SECTION H – REMEDIES AND RELIEF

28 RECTIFICATION PLAN PROCESS

28.1 In the event that:

- (a) there is, or is reasonably likely to be, a Delay; and/or
- (b) in any Service Period there has been:
 - (i) a Material KPI Failure; and/or
 - (ii) a Material PI Failure; and/or
- (c) the Supplier commits a material Default that is capable of remedy (and for these purposes a material Default may be a single material Default or a number of Defaults or repeated Defaults (whether of the same or different obligations and regardless of whether such Defaults are remedied) which taken together constitute a material Default),

(each a “**Notifiable Default**”), the Supplier shall notify the Authority of the Notifiable Default as soon as practicable but in any event within 3 Working Days of becoming aware of the Notifiable Default, detailing the actual or anticipated effect of the Notifiable Default and, unless the Notifiable Default also constitutes a Rectification Plan Failure or other Supplier Termination Event, the Authority may not terminate this Agreement in whole or in part on the grounds of the Notifiable Default without first following the Rectification Plan Process.

Notification

28.2 If:

- (a) the Supplier notifies the Authority pursuant to Clause 28.1 that a Notifiable Default has occurred; or
- (b) the Authority notifies the Supplier that it considers that a Notifiable Default has occurred (setting out sufficient detail so that it is reasonably clear what the Supplier has to rectify),

then, unless the Notifiable Default also constitutes a Supplier Termination Event and the Authority serves a Termination Notice, the Supplier shall comply with the Rectification Plan Process.

28.3 The “**Rectification Plan Process**” shall be as set out in Clauses 28.4 (*Submission of the draft Rectification Plan*) to 28.9 (*Agreement of the Rectification Plan*).

28.4 The Supplier shall submit a draft Rectification Plan to the Authority for it to review as soon as possible and in any event within 10 Working Days (or such other period as may be agreed between the Parties) after the original notification pursuant to Clause 28.2 (*Notification*). draft Rectification Plan even if the Supplier disputes that it is responsible for the Notifiable Default.

28.5 The draft Rectification Plan shall set out:

- (a) full details of the Notifiable Default that has occurred, including a root cause analysis;
- (b) the actual or anticipated effect of the Notifiable Default; and
- (c) the steps which the Supplier proposes to take to rectify the Notifiable Default (if applicable) and to prevent such Notifiable Default from recurring, including timescales for such steps and for the rectification of the Notifiable Default (where applicable).

28.6 The Supplier shall promptly provide to the Authority any further documentation that the Authority reasonably requires to assess the Supplier's root cause analysis. If the Parties do not agree on the root cause set out in the draft Rectification Plan, either Party may refer the matter to be determined by an expert in accordance with Paragraph 6 of Schedule 8.3 (*Dispute Resolution Procedure*).

Agreement of the Rectification Plan

28.7 The Authority may reject the draft Rectification Plan by notice to the Supplier if, acting reasonably, it considers that the draft Rectification Plan is inadequate, for example because the draft Rectification Plan:

- (a) is insufficiently detailed to be capable of proper evaluation;
- (b) will take too long to complete;
- (c) will not prevent reoccurrence of the Notifiable Default; and/or
- (d) will rectify the Notifiable Default but in a manner which is unacceptable to the Authority.

28.8 The Authority shall notify the Supplier whether it consents to the draft Rectification Plan as soon as reasonably practicable. If the Authority rejects the draft Rectification Plan, the Authority shall give reasons for its decision and the Supplier shall take the reasons into account in the preparation of a revised Rectification Plan. The Supplier shall submit the revised draft of the Rectification Plan to the Authority for review within 5 Working Days (or such other period as agreed between the Parties) of the Authority's notice rejecting the first draft.

28.9 If the Authority consents to the Rectification Plan:

- (a) the Supplier shall immediately start work on the actions set out in the Rectification Plan; and
- (b) the Authority may no longer terminate this Agreement in whole or in part on the grounds of the relevant Notifiable Default;

save in the event of a Rectification Plan Failure or other Supplier Termination Event.

29 Not Used

30 REMEDIAL ADVISER

- (a) any of the Intervention Trigger Events occur; or
- (b) the Authority reasonably believes that any of the Intervention Trigger Events are likely to occur,

- (i) a meeting between the Authority Representative and the Supplier Representative to discuss the Intervention Cause; and/or
- (ii) the appointment as soon as practicable by the Supplier of a Remedial Adviser, as further described in this Clause 30.

For the avoidance of doubt, if the Intervention Cause is also a Supplier Termination Event, the Authority has no obligation to exercise its rights under this Clause 30.1 prior to or instead of exercising its right to terminate this Agreement.

30.2 If the Authority gives notice that it requires the appointment of a Remedial Adviser:

- (a) the Remedial Adviser shall be:
 - (i) a person selected by the Supplier and approved by the Authority; or
 - (ii) if none of the persons selected by the Supplier have been approved by the Authority (or no person has been selected by the Supplier) within 10 Working Days following the date on which the Intervention Notice is given, a person identified by the Authority;
- (b) the terms of engagement and start date agreed with the Remedial Adviser must be approved by the Authority; and
- (c) any right of the Authority to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*) for the occurrence of that Intervention Cause shall be suspended for 60 Working Days from (and including) the date of the Intervention Notice (or such other period as may be agreed between the Parties)(the “**Intervention Period**”).

- 30.3 The Remedial Adviser's overall objective shall be to mitigate the effects of, and (to the extent capable of being remedied) to remedy, the Intervention Cause and to avoid the occurrence of similar circumstances in the future. In furtherance of this objective (but without diminishing the Supplier's responsibilities under this Agreement), the Parties agree that the Remedial Adviser may undertake any one or more of the following actions:
- (a) observe the conduct of and work alongside the Supplier Personnel to the extent that the Remedial Adviser considers reasonable and proportionate having regard to the Intervention Cause;
 - (b) gather any information the Remedial Adviser considers relevant in the furtherance of its objective;
 - (c) write reports and provide information to the Authority in connection with the steps being taken by the Supplier to remedy the Intervention Cause;
 - (d) make recommendations to the Authority and/or the Supplier as to how the Intervention Cause might be mitigated or avoided in the future; and/or
 - (e) take any other steps that the Authority and/or the Remedial Adviser reasonably considers necessary or expedient in order to mitigate or rectify the Intervention Cause.
- 30.4 The Supplier shall:
- (a) work alongside, provide information to, co-operate in good faith with and adopt any reasonable methodology in providing the Services recommended by the Remedial Adviser;
 - (b) ensure that the Remedial Adviser has all the access it may require in order to carry out its objective, including access to the Assets;
 - (c) submit to such monitoring as the Authority and/or the Remedial Adviser considers reasonable and proportionate in respect of the Intervention Cause;
 - (d) implement any reasonable recommendations made by the Remedial Adviser that have been approved by the Authority within the timescales given by the Remedial Adviser; and
 - (e) not terminate the appointment of the Remedial Adviser prior to the end of the Intervention Period without the prior consent of the Authority (such consent not to be unreasonably withheld).
- 30.5 The Supplier shall be responsible for:
- (a) the costs of appointing, and the fees charged by, the Remedial Adviser; and
 - (b) its own costs in connection with any action required by the Authority and/or the Remedial Adviser pursuant to this Clause 30.

30.6 If:

- (a) the Supplier:
 - (i) fails to perform any of the steps required by the Authority in an Intervention Notice; and/or
 - (ii) is in Default of any of its obligations under Clause 30.4; and/or
- (b) the relevant Intervention Trigger Event is not rectified by the end of the Intervention Period,

(each a “**Remedial Adviser Failure**”), the Authority shall be entitled to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*).

31 STEP-IN RIGHTS

31.1 On the occurrence of a Step-In Trigger Event, the Authority may serve notice on the Supplier (a “**Step-In Notice**”) that it will be taking action under this Clause 31 (*Step-in Rights*), either itself or with the assistance of a third party (provided that the Supplier may require any third parties to comply with a confidentiality undertaking equivalent to Clause 22 (*Confidentiality*)). The Step-In Notice shall set out the following:

- (a) the action the Authority wishes to take and in particular the Services that it wishes to control (the “**Required Action**”);
- (b) the Step-In Trigger Event that has occurred and whether the Authority believes that the Required Action is due to the Supplier's Default;
- (c) the date on which it wishes to commence the Required Action;
- (d) the time period which it believes will be necessary for the Required Action;
- (e) whether the Authority will require access to the Supplier's premises and/or the Sites; and
- (f) to the extent practicable, the impact that the Authority anticipates the Required Action will have on the Supplier's obligations to provide the Services during the period that the Required Action is being taken.

31.2 Following service of a Step-In Notice, the Authority shall:

- (a) take the Required Action set out in the Step-In Notice and any consequential additional action as it reasonably believes is necessary to achieve the Required Action;
- (b) keep records of the Required Action taken and provide information about the Required Action to the Supplier;

- (c) co-operate wherever reasonable with the Supplier in order to enable the Supplier to continue to provide the Services in relation to which the Authority is not assuming control; and
 - (d) act reasonably in mitigating the cost that the Supplier will incur as a result of the exercise of the Authority's rights under this Clause 31.
- 31.3 For so long as and to the extent that the Required Action is continuing, then:
- (a) the Supplier shall not be obliged to provide the Services to the extent that they are the subject of the Required Action;
 - (b) no Deductions shall be applicable in relation to Charges in respect of Services that are the subject of the Required Action and the provisions of Clause 31.4 shall apply to Deductions from Charges in respect of other Services; and
 - (c) the Authority shall pay to the Supplier the Charges after subtracting any applicable Deductions and the Authority's costs of taking the Required Action.
- 31.4 If the Supplier demonstrates to the reasonable satisfaction of the Authority that the Required Action has resulted in:
- (a) the degradation of any Services not subject to the Required Action;
or
 - (b) the non-Achievement of a Milestone,
- beyond that which would have been the case had the Authority not taken the Required Action, then the Supplier shall be entitled to an agreed adjustment of the Charges.
- 31.5 Before ceasing to exercise its step in rights under this Clause 31 the Authority shall deliver a written notice to the Supplier (a **"Step-Out Notice"**), specifying:
- (a) the Required Action it has actually taken; and
 - (b) the date on which the Authority plans to end the Required Action (the **"Step-Out Date"**) subject to the Authority being satisfied with the Supplier's ability to resume the provision of the Services and the Supplier's plan developed in accordance with Clause 31.6.
- 31.6 The Supplier shall, following receipt of a Step-Out Notice and not less than 20 Working Days prior to the Step-Out Date, develop for the Authority's approval a draft plan (a **"Step-Out Plan"**) relating to the resumption by the Supplier of the Services, including any action the Supplier proposes to take to ensure that the affected Services satisfy the requirements of this Agreement.
- 31.7 If the Authority does not approve the draft Step-Out Plan, the Authority shall inform the Supplier of its reasons for not approving it. The Supplier shall then revise the draft Step-Out Plan taking those reasons into account and shall re-submit the revised plan to the Authority for the Authority's approval. The

Authority shall not withhold or delay its approval of the draft Step-Out Plan unnecessarily.

31.8 The Supplier shall bear its own costs in connection with any step-in by the Authority under this Clause 31, provided that the Authority shall reimburse the Supplier's reasonable additional expenses incurred directly as a result of any step-in action taken by the Authority under:

- (a) limbs (c) or (d) of the definition of a Step-In Trigger Event; or
- (b) limbs (e) and (f) of the definition of a Step-in Trigger Event (insofar as the primary cause of the Authority serving the Step-In Notice is identified as not being the result of the Supplier's Default).

32 AUTHORITY CAUSE

32.1 Notwithstanding any other provision of this Agreement, if the Supplier has failed to:

- (a) Achieve a Milestone by its Milestone Date;
- (b) provide the Operational Services in accordance with the Target Performance Levels; and/or
- (c) comply with its obligations under this Agreement,

(each a "**Supplier Non-Performance**"),

and can demonstrate that the Supplier Non-Performance would not have occurred but for an Authority Cause, then (subject to the Supplier fulfilling its obligations in this Clause 32):

- (i) the Supplier shall not be treated as being in breach of this Agreement to the extent the Supplier can demonstrate that the Supplier Non-Performance was caused by the Authority Cause;
- (ii) the Authority shall not be entitled to exercise any rights that may arise as a result of that Supplier Non-Performance:
 - (A) to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*); or
 - (B) to take action pursuant to Clauses 30 (*Remedial Adviser*) or 31 (*Step-In*);
- (iii) where the Supplier Non-Performance constitutes the failure to Achieve a Milestone by its Milestone Date:
 - (A) the Milestone Date shall be postponed by a period equal to the period of Delay that the Supplier can demonstrate was caused by the Authority Cause;
 - (B) if the Authority, acting reasonably, considers it appropriate, the Implementation Plan shall be

amended to reflect any consequential revisions required to subsequent Milestone Dates resulting from the Authority Cause;

- (C) not used; and
 - (D) the Supplier shall be entitled to claim compensation subject to and in accordance with the principles set out in Paragraph 2 of Part C of Schedule 7.1 (*Charges and Invoicing*); and/or
- (iv) where the Supplier Non-Performance constitutes a Performance Failure:
- (A) the Supplier shall not be liable to accrue Service Credits;
 - (B) the Authority shall not be entitled to withhold any of the Service Charges pursuant to Clause 7.2(d)(ii) (*Performance Failures*);
 - (C) the Authority shall not be entitled to withhold and retain any Compensation for Unacceptable KPI Failure pursuant to Clause 7.4(a) (*Unacceptable KPI Failure*); and
 - (D) the Supplier shall be entitled to invoice for the Service Charges for the relevant Operational Services affected by the Authority Cause,

in each case, to the extent that the Supplier can demonstrate that the Performance Failure was caused by the Authority Cause.

32.2 In order to claim any of the rights and/or relief referred to in Clause 32.1, the Supplier shall as soon as reasonably practicable (and in any event within 10 Working Days) after becoming aware that an Authority Cause has caused, or is reasonably likely to cause, a Supplier Non-Performance, give the Authority notice (a “**Relief Notice**”) setting out details of:

- (a) the Supplier Non-Performance;
- (b) the Authority Cause and its effect, or likely effect, on the Supplier's ability to meet its obligations under this Agreement;
- (c) any steps which the Authority can take to eliminate or mitigate the consequences and impact of such Authority Cause; and
- (d) the relief and/or compensation claimed by the Supplier.

32.3 Following the receipt of a Relief Notice, the Authority shall as soon as reasonably practicable consider the nature of the Supplier Non-Performance and the alleged Authority Cause and whether it agrees with the Supplier's assessment set out in the Relief Notice as to the effect of the relevant

Authority Cause and its entitlement to relief and/or compensation, consulting with the Supplier where necessary.

32.4 The Supplier shall use all reasonable endeavours to eliminate or mitigate the consequences and impact of an Authority Cause, including any Losses that the Supplier may incur and the duration and consequences of any Delay or anticipated Delay.

32.5 Without prejudice to Clause 5.9 (*Continuing obligation to provide the Services*), if a Dispute arises as to:

- (a) whether a Supplier Non-Performance would not have occurred but for an Authority Cause; and/or
- (b) the nature and/or extent of the relief and/or compensation claimed by the Supplier,

either Party may refer the Dispute to the Dispute Resolution Procedure. Pending the resolution of the Dispute, both Parties shall continue to resolve the causes of, and mitigate the effects of, the Supplier Non-Performance.

32.6 Any Change that is required to the Implementation Plan or to the Charges pursuant to this Clause 32 shall be implemented in accordance with the Change Control Procedure.

33 FORCE MAJEURE

33.1 Subject to the remaining provisions of this Clause 33 (and, in relation to the Supplier, subject to its compliance with its obligations in Schedule 8.6 (*Service Continuity Plan and Corporate Resolution Planning*)), a Party may claim relief under this Clause 33 from liability for failure to meet its obligations under this Agreement for as long as and only to the extent that the performance of those obligations is directly affected by a Force Majeure Event. Any failure or delay by the Supplier in performing its obligations under this Agreement which results from a failure or delay by an agent, Sub-contractor or supplier shall be regarded as due to a Force Majeure Event only if that agent, Sub-contractor or supplier is itself impeded by a Force Majeure Event from complying with an obligation to the Supplier.

33.2 The Affected Party shall as soon as reasonably practicable issue a Force Majeure Notice, which shall include details of the Force Majeure Event, its effect on the obligations of the Affected Party and any action the Affected Party proposes to take to mitigate its effect.

33.3 If the Supplier is the Affected Party, it shall not be entitled to claim relief under this Clause 33 to the extent that consequences of the relevant Force Majeure Event:

- (a) are capable of being mitigated, but the Supplier has failed to do so;
- (b) should have been foreseen and prevented or avoided by a prudent provider of services similar to the Services, operating to the standards required by this Agreement; or

- (c) are the result of the Supplier's failure to comply with its Service Continuity Plan (except to the extent that such failure is also due to a Force Majeure Event that affects the execution of the Service Continuity Plan).
- 33.4 Subject to Clause 33.5, as soon as practicable after the Affected Party issues the Force Majeure Notice, and at regular intervals thereafter, the Parties shall consult in good faith and use reasonable endeavours to agree any steps to be taken and an appropriate timetable in which those steps should be taken, to enable continued provision of the Services affected by the Force Majeure Event.
- 33.5 The Parties shall at all times following the occurrence of a Force Majeure Event and during its subsistence use their respective reasonable endeavours to prevent and mitigate the effects of the Force Majeure Event. Where the Supplier is the Affected Party, it shall take all steps in accordance with Good Industry Practice to overcome or minimise the consequences of the Force Majeure Event.
- 33.6 Where, as a result of a Force Majeure Event:
 - (a) an Affected Party fails to perform its obligations in accordance with this Agreement, then during the continuance of the Force Majeure Event:
 - (i) the other Party shall not be entitled to exercise any rights to terminate this Agreement in whole or in part as a result of such failure other than pursuant to Clause 34.1(c) (*Termination by the Authority*) or Clause 34.3(b) (*Termination by the Supplier*); and
 - (ii) neither Party shall be liable for any Default arising as a result of such failure;
 - (b) the Supplier fails to perform its obligations in accordance with this Agreement:
 - (i) the Authority shall not be entitled:
 - (A) during the continuance of the Force Majeure Event to exercise its rights under Clause 30 (*Remedial Adviser*) and/or Clause 31 (*Step-in Rights*) as a result of such failure;
 - (B) not used; and
 - (C) to receive Service Credits, to withhold any of the Service Charges pursuant to Clause 7.2(d)(ii) (*Performance Failures*) or withhold and retain any of the Service Charges as compensation pursuant to Clause 7.4(a) (*Unacceptable KPI Failure*) to the extent that a Performance Failure has been caused by the Force Majeure Event; and

- (ii) the Supplier shall be entitled to receive payment of the Charges (or a proportional payment of them) only to the extent that the Services (or part of the Services) continue to be performed in accordance with the terms of this Agreement during the occurrence of the Force Majeure Event.

33.7 The Affected Party shall notify the other Party as soon as practicable after the Force Majeure Event ceases or no longer causes the Affected Party to be unable to comply with its obligations under this Agreement.

33.8 Relief from liability for the Affected Party under this Clause 33 shall end as soon as the Force Majeure Event no longer causes the Affected Party to be unable to comply with its obligations under this Agreement and shall not be dependent on the serving of notice under Clause 33.7.

SECTION I – TERMINATION AND EXIT MANAGEMENT

34 TERMINATION RIGHTS

Termination by the Authority

- 34.1 The Authority may terminate this Agreement by issuing a Termination Notice to the Supplier:
- (a) for convenience at any time, including where the Agreement should not have been entered into in view of a serious infringement of obligations under European Law declared by the Court of Justice of the European Union under Article 258 of the Treaty on the Functioning of the EU;
 - (b) if a Supplier Termination Event occurs;
 - (c) if a Force Majeure Event endures for a continuous period of more than ninety (90) days; or
 - (d) if the Agreement has been substantially amended to the extent that the Public Contracts Regulations 2015 require a new procurement procedure,

and this Agreement shall terminate on the date specified in the Termination Notice.

- 34.2 Where the Authority:

- (a) is terminating this Agreement under Clause 34.1(b) due to the occurrence of either limb (b) and/or (g) of the definition of Supplier Termination Event, it may rely on a single material Default or on a number of Defaults or repeated Defaults (whether of the same or different obligations and regardless of whether such Defaults are cured) which taken together constitute a material Default; and/or
- (b) has the right to terminate this Agreement under Clause 34.1(b) or Clause 34.1(c), it may, prior to or instead of terminating the whole of this Agreement, serve a Termination Notice requiring the partial termination of this Agreement to the extent that it relates to any part of the Services which are materially affected by the relevant circumstances.

Termination by the Supplier

- 34.3 The Supplier may, by issuing a Termination Notice to the Authority, terminate:
- (a) this Agreement if the Authority fails to pay an undisputed sum due to the Supplier under this Agreement which in aggregate exceeds [REDACTED] and such amount remains outstanding 40 Working Days after the receipt by the Authority of a notice of non-payment from the Supplier; or

- (b) any Services that are materially impacted by a Force Majeure Event that endures for a continuous period of more than ninety (90) days,

and this Agreement or the relevant Services (as the case may be) shall then terminate on the date specified in the Termination Notice (which shall not be less than 20 Working Days from the date of the issue of the Termination Notice). If the operation of Clause 34.3(b) would result in a Partial Termination, the provisions of Clause 34.4 (*Partial Termination*) shall apply.

Partial Termination

- 34.4 If the Supplier notifies the Authority pursuant to Clause 34.3(b) (*Termination by the Supplier*) that it intends to terminate this Agreement in part and the Authority, acting reasonably, believes that the effect of such Partial Termination is to render the remaining Services incapable of meeting a significant part of the Authority Requirements, then the Authority shall be entitled to terminate the remaining part of this Agreement by serving a Termination Notice to the Supplier within 1 month of receiving the Supplier's Termination Notice. For the purpose of this Clause 34.4, in assessing the significance of any part of the Authority Requirements, regard shall be had not only to the proportion of that part to the Authority Requirements as a whole, but also to the importance of the relevant part to the Authority.
- 34.5 The Parties shall agree the effect of any Change necessitated by a Partial Termination in accordance with the Change Control Procedure, including the effect the Partial Termination may have on any other Services and the Charges, provided that:
- (a) the Supplier shall not be entitled to an increase in the Charges in respect of the Services that have not been terminated if the Partial Termination arises due to the occurrence of a Supplier Termination Event;
 - (b) any adjustment to the Charges (if any) shall be calculated in accordance with the Financial Model and must be reasonable; and
 - (c) the Supplier shall not be entitled to reject the Change.

35 CONSEQUENCES OF EXPIRY OR TERMINATION

General Provisions on Expiry or Termination

- 35.1 The provisions of Clauses 5.8 (*Specially Written Software warranty*), 10.4 and 10.5 (*VAT*), 10.6 and 10.7 (*Set-off and Withholding*), 12 (*Records, Reports, Audits and Open Book Data*), 14.7 (*Employment Indemnity*), 14.8 (*Income Tax and National Insurance Contributions*), 16 (*Intellectual Property Rights*), 17 (*Licences Granted by the Supplier*), 19.1 (*IPRs Indemnity*), 22 (*Confidentiality*), 23 (*Transparency and Freedom of Information*), 24 (*Protection of Personal Data*), 26 (*Limitations on Liability*), 35 (*Consequences of Expiry or Termination*), 41 (*Severance*), 43 (*Entire Agreement*), 44 (*Third Party Rights*), 46 (*Disputes*) and 47 (*Governing Law and Jurisdiction*), and the provisions of Schedules 1 (*Definitions*), 7.1 (*Charges and Invoicing*), 7.2 (*Payments on Termination*), 7.5 (*Financial Reports and Audit Rights*), 8.3

Exit Management

35.2 The Parties shall comply with the provisions of Schedule 8.5 (*Exit Management*) and any current Exit Plan in relation to orderly transition of the Services to the Authority or a Replacement Supplier.

Payments by the Authority

35.3 If this Agreement is terminated by the Authority pursuant to Clause 34.1(a) (*Termination by the Authority*) or by the Supplier pursuant to Clause 34.3(a) (*Termination by the Supplier*), the Authority shall pay the Supplier the following payments (which shall be the Supplier's sole remedy for the termination of this Agreement):

- (a) the Termination Payment; and
- (b) the Compensation Payment, if either of the following periods is less than three hundred and sixty-five (365) days:
 - (i) the period from (but excluding) the date that the Termination Notice is given by the Authority pursuant to Clause 34.1(a) (*Termination by the Authority*) to (and including) the Termination Date; or
 - (ii) the period from (and including) the date of the non-payment by the Authority referred to in Clause 34.3(a) (*Termination by the Supplier*) to (and including) the Termination Date.

35.4 If this Agreement is terminated (in part or in whole) by the Authority pursuant to Clauses 34.1(b), 34.1(c) and/or 34.2 (*Termination by the Authority*), or the Term expires, the only payments that the Authority shall be required to make as a result of such termination (whether by way of compensation or otherwise) are:

- (a) payments in respect of any Assets or apportionments in accordance with Schedule 8.5 (*Exit Management*); and
- (b) payments in respect of unpaid Charges for Services received up until the Termination Date.

35.5 The costs of termination incurred by the Parties shall lie where they fall if:

- (a) either Party terminates or partially terminates this Agreement for a continuing Force Majeure Event pursuant to Clauses 34.1(c) or 34.2(b) (*Termination by the Authority*) or 34.3(b) (*Termination by the Supplier*); or
- (b) the Authority terminates this Agreement under Clause 34.1(d) (*Termination by the Authority*).

Payments by the Supplier

- 35.6 In the event of termination or expiry of this Agreement, the Supplier shall repay to the Authority all Charges it has been paid in advance in respect of Services not provided by the Supplier as at the date of expiry or termination.
- 35.7 If this Agreement is terminated (in whole or in part) by the Authority pursuant to Clause 34.1(b) (*Termination by the Authority*) prior to Achievement of one or more CPP Milestones, the Authority may at any time on or within 12 months of the issue of the relevant Termination Notice by issue to the Supplier of written notice (a “**Milestone Adjustment Payment Notice**”) require the Supplier to repay to the Authority an amount equal to the aggregate Milestone Adjustment Payment Amounts in respect of each CPP Milestone to which the Milestone Adjustment Payment Notice relates.
- 35.8 A Milestone Adjustment Payment Notice shall specify:
- (a) each CPP Milestone to which it relates;
 - (b) in relation to each such CPP Milestone, each Deliverable relating to that CPP Milestone that the Authority wishes to retain, if any (each such Deliverable being a “**Retained Deliverable**”); and
 - (c) those Retained Deliverables, if any, the Allowable Price for which the Authority considers should be subject to deduction of an adjusting payment on the grounds that they do not or will not perform in all material respects in accordance with their specification (such adjusting payment being an “**Allowable Price Adjustment**”),
- and may form part of a Termination Notice.
- 35.9 The Supplier shall within 10 Working Days of receipt of a Milestone Adjustment Payment Notice, in each case as applicable:
- (a) notify the Authority whether it agrees that the Retained Deliverables which the Authority considers should be subject to an Allowable Price Adjustment as specified in the relevant Milestone Adjustment Payment Notice should be so subject; and
 - (b) in relation to each such Retained Deliverable that the Supplier agrees should be subject to an Allowable Price Adjustment, notify the Authority of the Supplier’s proposed amount of the Allowable Price Adjustment and the basis for its approval;
 - (c) provide the Authority with its calculation of the Milestone Adjustment Payment Amount in respect of each CPP Milestone the subject of the relevant Milestone Adjustment Payment Notice using its proposed Allowable Price Adjustment, including details of:
 - (i) all relevant Milestone Payments; and
 - (ii) the Allowable Price of each Retained Deliverable; and

- (d) provide the Authority with such supporting information as the Authority may require.

35.10 If the Parties do not agree the calculation of a Milestone Adjustment Payment Amount within 20 Working Days of the Supplier's receipt of the relevant Milestone Adjustment Payment Notice, either Party may refer the Dispute to the Dispute Resolution Procedure.

35.11 If the Authority issues a Milestone Adjustment Payment Notice pursuant to Clause 35.7:

- (a) the Authority shall:

- (i) securely destroy or return to the Supplier all Non-retained Deliverables that are in tangible form; and
- (ii) ensure that all Non-retained Deliverables that are held in electronic, digital or other machine-readable form cease to be readily accessible (other than by the information technology staff of the Authority) from any computer, word processor, voicemail system or any other device containing such all Non-retained Deliverables,

in each case as soon as reasonably practicable after repayment of the aggregate Milestone Adjustment Payment Amounts repayable pursuant to that Milestone Adjustment Payment Notice; and

- (b) all licences granted pursuant to Clause 17 (*Licences granted by the Supplier*) in respect of Specially Written Software and Project Specific IPRs and any Supplier Non-COTS Software and/or Supplier Background IPRs shall terminate upon such repayment to the extent that they relate to the Non-retained Deliverables.

SECTION J – MISCELLANEOUS AND GOVERNING LAW

36 COMPLIANCE

Health and Safety

- 36.1 The Supplier shall perform its obligations under this Agreement (including those in relation to the Services) in accordance with:
- (a) all applicable Law regarding health and safety; and
 - (b) the Health and Safety Policy whilst at the Authority Premises.
- 36.2 Each Party shall notify the other as soon as practicable of any health and safety incidents or material health and safety hazards at the Authority Premises of which it becomes aware and which relate to or arise in connection with the performance of this Agreement. The Supplier shall instruct the Supplier Personnel to adopt any necessary associated safety measures in order to manage any such material health and safety hazards.

Equality and Diversity

- 36.3 The Supplier shall:
- (a) perform its obligations under this Agreement (including those in relation to the Services) in accordance with:
 - (i) all applicable equality Law (whether in relation to race, sex, gender reassignment, age, disability, sexual orientation, religion or belief, pregnancy, maternity or otherwise);
 - (ii) the Authority's equality and diversity policy as provided to the Supplier from time to time; and
 - (iii) any other requirements and instructions which the Authority reasonably imposes in connection with any equality obligations imposed on the Authority at any time under applicable equality Law; and
 - (b) take all necessary steps, and inform the Authority of the steps taken, to prevent unlawful discrimination designated as such by any court or tribunal, or the Equality and Human Rights Commission or (any successor organisation).

Official Secrets Act and Finance Act

- (a) the Official Secrets Acts 1911 to 1989; and

- (b) any social value commitments set out in obligations set out in the Supplier's tender documentation and Schedule 4.1 (*Supplier Solution*).

37 ASSIGNMENT AND NOVATION

- 37.1 The Supplier shall not assign, novate or otherwise dispose of or create any trust in relation to any or all of its rights, obligations or liabilities under this Agreement without the prior written consent of the Authority.
- 37.2 The Authority may at its discretion assign, novate or otherwise dispose of any or all of its rights, obligations and liabilities under this Agreement and/or any associated licences to:

- (a) any Central Government Body; or
- (b) to a body other than a Central Government Body (including any private sector body) which performs any of the functions that previously had been performed by the Authority,

and the Supplier shall, at the Authority's request, enter into a novation agreement in such form as the Authority shall reasonably specify in order to enable the Authority to exercise its rights pursuant to this Clause 37.2.

- 37.3 A change in the legal status of the Authority such that it ceases to be a Central Government Body shall not (subject to Clause 37.4) affect the validity of this Agreement and this Agreement shall be binding on any successor body to the Authority.
- 37.4 If the Authority assigns, novates or otherwise disposes of any of its rights, obligations or liabilities under this Agreement to a body which is not a Central Government Body or if a body which is not a Central Government Body succeeds the Authority (any such body a "**Successor Body**"), the Supplier shall have the right to terminate for an Insolvency Event affecting the Successor Body identical to the right of termination of the Authority under limb (k) of the definition of Supplier Termination Event (as if references in that limb (k) to the Supplier and the Guarantor were references to the Successor Body).

38 WAIVER AND CUMULATIVE REMEDIES

- 38.1 The rights and remedies under this Agreement may be waived only by notice and in a manner that expressly states that a waiver is intended. A failure or delay by a Party in ascertaining or exercising a right or remedy provided under this Agreement or by law shall not constitute a waiver of that right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy. No single or partial exercise of any right or remedy shall prevent or restrict the further exercise of that or any other right or remedy.
- 38.2 Unless otherwise provided in this Agreement, rights and remedies under this Agreement are cumulative and do not exclude any rights or remedies provided by law, in equity or otherwise.

39 RELATIONSHIP OF THE PARTIES

- 39.1 Except as expressly provided otherwise in this Agreement, nothing in this Agreement, nor any actions taken by the Parties pursuant to this Agreement, shall create a partnership, joint venture or relationship of employer and employee or principal and agent between the Parties, or authorise either Party to make representations or enter into any commitments for or on behalf of any other Party.

40 PREVENTION OF FRAUD AND BRIBERY

- 40.1 The Supplier represents and warrants that neither it, nor to the best of its knowledge any Supplier Personnel, have at any time prior to the Effective Date:
- (a) committed a Prohibited Act or been formally notified that it is subject to an investigation or prosecution which relates to an alleged Prohibited Act; and/or
 - (b) been listed by any government department or agency as being debarred, suspended, proposed for suspension or debarment, or otherwise ineligible for participation in government procurement programmes or contracts on the grounds of a Prohibited Act.
- 40.2 The Supplier shall not during the term of this Agreement:
- (a) commit a Prohibited Act; and/or
 - (b) do or suffer anything to be done which would cause the Authority or any of the Authority's employees, consultants, contractors, sub-contractors or agents to contravene any of the Relevant Requirements or otherwise incur any liability in relation to the Relevant Requirements.
- 40.3 The Supplier shall during the term of this Agreement:
- (a) establish, maintain and enforce, and require that its Sub-contractors establish, maintain and enforce, policies and procedures which are adequate to ensure compliance with the Relevant Requirements and prevent the occurrence of a Prohibited Act;

- (a) been subject to an investigation or prosecution which relates to an alleged Prohibited Act;
 - (b) been listed by any government department or agency as being debarred, suspended, proposed for suspension or debarment, or otherwise ineligible for participation in government procurement programmes or contracts on the grounds of a Prohibited Act; and/or

Journey / Capability	Description	Eligibility	Component
Apply for visas for all routes excluding EUSS	Identity Capture and verification as part of a visa application excluding EUSS. This Use Case covers a large number of application routes. Each route follows the same core process with the Authority's Web Interface handing off to the GIDV App service for a full Identity Capture and verification process utilising all GIDV App Capabilities. There is minor variation between routes in terms of document and Customer eligibility – this context is received from the Calling Service and must be applied by the GIDV Service. 	GIDV Web Components and GIDV App Capabilities, with ETA specific routing and business logic to determine routing and minimise delays in the ETA application process. ETA will require the GIDV App to work with a wide range of international travel documents broadly aligning to the list of nationalities who do not currently require a visa to visit the UK, however this remains subject to review as the policy evolve. ETA volumes will eventually grow to c.30 million Transactions per annum. The objective is for as many of these Customers to verify their identity through the full GIDV App process where possible, and as a minimum where the applicant is unable to use the GIDV App, to capture their identity utilising GIDV Web Components through the Authority's Web Interface. Architecture and Integration

38. This section gives an overview of the architecture and integration considerations relating to the provision of the Apps and related Supplier Back End services which are also utilised in the Authority's Web Interface:

- **GIDV App** – Customer facing app used for Identity Capture and verification for digital immigration routes excluding the EU Settlement Scheme (EUSS). In the app stores this App is and would be called “UK Immigration: ID Check”
- **Identification and Verification App or ‘IDV App’** – Customer facing app used for account registration and Identity Capture and verification for the EU Settlement. Scheme. In the app stores this App is and would be called “EU Exit: ID Document Check”
- **GIDV Web Components** – Utilisation of the liveness, OCR and image quality and validation Capabilities provided through the Supplier Back End services and surface in the Authority's Web Interface.

Please note that this section outlines the current architecture for the existing GIDV Service and the Use Cases in the table below are used as exemplars of how the service is expected to work.

The Supplier should be aware that this is an evolving service with potential future Use Cases, for example identity verification as part of an account recovery process. The service architecture will need to evolve in response to these requirements but it is expected that the Supplier will follow the same patterns and principles as the current architecture when delivering new functionality.

Conceptual View

39. For the GIDV App and the IDV App, the Supplier is responsible for building and maintaining the public facing Apps, including the User Interface (UI) and provision of all Capabilities. The Apps shall communicate with the Supplier Back End, where all processing takes place, with Data passed to the Authority at the conclusion of an App journey. For functionality provided through the Authority's Web Interface, the Supplier will be responsible for providing specialist back end Capabilities only as outlined in GIDV Web Components. The GIDV Web Components are requested for specialist quality assurance and verification tasks e.g. liveness assessment or quality assuring a newly enrolled biometric facial image.

40. The diagram below provides a high-level view illustrating the scope of the GIDV Service.

41. The Supplier must provide the functionality shown in the following table which outlines the current GIDV functions mapping to each business Use Case. This reflects existing Use Cases only, the service and functionality will evolve in response to new Use Cases. The table does not include details on exceptions and related routing e.g. Customer has lost their document.

GIDV App

42. The GIDV App is used by multiple services across the UK Immigration system. The service is utilised in certain scenarios when a Customer's Identity needs to be captured and verified as part of an application.
43. For each Customer journey the GIDV App receives context from a Calling Service, i.e. the application process, specifying what type of Identity Capture and verification process is required, and what eligibility rules should apply. For example, a first time Customer applying for a HK BNO route currently utilises the GIDV App, but can only apply using either a HK BNO passport or a HK SAR passport. This context must be received and applied to the relevant journey in the GIDV App.
44. The Supplier Solution shall adhere to the key GIDV Service principles:
 - a. Provide a generic Identity Capture process that can be utilised by multiple services within the Authority in a componentised way e.g. applications, updating details, etc.
 - b. Modular design i.e. identity Data to be captured is tied together in discrete Capabilities, each Capability correlates to a 'capture flag' that is sent to the GIDV App in the request payload. A capture flag is mapped to generic screens and functions in the GIDV App.
 - c. Service agnostic i.e. the GIDV App doesn't need to know which Calling Service is calling it and why. The Calling Service specifies capture context when calling the GIDV Service.

GIDV App - Customer Journey

45. The Supplier shall ensure the GIDV App provides the following functionality to enable the Customer journey.

- a. The Customer is redirected to GIDV Handoff Broker (GIDV HoB) from Calling Services, e.g. application, with context telling it which Capabilities are required.
- b. GIDV HoB redirects the Customer to the GIDV App, where applicable:
 - i. Where the same device is being used to continue the GIDV App journey, hand-off is via deep link.
 - ii. Where a different device is being used to continue the GIDV App journey, e.g. going from a laptop to a smartphone, the hand off is handled through a QR code or context code.
- c. The GIDV App verifies the Customer by requesting that EUA send a One Time Passcode (OTP) to their registered email or phone, requesting the Customer enters the code and then checking the code is valid with EUA.
- d. The GIDV App allows verified Customer's to provide their Identity.
- e. At the end of the process GIDV App returns an Identity payload to GIDV HoB.

GIDV App - Integration View

46. The Supplier must ensure that the GIDV App integrates with the wider service and Capabilities as outlined below:
- a. GIDV Handoff Broker (GIDV Hob)

- i. Receives requests from the Calling Services and calculates which Capabilities a Customer should see based on 'capture flags' sent in the request payload e.g. biometric facial image and Bio Data Page image capture, biometric facial image capture only, etc. The GIDV App uses this information to define the journey and present the relevant Capabilities.
- ii. If switching devices to use the GIDV App, i.e. going from the Authority's Web Interface on a laptop to the GIDV App on a phone, a QR code (scanned by the GIDV App) or context code (displayed by the GIDV App and inputted into the Authority's Web Interface) is used to retrieve the context from handoff broker.
- iii. Receives Identity payloads and verification results from the GIDV App and submits to the Business Event Streaming Service (BESS) for downstream processing.

b. EUA (External User Authentication)

- i. GIDV App receives Customer's registered mobile and email from GIDV HoB context and verifies the Customer by sending an OTP using an Application Programming Interface (API).

c. Supplier Back End

No assessments or processing, e.g. facial matching assessment, should be performed on the phone, all processing should be carried out on the Supplier's servers therefore the GIDV App needs to integrate with the Supplier Back End for the following:

- i. Bio Data Page OCR validation;
- ii. Biometric facial image QA checks;
- iii. Liveness capture;
- iv. Liveness assessment;
- v. Facial matching assessment (newly enrolled biometric facial image matched to liveness still image and facial image taken from the Bio Data Page image); and
- vi. Chip Security Checks.

47. The table below details the GIDV App integration points:

Reference	Description	Type	From	To
Context Retrieval	Read capture context using correlation ID via deep link, QR code or context pin.	API	GIDV App	GIDV HoB
EUA Bridge API	GIDV App integrates with Bridge API to verify Customer's by sending an OTP to the registered email or phone (Customer chooses).	API	GIDV App	EUA
GIDV App – Supplier Integration	Context based API that allows the GIDV App to perform the following: • Bio Data Page OCR validation • Facial Image QA checks • Liveness Assessment • Facial matching assessment (newly enrolled and quality	API	GIDV App	Supplier Back End

	assured biometric facial image is matched to liveness and facial image from the Bio Data Page). • NFC Chip Scan • Chip Security Checks			
Identity Submission	On Identity Capture completion in GIDV App the GIDV App returns the identity payload to GIDV HoB for BESS submission	API	Supplier Back End	GIDV HoB

GIDV App - Security

48. The Supplier will adhere to the following in respect to security:

- Security must be considered on all integration and communication with external Supplier systems;
- Calls to the Supplier Back End are always from the Authority's Back End; and
- Communication from the GIDV App to GIDV HoB is protected by a separate subdomain that the Supplier is IP whitelisted to.

GIDV Web Components (App back-end Integration)

49. The Authority provides some journeys on the Authority's Web Interface, which utilises the Supplier Back End for specific specialist tasks, that require the Customer to carry out one or more of the following componentised steps:

- Capture the Bio Data Page (Customer submits an image of the Bio Data Page);
- Enrol and quality assure a biometric facial image;
- Perform a liveness capture,

50. The Supplier Back End then returns QA and assessment results. To support this requirement, the Supplier must provide integration with the same Supplier Back End used by the IDV App and the GIDV App, this ensures consistency of results across the GIDV Service.

For example, the process for a Customer to update their facial image on the digital status service, which allows a Customer to prove their immigration status digitally, requires a newly enrolled and quality assured biometric facial image and a liveness assessment. The online change process is handled through the separate UMD service which calls on GIDV Web Components to complete these two steps

51. The Supplier shall ensure the Supplier Back End provides the following Capabilities which can be called individually or in combination:
- a. Facial Image QA – returns cropped biometric facial image and validation results;
 - b. Validate Bio Data Page image – returns MRZ Data, cropped image of Bio Data Page, cropped facial image from Bio Data Page and validation results;
 - c. Capture liveness – a biometric web Software Development Kit (SDK) is provided that will return the liveness result; and
 - d. Where facial matching is requested the Supplier Back End performs the facial matching assessment against one or all of the newly enrolled biometric facial image, liveness still image and the facial image from the Bio Data Page. The Supplier provides the facial matching result in the Identity payload.

GIDV Web Components - Customer Journey

52. The Supplier shall ensure the Supplier Solution and the Supplier Back End can support the validation elements of the Customer journey.
- a. The Customer is redirected to GIDV HoB from a Calling Service with context.
 - b. GIDV HoB redirects the Customer to the Authority's Web Interface which, through the Authority's Back End, utilises the GIDV Web Components.
 - c. GIDV Web Components performs one of the following journeys:
 - i. Enrol a biometric facial image only
 - ii. Upload Bio Data Page images only
 - iii. Enrol a biometric facial image, Bio Data Page image and capture liveness. For this journey a token is passed and maintained to ensure authorisation and that all relevant Data is compared and passed back to GIDV HoB at the end of the journey
 - d. The validation results are shown to the Customer and they are provided with an option to re-capture or proceed.

GIDV Web Components - Integration View

53. The Supplier shall ensure the Supplier Solution and the Supplier Back End integrates with the wider service and Capabilities as outlined below:

54. The Authority's Web Interface integrates with the Supplier Back End for:

- i. Facial Image QA checks;
- ii. Bio Data Page image OCR validation;
- iii. Liveness; and
- iv. Facial matching assessment (comparison of newly enrolled biometric facial image, liveness still image and cropped facial image from the Bio Data Page depending on availability / journey).

55. The Supplier Solution must provide the functionality to support the following GIDV Web Components integration points:

Reference	Description	Type	From	To
GIDV Web Components – Supplier Integration	5 APIs and one WebSocket connection • Bio Data Page image OCR validation • Facial Image QA checks • Liveness Start • Liveness capture (via a WebSocket) • Liveness Verification • Journey complete – facial matching assessment performed (comparison between newly enrolled and quality assured biometric facial image, liveness still image and cropped facial image from the Bio Data Page depending on availability / journey)	API	GIDV Web	Supplier Back End
Identity Submission	On Identity Capture completion the Supplier Back End returns the Identity payload to GIDV HoB for downstream services to consume	API	Supplier Back End	GIDV HoB

GIDV Web Components - Security

56. The Supplier shall adhere to the following in respect to security:

- a. Security must be considered on all integration and communication with external Supplier systems.
- b. Calls to the Supplier Back End are always from the Authority's Back End, not the Authority's Web Interface.
- c. Communication from the Authority's Back End to the Supplier Back End is protected by a series of unique API keys. Both sets of calls are standard REST APIs.

IDV App

57. The IDV App is used as part of an EUSS application. The core functionality is almost exactly the same as the GIDV App, however the routing to and from the IDV App and elements of the Customer journey are different. It is used to create an EUA profile and capture and verify a Customer's Identity. This service uses the same Supplier Back End as the GIDV App and the GIDV Web Components, to ensure the quality and results of Identity Captures are consistent. The key differences from GIDV App are:

- i. IDV App is not invoked by any Calling Service
- ii. Creates an EUA profile for first time Customers
- iii. No hand-off using QR code or context required

There is a possibility that the Authority will decommission the IDV App during the course of the Agreement and move the EUSS application into the GIDV App.

IDV App - Customer Journey

58. The Supplier shall ensure that the IDV App provides the following functionality and Capabilities to enable the Customer journey.

- a. Customer downloads the IDV App and captures their Identity.
- b. For first time Customers the IDV App creates an EUA profile and sends an OTP to the mobile number provided by the Customer which they use to verify in the IDV App and continue the journey. A verification link is also sent to the email address and this must be used before the final application is submitted but isn't needed to continue the journey. For an existing Customers an OTP is sent to the Customer's mobile phone or email (the Customer chooses which).
- c. The IDV App processes the Identity and performs validation checks in the Suppliers Back End.
- d. On completion of Identity Capture the Identity payload is returned to AUK2 for downstream services to consume.

IDV App - Integration View

59. The Supplier shall ensure the IDV App integrates with the wider service and Capabilities as outlined below:

- a. EUA

- i. For a first time Customer their EUA profile is created using the EUA Bridge API and email and phone are verified by sending an OTP.
 - ii.
 - iii. Customers who have previously registered to use the service are verified by sending an OTP to either email or phone. OTP is sent and verified via EUA bridge API.
- b. The Supplier Back End service
 - IDV App integrates with the Supplier Back End for
 - i. Facial Image QA checks
 - ii. Bio Data Page image OCR validation
 - iii. Liveness
 - iv. Facial matching assessment (newly enrolled biometric facial image is matched to the liveness still image and the facial image from the Bio Data Page).
- c. AUK2 (Application Service)
 - i. After the Identity is captured, validated and assessed the IDV APP submits the Identity payload to AUK2 via an API end point

60. The Supplier Solution shall provide the functionality to support the following IDV App integration points:

Reference	Description	Type	From	To
IDV App	Context based API that allows the IDV App to perform: • Bio Data Page image OCR validation • Facial Image QA checks • Liveness Capture • Liveness Verification • Facial matching assessment (newly enrolled and quality assured biometric facial image is matched to liveness and Bio Data Page image). • NFC Chip Scan • Chip Security Checks	API	IDV App	Supplier Back End
Create EUA Profile	Integration with EUA to create an EUA profile for first time Customer	API	IDV App	EUA Bridge API
Send and Verify OTP	Integration with EUA to verify Customer by sending OTP	API	IDV App	EUA Bridge API
Identity Submission	On Identity Capture completion via the Supplier Back End, IDV App returns the identity payload to AUK2 back end so it can be stored for future submission	API	Supplier Back End	AUK2

IDV App - Security

61. The Supplier shall adhere to the following in respect to security:

- a. Security must be considered on all integration and communication with external Supplier systems.
- b. Calls to the Supplier Back End are always from the Authority's Back End.
- c. Communication from the IDV App to AUK2 is protected by a separate subdomain that the Supplier is IP whitelisted to.

GIDV Service Payload Validations

62. To protect against fraud and bad Data the final GIDV App and IDV App submission payloads are validated against a strict schema. Validation schemas and sample payloads can be seen below:

Service	Schema	Sample
IDV App		
GIDV App		
GIDV Web Components		

63. The following file size validation is currently in place for facial images to ensure files can be ingested by downstream services. Where images are being taken from Bio Data Pages and passed to the Authority these should be kept in the original encoding, so that cryptographic checks are still applicable, and not re-compressed / re-saved.

The validations below are subject to change and must be configurable where possible so the Supplier can implement required changes with minimum effort.

Characteristic	File Validation

Min / Max Width	
Min / Max Height	
Max File Size

Volumes and Transactions

64. Volumes are uncertain and hard to predict and the Authority makes no commitment on minimum monthly or annual volumes. The Supplier Solution needs to be flexible enough to scale up or down in response to fluctuations in demand and meet the potential demand scenarios. The table below provides various plausible volumes scenarios, with the most likely highlighted.

65. For the Transactions using the Apps in the volume scenarios above the Supplier should assume that the Customer journey will utilise the Capabilities as shown in the table below.

A typical Customer journey on the Authority's Web Interface will utilise some but not all of the Capabilities as shown in the table below. The Supplier should assume the following utilisation of the Capabilities in relation to the volume scenarios above:

- 100% VIZ & MRZ Capture (OCR)
- 100% Bio Data Page capture & QA
- 80% biometric facial image enrolment & QA
- 70% Liveness assessment
- 70% Facial matching assessment

Transactions

66. **Transaction** is defined as a full end to end Customer journey through the intended Identity Capture and verification process using the GIDV App, the IDV App or through an individual Capability provided through the GIDV Web Components. The Transaction is considered complete and therefore chargeable when the Customer submits their identity at the end of the intended Customer journey and a completed payload is submitted to the Authority.

The Authority recognises that there may be some scenarios where - in accordance with the agreed business logic for specific Customer cohorts, tasks or application routes - a specific non-mandatory step in the end to end Customer journey will not be completed. Provided the identity is still submitted by the Customer and a completed payload is sent to the Authority, this will still qualify as a "Transaction" and be chargeable.

67. The Authority does not consider a Transaction to have occurred if the Customer abandons the process at any point prior to submission of the identity, and/or when a completed payload is not submitted to the Authority. Such instances will not be chargeable to the Authority.

68. The demand profile is uncertain and peaks hard to predict. The Supplier Solution should be hosted in an environment flexible enough to scale up or down in response to fluctuations in demand.

69. The table below provides demand scenarios derived from the volumes table above. The average is based on a flat demand profile with the expected peak demand calculated as 4 times the average. Response times need to be competitive and meet the current industry / sector best practice standards during the lifetime of the Agreement.

For the purpose of this scenario you should assume that Transactions in this context relates to a Customer journey where all GIDV Service Capabilities are utilised.

Service Management

70. The Supplier shall act as a proactive partner, who is aware of and actively engaged with the wider programme and contributes to the smooth running of the wider service. This means maintaining positive relationships with other Suppliers providing services to the Authority and the Authority's teams, for example, supporting investigations outside of the immediate remit of the GIDV Service.
71. The Supplier shall as part of the delivery of the service:
- Support the Authority's service management functions in order to meet performance, cost and functional service obligations delivered by the 2nd line support teams, including event monitoring, both in terms of security monitoring and common support alerting.
 - Ensure that its service support includes integration points with the Authority's Service capabilities and processes, including, but not limited to: Service Desk; Incident Management; Problem Management; Change Management; Release and Deployment Management; Major Incident Management and Knowledge Management.
 - Include the following service delivery processes: Service Level Management; Capacity Management; Availability and Performance Management; IT Service Continuity Management; Security Management; Continuous Service Improvement; Service Reporting; Service Transition.

Incident Management, Problem Management and Availability

72. The Supplier shall provide their services as a Level 3 (L3) support capability in accordance with the Authority's incident management processes where Customers or Caseworkers can report issues. These issues are triaged and resolved by Level 2 (L2) Support Teams, if they are able to, based on Work Instructions for known errors.

73. If L2 are unable to resolve an incident because it would require a change in the source code or a change in the way the product functions, Data errors, or is overall too technically complex; the incident will be raised to the L3 team (Supplier's support team) to conduct a Root Cause Analysis. The Supplier's L3 team are responsible for:
- a. **Root Cause Analysis** – Provide an impact assessment on the cause of the issue, the impact to Customers and recommendations on the resolving the issue.
 - b. **Code Change** – If an incident requires a code change, the Supplier will be responsible for making the change and ensuring it goes through the standard test, change and release processes.
 - c. **Design Changes** – If an incident highlights an issue in the original design, the Authority's architecture team will need to make a design decision on any changes that need to be made and the Supplier will be expected to make any changes required to deliver that in line with other teams.
 - d. **Data Corrections** – if Data needs to be patched or manually processed then the Supplier team is responsible for assisting with the identification of the changes needed and escalating them to the relevant team for action as appropriate.
 - e. **Work Instructions** – If the problem is one that may occur again and a work instruction for L2 can be written so L2 can resolve these in future without L3

input then the L3 team is responsible for writing a Work Instruction in line with shift left principles.

74. The Supplier will be assigned incidents for investigation within L3 support activities and as investigation progresses, the Supplier will provide updates in the Authority's tooling specifically one or more of the Authority's ServiceNow, Slack and Jira instances.

75. The Supplier will support L2 teams in order to meet the stated Incident Resolution Times and their agreed service level agreements. All incident start times are measured from the moment the incident record is registered in the Authority's Toolset.

76. The Service shall be available 99.5% of the time excluding scheduled maintenance and shutdowns in response to incidents such as DoS attacks.

77. The Supplier shall provide an effective capacity to deliver the following cover:

Priority 1 Service Outages: On Call Coverage Every day: 24 x 365 (includes all national holidays); and

All Other Priorities: 09.00 – 17.30 UK Time, Monday to Friday Working Days (classed as 1 day for resolution targets).

78. The Supplier shall meet the response and resolution targets as shown below:

Priority	Description	Resolution Target < means within	Response Target < means within
P1	The GIDV Service Components or individual Capabilities (i.e., Passport chip reading, facial matching or liveness or payload Data transfer is) being unavailable for ALL Customers	100% < 4 Hours	< 1 Hour
P2	An optional capability (or capability that can be skipped by the user) is not available,	100% < 8 Hours	< 1 Hour

Priority	Description	Resolution Target < means within	Response Target < means within
	but Customers are able to complete the journey		
P3	Part of the GIDV Service is unavailable, but a workaround is available to cover the interim period whilst the issue is handled.	95% < 3 Days	< 8 Hours
P4	Little to no impact to existing GIDV Service, usually cosmetic issues. General requests of, or queries relating to, the GIDV Service.	95% < 5 Days	< 24 Hours

a.

79. The GIDV Service is a core element of the digital immigration system and the Supplier should expect to be involved in providing input into incidents where the fault doesn't originate in the GIDV Service.
80. The Supplier shall provide metrics relating to the availability and performance of the GIDV Service on a monthly basis or as requested by the Authority. The Authority may also request that other performance indicators are included in reporting if they are determined as important metrics that underpin effective running of the services.
81. As part of its support responsibilities the Supplier shall proactively monitor the GIDV Service and must have automated monitoring and alerting in place, including dashboards, to ensure this is effective. The Supplier must inform the Authority as soon as it becomes aware of any issue with the normal operation of Live Service
82. As part of their L3 support activities, the Supplier will investigate and contribute to root cause analysis reports on problems assigned to them. It is expected that from time to time the Supplier will also collaborate with other Authority and Supplier

delivery teams as part of analysing complex problems.

83. The Supplier shall maintain a high level awareness of cross-cutting business continuity and disaster recovery requirements across the FBIS programme.

Change and Release Management

84. The Supplier shall deliver all changes into the Live Service in accordance with the Authority's Change Management Procedures.
- a. Releases will need to have the associated release artefacts i.e. a release note along with the results of testing.
 - b. The release artefacts will need to be assessed and approved by the Core Delivery Lead, Quality Assurance Lead and a member of the Change & Release Management Team.
 - c. The approval process is managed in the Authority's Slack Instance which the Supplier will be given access to.
85. The Supplier is responsible for understanding and indicating if releases are Impacting, cause disruption to the Live Service and will require downtime, or Non-Impacting, cause no disruption to the operation of the Live Service.

In this context:

Impacting releases: means releases that result in down time for the service or individual component of the service affecting Customers, or impacts other services and the way they work, such as new calls or added volumes. These require a 10 Working Day lead time at present though this is always under review and exceptions can be agreed with the Authority on an individual basis; and

Non-impacting releases: means self-contained releases within a service, tend to be rolling with no down time required for the service or it's individual Components and no impact to Customers or other services and the way they work.

86. The Supplier is responsible for understanding if a release will impact other services, and in accordance with the Authority's Change Management operating model will take steps to ensure that other delivery teams are aware of the release in good time for them to take measures to protect their services.
87. The Supplier is responsible for complying with, the Authority's security requirements as defined in Schedule 2.4 (*Security Management*). The Supplier will collaborate proactively with the Authority's security management teams as part of delivering new services and functionality and take any recommended actions. Security reviews may require external assurance such as penetration testing

which the Authority will organise, following a request from the Supplier, and pay for.

Transition Management for New Functionality

88. The Supplier shall deliver all significant releases, and new services in accordance with the Authority's Service Transition Operating Model. The model ensures that releases are stable and can be effectively supported by the Authority's Level 1 and Level 2 support teams by working through the following stages with the Supplier and Authority teams:

- a. **Live Service Preview** – Early overarching view of the service and functionality to sight Authority teams on the service they are taking on. Happens during development period when both Supplier and Authority teams are ready;
- b. **Service Readiness Review** – Ensures that documentation exists describing the release and its functionality, support guides have been provided or updated to reflect the release, knowledge transfer with Authority's Level 1 and Level 2 support teams has happened, any Authority and Supplier dashboards and monitoring have been updated and that contact details are up to date. These deliverables are subject to sign off from the Authority's Service Transition Team and key stakeholders - Happens during development period typically towards the end;
- c. **Early Life Support** – Period of functioning operationally in business as usual which provides assurance by including heightened monitoring activities, daily calls to report on incidents and issues and discussion on what else is required to leave Early Life Support – Begins after go live;
- d. **Early Life Support Exit / Warranty** – The warranty period is the time between go live and acceptance of the service into business as usual support. This period will be used to address any outstanding tasks and issues that have surfaced during the Early Life Support period – Happens between Early Life Support starting and transition into business as usual support; and
- e. **Early Life Support Exit / Post Transition Review** - 2 weeks, although this period can vary, after the release enters Early Life Support a post transition review will be held and a decision made on whether the release stays in Early Life Support or transitions into business as usual support – Happens once the service / release is stable and everything is in place for it to be effectively supported by the Authority's Level 1 and Level 2 support teams

The Service Transition Operating Model and associated activities are subject to review and may change to keep up to date with best practice.

89. The Supplier shall proactively engage with the Authority's Service Transition Team, and will take a collaborative approach to completing the Service Acceptance and Assurance actions deemed necessary by the Authority's Service Transition Team to ensure that the Authority's support team is in a position to manage the delivered service effectively. This typically involves carrying out knowledge transfers to enable L2 to support the new functionality.
90. Typically, the level of assurance required depends on the impact and complexity of the delivery. The Supplier will work with the Authority's Service Transition Team to determine the right approach on a case by case basis.

Testing

91. The Supplier shall maintain a test environment that mirrors the Live Service and can be connected securely to the Authority's integration test environment to enable integration testing. The test environment shall be capable of occasionally being used in isolation for other purposes at the Authority's request e.g. testing specific documents or new technologies.
92. The Supplier shall work with the Authority's test team to help them understand the functional and non-functional business requirements of new releases and other information including:
- i. Design and screen flows in conjunction with the Authority;
 - ii. Integration points;
 - iii. API endpoint alterations or deprecations;
 - iv. Any required user groups or permissions;
 - v. Related epic Jira ticket(s); and
 - vi. Contact details for the team.

This information will then be captured in test tickets by the test team for approval by the Authority. The Authority's test team may request additional information about new releases to help inform and support testing activities.

93. The Supplier shall perform testing, in their own internal lower non production environments, to ensure deliverables meet requirements, as specified by the Authority, before moving releases into the Authority's test environments.
94. The Supplier shall, with the approval of the Authority's test team, release deployments into the Authority's integration test environment. The Authority's test team will carry out integration testing and log bug tickets in Jira for any issues found.
95. The Supplier shall assist the Authority's test team with performance testing as required. The Supplier is not expected to link their test environment into the Authority's performance test environment, links to the Apps and GIDV Web

Components are stubbed in this environment.

96. The Supplier shall carry out performance testing in its own environments to ensure the GIDV Service continues to meet Transaction performance targets.
97. The Supplier shall investigate any bugs identified during testing immediately and resolve any bugs in a timeframe that maintains the schedule for implementation dates, unless otherwise agreed with the Authority. These bugs will be recorded as Jira tickets by the Authority's test team, the Supplier shall keep the tickets up to date so progress on fixes can be understood.
98. The Supplier shall take part in in Live Proving exercises for new releases into the live environment. These exercises comprise end to end testing by the Authority's test team with support from all teams in carrying out the testing and investigating and resolving any issues.

Security and Data

This section should be complied with in conjunction with Schedule 2.4 (*Security Management*).

99. The Supplier shall have ISO27001 and will be required to undertake an Authority supplier security review that will cover most ISO27001 areas including but not limited to:
 - f. **Building Security:** Physical Access, pass management, alarms and CCTV etc.
 - g. **Personnel** - Employee onboarding and checks, Cyber Training for staff etc.
 - h. **Cyber Security:** IT systems and compliance with UK NCSC principles and industry good practices, development, testing and release processes, user & password management and cyber monitoring.

The Supplier shall agree an action plan with the Authority for any areas of concern.

100. Any Data centres used for hosting must be within the UK. All server instances used for the provision of the GIDV Service or storing related Data must be for the Authority's sole use. Sharing of resources with other customers of the Supplier is not permitted.
101. UK based Supplier Personnel with access to the live environment, including those providing support, must undertake and meet HMG SC level clearance.

102. Overseas based Supplier Personnel with access to the live environment, including those providing support, must undertake a local equivalent to HMG SC level clearance which must be agreed with Authority.
103. Other Supplier Personnel must undertake UK BPSS, or a local equivalent agreed with the Authority, such checks should cover but not be limited to:
 - i. Identity Verification;
 - ii. Criminality background check;
 - iii. Finance check; and
 - iv. Credit reference check.

More information can be found here [United Kingdom Security Vetting - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/united-kingdom-security-vetting)

104. The Supplier shall not permit Supplier Personnel who fail the required security checks to be involved in the management and/or provision of the Services except where the Authority has expressly agreed in writing to the involvement of the named individual.
105. The Supplier shall collect audit records which relate to security events or that would support the analysis of potential and actual compromises. These records will be shared with the Authority as requested by the Authority.
106. The Supplier shall report any security incidents to the agreed Authority contact points:
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]

107. The Authority will mandate minimum supported versions of operating systems that broadly align with the availability security patching on those versions. The Supplier will be expected to work with the Authority's security teams to implement these standards.

Currently the Apps must be fully functional on the Android operating system version 6 and above, and on Apple iOS 13.2 and above. However this is kept under constant review and is subject to change in line with security requirements.

108. The Supplier shall ensure the GIDV Service has the ability to detect the version of the GIDV App and the IDV App installed on a device, trigger advice on upgrading to latest the latest versions and to block older versions of the Apps.

109. The Supplier shall ensure the GIDV Service has the ability to detect and block 'rooted' phones and phones which don't meet the minimum operating system requirements agreed with the Authority.
110. The Supplier acts as the Data processor under GDPR and must comply in full with the obligations and requirements set out in the legislation.
111. The Supplier will only collect Data on behalf of the Authority for:
- a. Legal Processing (the necessary collection of Data in order for the Government to carry out its necessary actions as defined by law, "in exercise of Official Authority").
 - b. Fraud and incorrect applications (the collection of information for the purposes of identification of suspicious activity for investigation.
 - c. General Process improvement (All parties) the collection for Data to improve the various processes and procedures and IT Systems.
 - d. Research into efficiency of algorithm and system processes for the purpose of improvement.
112. The Supplier should take the following approach to Data storage and Personally Identifiable Information (PII):
- a. Only collect Data directly relevant to the purposes i.e. Data from the identity document, photographs and video streams of the individual.
 - b. Avoid collecting Data, which is not necessary (i.e. no fishing expeditions to be allowed or enabled).
 - c. Ensure that analysis of Data is undertaken as early as possible to reduce the likelihood of Data being stored longer than it needs to be.
 - d. Ensure that Security controls and Individual staff approvals are aligned to the Data they may see or who they supervise considering which country they are in and what they have access to.
 - e. Ensure that the approach used to create the environments is aligned to GDPR and the use of PII is reduced throughout the project balancing risk and reasonable controls.
 - f. Ensure that PII approval and keeping individuals informed about their Data and its use is aligned and the risk to privacy is low as reasonably practical.
 - g. Except where agreed with the Authority, all PII should be deleted once it has been sent to the Authority.
 - h. The Supplier must Maintain a Data Protection Agreement detailing all data processed under this contract, the purpose of the processing, whether it is Personally Identifiable Information, it's source, how it is processed, and the period it is retained for.

Operations, Development and Governance

113. The Supplier shall deliver work according to an agreed product roadmap. This roadmap is agreed through the Product Manager and relevant business Product Owners. The Supplier shall work to deadlines provided by the Authority where such fixed deadlines are required.

114. The Supplier, when agreed with the Authority, shall present any significant new items of functionality as and when required at the weekly Technical Implementation Board (TIB) and as and when required at the Technical Design Authority (TDA).
115. The Supplier shall work with the Authority on creating materials to present new work at the Design and Delivery Board which provides assurance that the solution or functionality being proposed is deliverable and that all key disciplines (architecture, test, UCD, delivery management, product) have been sighted and involved in the design.
116. The Supplier shall establish and maintain positive relationships with other suppliers in the Migration and Borders Technology Portfolio and ensure a collaborative working environment.
117. The Supplier shall work closely with the other teams in the Person Product Team.
118. The diagram below shows the whole person team of which GIDV is a part. The GIDV Service provided by the Supplier is wider than indicated by the highlighted area below. It incorporates the IDV App, GIDV App and GIDV Web Components utilised by the Authority's Web Interface.

123. The Supplier shall support the Authority in demonstrations to showcase the service on an ad hoc basis.
124. The Authority does not expect all Supplier Personnel involved in the operation and delivery of the service to be co-located with the Authority's delivery teams. The expectation is that key personnel, e.g. Delivery Manager and Business Analyst, must be available to work in the Authority's offices in Croydon as required. Frequency of attendance can be discussed and agreed with the Authority.
125. The Supplier must respond to changes in architecture and environments to ensure the continued, uninterrupted, operation of the service.

131. The Supplier shall work with the Authority's User Centred Design (UCD) teams to ensure the usability of the GIDV Service, in line with the Government Digital Service (GDS) service standards. Entrust will retain decision ownership on design changes that have the potential to impact the abandoned transaction rate and on design changes that have the potential to impact Entrust IDVaaS platform. This is subject to reasonable effort from both parties to work together to mitigate any concerns over increases to the abandoned transaction rate or impacts to the Entrust IDVaaS platform as a result of proposed designs.
132. The Supplier will support the Authority's UCD Team in undertaking Customer research by inputting into the development of prototypes and providing guidance on the GIDV Service process flows.

Optional Services

133. The below are Optional Services that the Authority may wish to instruct in the future. The Authority requires the Supplier to be prepared to support these activities if required, however does not expect these to form part of the core Supplier Solution nor is it seeking detail about delivery of these services at the Operational Services Commencement Date.
134. The Authority would be interested in the Supplier Solution supporting verification of Digital Travel Credential (DTC) to become widely available within the timescales of this Agreement. The Supplier would work with the Authority's product team to monitor progress and agree the nature and timing of any work.
135. The Authority's aspiration is to incorporate a contactless fingerprint self-enrolment solution into the GIDV Service, subject to the viability of these technologies and defining a minimum specification. This work is being taken forward separately by the Authority and the Authority expects to be able to determine the next steps of this work at some point in the future.

- b. The Supplier must have the ability and willingness to incorporate an additional fingerprint self-enrolment step into the GIDV Service to a minimum specification if requested.
- c. The Authority would expect piloting and proof of concept work to be completed prior to incorporating contactless fingerprint self-enrolment solution into the GIDV Service.
- d. This may require a willingness on the part of the Supplier to investigate a range of solutions available on the market.
- e. The Supplier must have the willingness to work with the Authority to investigate, test and trial a range of fingerprint self-enrolment solutions including integration into test versions of the Apps.
- f. The Supplier must have a willingness to work with the Authority to investigate, test and trial a range of associated functionality including Presentation Attack Detection (PAD), and binding.
 - i. The Authority would require the Supplier to work with it on a range of solutions that meet a minimum specification (to be specified by the Authority).
 - ii. This may require a willingness on the part of the Supplier to investigate a range of solutions available on the market and potentially incorporate a 3rd party solution.

136. The Authority may wish to provide content and / or guidance in multiple languages in one or more of the GIDV Services. The Authority will work with the Supplier to clarify the options and approach should this become a requirement.

PART A: PERFORMANCE INDICATORS AND SERVICE CREDITS

1 PERFORMANCE INDICATORS

- 1.1 40.6 sets out the Key Performance Indicators which the Parties have agreed shall be used to measure the performance of the Services by the Supplier.
- 1.2 The Supplier shall monitor its performance against each Performance Indicator and shall send the Authority a report detailing the level of service actually achieved in accordance with 34.3 (*Performance and Monitoring*).
- 1.3 Service Points, and therefore Service Credits, shall accrue for any KPI Failure and shall be calculated in accordance with Paragraphs 2, 3 and 5.

2 SERVICE POINTS

- 2.1 If the level of performance of the Supplier during a Service Period achieves the Target Performance Level in respect of a Key Performance Indicator, no Service Points shall accrue to the Supplier in respect of that Key Performance Indicator.
- 2.2 If the level of performance of the Supplier during a Service Period is below the Target Performance Level in respect of a Key Performance Indicator, Service Points shall accrue to the Supplier in respect of that Key Performance Indicator as set out in Paragraph 2.3.

Where a Measurement Period is longer than a Service Period, Service Points shall only accrue within the final Service Period within each Measurement Period.

- 2.3 The number of Service Points that shall accrue to the Supplier in respect of a KPI Failure shall be the applicable number as set out in Annex 1 depending on whether the KPI Failure is a Minor KPI Failure or a Serious KPI Failure, unless the KPI Failure is a Repeat KPI Failure when the provisions of Paragraph 3.2 shall apply.

Worked example over a 3-month period

KPI	Measurement Period	Performance Level			Service Points accrued		
		Service Period 1	Service Period 2	Service Period 3	Service Period 1	Service Period 2	Service Period 3
1	Monthly	Serious Failure	Minor Failure	Target Performance Level	2	1	0
5	Monthly	Target Performance Level	KPI Service Threshold	KPI Service Threshold	0	1	1
9	Monthly	Target Performance	Target Performance	KPI Service	0	0	3

		ance Level	ance Level	Thresho ld			
12	Quarterly	Serious Failure			0	0	2
15	Quarterly	Minor Failure			0	0	1

3 REPEAT KPI FAILURES AND RELATED KPI FAILURES

Repeat KPI Failures

- 3.1 If a KPI Failure occurs in respect of the same Key Performance Indicator in any three consecutive Measurement Periods, the third and any subsequent such KPI Failure shall be a **“Repeat KPI Failure”**.
- 3.2 The number of Service Points that shall accrue to the Supplier in respect of a KPI Failure that is a Repeat KPI Failure shall be calculated as follows:

$$SP = P \times 2$$

where:

SP = the number of Service Points that shall accrue for the Repeat KPI Failure; and

P = the applicable number of Service Points for that KPI Failure as set out in Annex 1 depending on whether the Repeat KPI Failure is a Minor KPI Failure, a Serious KPI Failure, a Severe KPI Failure or a failure to meet the KPI Service Threshold.

Related KPI Failures

- 3.3 If any specific Key Performance Indicators refer to both Service Availability and System Response Times, the System Response Times achieved by the Supplier for any period of time during a Service Period during which the relevant Service or element of a Service is determined to be Non-Available shall not be taken into account in calculating the average System Response Times over the course of that Service Period. Accordingly, the Supplier shall not incur any Service Points for failure to meet System Response Times in circumstances where such failure is a result of, and the Supplier has already incurred Service Points for, the Service being Non-Available.

4 PERMITTED MAINTENANCE & EXTERNAL FACTORS

- 4.1 The Supplier shall be allowed Service Downtime for Permitted Maintenance within the scheduled Authority Planned Service Downtime. The Supplier may request additional Service Downtime for Permitted Maintenance outside of this period but will require written agreement in advance from the Authority.
- 4.2 For outages that are caused by factors beyond the Suppliers control, e.g. a component which the GIDV Service integrates with being unavailable, the elapsed time the service remains unavailable for will not count towards availability targets

5 SERVICE CREDITS

- 5.1 Schedule 7.1 (*Charges and Invoicing*) sets out the mechanism by which Service Points shall be converted into Service Credits.
- 5.2 For KPIs that operate on a monthly Measurement Period, any Service Points accrued shall be converted into Service Credits and the relevant deductions made to the invoice for that Service Period. For KPIs that operate on a quarterly Measurement Period, the Service Points shall accrue only within the final Service Period of the Measurement Period. The Service Points shall be converted into Service Credits at the end of the quarterly Measurement Period and deductions applied to Charges within all Service Periods within the Measurement Period. Worked examples can be found in Schedule 7.1 (*Charges and Invoicing*).
- 5.3 The Authority shall use the Performance Monitoring Reports provided pursuant to 35.7, among other things, to verify the calculation and accuracy of the Service Credits (if any) applicable to each Service Period.

6 CHANGES TO KPIs

- 6.1 The Authority may decide to make changes to KPIs as a result of a policy change or evidence-based changes demonstrating that the existing KPI definition, metric or target is inappropriate and not contributing to the service objectives or an alternative one will contribute more effectively. In these circumstances, the Authority may request a change to a KPI definition, metric or target. The Authority must provide the Supplier with 3 months' notice and the Supplier shall not unreasonably withhold its agreement.
- 6.2 The Supplier may make a formal request to the Authority for a KPI definition, metric or target to be redefined as a result of external circumstances outside of their control that are hindering the Supplier from meeting the KPI targets. Such changes will require the mutual agreement of both parties.
- 6.3 If any changes are made to the KPIs, the Service Credit mechanism will resume using the newly agreed KPI definitions, metrics and targets.

PART B: PERFORMANCE MONITORING

6.8 The Authority shall, by the relevant date set out in the Accreditation Plan, review the Security Management Plan and issue to the Supplier either:

- (a) a Risk Management Approval Statement which will then form part of the Security Management Plan, confirming that the Authority is satisfied that the identified risks to the Core Information Management System have been adequately and appropriately addressed and that the residual risks are understood and accepted by the Authority; or
- (b) a rejection notice stating that the Authority considers that the identified risks to the Core Information Management System have not been adequately or appropriately addressed, or the residual risks to the Core Information Management System have not been reduced to the level anticipated by the Statement of Information Risk Appetite, and the reasons why ("**Risk Management Rejection Notice**").

6.9 If the Authority issues a Risk Management Rejection Notice, the Supplier shall, within 20 Working Days of the date of the Risk Management Rejection Notice:

- (a) address all of the issues raised by the Authority in such notice;
- (b) update the Security Management Plan, as appropriate, and
- (c) notify the Authority that the Core Information Management System is ready for an Accreditation Decision.

- 6.10 If the Authority issues a two or more Risk Management Rejection Notices, the failure to receive a Risk Management Approval Statement shall constitute a material Default and the Authority may by terminate this Agreement with immediate effect by issuing a Termination Notice to the Supplier in accordance with Clause 34.1(b).
- 6.11 Subject to Paragraph 6.10, the process set out in Paragraphs 6.8 to 6.10 shall be repeated until such time as the Authority issues a Risk Management Approval Statement to the Supplier or terminates this Agreement.

within 10 Working Days after the initial notification or such other timescale as may be agreed with the Authority.

- 6.15 If the Supplier fails to implement a change set out in the Required Changes Register by the date agreed with the Authority, such failure shall constitute a material Default and the Supplier shall:
- (a) immediately cease using the Core Information Management System to Process Authority Data until the Default is remedied, unless directed otherwise by the Authority in writing and then it may only continue to Process Authority Data in accordance with the Authority's written directions; and
 - (b) where such Default is capable of remedy, the Supplier shall remedy such Default within the timescales set by the Authority and, should the Supplier fail to remedy the Default within such timescales, the Authority may terminate this Agreement with immediate effect by issuing a Termination Notice to the Supplier in accordance with Clause 34.1(b).
- 6.16 The Supplier shall review each Change Request against the Security Management Plan to establish whether the documentation would need to be amended should such Change Request be agreed and, where a Change Request would require an amendment to the Security Management Plan, the Supplier shall set out any proposed amendments to the documentation in the Impact Assessment associated with such Change Request for consideration and approval by the Authority.
- 6.17 The Supplier shall be solely responsible for the costs associated with developing and updating the Security Management Plan and carrying out any remedial action required by the Authority as part of the Accreditation process.

7 Certification Requirements

- 7.1 The Supplier shall ensure, at all times during the Term, that it is certified as compliant with:
- (a) ISO/IEC 27001:2013 by a United Kingdom Accreditation Service (UKAS)-approved certification body or are included within the scope of an existing certification of compliance with ISO/IEC 27001:2013; and

- 7.3 In addition to the obligations contained in Clause 15, the Supplier must ensure that the Key Subcontract with each CIMS Sub-contractor:

- (a) contains obligations no less onerous on the Key Sub-contractor than those imposed on the Supplier under this Schedule 2.4 (*Security Management*); but
- (b) provides for the Authority to perform Accreditation of any part of the Core Information Management System that the CIMS Sub-contractor provides or operates which is not otherwise subject to Accreditation under this Schedule 2.4 (*Security Management*).

The Supplier shall ensure that each Higher Risk Sub-contractor is certified as compliant with ISO/IEC 27001:2013 by a United Kingdom Accreditation Service (UKAS)-approved certification body or is included within the scope of an existing certification of compliance with ISO/IEC 27001:2013 and shall provide the Authority with a copy of such certificate of compliance before the Higher-Risk Sub-contractor shall be permitted to receive or Process Authority Data.

7.4 The Supplier shall ensure that each Medium Risk Sub-contractor is certified compliant with Cyber Essentials.

7.6 The Supplier shall notify the Authority as soon as reasonably practicable and, in any event within 2 Working Days, if the Supplier or any Sub-contractor ceases to be compliant with the Certification Requirements and shall or shall procure that the relevant Sub-contractor shall:

- (a) immediately ceases receiving or Processing Authority Data; and
- (b) procure that the relevant Sub-contractor promptly returns, destroys and/or erases the Authority Data in accordance with Baseline Security Requirements.

7.7 The Authority may agree to exempt in whole or part the Supplier or any Sub-contractor from the Certification Requirements. Any exemption must be in writing to be effective. The Supplier must include the exemption in the Security Management Plan.

8 Security Testing

8.1 The Supplier shall, at its own cost and expense:

- (a) procure testing of the Core Information Management System by a CHECK Service Provider or a CREST Service Provider (an **"IT Health Check"**):
 - (i) prior to it submitting the Security Management Plan to the Authority for an Accreditation Decision;
 - (ii) if directed to do so by the Authority; and
 - (iii) once every 12 months during the Term.
- (b) conduct vulnerability scanning and assessments of the Core Information Management System monthly;
- (c) conduct an assessment as soon as reasonably practicable following receipt by the Supplier or any of its Sub-contractors of a critical vulnerability alert from a supplier of any software or other component of the Core Information Management System to determine whether the vulnerability affects the Core Information Management System; and
- (d) conduct such other tests as are required by:
 - (i) any Vulnerability Correction Plans;
 - (ii) the ISO27001 certification requirements;
 - (iii) the Security Management Plan; and
 - (iv) the Authority following a Breach of Security or a significant change to the components or architecture of the Core Information Management System,(each a **"Security Test"**).

8.2 The Supplier shall provide the Authority with the results of such Security Tests (in a form approved by the Authority in advance) as soon as practicable, and in any case within 10 Working Days, after completion of each Security Test.

8.3 In relation to each IT Health Check, the Supplier shall:

- (a) agree with the Authority the aim and scope of the IT Health Check;
- (b) promptly, and in any case no later than 10 Working Days, following receipt of each IT Health Check report, provide the Authority with a copy of the IT Health Check report;

 - (i) prepare a remedial plan for approval by the Authority (each a **"Vulnerability Correction Plan"**) which sets out in respect of each vulnerability identified in the IT Health Check report:

- (A) how the vulnerability will be remedied;
 - (B) unless otherwise agreed in writing between the Parties, the date by which the vulnerability will be remedied, which must be:
 - (1) within three months of the date the Supplier received the IT Health Check report in the case of any vulnerability categorised with a severity of “medium”;

8.4 The Security Tests shall be designed and implemented by the Supplier so as to minimise the impact on the delivery of the Services and the date, timing, content and conduct of such Security Tests shall be agreed in advance with the Authority. Subject to the Supplier complying with this Paragraph 8.4, if a Security Test causes a Performance Failure in a particular Measurement Period, the Supplier shall be granted relief in respect of such Performance Failure for that Measurement Period.

8.5 The Authority shall be entitled to send a representative to witness the conduct of the Security Tests. Without prejudice to the Supplier's obligations under Paragraph 8.3, the Supplier shall provide the Authority with the results of such Security Tests (in a form approved by the Authority in advance) as soon as practicable, and in any case no later than 10 Working Days, after completion of each Security Test.

8.6 The Authority and/or its authorised representatives shall be entitled, at any time and without giving notice to the Supplier, to carry out such tests (including penetration tests) as it may deem necessary in relation to the Service, the Information Management System and/or the Supplier's compliance with the Security Management Plan ("**Authority Security Tests**"). The Authority shall

take reasonable steps to notify the Supplier prior to carrying out such Authority Security Test to the extent that it is reasonably practicable for it to do so taking into account the nature of the Authority Security Test.

- 8.7 The Authority shall notify the Supplier of the results of such Authority Security Tests after completion of each Authority Security Test.
- 8.8 The Authority Security Tests shall be designed and implemented so as to minimise their impact on the delivery of the Services. If an Authority Security Test causes Supplier Non-Performance, the Authority Security Test shall be treated as an Authority Cause, except where the root cause of the Supplier Non-Performance was a weakness or vulnerability exposed by the Authority Security Test.
- 8.9 Without prejudice to the provisions of Paragraph 8.3(c), where any Security Test carried out pursuant to this Paragraph 8 reveals any actual or potential Breach of Security or weaknesses (including un-patched vulnerabilities, poor configuration and/or incorrect system management), the Supplier shall promptly notify the Authority of any changes to the Core Information Management System and/or the Security Management Plan (and the implementation thereof) which the Supplier proposes to make in order to correct such failure or weakness. Subject to the Authority's prior written approval, the Supplier shall implement such changes to the Core Information Management System and/or the Security Management Plan and repeat the relevant Security Tests in accordance with the timetable agreed with the Authority or, otherwise, as soon as reasonably possible.
- 8.10 If the Authority unreasonably withholds its approval to the implementation of any changes proposed by the Supplier to the Security Management Plan in accordance with Paragraph 8.8 above, the Supplier shall not be deemed to be in breach of this Agreement to the extent it can be shown that such breach:
- (a) has arisen as a direct result of the Authority unreasonably withholding its approval to the implementation of such proposed changes; and
 - (b) would have been avoided had the Authority given its approval to the implementation of such proposed changes.
- 8.11 For the avoidance of doubt, where a change to the Core Information Management System and/or the Security Management Plan is required to remedy non-compliance with the Risk Management Documentation, the Baseline Security Requirements and/or any obligation in this Agreement, the Supplier shall effect such change at its own cost and expense.
- 8.12 If any repeat Security Test carried out pursuant to Paragraph 8.9 reveals an actual or potential Breach of Security or weakness exploiting the same root cause failure, such circumstance shall constitute a material Default and the Authority may by terminate this Agreement with immediate effect by issuing a Termination Notice to the Supplier in accordance with Clause 34.1(b).

- 8.13 The Supplier shall, by 31 March of each year during the Term, provide to the Authority a letter from its chief executive officer (or equivalent officer) confirming that having made due and careful enquiry:
- (a) the Supplier has in the previous year carried out all tests and has in place all procedures required in relation to security matters under this Agreement; and
 - (b) the Supplier is confident that its security and risk mitigation procedures with respect to the Services remain effective.

9 Vulnerabilities and Corrective Action

- 9.1 The Authority and the Supplier acknowledge that from time to time vulnerabilities in the Information Management System will be discovered which unless mitigated will present an unacceptable risk to the Authority Data.
- 9.2 The severity of vulnerabilities for Supplier COTS Software and Third Party COTS Software shall be categorised by the Supplier as 'Critical', 'Important' and 'Other' by aligning these categories to the vulnerability scoring according to the agreed method in the Security Management Plan and using the appropriate vulnerability scoring systems including:
- (a) the 'National Vulnerability Database' 'Vulnerability Severity Ratings': 'High', 'Medium' and 'Low' respectively (these in turn are aligned to CVSS scores as set out by NIST at <http://nvd.nist.gov/cvss.cfm>); and
 - (b) Microsoft's 'Security Bulletin Severity Rating System' ratings 'Critical', 'Important', and the two remaining levels ('Moderate' and 'Low') respectively.
- 9.3 Subject to Paragraph 9.4, the Supplier shall procure the application of security patches to vulnerabilities in the Core Information Management System within:
- (a) seven (7) days after the public release of patches for those vulnerabilities categorised as 'Critical';
 - (b) thirty (30) days after the public release of patches for those vulnerabilities categorised as 'Important'; and
 - (c) sixty (60) days after the public release of patches for those vulnerabilities categorised as 'Other'.
- 9.4 The timescales for applying patches to vulnerabilities in the Core Information Management System set out in Paragraph 9.3 shall be extended where:
- (a) the Supplier can demonstrate that a vulnerability in the Core Information Management System is not exploitable within the context of the Services (e.g. because it resides in a Software component which is not involved in running in the Services) provided such vulnerabilities shall be remedied by the Supplier within the timescales set out in Paragraph 9.3 if the vulnerability becomes exploitable within the context of the Services;

- (b) the application of a 'Critical' or 'Important' security patch adversely affects the Supplier's ability to deliver the Services in which case the Supplier shall be granted an extension to such timescales of five (5) days, provided the Supplier had followed and continues to follow the security patch test plan agreed with the Authority; or
- (c) the Authority agrees a different maximum period after a case-by-case consultation with the Supplier under the processes defined in the Security Management Plan.

9.5 The Security Management Plan shall include provisions for major version upgrades of all Supplier COTS Software and Third Party COTS Software to be kept up to date such that all Supplier COTS Software and Third Party COTS Software are always in mainstream support throughout the Agreement Period unless otherwise agreed by the Authority in writing.

9.6 The Supplier shall:

- (a) implement a mechanism for receiving, analysing and acting upon threat information supplied by NCSC, or any other competent Central Government Body;
- (b) promptly notify NCSC of any actual or sustained attempted Breach of Security;
- (c) ensure that the Core Information Management System is monitored to facilitate the detection of anomalous behaviour that would be indicative of system compromise;
- (d) ensure it is knowledgeable about the latest trends in threat, vulnerability and exploitation that are relevant to the Core Information Management System by actively monitoring the threat landscape during the Agreement Period;
- (e) pro-actively scan the Core Information Management System for vulnerable components and address discovered vulnerabilities through the processes described in the Security Management Plan;
- (f) from the date specified in the Accreditation Plan and within 5 Working Days of the end of each subsequent month during the Agreement Period, provide the Authority with a written report which details both patched and outstanding vulnerabilities in the Core Information Management System, the elapsed time between the public release date of patches and either time of application or for outstanding vulnerabilities the time of issue of such report and any failure to comply with the timescales set out in Paragraph 9.3 for applying patches to vulnerabilities in the Core Information Management System;
- (g) propose interim mitigation measures to vulnerabilities in the Core Information Management System known to be exploitable where a security patch is not immediately available;

- (h) remove or disable any extraneous interfaces, services or capabilities that are not needed for the provision of the Services (in order to reduce the attack surface of the Core Information Management System); and
 - (i) inform the Authority when it becomes aware of any new threat, vulnerability or exploitation technique that has the potential to affect the security of the Core Information Management System and provide initial indications of possible mitigations.
- 9.7 If the Supplier is unlikely to be able to mitigate the vulnerability within the timescales under Paragraph 10, the Supplier shall immediately notify the Authority.
- 9.8 If the Supplier fails to patch vulnerabilities in the Core Information Management System in accordance with Paragraph 9.3, such failure shall constitute a material Default and the Authority may by terminate this Agreement with immediate effect by issuing a Termination Notice to the Supplier.
- 10 Malicious Software**
- 10.1 The Supplier shall install and maintain Anti-Malicious Software or procure that Anti-Malicious Software is installed and maintained on any part of the Information Management System which may Process Authority Data and ensure that such Anti-Malicious Software is configured to perform automatic software and definition updates as well as regular scans of the Information Management System to check for, prevent the introduction of Malicious Software or where Malicious Software has been introduced into the Information Management System, to identify, contain the spread of, and minimise the impact of Malicious Software.
- 10.2 If Malicious Software is found, the Parties shall cooperate to reduce the effect of the Malicious Software and, particularly if Malicious Software causes loss of operational efficiency or loss or corruption of Authority Data, assist each other to mitigate any Losses and to restore the Services to their desired operating efficiency.
- 10.3 any cost arising out of the actions of the Parties taken in compliance with the provisions of Paragraph 10.2 shall be borne by the Parties as follows:
 - (a) by the Supplier where the Malicious Software originates from the Supplier Software, the Third-Party Software supplied by the Supplier or the Authority Data (whilst the Authority Data was under the control of the Supplier) unless the Supplier can demonstrate that such Malicious Software was present and not quarantined or otherwise identified by the Authority when provided to the Supplier; and
 - (b) otherwise by the Authority.

11 Breach of Security

- 11.1 If either Party becomes aware of a Breach of Security or an attempted Breach of Security it shall notify the other in accordance with the security incident management process as set out in the Security Management Plan.
- 11.2 The security incident management process set out in the Security Management Plan shall, as a minimum, require the Supplier upon becoming aware of a Breach of Security or an attempted Breach of Security to:
- (a) immediately take all reasonable steps (which shall include any action or changes reasonably required by the Authority which shall be completed within such timescales as the Authority may reasonably require) necessary to:
 - (i) minimise the extent of actual or potential harm caused by such Breach of Security;
 - (ii) remedy such Breach of Security to the extent possible and protect the integrity of the Information Management System against any such potential or attempted Breach of Security;
 - (iii) apply a tested mitigation against any such Breach of Security or potential or attempted Breach of Security and, provided that reasonable testing has been undertaken by the Supplier, if the mitigation adversely affects the Supplier's ability to deliver the Services so as to meet any Performance Indicator, the Supplier shall be granted relief against the failure to meet such affected Performance Indicator for such period as the Authority, acting reasonably, may specify by written notice to the Supplier; and
 - (iv) prevent a further Breach of Security or attempted Breach of Security in the future exploiting the same root cause failure;
 - (b) as soon as reasonably practicable and, in any event, within 2 Working Days, following the Breach of Security or attempted Breach of Security, provide to the Authority full details of the Breach of Security or attempted Breach of Security, including a root cause analysis where required by the Authority.
- 11.3 In the event that any action is taken in response to a Breach of Security or attempted Breach of Security which occurred as a result of non-compliance of the Information Management System and/or the Security Management Plan with the Baseline Security Requirements and/or this Agreement, then such action and any required change to the Information Management System and/or Security Management Plan shall be completed by the Supplier at no cost to the Authority.
- 11.4 If the Supplier fails to comply with its obligations set out in this Paragraph 11, such failure shall constitute a material Default, which if not remedied to the satisfaction of the Authority, shall permit the Authority to terminate this Agreement with immediate effect by issuing a Termination Notice to the Supplier.

12 Data Processing, Storage, Management and Destruction

12.1 In addition to the obligations on the Supplier set out Clause 24 in respect of Processing Personal Data and compliance with the Data Protection Legislation, the Supplier shall:

- 3.1 The Supplier shall ensure that any Authority Data which it causes to be transmitted over any public network (including the Internet, mobile networks or un-protected enterprise network) or to a mobile device shall be encrypted when transmitted.

4 Personnel Security

- 4.1 All Supplier Staff shall be subject to a pre-employment check before they may participate in the provision and or management of the Services. Such pre-employment checks must include all pre-employment checks which are required by the HMG Baseline Personnel Security Standard including: verification of the individual's identity; verification of the individual's nationality and immigration status; and, verification of the individual's employment history; verification of the individual's criminal record.
- 4.2 The Authority and the Supplier shall review the roles and responsibilities of the Supplier Staff who will be involved in the management and/or provision of the Services in order to enable the Authority to determine which roles require additional vetting and a specific national security vetting clearance

(e.g. a Counter Terrorist Check; a Security Check). Roles which are likely to require additional vetting and a specific national security vetting clearance include system administrators whose role would provide those individuals with privileged access to IT systems which Process Authority Data or data which, if it were Authority Data, would be classified as OFFICIAL-SENSITIVE.

- 4.3 The Supplier shall not permit Supplier Staff who fail the security checks required by Paragraphs 4.1 and 4.2 to be involved in the management and/or provision of the Services except where the Authority has expressly agreed in writing to the involvement of the named individual in the management and/or provision of the Services.
- 4.4 The Supplier shall ensure that Supplier Staff are only granted such access to Authority Data as is necessary to enable the Supplier Staff to perform their role and to fulfil their responsibilities.
- 4.5 The Supplier shall ensure that Supplier Staff who no longer require access to the Authority Data (e.g. they cease to be employed by the Supplier or any of its Sub-contractors), have their rights to access the Authority Data revoked within 1 Working Day.
- 4.6 The Supplier shall ensure that Supplier Staff that have access to the Sites, the IT Environment or the Authority Data receive regular training on security awareness that reflects the degree of access those individuals have to the Sites, the IT Environment or the Authority Data.
- 4.7 The Supplier shall ensure that the training provided to Supplier Staff under paragraph 4.6 includes training on the identification and reporting fraudulent communications intended to induce individuals to disclose Personal Data or any other information that could be used, including in combination with other Personal Data or information, or with other techniques, to facilitate unauthorised access to the Sites, the IT Environment or the Authority Data ("phishing").

5 Identity, Authentication and Access Control

- 5.1 The Supplier shall operate an access control regime to ensure:

 - (b) all persons who access the Sites are identified and authenticated before they are allowed access to the Sites.
- 5.2 The Supplier shall apply the 'principle of least privilege' when allowing persons access to the Supplier System and Sites so that such persons are allowed access only to those parts of the Sites and the Supplier System they require.
- 5.3 The Supplier shall retain records of access to the Sites and to the Supplier System and shall make such record available to the Authority on request.

6 Audit and Protective Monitoring

- 6.1 The Supplier shall collect audit records which relate to security events in Core Information Management System or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include regular reports and alerts setting out details of access by users of the Core Information Management System, to enable the identification of (without limitation) changing access trends, any unusual patterns of usage and/or accounts accessing higher than average amounts of Authority Data.
- 6.2 In addition to any requirement in Clause 40.3, the Supplier shall
- (a) Implement audit and monitoring of the Core Information Management System sufficient to comply with any applicable Relevant Requirements and to prevent or detect any Prohibited Act;

<https://www.ncsc.gov.uk/guidance/security-design-principles-digital-services-main>;
 - (b) the NCSC "Bulk Data Principles", a copy of which can be found at:
<https://www.ncsc.gov.uk/guidance/protecting-bulk-personal-data-main>; and
 - (c) the NSCS "Cloud Security Principles", a copy of which can be found at: <https://www.ncsc.gov.uk/guidance/implementing-cloud-security-principles> and which are summarised below:
 - (i) "Cloud Security Principle 1: data in transit protection" which, amongst other matters, requires that user data transiting networks should be adequately protected against tampering and eavesdropping;

- (ii) "Cloud Security Principle 2: asset protection and resilience" which, amongst other matters, requires that user data, and the assets storing or processing it, should be protected against physical tampering, loss, damage or seizure;
- (iii) "Cloud Security Principle 3: separation between users" which, amongst other matters, requires that a malicious or compromised user of the service should not be able to affect the service or data of another;
- (iv) "Cloud Security Principle 4: governance framework" which, amongst other matters, requires that the Supplier should have a security governance framework which coordinates and directs its management of the Services and information within it;
- (v) "Cloud Security Principle 5: operational security" which, amongst other matters, requires that the Services need to be operated and managed securely in order to impede, detect or prevent a Breach of Security;
- (vi) "Cloud Security Principle 6: personnel security" which, amongst other matters, requires that where Supplier Staff have access to Authority Data and/or the Authority System that those personnel be subject to appropriate security screening and regular security training;
- (vii) "Cloud Security Principle 7: secure development" which, amongst other matters, requires that the Services be designed and developed to identify and mitigate threats to their security;
- (viii) "Cloud Security Principle 8: supply chain security" which, amongst other matters, requires the Supplier to ensure that appropriate security controls are in place with its Sub-contractors and other suppliers;
- (ix) "Cloud Security Principle 9: secure user management" which, amongst other matters, requires the Supplier to make the tools available for the Authority to securely manage the Authority's use of the Service;
- (x) "Cloud Security Principle 10: identity and authentication" which, amongst other matters, requires the Supplier to implement appropriate controls in order to ensure that access to Service interfaces is constrained to authenticated and authorised individuals;
- (xi) "Cloud Security Principle 11: external interface protection" which, amongst other matters, requires that all external or less trusted interfaces with the Services should be identified and appropriately defended;

- (xii) "Cloud Security Principle 12: secure service administration" which, amongst other matters, requires that any IT system which is used for administration of a cloud service will have highly privileged access to that service;
- (xiii) "Cloud Security Principle 13: audit information for users" which, amongst other matters, requires the Supplier to be able to provide the Authority with the audit records it needs to monitor access to the Service and the Authority Data held by the Supplier and/or its Sub-contractors;
- (xiv) "Cloud Security Principle 14: secure use of the service" which, amongst other matters, requires the Supplier to educate Supplier Staff on the safe and secure use of the Information Management System.

Annex 1

The following sets out the Authority (acting through the Home Office) strategy in relation to Social value which the Supplier must comply with.

Home Office Social Value Strategy - June 2021

Our Goal

The HO strategy is supported by a number of government policies outlined below. This enables us to understand our legal obligations and policy requirements in order to achieve positive, sustainable outcomes, in line with best practice and with the highest overall value from our contracts.

This includes:

- Adhering to the [Social Value Act 2012 \(GOV.UK\)](#);
- Adhering to the [Modern Slavery Act 2015 \(GOV.UK\)](#);
- Compliance with the [Civil Society Strategy \(GOV.UK\)](#);
- Compliance with the [Public Sector Equality Duty \(GOV.UK\)](#);
- Reducing the environmental impact of our contracts through compliance with [Greening Government Commitments 2016 to 2020 \(GOV.UK\)](#), [25 Year Environment Plan \(GOV.UK\)](#), [Sustainable Development Goals \(UN\)](#) and [Government Buying Standards \(GOV.UK\)](#);
- Compliance with the [Greening government: ICT and digital services strategy 2020-2025 \(GOV.UK\)](#);
- Supporting the [Plan for Growth \(GOV.UK\)](#);
- Supporting the UK ambition to be net zero by 2050.
- Compliance with the Home Office Health and Wellbeing Strategy Apr 2018 to Mar 2021;
- Supporting the [10 Point Plan for a Green Industrial Revolution \(GOV.UK\)](#);
- Adherence to the law generally, all relevant Government Guidance and Procurement Policy Notes.

We provide reports to Ministry of Justice (MOJ) (Sustainable Cluster Lead for the Home Office), Cabinet Office and Stonewall.

OFFICIAL – SENSITIVE

The Social Value Act

The Public Services (Social Value) Act 2012 came into force on 31st January 2013. It requires the Home Office “to have regard to economic, social and environmental well-being in connection with public services contracts; and for connected purposes”, see [Procurement policy note 10/12: The Public Services \(Social Value\) Act 2012 \(GOV.UK\)](#). This means that we must consider where added benefit, in relation to social value aspects, can be delivered to the department, where relevant and proportionate, above those already delivered as part of the requirements of the specification. To learn how to apply the principles of this Act through a new delivery model please read: [PPN 0620 Taking Account of Social Value in the Award of Central Government Contracts \(GOV.UK\)](#).

The Modern Slavery Act

The Modern Slavery Act 2015 (“The Act”) categorises offences of Slavery, Servitude and Forced or Compulsory Labour and Human Trafficking. These are all included in the term ‘modern slavery’. The Act requires businesses with a total turnover of £36m or above who carry out all or some of their business in the UK to publish an annual slavery and human trafficking statement. Businesses should set out what action they have taken to tackle modern slavery in their business or supply chains. This will allow consumers, investors and campaigners to hold them to account and call for them to do more.

Civil Society Strategy

This strategy has committed the Government to use its buying power to drive social change. Central Government will take account of social benefits in the award of its contracts. This will have the effect of levelling the playing field for all types of businesses including small businesses, voluntary and community sector organisations and social enterprises, encouraging employment opportunities, developing skills and improving environmental sustainability.

Public Sector Equality Duty

This duty came in to force in April 2011. It requires the HO to have due regard to the need to achieve the objectives set out under s149 of the Equality Act 2010 to:

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010.
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it.
- (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The PSED should help to ensure that public goods and services are accessible to and meet the diverse needs of all users to ensure that no one group is disadvantaged in accessing public goods and services. Further information can be found within [PPN 01/13 \(GOV.UK\)](#) and on the [PSED page on Horizon](#).

OFFICIAL – SENSITIVE

Greening Government Commitments (GGC)

The [GGC \(GOV.UK\)](#) set out the actions UK government departments and their agencies will take to reduce their impacts on the environment in the period 2016 to 2020. They set out targets to reduce their greenhouse gas emissions, send less waste to landfill and reduce the overall amount of waste they produce and reduce water consumption. They also set out commitments for departments to improve sustainable procurement and report transparently on key sustainability issues. The Home Office is reporting a 42% reduction in carbon emissions, based on 2009-10 levels. Full details of our plans to further reduce emissions will follow.

25 Year Environment Plan

The [25-year environment plan \(GOV.UK\)](#) sets out our goals for improving the environment, within a generation, and leaving it in a better state than we found it. It details how we in government will work with communities and businesses to do this and sets out what we will be doing over the next 25 years. Single-Use Plastics: Chapter 4 of the 25 Year Environment Plan discusses “Increasing resource efficiency and reducing pollution and waste”. Reduction in the use of Single-Use Plastics in the department’s activities and services it provides is an important part of this. There are an increasing number of multi-use plastics or plastic-free alternatives that we can use and encourage our suppliers to use in their supply chains. By reducing our use of Single-Use Plastics and asking our suppliers to reduce or eliminate their use of these in our supply chains, we can help to achieve the goals of the 25 Year Plan.

Sustainable Development Goals (SDGs)

SDGs were adopted by all United Nations Member States in 2015 providing a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are 17 SDGs, which are an urgent call for action by all countries - developed and developing - in a global partnership. They recognise that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our oceans and forests.

Government Buying Standards (GBS)

All government departments and their related organisations must make sure that they meet the minimum mandatory GBS standards when buying goods and services and to specify the minimum mandatory standards within tenders. This forms part of sustainable procurement - the process whereby organisations meet their needs for goods, services, works and utilities in a way that benefits not only the organisation, but also society and the economy, while minimising damage to the environment.

Greening government: ICT and digital services strategy 2020-2025

This strategy sets out how the government will work in partnership with industry and other sectors to provide ICT and digital services to help achieve the United Nation’s Sustainable Development Goals, implement Defra’s 25 Year Environment Plan and meet the government’s net zero commitments. The objectives of this strategy is to deliver the following outcomes:

OFFICIAL – SENSITIVE

- Reduced carbon and cost.
- Increased resilience.
- Increased responsibility (doing the right thing).
- Increased transparency and collaboration.
- Increased accountability.

Plan for Growth

Government announced a programme of structural reforms to remove barriers to growth for businesses and equip the UK to compete in the global race. These reforms span a range of policies including improving UK infrastructure, cutting red tape, root and branch reform of the planning system and boosting trade and inward investment, to achieve the government's 4 ambitions for growth:

- creating the most competitive tax system in the G20.
- encouraging investment and exports as a route to a more balanced economy.
- making the UK the best place in Europe to start, finance and grow a business.
- creating a more educated workforce that is the most flexible in Europe.

Net Zero by 2050

As part of assessing a supplier's technical and professional ability, from 30th September 2021, there will be a requirement for bidding suppliers to provide a Carbon Reduction Plan confirming their commitment to achieving Net Zero by 2050 in the UK, and setting out the environmental management measures that they have in place and which will be in effect and utilised during the performance of the contract. This will apply to contracts valued above £5m per annum. Please refer to [PPN 06/21 \(GOV.UK\)](#) for further information.

Health and Wellbeing Strategy Apr 2018 to Mar 2021

The Home Office aspires to be a great place to work where staff will benefit from a positive environment, and physical and emotional health and wellbeing. The [Health and Wellbeing Strategy \(GOV.UK\)](#) aligns with the 5 Civil Service strategic priorities. It aims to improve:

- leadership capability by providing leaders with advice and training.
- the tools, policies, guidance and processes you and your leaders use.
- work culture, practices, environment and staff behaviours.

10 Point Plan for a Green Industrial Revolution

The Ten Point Plan sets firm foundations to potentially deliver up to an estimated £42 billion of private investment by 2030 across energy, buildings, transport, innovation and the natural environment. The Plan will start by supporting 90,000 jobs across the UK within this Parliament, and up to 250,000 by 2030 and will seek to put the UK at the forefront of global markets for clean technology. It will generate new clean power with offshore wind farms, nuclear plants and will invest up to half a billion pounds in new hydrogen technologies. Finally, it will harness nature's ability to absorb carbon by establishing new National Parks and Areas of Outstanding Natural Beauty, making them havens of biodiversity, with the aim of protecting 30% of England's countryside by 2030. The cumulative effect of this plan will be to reduce UK emissions by 180 million tonnes of carbon dioxide equivalent (Mt CO₂ e) between 2023 and 2032, equal to taking all of today's cars off the road for around two years, all will help to meet our net zero by 2050 target.

The SME Agenda

In 2015 Government achieved the 25% aspiration for spend with Small and Medium-sized Enterprises (SMEs). The Government's previous ambition was to spend 33% by March 2022 with SMEs. However, since the last manifesto this target has been relaxed and the HO approach now is to proactively engage with our SMEs to support the Industrial Strategy aim 'to improve living standards and economic growth by increasing productivity and driving growth across the UK'.

Diversity and Inclusion including LGBTQi+ Equality

[The Civil Service Diversity and Inclusion Strategy 2017-2020 \(GOV.UK\)](#) launched in September 2018, prioritises greater representation and inclusion, which are essential to achieving our ambition to become the most inclusive employer in the UK by 2020.

Annex 2 – Home Office Social Value Objectives

The [Social Value Model \(GOV.UK\)](#) details the Authority's objectives for Social Value, articulating it in terms of high-level themes and strategic policy priorities.

The Supplier shall incorporate the Social Value Model as described within this Schedule 2.6, where relevant and proportionate to the Services and its Social Value solution as described within Schedule 4.1 (Suppliers Solution), within the Suppliers Social Value Plan and Social Value Report,.

The Supplier shall set their own benchmarks and targets within their Social Value Plan, for improvements or activities that support the delivery of the Authority's aims as set out within this Schedule.

- 5 Severity Level 5 Test Issue:** a Test Issue that causes a minor problem, for which no workaround is required, and which has no impact on the current Test, or other areas of the Services

PART A: PRICING

1 APPLICABLE PRICING MECHANISM

- 1.1 Milestone Payments and Service Charges shall be calculated using the pricing mechanisms, rates and prices specified in the various tables included in Annex 1 and Annex 2 or as more particularly set out in this Schedule.
- 1.2 Table 2 of Annex 1 sets out the pricing mechanism to be used to calculate each Milestone Payment, which shall be:
- (a) **"Firm Price"**, in which case the provisions of Paragraph 3 shall apply.
- 1.3 Table 3, Table 4 and Table 5 of Annex 1 and Table 1 of Annex 2 sets out which pricing mechanism shall be used to calculate each Service Charge, which shall be one or more of the following:
- (a) **"Time and Materials"**, in which case the provisions of Paragraph 2 shall apply;
 - (b) **"Fixed Price"** in which case the provisions of Paragraph 4 shall apply;
 - (c) **"Stepped Fixed Price"** in which case the provisions of Paragraph 5 shall apply; or
 - (d) **"Volume Based"** pricing, in which case the provisions of Paragraph 6 shall apply.

2 TIME AND MATERIALS SERVICE CHARGES

- 2.1 Where Annex 1 or Annex 2 indicates that Service Charge is to be calculated by reference to a Time and Materials pricing mechanism:
- (a) the day rates set out in Table 1 of Annex 1 shall be used to calculate the relevant Charges, provided that the Supplier (or its Sub-contractor) shall:
 - (i) not be entitled to include any uplift for risks or contingencies within its day rates;
 - (ii) only be entitled to be paid Charges that have been properly and reasonably incurred, taking into account the Supplier's obligation to deliver the Services in a proportionate and efficient manner; and
 - (b) the Supplier shall keep records of hours properly worked by Supplier Personnel (in the form of timesheets) and expenses incurred and submit a summary of the relevant records with each invoice. If the Authority requests copies of such records, the Supplier shall make them available to the Authority within 10 Working Days of the Authority's request.

- 2.2 The Supplier shall not be entitled to Index the rates set out in Table 1 of Annex 1 during the Initial Term. The Supplier will only be entitled to Index the rates set out in Table 1 of Annex 1 in the event that the Authority activates one or both Extension Periods and only where the Supplier can demonstrate and evidence a real cost increase.

3 FIRM PRICE MILESTONE PAYMENTS

- 3.1 Where Table 2 of Annex 1 indicates that a Milestone Payment is to be calculated by reference to a Firm Price pricing mechanism, the relevant Charge shall be the amount set out against that Charge in Table 2 of Annex 1.
- 3.2 Charges calculated by reference to a Firm Price pricing mechanism shall not be subject to increase by way of Indexation.

4 FIXED PRICE SERVICE CHARGES

- 4.1 Table 3 of Annex 1 and Table 1 of Annex 2 indicate the Service Charges which shall be calculated by reference to a Fixed Price pricing mechanism and the relevant monthly Charges shall be those amounts set out against that Charge in Table 3 of Annex 1 or as otherwise agreed via the Change Control Procedure for Optional Services Charges.
- 4.2 Charges calculated by reference to a Fixed Price pricing mechanism shall not be subject to annual Indexation for the Initial Term. The charges will only be subject to annual Indexation in the event that the Authority activates one or both Extension Periods and only where the Supplier can demonstrate and evidence a real cost increase to each of the cost components. If the Supplier can only evidence an increase to some cost components, only these component parts shall be subject to Indexation.

5 STEPPED FIXED PRICE SERVICE CHARGES

- 5.1 Table 4 of Annex 1 indicates the Service Charges which shall be calculated by reference to a Stepped Fixed Price pricing mechanism and the relevant Charges shall be those amounts set out in Table 4 of Annex 1.
- 5.2 Charges calculated by reference to a Stepped Fixed Price pricing mechanism shall not be subject to annual Indexation for the Initial Term. The charges will only be subject to annual Indexation in the event that the Authority activates one or both Extension Periods and only where the Supplier can demonstrate and evidence a real cost increase to each of the cost components. If the Supplier can only evidence an increase to some cost components, only these component parts shall be subject to Indexation.
- 5.3 The Stepped Fixed Price Service Charge is intended to cover any costs which increase and decrease in significant steps with Transaction volume.

For Example: a license used by the Supplier may have a limit in terms of volume before a further charge or price increase is incurred. The increased Stepped Fixed Price Service Charge would apply from the point at which the additional license cost is incurred.

- 5.4 Stepped Fixed Price Service Charges shall be calculated based on the cumulative Transaction volumes incurred throughout the Service Year. At the end of the Service Year the volume banding will be reset and the Stepped Fixed Price Service Charges will be reset at the first price band.
- 5.5 The following example sets an example of operation of the Stepped Fixed Price Service Charge:

Price Band	Minimum Annual Volume	Maximum Annual Volume	Monthly Service Charge
B ₁	1	5	S ₁
B ₂	6	10	S ₂
B ₃	11	15	S ₃
B ₄	16	20	S ₄
B ₅	21	25	S ₅
Month	Monthly volume of Activity	Cumulative volume	Relevant Service Charge
Operational Services Commencement Date			
Month 1 (M ₁)	0.5	0.5	S ₁
Month 2 (M ₂)	1	1.5	S ₁
Month 3 (M ₃)	2	3.5	S ₁
Month 4 (M ₄)	0.5	4	S ₁
Month 5 (M ₅)	2	6	S ₁ + S ₂
Month 6 (M ₆)	1	7	S ₁ + S ₂
Month 7 (M ₇)	0.5	7.5	S ₁ + S ₂
Month 8 (M ₈)	2	9.5	S ₁ + S ₂
Month 9 (M ₉)	2	11.5	S ₁ + S ₂ + S ₃
Month 10 (M ₁₀)	1	12.5	S ₁ + S ₂ + S ₃

Month 11 (M ₁₁)	0.5	13	S ₁ + S ₂ + S ₃
Month 12 (M ₁₂)	1	14	S ₁ + S ₂ + S ₃

6 VOLUME BASED SERVICE CHARGES

- 6.1 Where Table 5 of Annex 1 indicates that a Service Charge is to be calculated by reference to a Volume Based pricing mechanism, the relevant monthly Charges shall be calculated on the basis of the unit costs set out against that Service Charge in Table 5 of Annex 1.
- 6.2 The following example sets out the principles of operation of a Volume Based Service Charge.

Band	Minimum monthly Volume	Maximum monthly Volume	Band Unit Price
B ₁	1	10	P ₁
B ₂	11	20	P ₂
B ₃	21	30	P ₃
B ₄	31	40	P ₄
B ₅	41	50	P ₅

For example, assuming a monthly Transaction volume of activity (V_N) of 35 units in Service Period N (M_N), the Charge payable (CP_N) in respect of V_N shall be calculated as:

$$CP_N = (P_1 \times 10) + (P_2 \times 10) + (P_3 \times 10) + (P_4 \times 5)$$

- 6.3 In the event that the Transaction volume of any Services that are to be calculated by reference to a Volume Based pricing mechanism fall outside the relevant volume bands set out against that Service Charge in Table 5 of Annex 1, the relevant Service Charges shall be calculated in accordance with the Change Control Procedure and Paragraph 4 of Part C.
- 6.4 The Charge per unit set out in Table 5 of Annex 1 shall not be subject to annual Indexation for the Initial Term. The Charge per unit in Table 5 of Annex 1 will only be subject to annual Indexation in the event that the Authority activates one or both Extension Periods and only where the Supplier can demonstrate and evidence a real cost increase to each of the cost components. If the Supplier can only evidence an increase to some cost components, only these component parts shall be subject to Indexation.

7 REIMBURSABLE EXPENSES

7.1 Where:

(a) the Authority so agrees in writing,

the Supplier shall be entitled to be reimbursed by the Authority for Reimbursable Expenses (in addition to being paid the relevant Charges), provided that such Reimbursable Expenses are supported by Supporting Documentation.

7.2 The Authority shall provide a copy of its current expenses policy to the Supplier upon request.

7.3 Except as expressly set out in Paragraph 7.1, the Charges shall include all costs and expenses relating to the Deliverables, the Services and/or the Supplier's performance of its obligations under this Agreement and no further amounts shall be payable by the Authority to the Supplier in respect of such performance, including in respect of matters such as:

(a) any incidental expenses that the Supplier incurs, including travel, subsistence and lodging, document and report reproduction, shipping, desktop and office equipment costs required by the Supplier Personnel, including network or data interchange costs or other telecommunications charges; or

(b) any amount for any services provided or costs incurred by the Supplier prior to the Effective Date.

PART B: CHARGING MECHANISMS

1 MILESTONE PAYMENTS

- 1.1 On the Achievement of a Milestone the Supplier shall be entitled to invoice the Authority for the Milestone Payment associated with that Milestone.
- 1.2 Each invoice relating to a Milestone Payment shall be supported by a Milestone Achievement Certificate;

2 SERVICE CHARGES

- 2.1 Each Service to which a Service Charge relates shall commence on the Achievement of the Milestone set out against that Service in the “*Service Charge Trigger Event*” column of relevant tables of Annex 1.
- 2.2 Service Charges shall be invoiced by the Supplier for each Service Period in arrears in accordance with the requirements of Part E.
- 2.3 Where a Service Charge calculated by reference to a Fixed Price pricing mechanism or a Stepped Fixed Price pricing mechanism:
 - (a) commences on a day other than the first day of a month; and/or
 - (b) ends on a day other than the last day of a month,the Service Charge for the relevant Service Period shall be pro-rated based on the proportion which the number of days in the month for which the Service is provided bears to the total number of days in that month.
- 2.4 Any Service Credits that accrue during a Service Period shall be deducted from the Service Charges payable for the next following Service Period. An invoice for a Service Charge shall not be payable by the Authority unless all adjustments (including Service Credits) relating to the Service Charges for the immediately preceding Service Period have been agreed.

3 OPTIONAL SERVICES

- 3.1 If the Authority gives notice pursuant to Clause 5.10 (*Optional Services*) that it requires the Supplier to provide any or all of the Optional Services:
 - (a) the Milestone Payments (if any) for the relevant Optional Services shall be calculated by reference to the pricing mechanism for those Optional Services set out in Annex 2; and
 - (b) the Service Charges for the relevant Optional Services shall be calculated by reference to the pricing mechanism for those Optional Services set out in Annex 2,in both cases using the relevant rates and prices specified in 24.27 unless otherwise agreed.

PART C: ADJUSTMENTS TO THE CHARGES AND RISK REGISTER

1 NOT USED

2 PAYMENTS FOR DELAYS DUE TO AUTHORITY CAUSE

2.1 If the Supplier is entitled in accordance with Clause 32.1(iii)(D) (*Authority Cause*) to compensation for failure to Achieve a Milestone by its Milestone Date, then, subject always to Clause 26 (*Limitations on Liability*), such compensation shall be determined in accordance with the following principles:

- (a) the compensation shall reimburse the Supplier for additional Costs incurred by the Supplier that the Supplier:
 - (i) can demonstrate it has incurred solely and directly as a result of the Authority Cause; and
 - (ii) is, has been, or will be unable to mitigate, having complied with its obligations under Clause 32.1 (*Authority Cause*)

together with an amount equal to the Anticipated Implementation Profit Margin thereon;

- (b) the compensation shall not operate so as to put the Supplier in a better position than it would have been in but for the occurrence of the Authority Cause; and
- (c) where the relevant Milestone Payment is to be calculated based upon a Firm Price pricing mechanism, the compensation shall include such amount as is appropriate to maintain the Supplier Profit Margin set out in respect of the relevant Milestone in Table 2 of Annex 1.

2.2 The Supplier shall provide the Authority with any information the Authority may require in order to assess the validity of the Supplier's claim to compensation.

3 SERVICE CREDITS

3.1 Service Credits shall be calculated by reference to the number of Service Points accrued in any one Service Period pursuant to the provisions of Schedule 2.2 (*Performance Levels*).

3.2 For each Service Period:

- (a) the Service Points accrued shall be converted to a percentage deduction from the Service Charges for the relevant Service Period on the basis of one point equating to a 0.12% deduction in the Service Charges; and
- (b) the total Service Credits applicable for the Service Period shall be calculated in accordance with the following formula:

$$SC = TSP \times x \times AC$$

where:

SC is the total Service Credits for the relevant Service Period;

TSP is the total Service Points that have accrued for the relevant Service Period;

X is 0.12%; and

AC is the total Services Charges payable for the relevant Service Period (prior to deduction of applicable Service Credits).

- 3.3 For the avoidance of doubt, for KPIs that operate on a monthly Measurement Period, any Service Points shall be converted into Service Credits as outlined above and the deduction made to the invoice for that Service Period. For KPIs that operate on a quarterly Measurement Period, Service Points shall only accrue within the final Service Period of the Measurement Period, however the Service Charges (AC) will be the Charges for all Service Periods within the Measurement Period (3 months of Service Charges for a quarterly Measurement Period).
- 3.4 The liability of the Supplier in respect of Service Credits shall be subject to Clause 26.4(c) (*Financial and other Limits*) provided that, for the avoidance of doubt, the operation of the Service Credit Cap shall not affect the continued accrual of Service Points in excess of such financial limit in accordance with the provisions of Schedule 2.2 (*Performance Levels*).
- 3.5 Service Credits are a reduction of the Service Charges payable in respect of the relevant Services to reflect the reduced value of the Services actually received and are stated exclusive of VAT.
- 3.6 Service Credits shall be shown as a deduction from the amount due from the Authority to the Supplier in the invoice for the Service Period immediately succeeding the Service Period to which they relate.

Worked example over a 3-month period:

KPI	Measurement Period	Performance Level			Service Points accrued		
		Service Period 1	Service Period 2	Service Period 3	Service Period 1	Service Period 2	Service Period 3
1	Monthly	Serious Failure	Minor Failure	Target Performance Level	2	1	0
5	Monthly	Target Performance Level	KPI Service Threshold	KPI Service Threshold	0	1	1
9	Monthly	Target Performance Level	Target Performance Level	KPI Service Threshold	0	0	3
12	Quarterly	Serious Failure			0	0	2
15	Quarterly	Minor Failure			0	0	1

If the monthly Service Charges are £1,000,000 for Service Period 1, 2 and 3 then the Service Credits shall be:

Service Period 1:

$$SC = 2 \times 0.12\% \times £1,000,000 = £2,400$$

Service Period 2:

$$SC = 2 \times 0.12\% \times £1,000,000 = £2,400$$

Service Period 3:

$$SC = (4 \times 0.12\% \times £1,000,000) + (3 \times 0.12\% \times £3,000,000)$$

$$SC = (£4,800) + (£10,800) = £15,600$$

4 CHANGES TO CHARGES

4.1 Any Changes to the Charges shall be developed and agreed by the Parties in accordance with 8.2 (*Change Control Procedure*) and on the basis that the Supplier Profit Margin on such Charges shall:

- (a) be no greater than that applying to Charges using the same pricing mechanism as at the Effective Date (as set out in the Contract Inception Report); and
- (b) in no event exceed the Anticipated Contract Life Service Profit Margin.

4.2 The Authority may request that any Impact Assessment presents Charges without Indexation for the purposes of comparison.

5 INDEXATION

5.1 Any amounts or sums in this Agreement which are expressed to be “subject to Indexation” shall be adjusted in accordance with the provisions of this Paragraph 5 to reflect the effects of inflation.

5.2 Where Indexation applies, the relevant adjustment shall be:

- (a) applied on the date that is exactly 2 years after the first day of the month that the Operational Service Commencement Date fell on (and only if an Extension Period is activated). Subsequent adjustments shall be applied on each anniversary of this date thereafter (each such date an “**adjustment date**”); and
- (b) determined by multiplying the relevant amount (i.e. the cost component where the Supplier has evidenced an increase) by the percentage increase or changes in the Consumer Price Index including owner occupiers’ housing costs (CPIH) published for the 12 months ended on the month immediately preceding the relevant adjustment date.

5.3 Except as set out in this Paragraph 5, neither the Charges nor any other costs, expenses, fees or charges shall be adjusted to take account of any inflation, change to exchange rate, change to interest rate or any other factor or element which might otherwise increase the cost to the Supplier or Sub-contractors of the performance of their obligations.

PART D: EXCESSIVE SUPPLIER PROFIT MARGIN

1 LIMIT ON SUPPLIER PROFIT MARGIN

1.1. This Part details the method by which the Authority shall share in any cumulative profit above the Anticipated Annual Service Profit Margin made by the Supplier in the provision of the Operational Services. Where the Actual Profit Percentage exceeds the Anticipated Annual Service Profit Margin, the Profit Share Amount shall be shared between the Supplier and the Authority in accordance with this paragraph 1 and the provisions of Annex 5 (Profit Share Calculation Table) to this Schedule.

1.2. Underage

If at a Profit Share Assessment Point the Actual Profit Percentage is less than the Anticipated Annual Service Profit Margin, then either:

- (a) the underage (i.e. the sum by which the Actual Profit is less than the Anticipated Annual Service Profit Margin converted into pounds sterling) shall be carried forward to the next Profit Share Assessment Point; or
- (b) where underage has been carried forward from a previous Profit Share Assessment Point, the cumulative underage shall be carried forward until the next Profit Share Assessment Point at which the overage (i.e. the sum by which the Actual Profit is more than the Anticipated Annual Service Profit Margin converted into pounds sterling) for the relating Profit Share Period(s) exceeds the underage carried forward.

1.3. If, during the remainder of the Term, there is no Profit Share Assessment Point where the overage for the relating Profit Share Period(s) exceeds the underage carried forward then there shall be no further Profit Share. Any cumulative underage shall lapse at the end of the Agreement, even if Profit Share has been paid out during the Term.

1.4. Profit Share Principles

- (a) Profit Share shall be calculated at each Profit Share Assessment Point in respect of the relevant Profit Share Period. The Financial Pricing Model will calculate an Anticipated Annual Service Profit Margin for each Service Year of the Agreement, as set out in Annex 3 of this Schedule.
- (b) For each Profit Share Period, the amount of Actual Profit shall be calculated as Actual Revenue minus actual Costs.
- (c) For the avoidance of doubt, the provisions of this Part D (Excessive Supplier Profit Margin) shall apply to the period in which the Operational Services are being provided, including:
 - (i) the period of the Initial Term;
 - (ii) any optional Extension Period; and

- (iii) any Termination Assistance Period.
- (d) The first Profit Share Assessment Point shall occur exactly 1 year (12 months) from the Operational Services Commencement Date. The Profit Share Period for such Profit Share Assessment Point shall be from the Operational Services Commencement Date up to the first Profit Share Assessment Point.
- (e) Subsequent Profit Share Assessment Points shall occur on each anniversary of the first Profit Share Assessment Point referred to in Paragraph 1.4(d). The Profit Share Period for such Profit Share Assessment Points shall be the period since the previous Profit Share Assessment Point up to and including the latest Profit Share Assessment Point.
- (f) If this Agreement is terminated or expires on a day other than a Profit Share Assessment Point, a Profit Share Assessment Point will fall on the Termination Date and the Profit Share Period will be from the day following the previous Profit Share Assessment Point to the Termination Date or where this Agreement expires at the end of the Initial Term or the Extension Period (as applicable).
- (g) The Profit Share at each Profit Share Assessment Point shall be calculated by the Supplier in accordance with this Part D following the issue of a Certificate of Costs in accordance with Paragraph 1.4(j). The Certificate of Costs shall be used to determine any payments in accordance with this Paragraph 1.4.

redeployment or otherwise) other than the Redundancy Costs for Applicable Supplier Personnel directly related to this agreement and its termination.

- 3.4 Where the Supplier can demonstrate that a member of Supplier Personnel will be made redundant following termination of this Agreement, but redeployment of such person is possible and would offer value for money to the Authority when compared with redundancy, then the Authority shall pay the Supplier the actual direct costs incurred by the Supplier or its Sub-contractor arising out of the redeployment of such person (including retraining and relocation costs) subject to a maximum amount of £30,000 per relevant member of the Supplier Personnel.

Contract Breakage Costs

- 3.5 The Supplier shall be entitled to Contract Breakage Costs only in respect of Third Party Contracts or Sub-contracts which:

5 MITIGATION OF CONTRACT BREAKAGE COSTS, REDUNDANCY COSTS AND UNRECOVERED COSTS

- 5.1 The Supplier agrees to use all reasonable endeavours to minimise and mitigate Contract Breakage Costs, Redundancy Costs and Unrecovered Costs by:
- (a) the appropriation of Assets, employees and resources for other purposes;
 - (b) at the Authority's request, assigning any Third Party Contracts and Sub-contracts to the Authority or a third party acting on behalf of the Authority; and

- (a) where the Authority terminates this Agreement pursuant to Clause 34.1(a) (*Termination by the Authority*), a number of days equal to the number of days by which the notice given falls short of three hundred and sixty-five (365) days; or
 - (b) where the Supplier terminates this Agreement pursuant to Clause 34.3(a) (*Termination by the Supplier*), a number of

days equal to the number of days by which the period from (and including) the date of the non-payment by the Authority to (and including) the Termination Date falls short of 365 days,

but in each case subject to the limit set out in Paragraph 6.3.

6.3 The Compensation Payment shall be no greater than:

- (a) 120% of the estimate for the Compensation Payment set out in the relevant Termination Estimate.

9 SET OFF

9.1 The Authority shall be entitled to set off any outstanding liabilities of the Supplier against any amounts that are payable by it pursuant to this Schedule.

10 NO DOUBLE RECOVERY

10.1 If any amount payable under this Schedule (in whole or in part) relates to or arises from any Transferring Assets then, to the extent that the Authority makes any payments pursuant to Schedule 8.5 (*Exit Management*) in respect of such Transferring Assets, such payments shall be deducted from the amount payable pursuant to this Schedule.

10.2 The value of the Termination Payment and/or the Compensation Payment shall be reduced or extinguished to the extent that the Supplier has already received the Charges or the financial benefit of any other rights or remedy given under this Agreement so that there is no double counting in calculating the relevant payment.

10.3 Any payments that are due in respect of the Transferring Assets shall be calculated in accordance with the provisions of the Exit Plan.

11 ESTIMATE OF TERMINATION PAYMENT AND COMPENSATION PAYMENT

- 11.1 The Authority may issue a Request for Estimate at any time during the Term provided that no more than 2 Requests for Estimate may be issued in any 6 month period.
- 11.2 The Supplier shall within 20 Working Days of receiving the Request for Estimate (or such other timescale agreed between the Parties), provide an accurate written estimate of the Termination Payment and the Compensation Payment that would be payable by the Authority based on a postulated Termination Date specified in the Request for Estimate (such estimate being the “**Termination Estimate**”). The Termination Estimate shall:
- (a) be based on the relevant amounts set out in the Financial Model;
 - (b) include:
 - (i) details of the mechanism by which the Termination Payment is calculated;

 - (iii) such information as the Authority may reasonably require; and
 - (c) state the period for which that Termination Estimate remains valid, which shall be not less than 20 Working Days.
- 11.3 The Supplier acknowledges that issue of a Request for Estimate shall not be construed in any way as to represent an intention by the Authority to terminate this Agreement.
- 11.4 If the Authority issues a Termination Notice to the Supplier within the stated period for which a Termination Estimate remains valid, the Supplier shall use the same mechanism to calculate the Termination Payment as was detailed in the Termination Estimate unless otherwise agreed in writing between the Supplier and the Authority.

GENERIC IDENTITY VERIFICATION SERVICE – SQ ISSUE

SCHEDULE 7.3 BENCHMARKING

Benchmarking

1 DEFINITIONS

1.1 In this Schedule, the following definitions shall apply:

“Benchmarked Service”	a Service that the Authority elects to include in a Benchmark Review under Paragraph 2.3;

“Equivalent Services Data”	in relation to a Comparable Service, data derived from an analysis of the Comparable Service provided by the Comparison Group as adjusted in accordance with Paragraphs 4.8(a) and 4.9 provided that the Benchmarker shall not use any such data that relates to a period which ended more than 36 months prior to the date of the appointment of the Benchmarker;
“Good Value”	in relation to a Benchmarked Service, that: (ff) having taken into account the Performance Indicators and Target Service Levels, the value for money of the Charges attributable to that

Benchmarked Service is at least as good as the value for money of the Upper Quartile; and

- (gg) any Performance Indicators and Target Service Levels applicable to that Benchmark Service are, having taken into account the Charges, equal to or better than the median service levels for the Comparable Service using Equivalent Services Data; and

“Upper Quartile” the top 25% of instances of provision of a Comparable Service by members of the Comparison Group ranked by best value for money to the recipients of that Comparable Service.

2 FREQUENCY, PURPOSE AND SCOPE OF BENCHMARK REVIEW

- 2.1 The Authority may, by written notice to the Supplier, require a Benchmark Review of any or all of the Services in order to establish whether a Benchmark Service is, and/or the Benchmark Services as a whole are, Good Value.
- 2.2 The Authority shall not be entitled to carry out a Benchmark Review of any Services during the 12 month period from the Operational Service Commencement Date for those Services, nor at intervals of less than 12 months after any previous Benchmark Review relating to the same Services.
- 2.3 The Services that are to be the Benchmark Services shall be identified by the Authority in the notice given under Paragraph 2.1.

3 APPOINTMENT OF BENCHMARKER

- 3.1 The Authority shall appoint as the Benchmark to carry out the Benchmark Review either an organisation on the list of organisations set out in 17.5 or such other organisation as may be agreed in writing between the Parties.
- 3.2 The Authority shall, at the written request of the Supplier, require the Benchmark to enter into a confidentiality agreement with the Supplier in, or substantially in, the form set out in Annex 2.
- 3.3 The costs and expenses of the Benchmark and the Benchmark Review shall be shared equally between both Parties provided that each Party shall bear its own internal costs of the Benchmark Review. The Benchmark shall not be compensated on a contingency fee or incentive basis.
- 3.4 The Authority shall be entitled to pay the Benchmark’s costs and expenses in full and to recover the Supplier’s share from the Supplier.

4 BENCHMARK REVIEW

- 4.1 The Authority shall require the Benchmark to produce, and to send to each Party for approval, a draft plan for the Benchmark Review within 10 Working Days after the date of the appointment of the Benchmark, or such longer

period as the Benchmarker shall reasonably request in all the circumstances. The plan must include:

- (a) a proposed timetable for the Benchmark Review;
- (b) a description of the information that the Benchmarker requires each Party to provide;
- (c) a description of the benchmarking methodology to be used;
- (d) a description that clearly illustrates that the benchmarking methodology to be used is capable of fulfilling the benchmarking objectives under Paragraph 2.1;
- (e) an estimate of the resources required from each Party to underpin the delivery of the plan;
- (f) a description of how the Benchmarker will scope and identify the Comparison Group;
- (g) details of any entities which the Benchmarker proposes to include within the Comparison Group; and
- (h) if in the Benchmarker's professional opinion there are no Comparable Services or the number of entities carrying out Comparable Services is insufficient to create a Comparison Group, a detailed approach for meeting the relevant benchmarking objective(s) under Paragraph 2.1 using a proxy for the Comparison Services and/or Comparison Group as applicable.

4.2 The Parties acknowledge that the selection and or use of proxies for the Comparison Group (both in terms of number and identity of entities) and Comparable Services shall be a matter for the Benchmarker's professional judgment.

4.3 Each Party shall give notice in writing to the Benchmarker and to the other Party within 10 Working Days after receiving the draft plan either approving the draft plan or suggesting amendments to that plan which must be reasonable. Where a Party suggests amendments to the draft plan pursuant to this Paragraph 4.3, the Benchmarker shall, if it believes the amendments are reasonable, produce an amended draft plan. Paragraph 4.1 and this Paragraph 4.3 shall apply to any amended draft plan.

4.4 Failure by a Party to give notice under Paragraph 4.3 shall be treated as approval of the draft plan by that Party. If the Parties fail to approve the draft plan within 30 Working Days of its first being sent to them pursuant to Paragraph 4.1 then the Benchmarker shall prescribe the plan.

4.5 Once the plan is approved by both Parties or prescribed by the Benchmarker, the Benchmarker shall carry out the Benchmark Review in accordance with the plan. Each Party shall procure that all the information described in the plan, together with any additional information reasonably required by the Benchmarker is provided to the Benchmarker without undue delay. If the Supplier fails to provide any information requested from it by the Benchmarker

and described in the plan, such failure shall constitute a material Default for the purposes of Clause 28.1(c) (Rectification Plan Process).

- 4.6 Each Party shall co-operate fully with the Benchmarker, including by providing access to records, technical documentation, premises, equipment, systems and personnel at times reasonably requested by the Benchmarker, provided that the Benchmarker shall be instructed to minimise any disruption to the Services.
- 4.7 Either Party may provide additional material to the Benchmarker to assist the Benchmarker in conducting the Benchmark Review.
- 4.8 Once it has received the information it requires, the Benchmarker shall:
- (a) finalise the sample of entities constituting the Comparison Group and collect data relating to Comparable Services. The final selection of the Comparison Group (both in terms of number and identity of entities) and of the Comparable Services shall be a matter for the Benchmarker's professional judgment;
 - (b) derive the Equivalent Services Data by applying the adjustment factors listed in Paragraph 4.9 and from an analysis of the Comparable Services;
 - (c) derive the relative value for money of the charges payable for the Comparable Services using the Equivalent Services Data and from that derive the Upper Quartile;
 - (d) derive the median service levels relating to the Comparable Services using the Equivalent Services Data;
 - (e) compare the value for money of the Charges attributable to the Benchmarked Services (having regard in particular to the applicable Performance Indicators and Target Service Levels) to the value for money of the Upper Quartile;
 - (f) compare the Performance Indicators and Target Service Levels attributable to the Benchmarked Services (having regard to the Charges and Service Credits) with the median service levels using the Equivalent Services Data; and
 - (g) determine whether or not each Benchmarked Service is and/or the Benchmarked Services as a whole are, Good Value.
- 4.9 The Benchmarker shall have regard to the following matters when performing a comparative assessment of a Benchmarked Service and a Comparable Service in order to derive Equivalent Services Data:
- (a) the contractual and business environment under which the Services are being provided (including the scope, scale, complexity and geographical spread of the Services);
 - (b) any front-end investment and development costs of the Supplier;

- (c) the Supplier's risk profile including the financial, performance or liability risks associated with the provision of the Services as a whole;
- (d) the extent of the Supplier's management and contract governance responsibilities;
- (e) any other reasonable factors demonstrated by the Supplier, which, if not taken into consideration, could unfairly cause the Supplier's pricing to appear non-competitive (such as erroneous costing, non-sustainable behaviour including excessive consumption of energy or over-aggressive pricing).

5 BENCHMARK REPORT

5.1 The Benchmarker shall be required to prepare a Benchmark Report and deliver it simultaneously to both Parties, at the time specified in the plan approved under Paragraph 4, setting out its findings. The Benchmark Report shall:

- (a) include a finding as to whether or not each Benchmarked Service is and/or whether the Benchmarked Services as a whole are, Good Value;
- (b) include other findings (if any) regarding the quality and competitiveness or otherwise of those Services;
- (c) if any Benchmarked Service is not Good Value, or the Benchmarked Services as a whole are not Good Value, specify the changes that would be required to the Charges, Performance Indicators and/or Target Performance Levels, that would be required to make that Benchmarked Service or those Benchmarked Services as a whole Good Value; and
- (d) illustrate the method used for any normalisation of the Equivalent Services Data

5.2 The Benchmarker shall act as an expert and not as an arbitrator.

5.3 If the Benchmark Report states that any Benchmarked Service is not Good Value or that the Benchmarked Services as a whole are not Good Value, then the Supplier shall (subject to Paragraphs 5.5 and 5.6) implement the changes set out in the Benchmark Report as soon as reasonably practicable within timescales agreed with the Authority but in any event within no more than 3 months. Any associated changes to the Charges shall take effect only from the same date and shall not be retrospective.

5.4 The Supplier acknowledges and agrees that Benchmark Reviews shall not result in any increase to the Charges, disapplication of the Performance Indicators or any reduction in the Target Performance Levels.

5.5 The Supplier shall be entitled to reject any Benchmark Report if the Supplier reasonably considers that the Benchmarker has not followed the procedure for

the related Benchmark Review as set out in this Schedule in any material respect.

- 5.6 The Supplier shall not be obliged to implement any Benchmark Report to the extent this would cause the Supplier to provide the Services at a loss (as determined, by reference to the Financial Model), or to the extent the Supplier cannot technically implement the recommended changes.
- 5.7 In the event of any Dispute arising over whether the Benchmarker has followed the procedure for the related Benchmark Review under Paragraph 5.5 and/or any matter referred to in Paragraph 5.6, the Dispute shall be referred to Expert Determination. For the avoidance of doubt in the event of a Dispute between the Parties, the Authority shall continue to pay the Charges to the Supplier in accordance with the terms of this Agreement and the Performance Indicators and Target Performance Levels shall remain unchanged pending the conclusion of the Expert Determination.
- 5.8 On conclusion of the Expert Determination:
- (a) if the Expert determines that all or any part of the Benchmark Report recommendations regarding any reduction in the Charges shall be implemented by the Supplier, the Supplier shall immediately repay to the Authority the difference between the Charges paid by the Authority up to and including the date of the Expert's determination and the date upon which the recommended reduction in Charges should have originally taken effect pursuant to Paragraph 5.3 together with interest thereon at the applicable rate under the Late Payment Of Commercial Debts (Interest) Act 1998; and
 - (b) if the Expert determines that all or any part of the Benchmark Report recommendations regarding any changes to the Performance Indicators and/or Target Performance Levels shall be implemented by the Supplier:
 - (i) the Supplier shall immediately implement the relevant changes;
 - (ii) the Supplier shall immediately pay an amount equal to any Service Credits which would have accrued up to and including the date of the Expert's determination if the relevant changes had taken effect on the date determined pursuant to Paragraph 5.3 together with interest thereon at the applicable rate under the Late Payment Of Commercial Debts (Interest) Act 1998; and
 - (iii) the relevant changes shall thereafter be subject to the Change Control Procedure for the purposes of formalising and documenting the relevant change or amendment for the purposes of this Agreement.
- 5.9 Any failure by the Supplier to implement the changes as set out in the Benchmark Report in accordance with the relevant timescales determined in accordance with Paragraph 5.3 (unless the provisions of Paragraph 5.6 and/or

Paragraph 5.7 apply) or in accordance with Paragraph 5.8 shall, without prejudice to any other rights or remedies of the Authority, constitute a Supplier Termination Event.

- 4.2 In the event of the first instance within a rolling 3-month period, of a late or non-payment of a Key Sub-contractor pursuant to Paragraph 3.1, the Authority shall not exercise any of its rights or remedies under Paragraph 4.3 without first giving the Supplier 10 Working Days to:
- (a) rectify such late or non-payment; or
 - (b) demonstrate to the Authority's reasonable satisfaction that there is a valid reason for late or non-payment.
- 4.3 The Supplier shall (and shall procure that any Guarantor, Key Sub-contractor, Monitored Supplier, and any relevant Parent Undertaking (for the Supplier or a Key Sub-contractor) shall):
- (a) at the reasonable request of the Authority, meet the Authority as soon as reasonably practicable (and in any event within 3 Working Days of the initial notification (or awareness) of the Financial Distress Event or such other period as the Authority may permit and notify to the Supplier in writing) to review the effect of the Financial Distress Event on the continued performance and delivery of the Services in accordance with this Agreement; and

 - (i) submit to the Authority for its approval, a draft Financial Distress Remediation Plan as soon as reasonably practicable (and in any event, within 10 Working Days of the initial notification (or awareness) of the Financial Distress Event or such other period as the Authority may permit and notify to the Supplier in writing). This draft should be consistent with the Service Continuity Plan required under Schedule 8.6 (Service Continuity Plan and Corporate Resolution Planning; and
 - (ii) to the extent that it is legally permitted to do so and subject to Paragraph 4.8, provide such information relating to the Supplier, Guarantor, Key Sub-contractor, Monitored Supplier, and any relevant Parent Undertaking (for the Supplier or a Key Sub-contractor), as the Authority may reasonably require in order to understand the risk to the Services, which may include without limitation forecasts in relation to cash flow, orders and profits and details of financial measures being considered to mitigate the impact of the Financial Distress Event and other information that might be price sensitive.

- 4.4 The Authority shall not withhold its approval of a draft Financial Distress Remediation Plan unreasonably. If the Authority does not approve the draft Financial Distress Remediation Plan, it shall inform the Supplier of its reasons and the Supplier shall take those reasons into account in the preparation of a further draft Financial Distress Remediation Plan, which shall be resubmitted to the Authority within 5 Working Days of the rejection of the first draft. This process shall be repeated until the Financial Distress Remediation Plan is approved by the Authority or referred to the Dispute Resolution Procedure under Paragraph 4.5.
- 4.5 If the Authority considers that the draft Financial Distress Remediation Plan is insufficiently detailed to be properly evaluated, will take too long to complete or will not ensure the continued performance of the Supplier's obligations in accordance with the Agreement, then it may either agree a further time period for the development and agreement of the Financial Distress Remediation Plan or escalate any issues with the draft Financial Distress Remediation Plan using the Dispute Resolution Procedure.
- 4.6 Following approval of the Financial Distress Remediation Plan by the Authority, the Supplier shall:
- (a) on a regular basis (which shall not be less than fortnightly):
 - (i) review and make any updates to the Financial Distress Remediation Plan as the Supplier may deem reasonably necessary and/or as may be reasonably requested by the Authority, so that the plan remains adequate, up to date and ensures the continued performance and delivery of the Services in accordance with this Agreement; and

 - (b) where updates are made to the Financial Distress Remediation Plan in accordance with Paragraph 4.6(a), submit an updated Financial Distress Remediation Plan to the Authority for its approval, and the provisions of Paragraphs 4.4 and 4.5 shall apply to the review and approval process for the updated Financial Distress Remediation Plan; and
 - (c) comply with the Financial Distress Remediation Plan (including any updated Financial Distress Remediation Plan).
- 4.7 Where the Supplier reasonably believes that the relevant Financial Distress Event under Paragraph 4.1 (or the circumstance or matter which has caused or otherwise led to it) no longer exists, it shall notify the Authority and the Parties may agree that the Supplier shall be relieved of its obligations under Paragraph 4.6.
- 4.8 The Supplier shall use reasonable endeavours to put in place the necessary measures to ensure that the information specified at Paragraph 4.3(b)(ii) is available when required and on request from the Authority and within reasonable timescales. Such measures may include:

- (a) obtaining in advance written authority from Key Sub-contractors, the Guarantor, Monitored Suppliers, and any relevant Parent Undertaking (for the Supplier or a Key Sub-contractor) authorising the disclosure of the information to the Authority and/or entering into confidentiality agreements which permit disclosure;
- (b) agreeing in advance with the Authority, Key Sub-contractors, the Guarantor Monitored Suppliers, and any relevant Parent Undertaking (for the Supplier or a Key Sub-contractor) a form of confidentiality agreement to be entered by the relevant parties to enable the disclosure of the information to the Authority;
- (c) putting in place any other reasonable arrangements to enable the information to be lawfully disclosed to the Authority (which may include (without limitation) making information available to nominated Authority personnel through confidential arrangements, subject to their consent); and
- (d) disclosing the information to the fullest extent that it is lawfully entitled to do so, including through the use of redaction, anonymization, and any other techniques to permit disclosure of the information without breaching a duty of confidentiality.

1 The higher of (a) the Operating Margin for the most recent 12-month period and (b) the average Operating Margin for the last two 12-month periods	<i>Operating Margin = Operating Profit / Revenue</i>	██████████	Tested and reported at least quarterly in arrears based on the latest publicly available information. Calculation as a minimum should be updated within 285 days of each Accounting Reference Date based upon figures for the 12 months ending on the relevant accounting reference date.
2 Net Debt to EBITDA Ratio	<i>Net Debt to EBITDA ratio = Net Debt / EBITDA</i>	██████████	Tested and reported at least quarterly in arrears based on latest publicly available information. Calculation as a minimum should be updated within 285 days of each accounting reference date based upon EBITDA for the 12 months ending on, and Net Debt at, the relevant accounting reference date

ANNEX 4: Calculation Methodology for Financial Indicators

The Supplier shall ensure that it uses the following general and specific methodologies for calculating the Financial Indicators against the Financial Target Thresholds:

General methodology

1. **Terminology:** The terms referred to in this Annex are those used by UK companies in their financial statements. Where the entity is not a UK company, the corresponding items should be used even if the terminology is slightly different (for example a charity would refer to a surplus or deficit rather than a profit or loss).
2. **Groups:** Where the entity is the holding company of a group and prepares consolidated financial statements, the consolidated figures should be used.
3. **Foreign currency conversion:** Figures denominated in foreign currencies should be converted at the exchange rate in force at the relevant date for which the Financial Indicator is being calculated.
4. **Treatment of non-underlying items:** Financial Indicators should be based on the figures in the financial statements before adjusting for non-underlying items.

Specific Methodology

Financial Indicator	Specific Methodology
1 <u>Operating Margin</u>	The elements used to calculate the Operating Margin should be shown on the face of the Income Statement (or Statement of Financial Activities) in a standard set of financial statements. Operating Profit is to exclude exceptional items, such as restructuring costs or impairments or mandatory amortization of goodwill pursuant to Dutch regulations, impairments, and to include any share of Subsidiaries' Operating Profit. Where an entity has an operating loss (i.e., where the operating profit is negative), Operating Profit should be taken to be zero. For Charities Operating Profit would be Net Income or Expenditure after Charitable Activities / Income

Financial Indicator	Specific Methodology
2 <u>Net Debt to EBITDA Ratio</u>	<i>“Net Debt”</i> = Bank overdrafts + Loans and borrowings + Finance leases + Deferred consideration payable – Cash and cash equivalents <i>“EBITDA”</i> = Operating profit + Depreciation charge + Amortisation charge. EBITDA is to exclude exceptional items, such as restructuring costs or impairments, and to include any share of Subsidiaries’ EBITDA. The majority of the elements used to calculate the Net Debt to EBITDA Ratio should be shown on the face of the Balance sheet, Income statement (or Statement of Financial Activities) and Statement of Cash Flows in a standard set of financial statements but will otherwise be found in the notes to the financial statements. • <i>Net Debt</i>: The elements of Net Debt may be described slightly differently and should be found either on the face of the Balance Sheet or in the relevant note to the financial statements. All interest-bearing liabilities (other than retirement benefit obligations) should be included as borrowings as should, where disclosed, any liabilities (less any assets) in respect of any hedges designated as linked to borrowings (but not non-designated hedges). Borrowings should also include balances owed to other group members. Deferred consideration payable should be included in Net Debt despite typically being non-interest bearing. Cash and cash equivalents should include short-term financial investments shown in current assets. Where Net debt is negative (i.e. an entity has net cash), the relevant Financial Target Threshold should be treated as having been met. <i>EBITDA</i>: Operating profit should be shown on the face of the Income Statement (or Statement of Financial Activities) and, for the purposes of calculating this Financial Indicator. <i>The</i>

Financial Indicator	Specific Methodology
	<i>depreciation and amortisation charges for the period may be found on the face of the Statement of Cash Flows or in a Note to the Accounts. Where EBITDA is negative, the relevant Financial Target Threshold should be treated as not having been met (unless Net Debt is also negative, in which case the relevant Financial Target Threshold should be treated as having been met).</i> For Charities Operating Profit would be Net Income or Expenditure after Charitable Activities / Income
3 [Net Debt + Net Pension Deficit to EBITDA ratio]	“Net Debt” = Bank overdrafts + Loans and borrowings + Finance leases + Deferred consideration payable – Cash and cash equivalents “Net Pension Deficit” = Retirement Benefit Obligations – Retirement Benefit Assets “EBITDA” = Operating profit + Depreciation charge + Amortisation charge. EBITDA is to exclude exceptional items, such as restructuring costs or impairments, and to include any share of Subsidiaries’ EBITDA. The majority of the elements used to calculate the Net Debt + Net Pension Deficit to EBITDA Ratio should be shown on the face of the Balance sheet, Income statement (or Statement of Financial Activities) and Statement of Cash Flows in a standard set of financial statements but will otherwise be found in the notes to the financial statements. • Net Debt: The elements of Net Debt may be described slightly differently and should be found either on the face of the Balance Sheet or in the relevant note to the financial statements. All interest-bearing liabilities (other than retirement benefit obligations) should be included as borrowings as should, where disclosed, any liabilities (less any assets) in respect of any hedges designated as linked to borrowings (but <i>not</i> non-designated hedges). Borrowings should also

Financial Indicator	Specific Methodology
	include balances owed to other group members. Deferred consideration payable should be included in Net Debt despite typically being non-interest bearing. Cash and cash equivalents should include short-term financial investments shown in current assets. • <u>Net Pension Deficit</u>: Retirement Benefit Obligations and Retirement Benefit Assets may be shown on the face of the Balance Sheet or in the notes to the financial statements. They may also be described as pension benefits / obligations, post-employment obligations or other similar terms. Where 'Net Debt + Net Pension Deficit' is negative, the relevant Financial Target Threshold should be treated as having been met. • <u>EBITDA</u>: Operating profit should be shown on the face of the Income Statement (or Statement of Financial Activities) and, for the purposes of calculating this Financial Indicator. The depreciation and amortisation charges for the period may be found on the face of the Statement of Cash Flows or in a Note to the Accounts. Where EBITDA is negative, the relevant Financial Target Threshold should be treated as not having been met (unless 'Net Debt + Net Pension Deficit' is also negative, in which case the relevant Financial Target Threshold should be regarded as having been met). For Charities Operating Profit would be Net Income or Expenditure after Charitable Activities / Income
4	<i>"Earnings Before Interest and Tax" =</i> <i>Operating profit</i>

Financial Indicator	Specific Methodology
Net Interest Payable Cover	<i>“Net Interest Payable”</i> = <i>Interest payable – Interest receivable</i> Operating profit should be shown on the face of the Income Statement (or Statement of Financial Activities) in a standard set of financial statements. Operating Profit is to exclude exceptional items, such as restructuring costs or impairments or mandatory amortization of goodwill pursuant to Dutch regulations, and to include any share of Subsidiaries’ Operating Profit Interest receivable and interest payable should be shown on the face of the Cash Flow statement. Where Net interest payable is negative (i.e. the entity has net interest receivable), the relevant Financial Target Threshold should be treated as having been met. For Charities Operating Profit would be Net Income or Expenditure after Charitable Activities / Income
5 Current Ratio	All elements that are used to calculate the Current Ratio are available on the face of the Balance Sheet in a standard set of financial statements.
6 Net Asset value	Net Assets are shown (but sometimes not labelled) on the face of the Balance Sheet of a standard set of financial statements. Net Assets are sometimes called net worth or ‘Shareholders’ Funds’. They represent the net assets available to the shareholders. Where an entity has a majority interest in another entity in which there are also minority or non-controlling interests (i.e. where it has a subsidiary partially owned by outside investors), Net Assets should be taken inclusive of minority or non-controlling interests (as if the entity owned 100% of such entity). For Charities Net Assets would be Total Charity Funds

Financial Indicator	Specific Methodology
7 Group Exposure Ratio	<i>“Group Assets” = Current and Non-Current Balances owed by Group Undertakings</i> <u>Group Exposure:</u> Balances owed by (i.e. receivable from) Group Undertakings are shown within Non-Current assets or Current assets either on the face of the Balance Sheet or in the relevant notes to the financial statements. In many cases there may be no such balances, in particular where an entity is not a member of a group or is itself the ultimate holding company of the group. <u>Current Assets & Current Liabilities:</u> Both Current assets and Current Liabilities are shown on the face of the Balance Sheet
8 Free Reserve Ratio	<i>“Free Reserves” = Unrestricted Reserves – Designated Reserves (Unless these are for Continuity purposes) – Non-cashable Assets (e.g. PPE, Intangible Assets etc.)</i> Expenditure is shown on the face of the Income Statement (or Statement of Financial Activities)

2 GENERAL PRINCIPLES OF CHANGE CONTROL PROCEDURE

2.1 This Schedule sets out the procedure for dealing with Changes.

2.2 Operational Changes shall be processed in accordance with Paragraph 9. If either Party is in doubt about whether a change falls within the definition of an Operational Change, then it must be processed as a Contract Change.

2.3 The Parties shall deal with Contract Change as follows:

- (a) either Party may request a Contract Change which they shall initiate by issuing a Change Request in accordance with Paragraph 4;
- (b) unless this Agreement otherwise requires, the Supplier shall assess and document the potential impact of a proposed Contract Change

in accordance with Paragraph 5 before the Contract Change can be either approved or implemented;

- (c) the Authority shall have the right to request amendments to a Change Request, approve it or reject it in the manner set out in Paragraph 6;
- (d) the Supplier shall have the right to reject a Change Request solely in the manner set out in Paragraph 7;
- (e) save as otherwise provided in this Agreement, no proposed Contract Change shall be implemented by the Supplier until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 6.2; and
- (f) if a proposed Contract Change is a Fast-track Change, it shall be processed in accordance with Paragraph 8.

2.4 To the extent that any Contract Change requires testing and/or a programme for implementation, then the Parties shall follow the procedures set out in Schedule 6.2 (*Testing Procedures*), and, where appropriate, the Change Authorisation Note relating to such a Contract Change shall specify Milestones and/or a Key Milestone and Milestone Date(s) in respect of such Contract Change for the purposes of such procedures.

2.5 Until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 6.2, then:

- (a) unless the Authority expressly agrees (or requires) otherwise in writing, the Supplier shall continue to supply the Services in accordance with the existing terms of this Agreement as if the proposed Contract Change did not apply; and
- (b) any discussions, negotiations or other communications which may take place between the Authority and the Supplier in connection with any proposed Contract Change, including the submission of any Change Communications, shall be without prejudice to each Party's other rights under this Agreement.

- (b) thereafter provide to the Authority such further copies of the updated Agreement as the Authority may from time to time request.

3 COSTS

3.3 Both Parties' costs incurred in respect of any use of this Change Control Procedure as a result of any error or Default by the Supplier shall be paid for by the Supplier.

4 CHANGE REQUEST

4.1 Either Party may issue a Change Request to the other Party at any time during the Term. A Change Request shall be substantially in the form of Annex 1 and state whether the Party issuing the Change Request considers the proposed Contract Change to be a Fast-track Change.

The Supplier shall then re-issue the relevant Impact Assessment to the Authority within 10 Working Days of receiving such notification.  - (ii) require the Services to be performed in a way that infringes any Law; and/or
- (b) the Supplier demonstrates to the Authority's reasonable satisfaction that the proposed Contract Change is technically impossible to implement and neither the Supplier Solution nor the Services Description state that the Supplier does have the technical capacity and flexibility required to implement the proposed Contract Change,

- (a) have an impact on the business of the Authority;

2 DISPUTE NOTICES

2.1 If a Dispute arises then:

- (a) the Authority Representative and the Supplier Representative shall attempt in good faith to resolve the Dispute; and
- (b) if such attempts are not successful within a reasonable period, not being longer than 20 Working Days, either Party may issue to the other a Dispute Notice.

2.2 A Dispute Notice:

- (a) shall set out:
 - (i) the material particulars of the Dispute;
 - (ii) the reasons why the Party serving the Dispute Notice believes that the Dispute has arisen; and
 - (iii) if the Party serving the Dispute Notice believes that the Dispute should be dealt with under the Expedited Dispute Timetable, the reason why; and
- (b) may specify in accordance with the requirements of Paragraphs 9.2 and 9.3 that the Party issuing the Dispute Notice has determined (in the case of the Authority) or considers (in the case of the Supplier) that the Dispute is a Multi-Party Dispute, in which case Paragraph 2.3 shall apply.

2.3 If a Dispute Notice specifies that the Dispute has been determined or is considered to be a Multi-Party Dispute pursuant to Paragraph 2.2(b), then:

- (a) if it is served by the Authority, it shall be treated as a Multi-Party Procedure Initiation Notice; and
- (b) if it is served by the Supplier, it shall be treated as a Supplier Request,

and in each case the provisions of Paragraph 9 shall apply.

2.4 Subject to Paragraphs 2.5 and 3.2 and so long as the Authority has not served a Multi-Party Procedure Initiation Notice in respect of the relevant Dispute, following the issue of a Dispute Notice the Parties shall seek to resolve the Dispute:

- (a) first by commercial negotiation (as prescribed in Paragraph 4);
- (b) then, if either Party serves a Mediation Notice, by mediation (as prescribed in Paragraph 5); and

- (c) lastly by recourse to arbitration (as prescribed in Paragraph 7) or litigation (in accordance with Clause 47 (*Governing Law and Jurisdiction*)).
- 2.5 Specific issues shall be referred to Expert Determination (as prescribed in Paragraph 6) where specified under the provisions of this Agreement and may also be referred to Expert Determination where otherwise appropriate as specified in Paragraph 6.1.
- 2.6 Unless agreed otherwise in writing, the Parties shall continue to comply with their respective obligations under this Agreement regardless of the nature of the Dispute and notwithstanding any issue of a Dispute Notice or a Multi-Party Procedure Initiation Notice or proceedings under Paragraph 8 (*Urgent Relief*).

3 EXPEDITED DISPUTE TIMETABLE

- 3.1 In exceptional circumstances where the use of the times in this Schedule would be unreasonable, including (by way of example) where one Party would be materially disadvantaged by a delay in resolving the Dispute, the Parties may agree to use the Expedited Dispute Timetable. If the Parties are unable to reach agreement on whether to use the Expedited Dispute Timetable within 5 Working Days of the issue of a Dispute Notice, the use of the Expedited Dispute Timetable shall be at the sole discretion of the Authority.
- 3.2 If the Expedited Dispute Timetable is to be used pursuant to the provisions of Paragraph 3.1 or is otherwise specified under the provisions of this Agreement, then the following periods of time shall apply in lieu of the time periods specified in the applicable Paragraphs:
 - (a) in Paragraph 4.2(c), 10 Working Days;
 - (b) in Paragraph 5.2, 10 Working Days;
 - (c) in Paragraph 6.2, 5 Working Days; and
 - (d) in Paragraph 7.2, 10 Working Days.
- 3.3 If at any point it becomes clear that an applicable deadline cannot be met or has passed, the Parties may (but shall be under no obligation to) agree in writing to extend the deadline. If the Parties fail to agree within 2 Working Days after the deadline has passed, the Authority may set a revised deadline provided that it is no less than 5 Working Days before the end of the period of time specified in the applicable paragraphs (or 2 Working Days in the case of Paragraph 6.2). Any agreed extension shall have the effect of delaying the start of the subsequent stages by the period agreed in the extension. If the Authority fails to set such a revised deadline, then the use of the Expedited Dispute Timetable shall cease, and the normal time periods shall apply from that point onwards.

4 COMMERCIAL NEGOTIATION

- 4.1 Following the service of a Dispute Notice, then, so long as the Authority has not served a Multi-Party Procedure Initiation Notice in respect of the relevant Dispute, the Authority and the Supplier shall make reasonable endeavours to resolve the Dispute as soon as possible by commercial negotiation between the Authority's GIDV Commercial Lead [REDACTED] and the Supplier's [REDACTED]
- 4.2 If:
- (a) either Party is of the reasonable opinion that the resolution of a Dispute by commercial negotiation, or the continuance of commercial negotiation, will not result in an appropriate solution;
 - (b) the Parties have already held discussions of a nature and intent (or otherwise were conducted in the spirit) that would equate to the conduct of commercial negotiation in accordance with this Paragraph 4; or
 - (c) the Parties have not settled the Dispute in accordance with Paragraph 4.1 within 30 Working Days of service of the Dispute Notice,

either Party may serve a written notice to proceed to mediation in accordance with Paragraph 5 (a "**Mediation Notice**").

5 MEDIATION

- 5.1 If a Mediation Notice is served, the Parties shall attempt to resolve the dispute in accordance with the version of CEDR's Model Mediation Procedure which is current at the time the Mediation Notice is served (or such other version as the Parties may agree).
- 5.2 If the Parties are unable to agree on the joint appointment of an independent person to mediate the Dispute within 20 Working Days from (and including) the service of a Mediation Notice, then either Party may apply to CEDR to nominate such a person.
- 5.3 If the Parties are unable to reach a settlement in the negotiations at the mediation, and only if both Parties so request and the Mediator agrees, the Mediator shall produce for the Parties a non-binding recommendation on terms of settlement. This shall not attempt to anticipate what a court might order but shall set out what the Mediator suggests are appropriate settlement terms in all of the circumstances.
- 5.4 Any settlement reached in the mediation shall not be legally binding until it has been reduced to writing and signed by, or on behalf of, the Parties (in accordance with the Change Control Procedure where appropriate). The Mediator shall assist the Parties in recording the outcome of the mediation.

6 EXPERT DETERMINATION

- 6.1 If a Dispute relates to any aspect of the technology underlying the provision of the Services or otherwise relates to a technical matter of an IT, accounting or financing nature and the Dispute has not been resolved by commercial negotiation in accordance with Paragraph 4 or, if applicable, mediation in accordance with Paragraph 5, then either Party may by written notice to the other request (agreement to which request shall not be unreasonably withheld or delayed) that the Dispute be referred to an expert for determination.
- 6.2 The expert shall be appointed by agreement in writing between the Parties, but in the event of a failure to agree within 10 Working Days of the relevant request made pursuant to Paragraph 6.1, or if the person appointed is unable or unwilling to act, the expert shall be appointed:
- (a) if the Dispute relates to any aspect of the technology underlying the provision of the Services or a matter of an IT technical nature, on the instructions of the President of the British Computer Society (or any other association that has replaced the British Computer Society);
 - (b) if the Dispute relates to a matter of a financial technical nature, on the instructions of the President of the Institute of Chartered Accountants of England and Wales; or

 - (i) an appropriate body agreed between the Parties; or
 - (ii) if the Parties do not reach agreement on the relevant body within 15 Working Days of the relevant request made pursuant to Paragraph 6.1, such body as may be specified by the President of the Law Society on application by either Party.
- 6.3 The Expert shall act on the following basis:
- (a) he/she shall act as an expert and not as an arbitrator and shall act fairly and impartially;
 - (b) the Expert's determination shall (in the absence of a material failure to follow the agreed procedures) be final and binding on the Parties;
 - (c) the Expert shall decide the procedure to be followed in the determination and shall be requested to make his/her determination within 30 Working Days of his appointment or as soon as reasonably practicable thereafter and the Parties shall assist and provide the documentation that the Expert requires for the purpose of the determination;

- (d) any amount payable by one Party to another as a result of the Expert's determination shall be due and payable within 20 Working Days of the Expert's determination being notified to the Parties;
- (e) the process shall be conducted in private and shall be confidential; and
- (f) the Expert shall determine how and by whom the costs of the determination, including his/her fees and expenses, are to be paid.

- 7.1 Subject to compliance with its obligations under Paragraph 4.1 and to the provisions of Paragraph 6, the Authority may at any time before court proceedings are commenced refer the Dispute to arbitration in accordance with the provisions of Paragraph 7.5.
- 7.2 Before the Supplier commences court proceedings or arbitration, it shall serve written notice on the Authority of its intentions and the Authority shall have 15 Working Days following receipt of such notice to serve a reply (a “**Counter Notice**”) on the Supplier requiring the Dispute to be referred to and resolved by arbitration in accordance with Paragraph 7.5 or be subject to the exclusive jurisdiction of the courts of England and Wales. The Supplier shall not commence any court proceedings or arbitration until the expiry of such 15 Working Day period.
- 7.3 If the Authority serves a Counter Notice, then:
 - (a) if the Counter Notice requires the Dispute to be referred to arbitration, the provisions of Paragraph 7.5 shall apply; or
 - (b) if the Counter Notice requires the Dispute to be subject to the exclusive jurisdiction of the courts of England and Wales, the Dispute shall be so referred to those courts and the Supplier shall not commence arbitration proceedings.
- 7.4 If the Authority does not serve a Counter Notice within the 15 Working Day period referred to in Paragraph 7.2, the Supplier may either commence arbitration proceedings in accordance with Paragraph 7.5 or commence court proceedings in the Courts of England and Wales which shall (in those circumstances) have exclusive jurisdiction.
- 7.5 The Parties hereby confirm that if any arbitration proceedings are commenced pursuant to Paragraphs 7.1 to 7.4:
 - (a) the Dispute shall be referred to and finally resolved by arbitration under the Rules of the London Court of International Arbitration (“**LCIA**”) (subject to Paragraphs 7.5(e), (f) and (g));

- (b) the arbitration shall be administered by the LCIA;
- (c) the LCIA procedural rules in force at the date that the Dispute was referred to arbitration shall be applied and are deemed to be incorporated by reference into this Agreement and the decision of the arbitrator shall be binding on the Parties in the absence of any material failure to comply with such rules;
- (d) if the Parties fail to agree the appointment of the arbitrator within 10 Working Days from the date on which arbitration proceedings are commenced or if the person appointed is unable or unwilling to act, the arbitrator shall be appointed by the LCIA;
- (e) the chair of the arbitral tribunal shall be British;
- (f) the arbitration proceedings shall take place in London and in the English language; and
- (g) the seat of the arbitration shall be London.

8 URGENT RELIEF

- 8.1 Either Party may at any time take proceedings or seek remedies before any court or tribunal of competent jurisdiction:
- (a) for interim or interlocutory remedies in relation to this Agreement or infringement by the other Party of that Party's Intellectual Property Rights; and/or
 - (b) where compliance with Paragraph 2.1 and/or referring the Dispute to mediation may leave insufficient time for that Party to commence proceedings before the expiry of the limitation period.

9 MULTI-PARTY DISPUTES

- 9.1 All Multi-Party Disputes shall be resolved in accordance with the procedure set out in this Paragraph 9 (the "**Multi-Party Dispute Resolution Procedure**").
- 9.2 If at any time following the issue of a Dispute Notice, the Authority reasonably considers that the matters giving rise to the Dispute involve one or more Related Third Parties, then the Authority shall be entitled to determine that the Dispute is a Multi-Party Dispute and to serve a notice on the Supplier which sets out the Authority's determination that the Dispute is a Multi-Party Dispute and specifies the Related Third Parties which are to be involved in the Multi-Party Dispute Resolution Procedure, such notice a "**Multi-Party Procedure Initiation Notice**".
- 9.3 If following the issue of a Dispute Notice but before the Dispute has been referred to Expert Determination or to arbitration in accordance with Paragraph 7, the Supplier has reasonable grounds to believe that

the matters giving rise to the Dispute have been contributed to by one or more Related Third Parties, the Supplier may serve a Supplier Request on the Authority.

- 9.4 The Authority shall (acting reasonably) consider each Supplier Request and shall determine within 5 Working Days whether the Dispute is:
- (a) a Multi-Party Dispute, in which case the Authority shall serve a Multi-Party Procedure Initiation Notice on the Supplier; or
 - (b) not a Multi-Party Dispute, in which case the Authority shall serve written notice of such determination upon the Supplier and the Dispute shall be treated in accordance with Paragraphs 3 to 8.
- 9.5 If the Authority has determined, following a Supplier Request, that a Dispute is not a Multi-Party Dispute, the Supplier may not serve another Supplier Request with reference to the same Dispute.
- 9.6 Following service of a Multi-Party Procedure Initiation Notice a Multi-Party Dispute shall be dealt with by a board (in relation to such Multi-Party Dispute, the “**Multi-Party Dispute Resolution Board**”) comprising representatives from the following parties to the Multi-Party Dispute, each of whom shall be of a suitable level of seniority to finalise any agreement with the other parties to settle the Multi-Party Dispute:
- (a) the Authority;
 - (b) the Supplier;
 - (c) each Related Third Party involved in the Multi-Party Dispute; and
 - (d) any other representatives of any of the Parties and/or any Related Third Parties whom the Authority considers necessary,
- (together “**Multi-Party Dispute Representatives**”).
- 9.7 The Parties agree that the Multi-Party Dispute Resolution Board shall seek to resolve the relevant Multi-Party Dispute in accordance with the following principles and procedures:
- (a) the Parties shall procure that their Multi-Party Dispute Representatives attend, and shall use their best endeavours to procure that the Multi-Party Dispute Representatives of each Related Third Party attend, all meetings of the Multi-Party Dispute Resolution Board in respect of the Multi-Party Dispute;
 - (b) the Multi-Party Dispute Resolution Board shall first meet within 10 Working Days of service of the relevant Multi-Party Procedure Initiation Notice at such time and place as the Parties may agree or, if the Parties do not reach agreement

on the time and place within 5 Working Days of service of the relevant Multi-Party Procedure Initiation Notice, at the time and place specified by the Authority, provided such place is at a neutral location within England and that the meeting is to take place between 9.00am and 5.00pm on a Working Day; and

- (c) in seeking to resolve or settle any Multi-Party Dispute, the members of the Multi-Party Dispute Resolution Board shall have regard to the principle that a Multi-Party Dispute should be determined based on the contractual rights and obligations between the Parties and the Related Third Parties and that any apportionment of costs should reflect the separate components of the Multi-Party Dispute.

9.8 If a Multi-Party Dispute is not resolved between the Parties and all Related Third Parties within 25 Working Days of the issue of the Multi-Party Procedure Initiation Notice (or such longer period as the Parties may agree in writing), then:

- (a) either Party may serve a Mediation Notice in respect of the Multi-Party Dispute in which case Paragraph 5 shall apply;
- (b) either Party may request that the Multi-Party Dispute is referred to an expert in which case Paragraph 6 shall apply; and/or
- (c) subject to Paragraph 9.9, Paragraph 7 shall apply to the Multi-Party Dispute,

and in each case references to the “Supplier” or the “Parties” in such provisions shall include a reference to all Related Third Parties.

9.9 If a Multi-Party Dispute is referred to arbitration in accordance with Paragraph 7 or a Dispute becomes a Multi-Party Dispute during the course of arbitration proceedings and either Party is unable to compel a Related Third Party to submit to such arbitration proceedings, the Authority or the Supplier may discontinue such arbitration proceedings and instead initiate court proceedings. The costs of any such discontinued arbitration proceedings shall be borne by the Party which is in a direct contractual relationship with the Related Third Party or, where the Related Third Party is a Sub Contractor, by the Supplier.

4 OBLIGATION TO ENTER INTO AN ETHICAL WALL AGREEMENT ON RE-TENDERING OF SERVICES

- 5.4 The Parties acknowledge that the migration of the Services from the Supplier to the Authority and/or its Replacement Supplier may be phased, such that certain of the Services are handed over before others.
- 5.5 The Supplier shall review and (if appropriate) update the Exit Plan on a basis consistent with the principles set out in this Schedule in the first month of each Contract Year (commencing with the second Contract Year) and if requested by the Authority following the occurrence of a Financial Distress Event, within 14 days of such request, to reflect any changes in the Services that have occurred since the Exit Plan was last agreed. Following such update the Supplier shall submit the revised Exit Plan to the Authority for review. Within 20 Working Days following submission of the revised Exit Plan, the Parties shall meet and use reasonable endeavours to agree the contents of the revised Exit Plan. If the Parties are unable to agree the contents of the revised Exit Plan within that 20 Working Day period, such dispute shall be resolved in accordance with the Dispute Resolution Procedure.

- 5.7 The Parties will meet and use their respective reasonable endeavours to agree the contents of the final form of the Exit Plan. If the Parties are unable to agree the contents of the Exit Plan within 20 Working Days following its delivery to the Authority, then such Dispute shall be resolved in accordance

with the Dispute Resolution Procedure. Until the agreement of the final form of the Exit Plan, the Supplier shall provide the Termination Services in accordance with the principles set out in this Schedule and the last approved version of the Exit Plan (insofar as relevant).

6 TERMINATION SERVICES

Notification of Requirements for Termination Services

- 6.1 The Authority shall be entitled to require the provision of Termination Services at any time during the Term by giving written notice to the Supplier (a **“Termination Assistance Notice”**) at least 4 months prior to the date of termination or expiry of this Agreement or as soon as reasonably practicable (but in any event, not later than 1 month) following the service by either Party of a Termination Notice. The Termination Assistance Notice shall specify:
- (a) the date from which Termination Services are required;
 - (b) the nature of the Termination Services required; and
 - (c) the period during which it is anticipated that Termination Services will be required, which shall continue no longer than 24 months after the date that the Supplier ceases to provide the terminated Services.
- 6.2 The Authority shall have:
- (a) an option to extend the period of assistance beyond the period specified in the Termination Assistance Notice provided that such extension shall not extend for more than 6 months after the date the Supplier ceases to provide the Services or, if applicable, beyond the end of the Termination Assistance Period and provided that it shall notify the Supplier to such effect no later than 20 Working Days prior to the date on which the provision of Termination Services is otherwise due to expire; and
 - (b) the right to terminate its requirement for Termination Services by serving not less than 20 Working Days' written notice upon the Supplier to such effect.

Termination Assistance Period

- 6.3 Throughout the Termination Assistance Period, or such shorter period as the Authority may require, the Supplier shall:
- (a) continue to provide the Services (as applicable) and, if required by the Authority pursuant to Paragraph 6.1, provide the Termination Services;
 - (b) in addition to providing the Services and the Termination Services, provide to the Authority any reasonable assistance requested by the Authority to allow the Services to continue without interruption following the Partial Termination, termination or expiry of this Agreement and to facilitate the orderly transfer of responsibility for

and conduct of the Services to the Authority and/or its Replacement Supplier;

- (c) use all reasonable endeavours to reallocate resources to provide such assistance as is referred to in Paragraph 6.3(b) without additional costs to the Authority;
- (d) provide the Services and the Termination Services at no detriment to the Target Performance Levels, save to the extent that the Parties agree otherwise in accordance with Paragraph 6.5; and
- (e) at the Authority's request and on reasonable notice, deliver up-to-date Registers to the Authority.

6.4 Without prejudice to the Supplier's obligations under Paragraph 6.3(c), if it is not possible for the Supplier to reallocate resources to provide such assistance as is referred to in Paragraph 6.3(b) without additional costs to the Authority, any additional costs incurred by the Supplier in providing such reasonable assistance which is not already in the scope of the Termination Services or the Exit Plan shall be subject to the Change Control Procedure.

6.5 If the Supplier demonstrates to the Authority's reasonable satisfaction that transition of the Services and provision of the Termination Services during the Termination Assistance Period will have a material, unavoidable adverse effect on the Supplier's ability to meet one or more particular Target Performance Level(s), the Parties shall vary the relevant Target Performance Level(s) and/or the applicable Service Credits to take account of such adverse effect.

Termination Obligations

6.6 The Supplier shall comply with all of its obligations contained in the Exit Plan in respect of any Partial Termination or termination.

6.7 Upon termination or expiry (as the case may be) or at the end of the Termination Assistance Period (or earlier if this does not adversely affect the Supplier's performance of the Services and the Termination Services and its compliance with the other provisions of this Schedule) in respect of the Services that have been terminated, the Supplier shall:

- (a) cease to use the Authority Data;
- (b) provide the Authority and/or the Replacement Supplier with a complete and uncorrupted version of the Authority Data in electronic form (or such other format as reasonably required by the Authority);
- (c) erase from any computers, storage devices and storage media that are to be retained by the Supplier after the end of the Termination Assistance Period all Authority Data and promptly certify to the Authority that it has completed such deletion;
- (d) return to the Authority such of the following as is in the Supplier's possession or control:

 - (ii) all materials created by the Supplier under this Agreement in which the IPRs are owned by the Authority;
 - (iii) any parts of the IT Environment and any other equipment which belongs to the Authority; and
 - (iv) any items that have been on-charged to the Authority, such as consumables;
- (e) vacate any Authority Premises unless access is required to continue to deliver the Services;
- (f) provide access during normal working hours to the Authority and/or the Replacement Supplier for up to 12 months after the Partial Termination, expiry or termination of this Agreement to:
 - (i) such information relating to the Services as remains in the possession or control of the Supplier; and
 - (ii) such members of the Supplier Personnel as have been involved in the design, development and provision of the Services and who are still employed by the Supplier, provided that the Authority and/or the Replacement Supplier shall pay the reasonable costs of the Supplier actually incurred in responding to requests for access under this Paragraph 6.7(f)(ii).

6.8 Upon Partial Termination, termination or expiry (as the case may be) or at the end of the Termination Assistance Period (or earlier if this does not adversely affect the Supplier's performance of the Services and the Termination Services and its compliance with the other provisions of this Schedule), each Party shall return to the other Party (or if requested, destroy or delete) all Confidential Information of the other Party in respect of the terminated Services and shall certify that it does not retain the other Party's Confidential Information save to the extent (and for the limited period) that such information needs to be retained by the Party in question for the purposes of providing or receiving any Services or Termination Services or for statutory compliance purposes.

6.9 Except where this Agreement provides otherwise, all licences, leases and authorisations granted by the Authority to the Supplier in relation to the terminated Services shall be terminated with effect from the end of the Termination Assistance Period.

7 ASSETS, SUB-CONTRACTS AND SOFTWARE

7.1 Following notice of termination or Partial Termination of this Agreement and during the Termination Assistance Period, the Supplier shall not, in respect of the terminated Services, without the Authority's prior written consent:

- (a) terminate, enter into or vary any Sub-contract except to the extent that such change does not or will not affect the provision of Services or the Charges;
- (b) (subject to normal maintenance requirements) make material modifications to, or dispose of, any existing Assets or acquire any new Assets; or
- (c) terminate, enter into or vary any licence for software in connection with the Services.

7.2 Within 20 Working Days of receipt of the up-to-date Registers provided by the Supplier pursuant to Paragraph 6.3(e), the Authority shall provide written notice to the Supplier setting out:

- (a) which, if any, of the Transferable Assets the Authority requires to be transferred to the Authority and/or the Replacement Supplier in respect of the terminated Services ("**Transferring Assets**");
 - (i) which, if any, of:
 - (A) the Exclusive Assets that are not Transferable Assets; and

in order for the Authority and/or its Replacement Supplier to provide the Services from the expiry of the Termination Assistance Period. Where requested by the Authority and/or its Replacement Supplier, the Supplier shall provide all reasonable assistance to the Authority and/or its Replacement Supplier to enable it to determine which Transferable Assets and Transferable Contracts the Authority and/or its Replacement Supplier requires to provide the Services or Replacement Services.

7.3 With effect from the expiry of the Termination Assistance Period, the Supplier shall sell the Transferring Assets to the Authority and/or its nominated Replacement Supplier for a consideration equal to their Net Book Value, except where:

- (a) a Termination Payment is payable by the Authority to the Supplier, in which case, payment for such Assets shall be included within the Termination Payment; or
- (b) the cost of the Transferring Asset has been partially or fully paid for through the Charges at the time of expiry or termination of this Agreement, in which case the Authority shall pay the Supplier the

Net Book Value of the Transferring Asset less the amount already paid through the Charges.

- 7.4 Risk in the Transferring Assets shall pass to the Authority or the Replacement Supplier (as appropriate) at the end of the Termination Assistance Period and title to the Transferring Assets shall pass to the Authority or the Replacement Supplier (as appropriate) on payment for the same.
- 7.5 Where the Supplier is notified in accordance with Paragraph 7.2(b) that the Authority and/or the Replacement Supplier requires continued use of any Exclusive Assets that are not Transferable Assets or any Non-Exclusive Assets, the Supplier shall as soon as reasonably practicable:
- (a) procure a non-exclusive, perpetual, royalty-free licence (or licence on such other terms that have been agreed by the Authority) for the Authority and/or the Replacement Supplier to use such assets (with a right of sub-licence or assignment on the same terms); or failing which
 - (b) procure a suitable alternative to such assets and the Authority or the Replacement Supplier shall bear the reasonable proven costs of procuring the same.
- 7.6 The Supplier shall as soon as reasonably practicable assign or procure the novation to the Authority and/or the Replacement Supplier of the Transferring Contracts. 10 BROADLY COMPARABLE PENSION SCHEME ON RELEVANT TRANSFER DATE

- 10.1 If the terms of any of paragraphs 4 of Annex D2: NHSPS or 3.1 of Annex D3: LGPS applies, the Supplier must (and must, where relevant, procure that each of its Sub-contractors will) ensure that, with effect from the Relevant Transfer Date until the day before the Service Transfer Date, the relevant Fair Deal Employees will be eligible for membership of a pension scheme under which the benefits are Broadly Comparable to those provided under the relevant Statutory Scheme, and then on such terms as may be decided by the Authority.
- 10.2 Such Broadly Comparable pension scheme must be:
- (a) established by the Relevant Transfer Date;
 - (b) a registered pension scheme for the purposes of Part 4 of the Finance Act 2004;
 - (c) capable of receiving a bulk transfer payment from the relevant Statutory Scheme or from a Former Supplier's Broadly Comparable pension scheme (unless otherwise instructed by the Authority);
 - (d) capable of paying a bulk transfer payment to the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) (unless otherwise instructed by the Authority); and
 - (e) maintained until such bulk transfer payments have been received or paid (unless otherwise instructed by the Authority).

- 10.3 Where the Supplier has provided a Broadly Comparable pension scheme pursuant to the provisions of this paragraph 10, the Supplier shall (and shall procure that any of its Sub-contractors shall):
- (a) supply to the Authority details of its (or its Sub-contractor's) Broadly Comparable pension scheme and provide a full copy of the valid certificate of broad comparability (which remains valid as at the Relevant Transfer Date) covering all relevant Fair Deal Employees, as soon as it is able to do so before the Relevant Transfer Date (where possible) and in any event no later than seven (7) days after receipt of the certificate;
 - (b) be fully responsible for all costs, contributions, payments and other amounts relating to the setting up, certification of, ongoing participation in and/or withdrawal and exit from the Broadly Comparable pension scheme, including for the avoidance of doubt any debts arising under section 75 or 75A of the Pensions Act 1995;

This will be with a view to the bulk transfer terms providing day for day and/or pound for pound (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes) credits in the Broadly Comparable pension scheme in respect of any Fair Deal Eligible Employee who consents to such a transfer; and
 - (d) provide a replacement Broadly Comparable pension scheme in accordance with this paragraph 10 with immediate effect for those Fair Deal Eligible Employees who are still employed by the Supplier and/or relevant Sub-contractor and are still eligible for New Fair Deal protection in the event that the Supplier and/or Sub-contractor's Broadly Comparable pension scheme is closed to future accrual and/or terminated. - (a) allow and make all necessary arrangements to effect, in respect of any Fair Deal Eligible Employee that remains eligible for New Fair Deal protection, following a Service Transfer, the bulk transfer of

past service from any such Broadly Comparable pension scheme into the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable). The bulk transfer terms provided shall be on a past service reserve basis which should be calculated allowing for projected final salary at the assumed date of retirement, leaving service or death (in the case of final salary benefits). The actuarial basis for this past service reserve basis should be aligned to the funding requirements of the Broadly Comparable pension scheme in place at the time the bulk transfer terms are offered. The bulk transfer terms shall be subject to an underpin in relation to any service credits awarded in the Broadly Comparable pension scheme in accordance with paragraph 10.3(c) such that the element of the past service reserve amount which relates to such service credits shall be no lower than that required by the bulk transfer terms that were agreed in accordance with paragraph 10.3(c) but using the last day of the Fair Deal Eligible Employees' employment with the Supplier or Sub-contractor (as appropriate) as the date used to determine the actuarial assumptions; and

- (b) if the transfer payment paid by the trustees of the Broadly Comparable pension scheme is less (in the opinion of the Actuary to the Replacement Supplier's Broadly Comparable pension scheme (or to the relevant Statutory Scheme if applicable)) than the transfer payment which would have been paid had paragraph 10.4(a) been complied with, the Supplier shall (or shall procure that the Sub-contractor shall) pay the amount of the difference to the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable) or as the Authority shall otherwise direct. The Supplier shall indemnify the Authority or the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) (as the Authority directs) for any failure to pay the difference as required under this paragraph.

11 BROADLY COMPARABLE PENSION SCHEME IN OTHER CIRCUMSTANCES

11.1 If the terms of any of paragraphs 2.2 of Annex D1: CSPS, 5.2 of Annex D2: NHSPS and/or 3.2 of Annex D3: LGPS apply, the Supplier must (and must, where relevant, procure that each of its Sub-contractors will) ensure that, with effect from the cessation of participation in the Statutory Scheme, until the day before the Service Transfer Date, the relevant Fair Deal Eligible Employees will be eligible for membership of a pension scheme under which the benefits are Broadly Comparable to those provided under the relevant Statutory Scheme at the date of cessation of participation in the relevant Statutory Scheme, and then on such terms as may be decided by the Authority.

11.2 Such Broadly Comparable pension scheme must be:

- (a) established by the date of cessation of participation in the Statutory Scheme;

- (b) a registered pension scheme for the purposes of Part 4 of the Finance Act 2004;
- (c) capable of receiving a bulk transfer payment from the relevant Statutory Scheme (where instructed to do so by the Authority);
- (d) capable of paying a bulk transfer payment to the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) (unless otherwise instructed by the Authority); and
- (e) maintained until such bulk transfer payments have been received or paid (unless otherwise instructed by the Authority).

11.3 Where the Supplier has provided a Broadly Comparable pension scheme pursuant to the provisions of this paragraph 11, the Supplier shall (and shall procure that any of its Sub-contractors shall):

- (a) supply to the Authority details of its (or its Sub-contractor's) Broadly Comparable pension scheme and provide a full copy of the valid certificate of broad comparability (which remains valid as at the date of cessation of participation in the Statutory Scheme) covering all relevant Fair Deal Eligible Employees, as soon as it is able to do so before the cessation of participation in the Statutory Scheme (where possible) and in any event no later than seven (7) days after receipt of the certificate;
- (b) be fully responsible for all costs, contributions, payments and other amounts relating to the setting up, certification of, ongoing participation in and/or withdrawal and exit from the Broadly Comparable pension scheme, including for the avoidance of doubt any debts arising under section 75 or 75A of the Pensions Act 1995; and
- (c) where required to do so by the Authority, instruct any such Broadly Comparable pension scheme's Actuary to provide all such co-operation and assistance in agreeing a bulk transfer process with the Actuary to the relevant Statutory Scheme and to provide all such co-operation and assistance with any other Actuary appointed by the Authority (where applicable). The Supplier must ensure that day for day and/or pound for pound (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes) credits in the Broadly Comparable pension scheme are provided in respect of any Fair Deal Employee who consents to such a transfer from the Statutory Scheme and the Supplier shall be fully responsible for any costs of providing those credits in excess of the bulk transfer payment received by the Broadly Comparable pension scheme; and
- (d) provide a replacement Broadly Comparable pension scheme in accordance with this paragraph 11 with immediate effect for those Fair Deal Eligible Employees who are still employed by the Supplier

and/or relevant Sub-contractor and are still eligible for New Fair Deal protection in the event that the Supplier and/or Sub-contractor's Broadly Comparable pension scheme is closed to future accrual and/or terminated. The relevant Fair Deal Eligible Employees must be given the option to transfer their accrued benefits from the previous Broadly Comparable pension scheme to the new Broadly Comparable pension scheme on day for day and/or pound for pound terms (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes).

- 11.4 Where the Supplier has provided a Broadly Comparable pension scheme pursuant to the provisions of this paragraph 11, the Supplier shall (and shall procure that any of its Sub-contractors shall) prior to the termination of this Agreement allow and make all necessary arrangements to effect, in respect of any Fair Deal Eligible Employee that remains eligible for New Fair Deal protection, following a Service Transfer, the bulk transfer of past service from any such Broadly Comparable pension scheme into the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable). The bulk transfer terms provided shall be sufficient to secure day for day and/or pound for pound credits (as applicable) (or actuarially equivalent where there are benefit differences between the two schemes) in the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable). For the avoidance of doubt, should the amount offered by the Broadly Comparable pension scheme be less than the amount required by the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) to fund the required credits ("**the Shortfall**"), the Supplier or the Sub-contractor (as agreed between them) must pay the Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable) the Shortfall as required, provided that in the absence of any agreement between the Supplier and any Sub-contractor, the Shortfall shall be paid by the Supplier. The Supplier shall indemnify the Authority or the Replacement Supplier's Broadly Comparable pension scheme (or the relevant Statutory Scheme if applicable) (as the Authority directs) for any failure to pay the Shortfall under this paragraph.
