Section 1 – About UK Shared Business Services

Putting the business into shared services

UK Shared Business Services Ltd (UK SBS) brings a commercial attitude to the public sector; helping our Contracting Authorities improve efficiency, generate savings and modernise.

It is our vision to become the leading service provider for the Contracting Authorities of shared business services in the UK public sector, continuously reducing cost and improving quality of business services for Government and the public sector.

Our broad range of expert services is shared by our Contracting Authorities. This allows Contracting Authorities the freedom to focus resources on core activities; innovating and transforming their own organisations.

Core services include Procurement, Finance, Grants Admissions, Human Resources, Payroll, ISS, and Property Asset Management all underpinned by our Service Delivery and Contact Centre teams.

UK SBS is a people rather than task focused business. It's what makes us different to the traditional transactional shared services centre. What is more, being a not-for-profit organisation owned by the Department for Business, Energy & Industrial Strategy (BEIS), UK SBS' goals are aligned with the public sector and delivering best value for the UK taxpayer.

UK Shared Business Services Ltd changed its name from RCUK Shared Services Centre Ltd in March 2013.

Our Customers

Growing from a foundation of supporting the Research Councils, 2012/13 saw Business, Energy and Industrial Strategy (BEIS) transition their procurement to UK SBS and Crown Commercial Services (CCS – previously Government Procurement Service) agree a Memorandum of Understanding with UK SBS to deliver two major procurement categories (construction and research) across Government.

UK SBS currently manages £700m expenditure for its Contracting Authorities. Our Contracting Authorities who have access to our services and Contracts are detailed <u>here</u>.

Privacy Statement

At UK Shared Business Services (UK SBS) we recognise and understand that your privacy is extremely important, and we want you to know exactly what kind of information we collect about you and how we use it.

This privacy notice link below details what you can expect from UK SBS when we collect your personal information.

- We will keep your data safe and private.
- We will not sell your data to anyone.
- We will only share your data with those you give us permission to share with and only for legitimate service delivery reasons.

https://www.uksbs.co.uk/use/pages/privacy.aspx

Privacy Notice

This notice sets out how the Contracting Authority will use your personal data, and your rights. It is made under Articles 13 and/or 14 of the UK General Data Protection Regulation (UK GDPR).

YOUR DATA

The Contracting Authority will process the following personal data:

Names and contact details of employees involved in preparing and submitting the bid; Names and contact details of employees proposed to be involved in delivery of the contract; Names, contact details, age, qualifications and experience of employees whose CVs are submitted as part of the bid.

Purpose

The Contracting Authority are processing your personal data for the purposes of the tender exercise, or in the event of legal challenge to such tender exercise.

Legal basis of processing

The legal basis for processing your personal data is processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the data controller, such as the exercise of a function of the Crown, a Minister of the Crown, or a government department; the exercise of a function conferred on a person by an enactment; the exercise of a function of either House of Parliament; or the administration of justice.

Recipients

Your personal data will be shared by us with other Government Departments or public authorities where necessary as part of the tender exercise. The Contracting Authority may share your data if required to do so by law, for example by court order or to prevent fraud or other crime.

Retention

All submissions in connection with this tender exercise will be retained for a period of 7 years from the date of contract expiry, unless the contract is entered into as a deed in which case it will be kept for a period of 12 years from the date of contract expiry.

Your Rights

You have the right to request information about how your personal data are processed, and to request a copy of that personal data.

You have the right to request that any inaccuracies in your personal data are rectified without delay.

You have the right to request that any incomplete personal data are completed, including by means of a supplementary statement.

You have the right to request that your personal data are erased if there is no longer a justification for them to be processed.

You have the right in certain circumstances (for example, where accuracy is contested) to request that the processing of your personal data is restricted.

You have the right to object to the processing of your personal data where it is processed for direct marketing purposes.

You have the right to object to the processing of your personal data.

International Transfers

As your personal data is stored on our IT infrastructure and shared with our data processors Microsoft and Amazon Web Services, it may be transferred and stored securely in the UK and European Economic Area. Where your personal data is stored outside the UK and EEA it will be subject to equivalent legal protection through the use of Model Contract Clauses.

Complaints

If you consider that your personal data has been misused or mishandled, you may make a complaint to the Information Commissioner, who is an independent regulator. The Information Commissioner can be contacted at:

Information Commissioner's Office Wycliffe House Water Lane Wilmslow Cheshire SK9 5AF 0303 123 1113 casework@ico.org.uk

Any complaint to the Information Commissioner is without prejudice to your right to seek redress through the courts.

Contact Details

The data controller for your personal data is:

The Department for Business, Energy & Industrial Strategy (BEIS)

You can contact the Data Protection Officer at:

BEIS Data Protection Officer, Department for Business, Energy and Industrial Strategy, 1 Victoria Street, London SW1H 0ET. Email: <u>dataprotection@beis.gov.uk</u>.

Section 2 – About the Contracting Authority

Department for Business, Energy & Industrial Strategy (BEIS)

The Department for Business, Energy and Industrial Strategy (BEIS) was created as a result of a merger between the Department of Energy and Climate Change (DECC) and the Department for Business, Innovation and Skills (BIS), as part of the Machinery of Government (MoG) changes in July 2016.

The Department is responsible for:

- developing and delivering a comprehensive industrial strategy and leading the government's relationship with business.
- ensuring that the country has secure energy supplies that are reliable, affordable, and clean.
- ensuring the UK remains at the leading edge of science, research and innovation; and
- tackling climate change.

BEIS is a ministerial department, supported by 46 agencies and public bodies.

We have around 4,500 staff working for BEIS. Our partner organisations include 9 executive agencies employing around 14,500 staff.

http://www.beis.gov.uk

Section 3 - Working with the Contracting Authority

In this section you will find details of your Procurement contact point and the timescales relating to this opportunity.

| Section | Section 3 – Contact details | | |
|---------|--|---|--|
| 3.1. | Contracting Authority Name and address | Department for Business, Energy and Industrial Strategy (BEIS) 1 Victoria Street, Westminster, London, SW1H 0ET | |
| 3.2. | Buyer name | Rhedyn Griffiths | |
| 3.3. | Buyer contact details | fmprocurement@uksbs.co.uk | |
| 3.4. | Estimated value of the Opportunity | The budget for this contract will not exceed £20,000.00 over the full term of the contract. There is an option to extend this contract for a further 1-year + 1-year, in the event this extension is utilised the budget will be £0 per year. At this stage the optional extensions are not committed. For absolute clarity, the Department are only responsible for the Contract Set Up Costs detailed within AW5.2 Price Schedule. The applicant is to pay the third-party assessor directly when the third-party assessor is requested to assess equivalence between new standards and accreditation schemes against the benchmarks provided in legislation as detailed in the specification. The rates charged by the third-party assessor to an applicant are to be in accordance with AW5.2 Price Schedule. | |
| 3.5. | Process for the submission of clarifications and Bids | All correspondence shall be submitted within the Messaging Centre of the e- sourcing. Guidance Notes to support the use of Delta eSourcing is available <u>here</u> . Please note submission of a Bid to any email address including the Buyer <u>will</u> result in the Bid <u>not</u> being considered. | |

| Section 3 - Timescales | | |

| 3.15. | Bid Validity Period | 90 Days |

Section 4 – Specification

Background:

Launched in 2011, the non-domestic Renewable Heat Incentive (NDRHI) helps businesses, public sector and non-profit organisations meet the cost of installing renewable heat technologies such as biomass, heat pumps, (ground source, water source and air source), solar thermal collectors and biomethane. The NDRHI along with its sister scheme the Domestic RHI has been administered by the Office for Gas and Electricity Markets (Ofgem) since their launch. The scheme covers England, Scotland and Wales; there's a separate scheme for Northern Ireland

Payments to NDRHI participants are made over 20 years and are based on the heat output for each installation. The NDRHI scheme closed for new applicants on 31 March 2021 and the last payments under the scheme are due to finish in 2041.

In the Government Response to the consultation 'NDRHI: Ensuring a Sustainable Scheme', published in January 2021¹, the government made a commitment to introduce two new obligations to NDRHI participants using biomass:

- Participants will be required to adhere to a fuel quality standard as detailed in Schedule 4A of the 2021 RHI regulations²;
- Participants using biomass boilers will be required to carry out an annual maintenance check in accordance with an industry standard developed by MCS³ and accredited by HETAS⁴, or an equivalent.

Fuel Quality: A fuel quality standard is an assurance process which covers the whole chain, from the supply of raw materials to the point of delivery to the participant. The government will require compliance with a fuel quality standard as a criterion for claiming NDRHI payments.

The government considers compliance with this requirement can be demonstrated by using the standards and certification schemes specified in Schedule 4A of the 2021 RHI Regulations. These are, for wood pellets the ENplus A1 standard or an equivalent standard; and for all other woodfuel the EN 15234-1: 2011, ISO 9001: 2015, EN ISO 17225-4: 2014 or an equivalent standard. The certification scheme for these standards is the Woodsure Certification Scheme⁵, or an equivalent certification scheme.

To allow the industry to prepare, this requirement was introduced into legislation in January 2021 and it will be enforced by Ofgem (and the Biomass Suppliers' List administrator⁶) from

¹ <u>https://www.gov.uk/government/consultations/non-domestic-renewable-heat-incentive-ensuring-a-sustainable-scheme</u>

² The Domestic Renewable Heat Incentive Scheme and Renewable Heat Incentive Scheme (Amendment) Regulations 2021, Regulation 47 (Schedule 4A)

³ <u>https://mcscertified.com/</u>

⁴ <u>https://www.hetas.co.uk/</u>

⁵ <u>https://woodsure.co.uk/</u>

⁶ https://biomass-suppliers-list.service.gov.uk/about

01 April 2022. The government expects that where an equivalent standard is used the onus will be placed on participants to provide evidence of compliance with the policy.

Maintenance Standard: In line with the Clean Air Strategy⁷ and the advice from the 2018 KIWA Report on the Measurement of the in-situ Performance of Biomass Boilers⁸, the government announced in January 2021 that they would require an annual maintenance check in accordance with a new standard for biomass boilers in the NDRHI scheme. The purpose of a maintenance standard is to ensure that biomass boilers are run efficiently and therefore minimise emissions of particulate matter and nitrogen oxides.

The government considers compliance with the MCS 040 Standard⁹ and the accreditation against this standard provided by HETAS to demonstrate the regulatory requirement under the RHI regulations. MCS is the administrator of the MCS 040 Standard, and HETAS operates the HETAS Approved Biomass Maintenance Scheme¹⁰ against MCS 040. The government committed to also accept other standards and accreditation schemes which are equivalent to MCS and HETAS respectively. Where an equivalent standard is used, the government will place the onus on participants to provide evidence of compliance with the policy.

Objective:

This tender aims to secure an independent third-party able to assess equivalence between new standards and accreditation schemes against the benchmarks provided in legislation, these are:

- Maintenance standards for biomass boilers. The benchmark for this assessment will be the MCS 040 Standard.
- Accreditation schemes for biomass boilers maintenance standards. The benchmark for this assessment will be the HETAS Approved Biomass Maintenance Scheme.
- Fuel quality standards. The benchmark for this assessment will be the standards specified in Schedule 4A of the 2021 RHI Regulations.
- Certification schemes for fuel quality standards. The benchmark for this assessment will be the Woodsure Certification Scheme.

The parameters to be used during the assessment of new standards and accreditation systems will be finalised with the new assessor but the owner of a new standard or accreditation scheme is likely to be asked to:

- Have done a public consultation on the proposed new standard, which must meet the following requirements:
 - For biomass maintenance standards the new standard must demonstrate equivalence with MCS 040 and its main objective, to increase appliance efficiency and reduce the levels of emissions released.

⁹ https://mcscertified.com/wp-content/uploads/2021/10/Biomass-Maintenance-Standard-V1.0-Final.pdf

⁷ <u>https://www.gov.uk/government/publications/clean-air-strategy-2019</u>

⁸ <u>https://www.gov.uk/government/publications/biomass-boilers-measurement-of-in-situ-performance</u>

¹⁰ https://www.hetas.co.uk/approved-biomass-maintenance-scheme/

- For woodfuel quality standards the new standard must demonstrate equivalence with the standards specified in Schedule 4A of the RHI Regulations 2021. This will cover the quality of the wood used and the emission of particulates when the wood is burned in biomass boilers.
- Be able to prove they have an independent accreditation system operating against one or more certification standards (e.g., EN ISO 17065).
 - For maintenance standards the certification body would be able to assess, audit and otherwise judge competence of professionals carrying out the maintenance checks as per the standard being assessed, equivalent to the role performed by HETAS against MCS 040.
 - For fuel quality standards the certification body would be able to assess the entire production process to ensure quality, equivalent to the role performed by Woodsure against the ENplus A1 standard.

To ensure impartiality, accreditation schemes (benchmark or equivalent) will not be able to accredit professionals against their own standards (benchmark or equivalent).

Selection criteria:

The selection criteria of a third-party assessor will include:

- Knowledge of biomass energy and the Renewable Heat Incentive scheme.
- Demonstrable evidence of independent assessment.
- Recognised as being able to work under the government framework and GDPR regulations.
- Financially innovative able to self-support or flexible in terms of recovering costs.

Anticipated volume:

At this stage BEIS does not have an estimate of the volume of requests to be received during the duration of the contract. However, BEIS has received interest from stakeholders and expects that some main stakeholders may express interest, particularly in relation to maintenance standards/accreditation systems soon after the equivalence assessment procedure is in place. Applications for the assessment of equivalent standards and accreditation schemes are likely to be frontloaded since the NDRHI is a retiring scheme closed for new applicants. In spite of this, the scheme is due to continue paying out until March 2041 and participants will need to remain compliant for this period to continue receiving payment.

Quality Assurance:

The service provider will be required to put in place an internal Quality Monitoring process which is managed and implemented on a regular basis and involves all staff involved in the delivery of the services. We would expect the assurance of quality to be undertaken through a basket of activities – for example:

- A number of objective and consistent assessment measures that can be combined to give a broader view of the efficiency and success of the service;
- Regular and long-term measurement through establishing benchmarks and trends.

Supplier Engagement Session

During the tender period it is the Departments intention to hold a supplier engagement session with all interested bidders to provide further detail on their requirements. During the engagement session there will be an opportunity for interested bidders to raise clarification questions.

A date and time are not yet finalised for the supplier engagement session however it is the intention for this session to be held W/C 10th January 2022. Further details will be shared during the tender period and will be issued on the Delta eSourcing Portal.

Please note bidders will be limited to 3 attendees and therefore we would request that attendance is restricted to key members of your organisation.

If you are interested in attended the supplier engagement session, please register your interest by sending a Direct Message confirming your interest and attendees via Delta eSourcing Portal Message Centre.

Terms and Conditions

Bidders are to note that any requested modifications to the Contracting Authority Terms and Conditions on the grounds of statutory and legal matters only, shall be raised as a formal clarification during the permitted clarification period.

Section 5 – Evaluation model

The evaluation model below shall be used for this ITQ, which will be determined to two decimal places.

Where a question is 'for information only' it will not be scored.

The evaluation team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required.

The evaluation and if required team may comprise staff from UK SBS and the Contracting Authority and any specific external stakeholders the Contracting Authority deems required. After evaluation and if required moderation scores will be finalised by performing a calculation to identify (at question level) the mean average of all evaluators (Example – a question is scored by three evaluators and judged as scoring 5, 5 and 6. These scores will be added together and divided by the number of evaluators to produce the final score of 5.33 (5+5+6 =16÷3 = 5.33)

| Pass / Fail criteria | | |
|----------------------|--|---|
| Questionnaire | Q No. | Question subject |
| Commercial | SEL1.2 | Employment breaches/ Equality |
| Commercial | SEL1.3 | Compliance to Section 54 of the Modern Slavery Act |
| Commercial | SEL2.12 | General Data Protection Regulations (GDPR) Act and the Data Protection Act 2018 |
| Commercial | FOI1.1 | Freedom of Information |
| Commercial | AW1.1 | Form of Bid |
| Commercial | AW1.3 | Certificate of Bona Fide Bid |
| Commercial | AW3.1 | Validation check |
| Commercial | AW4.1 | Compliance to the Contract Terms |
| Commercial | AW4.2 | Changes to the Contract Terms |
| Price | AW5.1 | Firm and Fixed Price |
| Quality | AW6.1 | Compliance to the Specification |
| Quality | AW6.2 | Variable Bids |
| - | - | Invitation to Quote – received on time within e-sourcing tool |
| | In the event of a Bidder failing to meet the requirements of a Mandatory pass / fail criteria, the Contracting Authority reserves the right to disqualify the Bidder and not consider evaluation of any of the Award stage scoring methodology or Mandatory pass / fail criteria. | |

Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this ITQ. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

| Questionnaire | Q No. | Question subject | Maximum Marks |
|---------------|---------|--|---------------|
| Price | AW5.2 | Price | 20.00% |
| Quality | PROJ1.1 | Resource and Expertise | 30.00% |
| Quality | PROJ1.2 | Project Management & Quality Assurance | 20.00% |
| Quality | PROJ1.3 | Understanding of project and methodological approach | 20.00% |
| Quality | PROJ1.4 | Risk Management | 10.00% |

Evaluation of criteria

Non-Price elements

Each question will be judged on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

Score = {weighting percentage} x {bidder's score} = $20\% \times 60 = 12$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

| 0 | The Question is not answered, or the response is completely unacceptable. |
|-----|---|
| 10 | Extremely poor response - they have completely missed the point of the |
| | question. |
| 20 | Very poor response and not wholly acceptable. Requires major revision to the |
| | response to make it acceptable. Only partially answers the requirement, with |
| | major deficiencies and little relevant detail proposed. |
| 40 | Poor response only partially satisfying the question requirements with |
| | deficiencies apparent. Some useful evidence provided but response falls well |
| | short of expectations. Low probability of being a capable supplier. |
| 60 | Response is acceptable but remains basic and could have been expanded upon. |
| | Response is sufficient but does not inspire. |
| 80 | Good response which describes their capabilities in detail which provides high |
| | levels of assurance consistent with a quality provider. The response includes a |
| | full description of techniques and measurements currently employed. |
| 100 | Response is exceptional and clearly demonstrates they are capable of meeting |
| | the requirement. No significant weaknesses noted. The response is compelling |

in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider. All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows: Example Evaluator 1 scored your bid as 60 Evaluator 2 scored your bid as 60 Evaluator 3 scored your bid as 40 Evaluator 4 scored your bid as 40 Your final score will $(60+60+40+40) \div 4 = 50$ Once the above evaluation process has been undertaken and the scores are apportioned by evaluator(s) this will then be subject to an independent commercial review and moderation meeting, if required by the commercial lead, any and all changes will be formally recorded relative to the regulatory obligations associated with this procurement, so as to ensure that the procurement has been undertaken in a robust and transparent way. Price elements will be judged on the following criteria. Pricing evaluation is split over the following three parts: Part 1 - NDRHI Maintenance Standards - 6.67% Part 2 - NDRHI Fuel Quality - 6.67% Part 3 - Set Up Costs - 6.67% The weightings between Part 1 - Part 3 combine to give the total score for bidder's responses to question AW5.2. The combined score for Question AW5.2 is 20.00% of each bidders overall evaluated score. Part 1 - 6.67% - the total within Cell E42 will be used for the purposes of evaluation for Part 1. Part 2 - 6.67% - the total within Cell E81 will be used for the purposes of evaluation for Part 2 Part 3 - 6.67% - the total within Cell B94 will be used for the purposes of evaluation for Part 3. Each section will be evaluated on the following methodology. The lowest price for a response which meets the pass criteria shall score 100. All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion. For example - Bid 1 £100,000 scores 100. Bid 2 £120.000 differential of £20.000 or 20% remove 20% from price scores 80 Bid 3 £150,000 differential £50,000 remove 50% from price scores 50. Bid 4 £175,000 differential £75,000 remove 75% from price scores 25. Bid 5 £200,000 differential £100,000 remove 100% from price scores 0. Bid 6 £300,000 differential £200,000 remove 100% from price scores 0. Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied bv 50.

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 ($80/100 \times 50 = 40$)

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

This evaluation criteria will therefore not be subject to any averaging, as this is a mathematical scoring criterion, but will still be subject to a commercial review.

Evaluation process

The evaluation process will feature some, if not all, the following phases.

| Stage | Summary of activity |
|---|--|
| Receipt and Opening | ITQ logged upon opening in alignment with UK SBS's procurement procedures. Any ITQ Bid received after the closing date will be rejected unless circumstances attributed to the Contracting Authority or the e-sourcing tool beyond the bidder control are responsible for late submission. |
| Compliance check | Check all Mandatory requirements are acceptable to the Contracting Authority. Unacceptable Bids maybe subject to clarification by the Contracting Authority or rejection of the Bid. |
| Scoring of the Bid | Evaluation team will independently score the Bid and provide a commentary of their scoring justification against the criteria. |
| Clarifications | The Evaluation team may require written clarification to Bids |
| Re - scoring of the Bid and Clarifications | • Following Clarification responses, the Evaluation team reserve the right to independently re-score the Bid and Clarifications and provide a commentary of their re-scoring justification against the Evaluation criteria. |
| Moderation meeting (if required to reach an award decision) | To review the outcomes of the Commercial review To agree final scoring for each Bid, relative rankings of the Bids To confirm contents of the feedback letters to provide details of scoring and relative and proportionate feedback on the unsuccessful Bidders response in comparison with the successful Bidders response |
| Due diligence of the Bid | the Contracting Authority may request the following requirements at any stage of the Procurement. Submission of insurance documents from the Bidder Request for evidence of documents / accreditations referenced in the / Invitation to Quote response / Bid and / or Clarifications from the Bidder Taking up of Bidder references from the Bidders Customers. Financial Credit check for the Bidder |
| Validation of unsuccessful Bidders | To confirm contents of the letters to provide details of scoring and meaningful feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid. |

Section 6 – Evaluation questionnaire

Bidders should note that the evaluation questionnaire is located within the **e-sourcing questionnaire**.

Guidance on how to register and use the e-sourcing portal is available at http://www.uksbs.co.uk/services/procure/Pages/supplier.aspx

PLEASE NOTE THE QUESTIONS ARE NOT NUMBERED SEQUENTIALLY

Section 7 – General Information

What makes a good bid – some simple do's 🕲

DO:

- 7.1 Do comply with Procurement document instructions. Failure to do so may lead to disqualification.
- 7.2 Do provide the Bid on time, and in the required format. Remember that the date/time given for a response is the last date that it can be accepted; we are legally bound to disqualify late submissions. Responses received after the date indicated in the ITQ shall not be considered by the Contracting Authority, unless the Bidder can justify that the reason for the delay, is solely attributable to the Contracting Authority
- 7.3 Do ensure you have read all the training materials to utilise e-sourcing tool prior to responding to this Bid. If you send your Bid by email or post it will be rejected.
- 7.4 Do use Microsoft Word, PowerPoint Excel 97-03 or compatible formats, or PDF unless agreed in writing by the Buyer. If you use another file format without our written permission, we may reject your Bid.
- 7.5 Do ensure you utilise the Delta eSourcing messaging system to raise any clarifications to our ITQ. You should note that we will release the answer to the question to all Bidders and where we suspect the question contains confidential information, we may modify the content of the question to protect the anonymity of the Bidder or their proposed solution
- 7.6 Do answer the question, it is not enough simply to cross-reference to a 'policy', web page or another part of your Bid, the evaluation team have limited time to assess bids and if they can't find the answer, they can't score it.
- 7.7 Do consider who the Contracting Authority is and what they want a generic answer does not necessarily meet every Contracting Authority's needs.
- 7.8 Do reference your documents correctly, specifically where supporting documentation is requested e.g. referencing the question/s they apply to.
- 7.9 Do provide clear, concise and ideally generic contact details; telephone numbers, emails and fax details.
- 7.10 Do complete all questions in the questionnaire or we may reject your Bid.
- 7.11 Do ensure that the Response and any documents accompanying it are in the English Language, the Contracting Authority reserve the right to disqualify any full or part responses that are not in English.
- 7.12 Do check and recheck your Bid before dispatch.

What makes a good bid – some simple do not's 🛞

DO NOT

- 7.13 Do not cut and paste from a previous document and forget to change the previous details such as the previous buyer's name.
- 7.14 Do not attach 'glossy' brochures that have not been requested, they will not be read unless we have asked for them. Only send what has been requested and only send supplementary information if we have offered the opportunity so to do.
- 7.15 Do not share the Procurement documents, they are confidential and should not be shared with anyone without the Buyers written permission.
- 7.16 Do not seek to influence the procurement process by requesting meetings or contacting UK SBS or the Contracting Authority to discuss your Bid. If your Bid requires clarification the Buyer will contact you. All information secured outside of formal Buyer communications shall have no Legal standing or worth and should not be relied upon.
- 7.17 Do not contact any UK SBS staff or the Contracting Authority staff without the Buyers written permission or we may reject your Bid.
- 7.18 Do not collude to fix or adjust the price or withdraw your Bid with another Party as we will reject your Bid.
- 7.19 Do not offer UK SBS or the Contracting Authority staff any inducement or we will reject your Bid.
- 7.20 Do not seek changes to the Bid after responses have been submitted and the deadline for Bids to be submitted has passed.
- 7.21 Do not cross reference answers to external websites or other parts of your Bid, the cross references and website links will not be considered.
- 7.22 Do not exceed word counts, the additional words will not be considered.
- 7.23 Do not make your Bid conditional on acceptance of your own Terms of Contract, as your Bid will be rejected.
- 7.24 Do not unless explicitly requested by the Contracting Authority either in the procurement documents or via a formal clarification from the Contracting Authority send your response by any way other than via e-sourcing tool. Responses received by any other method than requested will not be considered for the opportunity.

Some additional guidance notes <a>

- 7.25 All enquiries with respect to access to the e-sourcing tool and problems with functionality within the tool must be submitted to Delta eSourcing, Telephone 0845 270 7050
- 7.26 Bidders will be specifically advised where attachments are permissible to support a question response within the e-sourcing tool. Where they are not permissible any attachments submitted will not be considered as part of the evaluation process.
- 7.27 Question numbering is not sequential and all questions which require submission are included in the Section 6 Evaluation Questionnaire.
- 7.28 Any Contract offered may not guarantee any volume of work or any exclusivity of supply.
- 7.29 We do not guarantee to award any Contract as a result of this procurement
- 7.30 All documents issued or received in relation to this procurement shall be the property of the Contracting Authority / UKSBS.
- 7.31 We can amend any part of the procurement documents at any time prior to the latest date / time Bids shall be submitted through the Delta eSourcing Portal.
- 7.32 If you are a Consortium you must provide details of the Consortiums structure.
- 7.33 Bidders will be expected to comply with the Freedom of Information Act 2000, or your Bid will be rejected.
- 7.34 Bidders should note the Government's transparency agenda requires your Bid and any Contract entered into to be published on a designated, publicly searchable web site. By submitting a response to this ITQ Bidders are agreeing that their Bid and Contract may be made public
- 7.35 Your bid will be valid for 90 days or your Bid will be rejected.
- 7.36 Bidders may only amend the contract terms during the clarification period only, only if you can demonstrate there is a legal or statutory reason why you cannot accept them. If you request changes to the Contract terms without such grounds and the Contracting Authority fail to accept your legal or statutory reason is reasonably justified, we may reject your Bid.
- 7.37 We will let you know the outcome of your Bid evaluation and where requested will provide a written debrief of the relative strengths and weaknesses of your Bid.
- 7.38 If you fail mandatory pass / fail criteria we will reject your Bid.
- 7.39 Bidders are required to use IE8, IE9, Chrome or Firefox in order to access the functionality of the Delta eSourcing Portal.
- 7.40 Bidders should note that if they are successful with their proposal the Contracting Authority reserves the right to ask additional compliancy checks prior to the award of

any Contract. In the event of a Bidder failing to meet one of the compliancy checks the Contracting Authority may decline to proceed with the award of the Contract to the successful Bidder.

- 7.41 All timescales are set using a 24-hour clock and are based on British Summer Time or Greenwich Mean Time, depending on which applies at the point when Date and Time Bids shall be submitted through the Delta eSourcing Portal.
- 7.42 All Central Government Departments and their Executive Agencies and Non-Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-Government role delivering overall Government policy on public procurement - including ensuring value for money and related aspects of good procurement practice.

For these purposes, the Contracting Authority may disclose within Government any of the Bidders documentation/information (including any that the Bidder considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Bidder to the Contracting Authority during this Procurement. The information will not be disclosed outside Government. Bidders taking part in this ITQ consent to these terms as part of the competition process.

7.43 The Government introduced its new Government Security Classifications (GSC) classification scheme on the 2nd April 2014 to replace the current Government Protective Marking System (GPMS). A key aspect of this is the reduction in the number of security classifications used. All Bidders are encouraged to make themselves aware of the changes and identify any potential impacts in their Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during the procurement process or pursuant to any Contract awarded to you as a result of this tender process will be subject to the new GSC. The link below to the Gov.uk website provides information on the new GSC:

https://www.gov.uk/government/publications/government-security-classifications

The Contracting Authority reserves the right to amend any security related term or condition of the draft contract accompanying this ITQ to reflect any changes introduced by the GSC. In particular where this ITQ is accompanied by any instructions on safeguarding classified information (e.g. a Security Aspects Letter) as a result of any changes stemming from the new GSC, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise. This may relate to the instructions on safeguarding classified information (e.g. a Security Aspects Letter) as they apply to the procurement as they apply to the procurement process and/or any contracts awarded to you as a result of the procurement process.

USEFUL INFORMATION LINKS

- <u>Contracts Finder</u>
- Equalities Act introduction
- Bribery Act introduction
- Freedom of information Act

8.0 Freedom of information

8.4.1 In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the 'FoIA') and the Environmental Information Regulations 2004 (the 'EIR') (each as amended from time to time), UK SBS or the Contracting Authority may be required to disclose information submitted by the Bidder to the to the Contracting Authority.

8.4.2 In respect of any information submitted by a Bidder that it considers to be commercially sensitive the Bidder should complete the Freedom of Information declaration question defined in the Question FOI1.2.

8.4.3 Where a Bidder identifies information as commercially sensitive, the Contracting Authority will endeavour to maintain confidentiality. Bidders should note, however, that, even where information is identified as commercially sensitive, the Contracting Authority may be required to disclose such information in accordance with the FoIA or the Environmental Information Regulations. In particular, the Contracting Authority is required to form an independent judgment concerning whether the information is exempt from disclosure under the FoIA or the EIR and whether the public interest favours disclosure or not. Accordingly, the Contracting Authority cannot guarantee that any information marked 'confidential' or "commercially sensitive" will not be disclosed.

8.4.4 Where a Bidder receives a request for information under the FoIA or the EIR during the procurement, this should be immediately passed on to UK SBS or the Contracting Authority and the Bidder should not attempt to answer the request without first consulting with the Contracting Authority.

8.4.5 Bidders are reminded that the Government's transparency agenda requires that sourcing documents, including ITQ templates such as this, are published on a designated, publicly searchable web site, and, that the same applies to other sourcing documents issued by UK SBS or the Contracting Authority, and any contract entered into by the Contracting Authority with its preferred supplier once the procurement is complete. By submitting a response to this ITQ Bidders are agreeing that their participation and contents of their Response may be made public.

8.5. Response Validity

8.5.1 Your Response should remain open for consideration for a period of 90 days. A Response valid for a shorter period may be rejected.

8.6. Timescales

8.6.1 <u>Section 3</u> of the ITQ sets out the proposed procurement timetable. the Contracting Authority reserves the right to extend the dates and will advise potential Bidders of any change to the dates.

8.7. The Contracting Authority's Contact Details

8.7.1 Unless stated otherwise in these Instructions or in writing from UK SBS or the Contracting Authority, all communications from Bidders (including their sub-contractors, consortium members, consultants and advisers) during the period of this procurement must be directed through the e-sourcing tool to the designated UK SBS contact.

8.7.2 All enquiries with respect to access to the e-sourcing tool may be submitted to Delta eSourcing on 0845 270 7050 please not this is a free self-registration website and this can be done by completing the online questionnaire at <u>https://uksbs.delta-</u>esourcing.com/

8.7.3 Bidders should be mindful that the designated Contact should <u>not under any</u> <u>circumstances</u> be sent a copy of their Response outside of the e-sourcing tool. Failure to follow this requirement will result in disqualification of the Response.
