I.4) **Type of the contracting authority**

National or federal agency/office

I.5) **Main activity**

Health

Section II: Object

II.1) **Scope of the procurement**

II.1.1) **Title:**

General Wound Care

II.1.2) **Main CPV code**

33141000

II.1.3) **Type of contract**

Supplies

II.1.4) **Short description:**

NHS Supply Chain seeks to establish a framework agreement which will cover a large range of products to help influence ideal wound healing environments, prevent infection and skin breakage including, but not limited to film dressings and associated products, skin protectants, medical adhesive tapes, non woven island dressings, super absorbent dressings, dressings pads, bandages, medical swabs and others TBC. Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of 50 500 000 GBP in the first year of this framework agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the framework agreement.

Estimated value over the total framework agreement term (including any extension options) will be circa 360 000 000 GBP.

NHS Supply Chain are exploring the possibility of 4 years plus 2 years framework agreement having a total term of 6 years.

II.1.5) **Estimated total value**

Value excluding VAT: 360 000 000.00 GBP

II.1.6) **Information about lots**

This contract is divided into lots: yes

II.2) **Description**

II.2.1) **Title:**

Film Dressings and Associated Products

Lot No: 1

II.2.2) **Additional CPV code(s)**

33141110

33141111

II.2.3) **Place of performance**

NUTS code: UK

Main site or place of performance:
Various Locations in the UK.

II.2.4) **Description of the procurement:**

The lot is for a range of film dressings (with and without pad) IV film dressings and fixation devices. Precise quantities are unknown. It is anticipated that initial expenditure will be approximately 15 000 000 GBP in the first year of this framework agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the framework agreement. Estimated value of this lot over the total 6 years term will be circa 100 000 000 GBP.

The following certification will be a requirement of the upcoming tender exercise and applicants may be required to include evidence of this with their tender submission.

ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the applicant's (and the product's) supply chain. This should include but not be limited to manufacturing, storage and distribution. Applicants should note that if an applicant intends to commit to obtain ISO9001 at tender submission then further evidence will be asked for with their bid to provide evidence of their current position in obtaining ISO9001. The requirement is that ISO9001 is in place at prior to the commencement of the framework agreement (in order for NHS Supply Chain to trade with the successful applicant).

Evidence of compliance to the Medical Devices Directive 93/42/EEC may be requested as part of your tender response. You will be required to submit the following 2 forms of evidence: a valid, in date CE certificate issued by a notified body covering the scope of products that are to be tendered for and an EC declaration of conformity covering all tendered product lines (please note multiple certificates and declarations are acceptable). There will be no option to commit to obtain the certificates and declarations of conformity.

II.2.14) **Additional information**

NHS Supply Chain reserves the right to re-open competition under this framework agreement, with the successfully awarded applicants.

Please note, product testing may be used at any point during the tender process and throughout the life of the framework agreement.

As evidence of compliance to the specification, applicants may be required to submit ward ready samples for each tendered product FOC.

II.2) **Description**

II.2.1) **Title:**

Skin Protectants
Lot No: 2

II.2.2) **Additional CPV code(s)**

33141110

II.2.3) **Place of performance**

NUTS code: UK

Main site or place of performance:
Various Locations in the UK

II.2.4) **Description of the procurement:**

The lot is for a range of barrier creams, films and wipes in varying sizes and applications.

Precise quantities are unknown. It is anticipated that initial expenditure will be approximately £5,000,000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

Estimated value of this lot over the total 6 years term will be circa £36,000,000.

The following certification will be a requirement of the upcoming tender exercise and applicants may be required to include evidence of this with their tender submission.

ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the applicant's (and the product's) supply chain. This should include but not be limited to manufacturing, storage and distribution. Applicants should note that if an applicant intends to commit to obtain ISO9001 at tender submission then further evidence will be asked for with their bid to provide evidence of their current position in obtaining ISO9001. The requirement is that ISO9001 is in place at prior to the commencement of the Framework Agreement (in order for NHS Supply Chain to trade with the successful applicant).

Evidence of compliance to the Medical Devices Directive 93/42/EEC may be requested as part of your tender response. You will be required to submit the following 2 forms of evidence: a valid, in date CE certificate issued by a notified body covering the scope of products that are to be tendered for and an EC declaration of conformity covering all tendered product lines (please note multiple certificates and declarations are acceptable). There will be no option to commit to obtain the certificates and declarations of conformity.

II.2.14) **Additional information**

NHS Supply Chain reserves the right to re-open competition under this Framework Agreement, with the successfully awarded applicants.

Please note, product testing may be used at any point during the tender process and throughout the life of the Framework Agreement.

As evidence of compliance to the specification, applicants may be required to submit ward ready samples for each tendered product FOC.

II.2) **Description**

II.2.1) **Title:**

Medical Adhesive Tapes

Lot No: 3

II.2.2) **Additional CPV code(s)**

33141110

II.2.3) **Place of performance**

NUTS code: UK

Main site or place of performance:

Various Locations in the UK

II.2.4) **Description of the procurement:**

The lot is for adhesive medical tapes in a variety of widths and lengths including; blended paper and plastic, cloth, foam, paper, plastic, silicone, silk and zinc oxide.

Precise quantities are unknown. It is anticipated that initial expenditure will be approximately £3,000,000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement. Estimated value of this lot over the total 6 years term will be circa £21,000,000.

The following certification will be a requirement of the upcoming tender exercise and applicants may be required to include evidence of this with their tender submission.

ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the applicant's (and the product's) supply chain. This should include but not be limited to manufacturing, storage and distribution. Applicants should note that if an applicant intends to commit to obtain ISO9001 at tender submission then further evidence will be asked for with their bid to provide evidence of their

current position in obtaining ISO9001. The requirement is that ISO9001 is in place at prior to the commencement of the Framework Agreement (in order for NHS Supply Chain to trade with the successful applicant).

Evidence of compliance to the Medical Devices Directive 93/42/EEC may be requested as part of your tender response. You will be required to submit the following 2 forms of evidence: a valid, in date CE certificate issued by a notified body covering the scope of products that are to be tendered for and an EC declaration of conformity covering all tendered product lines (please note multiple certificates and declarations are acceptable). There will be no option to commit to obtain the certificates and declarations of conformity.

II.2.14) **Additional information**

NHS Supply Chain reserves the right to re-open competition under this Framework Agreement, with the successfully awarded applicants.

Please note, product testing may be used at any point during the tender process and throughout the life of the Framework Agreement.

As evidence of compliance to the specification, applicants may be required to submit ward ready samples for each tendered product FOC.

II.2) **Description**

II.2.1) **Title:**

Non Woven Island Dressings

Lot No: 4

II.2.2) **Additional CPV code(s)**

33141110

33141111

Non Woven Balls - Non-woven balls in a range of sizes, sterile and non-sterile.

Ambulance and Emergency Products - A range of sterile products and mass casualty packs for use within ambulance including dressings with attached stretch

Bandages, non-adherent dressing pads, and absorbent dressings.

Oral Mucositis and Associated Products - A range of prevention treatment and management of oral mucositis.

Precise quantities are unknown. It is anticipated that initial expenditure will be approximately £1,000,000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement. Estimated value of this lot over the total 6 years term will be circa £10,000,000.

The following certification will be a requirement of the upcoming tender exercise and applicants may be required to include evidence of this with their tender submission.

ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the applicant's (and the product's) supply chain. This should include but not be limited to manufacturing, storage and distribution. Applicants should note that if an applicant intends to commit to obtain ISO9001 at tender submission then further evidence will be asked for with their bid to provide evidence of their current position in obtaining ISO9001. The requirement is that ISO9001 is in place at prior to the commencement of the Framework Agreement (in order for NHS Supply Chain to trade with the successful applicant).

Evidence of compliance to the Medical Devices Directive 93/42/EEC may be requested as part of your tender response. You will be required to submit the following 2 forms of evidence: a valid, in date CE certificate issued by a notified body covering the scope of products that are to be tendered for and an EC declaration of conformity covering all tendered product lines (please note multiple certificates and declarations are acceptable). There will be no option to commit to obtain the certificates and declarations of conformity.

II.2.14) **Additional information**

NHS Supply Chain reserves the right to re-open competition under this Framework Agreement, with the successfully awarded applicants.

Please note, product testing may be used at any point during the tender process and throughout the life of the Framework Agreement.

As evidence of compliance to the specification, applicants may be required to submit ward ready samples for each tendered product FOC.

II.3) **Estimated date of publication of contract notice:**

15/08/2020

Section IV: Procedure

IV.1) **Description**

IV.1.8) **Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: yes

Section VI: Complementary information

VI.3) **Additional information:**

The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

NHS Supply Chain is currently considering using the lots for this procurement. However, it reserves the right to change any aspect of the lotting structure as part of any future tender process.

The Framework Agreement between NHS Supply Chain and successful suppliers will reserve the right to purchase the same or similar supplies and/or services from suppliers not appointed to the Framework Agreement at its sole discretion.

NHS Supply Chain expects to provide successful suppliers with the opportunity to offer additional savings to customers through the provision of discounted pricing, value added offerings and National Pricing Matrix buy initiatives.

NHS Supply Chain intends to enter into arrangements under which it will be entitled to purchase supplies and/or services which it will make available for purchase by:

- 1) Any NHS Trust;
- 2) Any other NHS entity;
- 3) Any government department, agency or other statutory body; and/or
- 4) Any private sector entity active in the UK healthcare sector. Only NHS Supply Chain can order from the Framework Agreement and enter into contracts under it.

The Framework Agreement for General Wound Care will incorporate contract conditions to ensure suppliers are managing labour standards in their organisation and supply chains in line with the ILO (International Labour Organisation). The Labour Standards Assurance Scheme (LSAS) is about improvement throughout the framework and from one to the next. Therefore, the renewal of this framework will incorporate improvement contract conditions with regards to LSAS.

New bidders will not be excluded from competition provided they are committed to putting a Labour Standards Assurance Scheme in place.

Further information in respect of certification requirements will be set out in the notice for the forthcoming procurement. If such certificates are not in the name of the applicant then the applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.

As part of its pre-tender strategy, NHS Supply Chain would also like to engage with suppliers of these products via a Request for Information (RFI). If you would like to complete the RFI document in respect of the products which are the subject of this procurement, then please follow the below instructions;

Candidates wishing to complete the Request for Information must register their expression of interest. The Request for Information document will then be sent via the Intenda Messaging Centre and the deadline for this information to be submitted is 31.12.2019 at 16.00.

Registration:

- 1) Use URL <http://procurement.supplychain.nhs.uk/ISS/> to access the NHS Supply Chain Procurement portal;
- 2) If not yet registered:
 - click on the 'Not Registered Yet' link to access the registration page,
 - complete the registration pages as guided by the mini guide found on the landing page.

Portal access:

If registration has been completed:

- login with URL <http://procurement.supplychain.nhs.uk/ISS/>
- click on the 'Supplier Dashboard' icon and select 'Prior Information Notice' towards the top right of the screen to open the list of new prior information notices.

Expression of interest:

— view PIN content by clicking on the 'View Notice' button for the procurement event. This opens a PDF document,

— express an interest by clicking on the 'Express Interest' button.

VI.5) **Date of dispatch of this notice:**

15/10/2019
