hosting and maintenance of a website for the new Superfast Cornwall programme and the flexible working guidance website. The Superfast Cornwall programme is part-funded by the EU, which runs from 2018 to 2020. The Superfast Cornwall programme is responsible for up-grading and extending Cornwall's current telecommunication infrastructure to connect as many premises as possible to broadband speeds of 30Mbps and above. The programme website's role is to provide information, advice and guidance aimed at the Cornwall community on connecting to and using superfast broadband effectively. There are two existing websites: Superfast Cornwall (<a href="http://www.superfastcornwall.org/">http://www.superfastcornwall.org/</a>) and Flexible Working (<a href="http://www.superfastcornwall.org/">www.flexible-working.org/</a>); and we anticipate much of current content to transfer into the new sites.

# 2. Background and context

Superfast broadband infrastructure in Cornwall has been delivered through two key programmes since 2010: the Superfast Cornwall programme (2010-2015) and the current Superfast Extension Project (2015-2017). A third phase for delivery in the period 2018-2020 is now underway.

# Superfast & Ultrafast for Cornwall Programme - 2018-2020

At the end of 2017, it is estimated that around 38,000 premises will be unable to connect to 30+Mbps <sup>1</sup> superfast broadband. Of these, around 16,000 will be unable to connect with at least 15Mbps speeds and around 4,000 will have speeds of less than 2Mbps.

The new £17.6 million programme will upgrade a further estimated 7,500 premises in some of Cornwall's most remote places, focussing on those premises with less than 15Mbps access.

Funding for this new initiative comes from the EU which will provide £8.5m; BT £5.1m; the Government's Broadband

Delivery UK (BDUK) programme £3m; and Cornwall Council £1.1m. The programme will be managed by Cornwall Development Company.

As this is a publically funded programme seeking to improve the Cornish economy and wellbeing by providing access to improved broadband speeds, a vital necessity to live and grow in today's world, it is therefore very important that the Cornish residents and business have somewhere to go with questions about where, when,

<sup>&</sup>lt;sup>1</sup> Although there are various Government and EU definitions, superfast broadband is taken as 30+Mbps in this document for consistency with the next 2018-2020 Superfast Cornwall programme. Ultrafast broadband is taken as 100+Mbps.

how and why of superfast broadband in Cornwall and this website will need to support that.

# 3. Tender objectives

CDC is seeking to commission services to deliver:

- a) New Superfast Cornwall and Flexible Working websites which are responsive and mobile optimised, including design, content, build and implementation
- b) Develop a SEO strategy for the websites, reviewing all existing content to ensure maximum optimisation opportunities and best quality user experience.
- c) Provide hosting, maintenance and ongoing support service for the websites over the lifetime of the contract.

# 4. Tender requirements

4.1 Deliver a new Superfast Cornwall and Flexible Working website

The new sites will be a next generation development of the existing Superfast Cornwall <a href="http://www.superfastcornwall.org/">http://www.superfastcornwall.org/</a> and Flexible Working <a href="http://www.superfastcornwall.org/">www.flexible-working.org/</a>

The new site requirements are:

- To build and implement the websites using widely recognised Content Management System software.
- To use the existing Superfast Cornwall branding / logo
- To be compliant with EU branding & publicity guidelines, so the appropriate EU logo must be displayed in a compliant way.

# **15.** Corporate requirements

CDC wishes to ensure that its contractors, suppliers and advisers comply with its corporate requirements when facilitating the delivery of its services. It is therefore necessary to ensure that the contractor can evidence their ability to meet these requirements when providing the services under this commission.

All Tender returns must include evidence of the following as pre-requisite if the Tender return is to be considered.

### Equality and Diversity

CDC is committed to providing services in a way that promotes equality of opportunity. It is expected that the successful tenderer will be equally committed to equality and diversity in its service provision and will ensure compliance with all anti-discrimination legislation. The tenderer will be required to provide a copy of their Equality and Diversity Policies/Practices if successful in securing this contract.

#### Environmental Policy

CDC is committed to sustainable development and the promotion of good environmental management. It is expected that the successful tenderer will be committed to a process of improvement with regard to environmental issues. The tenderer will be required to provide a copy of their Environmental Policies/Practices if successful in securing this contract.

#### Indemnity and Insurance

The contractor must effect and maintain with reputable insurers such policy or policies of insurance as may be necessary to cover the contractor's obligations and liabilities under this contract, including but not limited to:

- Professional indemnity insurance with a limit of liability of not less than £1 million;
- Public liability insurance with a limit of liability of not less than £1 million;
- Employers liability insurance with a limit if liability of not less than £1 million

All insurances shall cover for any one occurrence or series of occurrences arising out of any one event during the performance of this contract.

The tenderer will be required to provide a copy of their insurance policies if successful in securing this contract.

In addition, the contract will be subject to the following legislation.

Freedom of Information Legislation

CDC may be obliged to disclose information provided by bidders in response to this tender under the Freedom of Information Act 2000 and all subordinate legislation made under this Act and the Environmental Information Regulations 2004 (Freedom of Information Legislation). Tenderers should therefore be aware that the information they provide could be disclosed in response to a request under the Freedom of Information Legislation. CDC will proceed on the basis of disclosure unless an appropriate exemption applies.

Tenderers should be aware that despite the availability of some exemptions, information may still be disclosed if it is in the public interest.

# Prevention of Bribery

Tenderers are hereby notified that CDC is subject to the regulations of the Bribery Act 2010 and therefore has a duty to ensure that all tenderers will comply with applicable laws, regulations, codes and sanctions relating to anti-bribery and anti-corruption including, but not limited to, this legislation.

# Health and Safety

The Consultant must at all times comply with the requirements of the Health and Safety at Work Act 1974, the Management of Health and Safety at Work Regulations 1992 and all other statutory and regulatory requirements.

#### Exclusion

CDC shall exclude the tenderer from participation in this procurement procedure where they have established or are otherwise aware that the organisation, to include administrative, management or supervisory staff that have powers of representation, decision or control of the applicant's company, has been the subject of a conviction by final judgment of one of the following reasons:

- 1. Participation in a criminal organisation
- 2. Corruption
- 3. Fraud
- 4. Terrorist offences or offences linked to terrorist activities
- 5. Money laundering or terrorist financing
- 6. Child labour and other forms of trafficking in human beings

#### **Publicity**

In order to comply with the necessary publicity regulations that accompany ESIF funds all promotional material, meeting invites, questionnaires and reports must at all times comply with the latest guidelines.

The Secretary of State has published the National European Structural and Investment Fund Publicity Guidance to assist grant recipients to comply with the Regulations referred to in the paragraph above. The chosen contractor will be required to agree all project paperwork design with the project manager at the

start of the contract to ensure that the necessary conditions have been met.

The appointed contractor must comply with the publicity requirements in all activities, events, and literature developed as part of this contract. The link to the ERDF publicity requirements is <a href="https://www.gov.uk/government/uploads/system/uploads/attachment\_data/file/564432/esif\_branding\_and\_publicity\_requirements.pdf">https://www.gov.uk/government/uploads/system/uploads/attachment\_data/file/564432/esif\_branding\_and\_publicity\_requirements.pdf</a>.

# Sub-contracting

Tenderers should note that a consortia can submit a tender but the subcontracting of aspects of this commission after appointment will not be allowed.

#### Content ownership

By submitting a tender application, the tenderer acknowledges that the copyright to all material produced during the project will be the property of CDC.

#### Document Retention

All documentation (electronic and hard copy) produced as part of this contract will need to be returned to CDC at the end of the contract so that we can retain them for future reference/audit. The contractor will not be expected to store these documents for future reference.

#### Conflicts of Interest

Tenderers must provide a clear statement with regard to potential conflicts of interests. Therefore, **please confirm within your tender submission** whether, to the best of your knowledge, there is any conflict of interest between your organisation and CDC or its project team that is likely to influence the outcome of this procurement either directly or indirectly through financial, economic or other personal interest which might be perceived to compromise the impartiality and independence of any party in the context of this procurement procedure.

Receipt of this statement will permit CDC to ensure that, in the event of a conflict of interest being notified or noticed, appropriate steps are taken to ensure that the evaluation of any submission will be undertaken by an independent and impartial panel.

#### 16. Disclaimer

The issue of this documentation does not commit CDC to award any contract pursuant to the tender process or enter into a contractual relationship with any provider of the service. Nothing in the documentation or in any other communications made between CDC or its agents and any other party, or any part thereof, shall be taken as constituting a contract, agreement or representation between CDC and any other party (save for a formal award of

contract made in writing by or on behalf of CDC).

Tenderers must obtain for themselves, at their own responsibility and expense, all information necessary for the preparation of their tender responses. Information supplied to the tenderers by CDC or any information contained in CDC's publications is supplied only for general guidance in the preparation of the tender response. Tenderers must satisfy themselves by their own investigations as to the accuracy of any such information and no responsibility is accepted by CDC for any loss or damage of whatever kind and howsoever caused arising from the use by tenderers of such information.

CDC reserves the right to vary or change all or any part of the basis of the procedures for the procurement process at any time or not to proceed with the proposed procurement at all.

Cancellation of the procurement process (at any time) under any circumstances will not render CDC liable for any costs or expenses incurred by tenderers during the procurement process.
