## 2. APPOINTMENT OF THE CONSULTANT

- 2.1 The Consultant is appointed under this Technical Advisory Services Appointment from the Commencement Date for two (2) years or until this Technical Advisory Services Appointment is terminated, whichever is earlier. The Client (at its sole discretion) may elect to extend this Technical Advisory Services Appointment for a further period or periods of up to two (2) years (**Extension Period**). The provisions of this Technical Advisory Services Appointment will apply throughout any Extension Period. The provisions of this Technical Advisory Services Appointment shall also apply to any Services Agreement Contracts which have already been instructed by the Client prior to the expiry or termination of this Technical Advisory Services Appointment, which shall continue in full force until they are terminated or duly performed in accordance with the terms of the Services Agreement Contract. For the avoidance of doubt the Client shall be entitled to place future Orders relating to any Projects in respect of which a previous Order or Orders have already been placed at the point of expiry or termination of this Technical Advisory Services Appointment and the provisions of this Technical Advisory Services Appointment shall apply to any such Orders instructed by the Client.
- 2.2 Subject to clause 5.1, the maximum expenditure the Client may make under this Technical Advisory Services Appointment shall be limited to twenty six million, two hundred and fifty thousand pounds (£26,250,000) for the initial two (2) year term and a maximum of fifty two million, five hundred thousand pounds (£52,500,000) if the Client elects to extend the term of this Technical Advisory Services Appointment for two (2) years (or pro-rata thereof in respect of any shorter extension).
- 2.3 This Technical Advisory Services Appointment and any appointment of the Consultant does not give rise to any expectation or entitlement on the part of the Consultant that it will be appointed to undertake any Project Services, nor is there any commitment on the Client's behalf for any payments to be made to the Consultant if the Client elects not to appoint the Consultant to carry out Project Services, and the Consultant shall have no claim at law or otherwise against the Client if the Client elects in its absolute discretion not to engage the Consultant to carry out any Project Services or if the Client appoints any other person to undertake Project Services that the Consultant may be qualified to perform.

### 3. PROJECT ENQUIRIES

- 3.1 Where the Client wishes to instruct the Consultant to carry out Project Services relating to any Project, the Client may (but shall not be obliged to) issue an Enquiry to the Consultant.
- 3.2 The Consultant shall consider such Enquiry and shall respond to the Client with a fixed price for the Fee (as defined in the Service Terms and Conditions) for the Project Services to be delivered for the Project.
- 3.3 Subject to clause 4, the Consultant shall calculate the Fee using rates and prices not exceeding the applicable rates and prices in the Fee Schedule and Rate Card.
- 3.4 The Client shall not be responsible to pay any part of the Consultant's costs for preparing a response to an Enquiry for a Project and/or providing any other information required by the Client in the event that an Order is not placed with the Consultant (including without prejudice to the generality of the foregoing, if the Project does not proceed or if the Client decides to proceed with any other consultant).

### 4. INDEXATION

- 4.1 The Fee Schedule and Rate Card shall remain fixed for the initial term of two (2) years.
- 4.2 Subject to the Client exercising its option to extend this Technical Advisory Services Appointment beyond the initial term and subject to clause 4.6 below, the prices shall be adjusted for inflation during each Extension Period (years 3 and/or 4) and any subsequent year in respect of which Project Services continue, in accordance with the provisions of this clause.
- 4.3 Adjustments to the Fee Schedule and Rate Card shall be based on the Services Producer Price Index (SPPI) – Architectural and Engineering Services; Technical Testing and Analysis Services (ONS Code: M711), as published by the Office for National Statistics (ONS).
- 4.4 The adjustment shall be calculated as follows:

$$\text{Adjusted Price} = \text{Current Price} \times (1 + (\text{Index\_Current} - \text{Index\_Base}) / \text{Index\_Base})$$

- 4.4.1 The Index\_Current shall be the latest available SPPI quarterly publication as released by the Office for National Statistics prior to the adjustment date.
- 4.4.2 The Index\_Base shall be the SPPI value published twelve (12) months (four (4) quarters) prior to Index\_Current.
- 4.4.3 The resulting Adjusted Price shall be rounded to two (2) decimal places for the purposes of contract invoicing and payment.
- 4.5 For the avoidance of doubt, any inflationary adjustment shall only reflect changes in the SPPI index over the twelve (12) months immediately preceding the start of the relevant Extension Period of this Technical Advisory Services Appointment or the 12 months immediately preceding each subsequent year after the expiry of the last Extension Period.
- 4.6 Inflationary adjustments to the Fee Schedule and Rate Card shall:
- 4.6.1 apply to new Orders that are instructed by the Client on or after the effective date of the relevant uplift (subject to the cap set out in clause (a) or 4.8.2 as applicable); or
- 4.6.2 apply to Orders relating to Stage 5 placed before an Extension Period, for which the Project Services are carried out during an Extension Period (subject to the cap set out in clause (a)); or
- 4.6.3 apply to continuing Orders relating to Stage 5 for which the Project Services are carried out beyond the last Extension Period subject to a cap of 2.5% annually.

Subject to clause 4.6.2 and 4.6.3, indexation shall not be applied to Orders that are already underway or have commenced prior to the date of the adjustment, regardless of their duration or completion status, and shall not be applied retrospectively for Project Services carried out prior to the date of the adjustment.

For example an Order placed for Stage 3 in year 3 which continues into year 4 will continue at the rate applicable to year 3 until completion. Only Orders for Stage 5 Services will be uplifted in each subsequent year in which those Project Services continue.

4.7 In the event that the SPPI index for **Architectural and Engineering Services; Technical Testing and Analysis Services (ONS Code: M711)** (ONS Code: M711) is no longer published, the Client shall nominate an alternative publicly available index that most closely reflects cost movements for technical advisory services. The Consultant shall not unreasonably withhold agreement to such substitution.

4.8 The inflationary adjustment to the Fee Schedule and Rate Card shall be subject to the following limits:

4.8.1 In respect of years 1 and 2 following the Client's request to extend this Technical Advisory Services Appointment pursuant to clause 2.1 ('**Years 3 and 4**' respectively):

(a) Cap: The cumulative inflationary adjustment applied over the two-year period (Years 3 and 4) shall not exceed five percent (5%) in total. There shall be no fixed annual cap within this period, provided that the combined increase across both years does not surpass this overall limit.

For example, if the applicable SPPI index results in a 3.5% increase in Year 3, the maximum allowable increase in Year 4 would be 1.5%, ensuring the total uplift over the two years does not exceed 5%.

(b) Floor: No adjustment shall be applied unless the twelve (12) month SPPI change exceeds one percent (1%).

4.8.2 In respect of subsequent years following Year 4:

(a) Cap: The inflationary adjustment shall not exceed 2.5% in respect of each applicable year

(b) Floor: No adjustment shall be applied unless the twelve (12) month SPPI change exceeds one percent (1%).

## 5. APPOINTMENT VALUE UPLIFT

5.1 The Client shall have the option to increase the total value of this Technical Advisory Services Appointment (as set out in clause 2.2) in accordance with the following clauses:

5.1.1 The uplift may be applied on one or more occasions during the term of this Technical Advisory Services Appointment, provided that the cumulative total of all uplifts does not exceed one hundred percent (100%) of the original value of this Technical Advisory Services Appointment.

5.1.2 The Client reserves the right to invoke this clause at any time during the term of this Technical Advisory Services Appointment.

5.1.3 Any uplift under this clause shall not result in a material change to the scope, nature, or overall character of this Technical Advisory Services Appointment.

5.1.4 The Client may apply an uplift under this clause in circumstances that include (but are not limited to):

- (a) significant underutilisation, incapacity, or withdrawal of other consultants appointed to provide services for any Project(s), where this places programme delivery at risk and necessitates capacity being absorbed by the Consultant;
- (b) unexpected emergent programme demands, reallocation of pipeline activity, or strategic programme shifts;
- (c) instances where the Consultant's proportional allocation is such that maintaining delivery capacity and ongoing utilisation over the term of this Technical Advisory Services Appointment is necessary; and/or
- (d) urgency.

5.1.5 Any uplift shall be effected by way of a formal contract variation to this Technical Advisory Services Appointment in accordance with the Client's internal governance procedures.

5.1.6 For the avoidance of doubt, the Client does not guarantee or commit to the full utilisation of the uplift to the value of this Technical Advisory Services Appointment.

5.1.7 Any uplift to the value of this Technical Advisory Services Appointment under this clause shall not affect the pricing structure agreed within this Technical Advisory Services Appointment. The rates, fees, and commercial terms shall remain unchanged and shall continue to apply to any services delivered under the uplifted value.

## **6. EXECUTION OF ORDERS**

- 6.1 Where the Client requires the Consultant to carry out Project Services in relation to a Project pursuant to a Services Agreement Contract, the Client shall issue to the Consultant an Order in the form annexed at Schedule 3 with details relating to the relevant Project duly completed. An Order may be issued by email.
- 6.2 The Client and the Consultant agree that the effect of the issuing of an Order by the Client is to bring into effect a Services Agreement Contract (incorporating the details set out in the relevant Order) in the form of the Service Terms and Conditions.
- 6.3 The Client may request the Consultant to carry out Project Services prior to the issue of an Order but any such Project Services shall be deemed to have been carried out under the relevant Services Agreement Contract.
- 6.4 Any failure by the Client to issue or properly execute an Order shall not render it invalid and the Consultant and the Client agree that all Project Services purported to have been instructed by the Client under an Order shall remain subject to the terms of that Order, the relevant Services Agreement Contract, and this Technical Advisory Services Appointment (as applicable).
- 6.5 The Consultant acknowledges and accepts the requirements set out in Section 0 of Schedule 2 (Contract Management Procedures), and shall at all times in the execution of the Project Services and the Consultant's performance of their obligations under this Technical Advisory Services Appointment comply with the obligations and processes set out within the Contract Management Procedures.
- 6.6 If so requested by the Client in writing, the Consultant shall procure the execution as a deed and delivery to the Client by its Parent Company, within 10 working days of such written request from the Client, a parent company guarantee in a form as required by the Client, which may without limitation be with respect to an individual Order or with respect to the Consultant's performance under all Orders placed under this Technical Advisory Services Appointment. The Client may rely on this clause 6.6 in circumstances involving corporate or financial change, financial distress, or where risk is indicated by financial metrics or ratios. The Client shall determine the entity of the Parent Company which shall be required to provide the parent company guarantee. The Client may request a parent company guarantee under this clause in the following circumstances:

- 6.6.1 where financial ratios, metrics or indicators used to evaluate the Consultant indicate high or medium risk; or
- 6.6.2 a company restructure, change of ownership or change in control of the Consultant; or
- 6.6.3 a Financial Distress Event, as defined in Schedule 4, Financial Distress.

Should the parent company guarantee not be delivered to the Client in accordance with this clause 6.6 then the Client shall be entitled to withhold all future payments to the Consultant until such time as the relevant parent company guarantee has been delivered. The Client's right to withhold payment shall not apply once the Consultant satisfies its obligations under this clause 6.6.

## **7. PERFORMANCE INDICATORS AND MONITORING**

- 7.1 The Client shall monitor and assess the Consultant's performance by reference to any performance indicators stated or identified in Section 0 (Performance Management Process) of Schedule 2.
- 7.2 The Consultant acknowledges and accepts the requirements set out in Section 0 of Schedule 2, including (but not limited to) the methodology for any allocation of work to the Consultant.
- 7.3 The Consultant shall provide to the Client all information that the Client may reasonably require to monitor and assess the Consultant's performance against the targets for those performance indicators.
- 7.4 Where the Client considers that a target for any of those performance indicators may not be met, it may inform the Consultant and the Consultant shall submit its proposals for improving its performance against that target to the Client.

## 8.2 Awareness and Risk Responsibility

8.2.1 The Consultant acknowledges that the Project Services comprise the procurement, appointment, management, or oversight of suppliers and consultants operating in the construction sector, which is high risk in the context of modern slavery. Accordingly, the Consultant shall take reasonable and proportionate steps to support the Client in identifying and managing modern slavery risks throughout relevant procurement and project delivery activities.

## 8.3 Support for Due Diligence

- 8.6.2 Notwithstanding clause 8.6.1 if the Consultant is in default under this clause 8 the Client may by notice:
- (a) require the Consultant to remove from performance of the Project Services any sub-consultant, subcontractor, Consultant employees or other persons associated with it whose acts or omissions have caused the default; and/or
  - (b) terminate the Project Services in respect of a Project or Projects; and/or
  - (c) suspend or terminate the Consultant's appointment under clause 15.

## 9. ASSIGNMENT AND SUB-CONTRACTING

- 9.1 The Consultant shall not assign or transfer or sub-contract any right or obligation under this Technical Advisory Services Appointment to any person without the prior written consent of the Client.
- 9.2 The Consultant agrees to the Client assigning the whole of their respective rights, title in and benefit of this Technical Advisory Services Appointment by way of absolute legal assignment at any time without the Consultant's consent one time only.
- 9.3 The Consultant shall not enter into any contract with any subcontractor for any part of the Project Services relating to any Project before an Order is issued, except at its own risk.

The Consultant shall have regard to any guidance issued by the Client in connection with this sub-clause 9.4 and shall meet any expectations set out therein or provide justification to the Client that its approach meets the requirements of this sub-clause 9.4.
- 9.5 Without prejudice to the generality of sub-clause 9.4 above the Consultant shall ensure that it shall not appoint any sub-consultant in its supply chain for any Project who is listed on the Debarment List in accordance with the Procurement Act, and shall replace any such sub-consultant if the Consultant becomes aware that they are listed on the Debarment List unless the Client agrees in the circumstances that is not required.

## 10. CARBON REDUCTION PLAN

## **11. SME/SUPPLY CHAIN VISIBILITY**

11.1 The Consultant shall implement such processes and measures as may be appropriate so as to ensure that, where the Consultant is proposing to sub-contract any part of the Project, SMEs (when compared with other potential sub-consultants or sub-contractors) are given fair, equal and proportionate access to the sub-contracting opportunity. At a minimum, the Consultant shall:

11.1.1 to the extent practicable, advertise its sub-contracting opportunities in a form which is accessible by all potential sub-consultants or sub-contractors including SMEs (for example, on the Government's Central Digital Platform); and

14.1 The Consultant shall maintain systems and processes to prevent conflicts. As a minimum:

- 14.1.2 The Consultant is required to promptly disclose any potential or actual conflicts of interest to the Client as soon as they arise. The Consultant must provide full details of the nature of the conflict and any relevant circumstances.
- 14.1.3 Notwithstanding clause 14.1.2 the Consultant shall inform the Client whenever the Consultant is engaged to provide services to a contractor on a Project (for the avoidance of doubt this sub-clause includes Projects which the Client has placed with another consultant appointed under Recital B, and any Projects procured or to be procured from any Department for Education construction framework in place from time to time).
- 14.1.4 In the event of a conflict of interest, the Client reserves the right to determine the appropriate course of action, which may include terminating the Consultant's engagement generally or in respect of a Project or Projects requiring the Consultant to cease the conflicting activity.
- 14.1.5 The Consultant shall maintain the confidentiality of all proprietary information and trade secrets of the Client and shall not disclose such information to any third party without the Client's express written consent.
- 14.1.6 Where the Consultant works on a school or college refurbishment or construction project (including any Project) for any contractor who is working for the Client, the Consultant must maintain separate teams and systems to prevent access to data, records and information with access only to those individuals working for either the Client or the contractor (as relevant) being possible.

14.2 Any breach of clause 14.1 by the Consultant shall be considered a material breach of this Technical Advisory Services Appointment, entitling the Client to seek all available legal and equitable remedies, including but not limited to injunctive relief and damages.

## **15. SUSPENSION AND TERMINATION OF THE CONSULTANT'S APPOINTMENT BY THE CLIENT**

15.1 The Client may at any time terminate (or at the Client's sole discretion, suspend) the Consultant's engagement under this Technical Advisory Services Appointment or under any Services Agreement Contracts immediately following the rise of any of the following circumstances:

- 15.1.1 in any of the circumstances giving rise to termination or suspension pursuant to Schedule 4 (Financial Distress);
- 15.1.2 the Consultant is listed on the Debarment List;
- 15.1.3 any of the mandatory or discretionary grounds for exclusion under Schedule 6 and Schedule 7 of the Procurement Act applying in respect of the Consultant or "connected person" as defined in the Procurement Act, and the Client considers that the circumstances giving rise to the application of the exclusion ground are continuing or likely to occur again;
- 15.1.4 any material and adverse change in the Consultant's Tender Response;
- 15.1.5 failure to pay at least 95% of all supply chain invoices within sixty days in at least one of the previous two six-month reporting periods (after removing intercompany

payments, if relevant) or (where the Client has requested and the Consultant has provided an action plan to improve the payment from at least 75% to 95% of all supply chain invoices in 60 days) the Client is not satisfied that the action plan is in place or is not satisfied that it is adequate, or there has been a failure to implement such an action plan;

- 15.1.6 failure to pay all supply chain invoices within an average of fifty five days in at least one of the previous two six-month reporting periods (after removing intercompany payments, if relevant);

Save as expressly provided for in this Deed the duties and liabilities of the Consultant are to be treated as being no greater or of longer duration than they would have been if the Beneficiary had been a party to the Appointment instead of this Deed and the Consultant shall be entitled to rely on any limitations in the Appointment but neither this provision nor any other provision in this Deed shall entitle the Consultant to raise any defence based on set-off or counterclaim and/or prevent the Beneficiary from recovering loss and/or damage from the Consultant as a result of the Consultant's breach of any provisions of this Deed on the basis that the Client has not suffered any loss and/or damage and/or the same loss and/or damage and the Consultant hereby irrevocably agrees and undertakes not to raise any such arguments by way of defence and/or set-off and/or counterclaim to any claim made by the Beneficiary.
- 2.2 Without prejudice to the generality of Clause 2.1 the Consultant warrants and undertakes to the Beneficiary that it has exercised and shall continue to exercise in the performance of the services, duties and obligations contained in or implied by the Appointment the reasonable skill, care and diligence to be expected of a properly qualified and competent consultant experienced in performing similar services, duties and obligations in relation to developments of a similar nature, value, scope, character, complexity and timescale to the Development.

- 3.1 The Consultant warrants and undertakes to the Beneficiary that it shall not exercise or seek to exercise any right of termination of the Appointment and/or to discontinue the performance of any of its services, duties and/or obligations thereunder for any reason whatsoever (including any services, duties and/or obligations in relation to the Development by reason of breach on the part of the Client) without giving to the Beneficiary not less than 28 days' notice of its intention to do so and specifying the grounds for the proposed termination and/or discontinuance.
- 3.2 Any period stipulated in the Appointment for the exercise by the Consultant of a right of termination of the Appointment and/or to discontinue the performance of any of its services, duties and/or obligations in relation to the Development shall be extended as may be necessary to take account of the period of notice required under Clause 3.1.
- 3.3 Compliance by the Consultant with the provisions of Clause 3.1 shall not be treated as a waiver of any breach on the part of the Client giving rise to the right of termination of the Appointment and/or to discontinue the performance of any of the Consultant's services, duties and/or obligations in relation to the Development, nor otherwise prevent the Consultant from exercising its rights after the expiration of the notice unless the right of termination and/or right to discontinue shall have ceased under the provisions of Clause 4.

### **4. OBLIGATIONS OF THE CONSULTANT TO THE BENEFICIARY**

[NOTE - Clauses 3 and 4 are usually only used where the Beneficiary is a purchaser or funder – see note under Clause 3 above.]

- and shall pay to the Consultant any sums which have become due and payable to it under the Appointment but which were then unpaid.
- 4.2 Upon compliance by the Beneficiary with the requirements of Clause 4.1 the Appointment shall continue in full force and effect as if the right of termination and/or discontinuance on the part of the Consultant had not arisen and in all respects as if the Appointment had been made between the Consultant and the Beneficiary to the exclusion of the Client.
- 4.3 Notwithstanding that as between the Client and the Consultant the Consultant's rights of termination of the Appointment and/or discontinuance may not have arisen, the provisions of Clause 4.2 shall nevertheless apply if the Beneficiary gives notice to the Consultant and the Client to that effect and the Beneficiary complies with the requirements on its part under Clause 4.1.

- 4.4 The Consultant shall not be concerned or required to enquire whether, and shall be bound to assume that, as between the Client and the Beneficiary the circumstances have occurred permitting the Beneficiary to give notice under Clause 4.1.
- 4.5 The Consultant acting in accordance with the provisions of this Clause 4 shall not by so doing incur any liability to the Client.
- 4.6 Where the Consultant has given rights similar to those contained in Clauses 3 and 4 of this Deed to any other person or persons, then if both the Beneficiary and such other person or persons shall serve notice under Clause 4.1 or its equivalent, the notice served by the Beneficiary [shall prevail over any notice served by any other person or persons / shall not prevail over any notice served by any other person or persons / shall not prevail over any notice served by [●] but shall prevail over any notice served by any other person or persons.] The Consultant acting in accordance with the provisions of this Clause 4.6 shall not be and shall not be deemed to be in breach of the provisions of this Deed by doing so, nor shall the Consultant in doing so incur any liability to the Beneficiary.

- 5.2 The Consultant shall not be liable for the consequences of any use by the Beneficiary of the Materials for any purposes other than those for which the same are or were prepared.
- 5.3 The Consultant warrants to the Beneficiary that it is authorised to grant the licence set out in Clause 5.1 in respect of any Materials whose intellectual property rights are vested in any third person and that the use of the Materials for any purpose relating to the Development and/or Site shall not infringe the rights of any third person. If the use of the Materials is found to infringe the rights of any third person, the Consultant shall indemnify the Beneficiary against all resulting claims, proceedings, damages, costs and expenses.
- 5.4 To the extent that the Consultant is (or at the time of their creation may be) the author of the Materials, the Consultant hereby absolutely waives and agrees not to assert any moral rights which it might otherwise be deemed to possess pursuant to the Copyright, Designs and Patents Act 1988 or any equivalent legislation in respect of the Materials; and to the extent that the Consultant is not the author, the Consultant warrants that the author has not asserted and has waived and agreed to waive any such moral rights which the author might otherwise be deemed to possess.
- 5.5 The Consultant agrees:
- 5.5.1 on request at any time to give the Beneficiary or any persons authorised by the Beneficiary full and sufficient access to the Materials and, at the Beneficiary's expense, to provide full and proper copies of the Materials (including copy negatives and electronic copies); and
- 5.5.2 at the Consultant's expense, to provide the Beneficiary with a set of all Materials on Practical Completion.
- 5.6 All royalties or other sums payable in respect of the supply and use of any patented articles, processes or inventions required in connection with the Appointment shall be paid by the

Consultant and the Consultant shall indemnify the Beneficiary from and against all claims, proceedings, damages, costs and expenses suffered or incurred by the Beneficiary by reason of the Consultant infringing or being held to infringe any intellectual property rights in the course of or in connection with the Appointment.

- 5.7 The Consultant shall (subject to the Beneficiary paying the Consultant's reasonable costs so to do) if reasonably requested by the Beneficiary at any time execute such documents and perform such acts as may be required fully and effectively to assure to the Beneficiary the rights referred to in this Clause 5.

- 6.1 The Consultant warrants to the Beneficiary that it maintains, has at all relevant times maintained, and shall continue to maintain throughout the duration of the Development and for a period of 12 years from the date of completion of the Services (irrespective of any termination of the Appointment or the Consultant's employment under the Appointment for any reason) professional indemnity insurance with reputable insurers lawfully carrying on such insurance business in the United Kingdom with a limit of indemnity of not less than £10,000,000 (ten million pounds) for any one claim but £10,000,000 (ten million pounds) in the aggregate for pollution, contamination, asbestos and fire safety claims to cover any claims made under this Deed against the Consultant in relation to the Development.
- 6.2 The Consultant shall maintain the professional indemnity insurance on terms and conditions that do not require the Consultant to discharge any liability before being entitled to recover from the insurers and would not adversely affect the rights of any person to recover from the insurers pursuant to the Third Parties (Rights Against Insurers) Act 2010.
- 6.3 As and when reasonably required by the Beneficiary the Consultant shall provide satisfactory documentary evidence of the terms of insurance referred to in Clause 6.1 and that the insurance referred to in Clause 6.1 is being properly maintained, and shall confirm that payment has been made in respect of the last preceding premium due under such insurance.

For the purposes of this Clause 6.5, **commercially reasonable rates** shall mean such level of premium rates at which other consultants of a similar size and financial standing as the Consultant at each renewal date generally continue to take out such insurance. For the avoidance of doubt, any increased or additional premium required by insurers by reason of the Consultant's own claims record or other omissions, negligence, breaches, defaults, matters or things particular to the Consultant shall be deemed to be within commercially reasonable rates.

## 2. EXERCISE OF SKILL AND CARE

- 2.1 The Sub-Consultant warrants and undertakes to the Beneficiary that it has observed and performed and shall continue to observe and perform each and all of its services, duties and obligations contained in or implied by the Contract. Save as expressly provided for in this Deed the duty and liability of the Sub-Consultant is to be treated as being no greater or of longer duration than it would have been if the Beneficiary had been a party to the Contract instead of this Deed but neither this provision nor any other provision in this Deed shall entitle the Sub-Consultant to raise any defence based on set-off or counterclaim and/or prevent the Beneficiary from recovering loss and/or damage from the Sub-Consultant as a result of the Sub-Consultant's breach of any provisions of this Deed on the basis that the Consultant and/or the Client have not suffered any loss and/or damage and/or the same loss and/or damage and the Sub-Consultant hereby irrevocably agrees and undertakes not to raise any such arguments by way of defence and/or set-off and/or counterclaim to any claim made by the Beneficiary.
- 2.2 Without prejudice to the generality of Clause 2.1 the Sub-Consultant warrants and undertakes to the Beneficiary that it has exercised and shall continue to exercise in the performance of the services, duties and obligations contained in or implied by the Contract the reasonable skill, care and diligence to be expected of a properly qualified and competent consultant experienced in performing similar services, duties and obligations in relation to developments of a similar nature, value, scope, character, complexity and timescale to the Development.

- 2.3 The Sub-Consultant further warrants and undertakes to the Beneficiary that, in observing and performing each and all of its services, duties and obligations contained in or implied by the Contract, the Sub-Consultant shall comply with all applicable statutory and regulatory requirements.
- 2.4 The Sub-Consultant acknowledges that the Beneficiary has relied and shall rely on the warranties under this Clause 2 and the other terms of this Deed and may and/or shall suffer loss and/or damage in the event of a breach of these warranties and/or the other terms of this Deed.
- 2.5 The obligations of the Sub-Consultant under this Deed shall not be released or diminished by the appointment of any person by the Beneficiary to carry out any independent enquiry into any matter.

### **3. OBLIGATIONS PRIOR TO TERMINATION OF THE CONTRACT**

[NOTE - Clauses 3 and 4 (step in rights) are usually only used where the Beneficiary is a purchaser or funder, or to the Client. If the Beneficiary is not a purchaser or funder, or if they are not to be given step in rights, delete Clause 3, 4 and 13; delete the Consultant details in Clause 9; and delete the Consultant from being a signatory to this collateral warranty on the coversheet, parties and execution clauses, and instead insert a new definition of Consultant with their details in Background A or the table at Clause 1.1]

- 3.1 The Sub-Consultant warrants and undertakes to the Beneficiary that it shall not exercise or seek to exercise any right of termination of the Contract and/or to discontinue the performance of any of its services, duties and/or obligations thereunder for any reason whatsoever (including any services, duties and/or obligations in relation to the Development by reason of breach on the part of the Consultant) without giving to the Beneficiary not less than 28 days' notice of its intention to do so and specifying the grounds for the proposed termination and/or discontinuance.
- 3.2 Any period stipulated in the Contract for the exercise by the Sub-Consultant of a right of termination of the Contract and/or to discontinue the performance of any of its services, duties and/or obligations in relation to the Development shall be extended as may be necessary to take account of the period of notice required under Clause 3.1.
- 3.3 Compliance by the Sub-Consultant with the provisions of Clause 3.1 shall not be treated as a waiver of any breach on the part of the Consultant giving rise to the right of termination of the Contract and/or to discontinue the performance of any of the Sub-Consultant's services, duties and/or obligations in relation to the Development, nor otherwise prevent the Sub-Consultant from exercising its rights after the expiration of the notice unless the right of termination and/or right to discontinue shall have ceased under the provisions of Clause 4.

### **4. OBLIGATIONS OF THE SUB-CONSULTANT TO THE BENEFICIARY**

[NOTE - Clauses 3 and 4 are usually only used where the Beneficiary is a purchaser or funder, or to the Client – see note under Clause 3 above.]

- 4.1 The right of the Sub-Consultant to terminate the Contract and/or to discontinue the performance of any of its services, duties and/or obligations shall cease within the period of 28 days referred to in Clause 3.1 if the Beneficiary shall give written notice to the Sub-Consultant:
- 4.1.1 requiring the Sub-Consultant to continue performing its services, duties and obligations under the Contract in relation to the Development;
  - 4.1.2 acknowledging that the Beneficiary is assuming all the services, duties and obligations of the Consultant under the Contract;
  - 4.1.3 undertaking unconditionally to the Sub-Consultant to discharge all payments which may subsequently become due to the Sub-Consultant under the terms of the Contract;

and shall pay to the Sub-Consultant any sums which have become due and payable to it under the Contract but which were then unpaid.

- 4.2 Upon compliance by the Beneficiary with the requirements of Clause 4.1 the Contract shall continue in full force and effect as if the right of termination and/or discontinuance on the part of the Sub-Consultant had not arisen and in all respects as if the Contract had been made between the Sub-Consultant and the Beneficiary to the exclusion of the Consultant.
- 4.3 Notwithstanding that as between the Consultant and the Sub-Consultant the Sub-Consultant's rights of termination of the Contract and/or discontinuance may not have arisen, the provisions of Clause 4.2 shall nevertheless apply if the Beneficiary gives notice to the Sub-Consultant and the Consultant to that effect and the Beneficiary complies with the requirements on its part under Clause 4.1.
- 4.4 The Sub-Consultant shall not be concerned or required to enquire whether, and shall be bound to assume that, as between the Consultant and the Beneficiary the circumstances have occurred permitting the Beneficiary to give notice under Clause 4.1.
- 4.5 The Sub-Consultant acting in accordance with the provisions of this Clause 4 shall not by so doing incur any liability to the Consultant.
- 4.6 Where the Sub-Consultant has given rights similar to those contained in Clauses 3 and 4 of this Deed to any other person or persons, then if both the Beneficiary and such other person or persons shall serve notice under Clause 4.1 or its equivalent, the notice served by the Beneficiary [shall prevail over any notice served by any other person or persons / shall not prevail over any notice served by any other person or persons / shall not prevail over any notice served by [●] but shall prevail over any notice served by any other person or persons]. The Sub-Consultant acting in accordance with the provisions of this Clause 4.6 shall not be and shall not be deemed to be in breach of the provisions of this Deed by doing so, nor shall the Sub-Consultant in doing so incur any liability to the Beneficiary.

## **5. INTELLECTUAL PROPERTY RIGHTS**

- 5.1 The Sub-Consultant with full title guarantee grants to the Beneficiary, with immediate effect, an irrevocable, perpetual, non-exclusive, non-terminable, royalty-free licence to use, reproduce and transmit any or all of the Materials produced or prepared by the Sub-Consultant or on the Sub-Consultant's behalf for any purpose whatsoever relating to the Development and/or the Site including (without limitation) the design, construction, completion, promotion, advertisement, funding, sale, letting, disposal, fitting out, maintenance, use, occupation, management, repair, reinstatement, re-construction, modification, alteration, refurbishment, re-development, decommissioning, demolition and/or extension of the Development and/or the Site. Such licence shall carry the right to grant sub-licences and shall be transferable to third parties without the Sub-Consultant's prior consent and shall subsist notwithstanding the termination (for any reason) of the Contract.
- 5.2 The Sub-Consultant shall not be liable for the consequences of any use by the Beneficiary of the Materials for any purposes other than those for which the same are or were prepared.
- 5.3 The Sub-Consultant warrants to the Beneficiary that it is authorised to grant the licence set out in Clause 5.1 in respect of any Materials whose intellectual property rights are vested in any third person and that the use of the Materials for any purpose relating to the Development and/or Site shall not infringe the rights of any third person. If the use of the Materials is found to infringe the rights of any third person, the Consultant shall indemnify the Beneficiary against all resulting claims, proceedings, damages, costs and expenses.
- 5.4 To the extent that the Sub-Consultant is (or at the time of their creation may be) the author of the Materials, the Sub-Consultant hereby absolutely waives and agrees not to assert any moral rights which it might otherwise be deemed to possess pursuant to the Copyright, Designs and Patents Act 1988 or any equivalent legislation in respect of the Materials; and to the extent that the Sub-Consultant is not the author, the Sub-Consultant warrants that the author has not asserted and

has waived and agreed to waive any such moral rights which the author might otherwise be deemed to possess.

5.5 The Sub-Consultant agrees:

5.5.1 on request at any time to give the Beneficiary or any persons authorised by the Beneficiary full and sufficient access to the Materials and, at the Beneficiary's expense, to provide full and proper copies of the Materials (including copy negatives and electronic copies); and

5.6 All royalties or other sums payable in respect of the supply and use of any patented articles, processes or inventions required in connection with the Contract shall be paid by the Sub-Consultant and the Sub-Consultant shall indemnify the Beneficiary from and against all claims, proceedings, damages, costs and expenses suffered or incurred by the Beneficiary by reason of the Sub-Consultant infringing or being held to infringe any intellectual property rights in the course of or in connection with the Contract.

Upon such notification the Sub-Consultant shall make itself available to the Beneficiary to discuss reasonable means of protecting the Beneficiary and the Sub-Consultant shall take any reasonable steps requested by the Beneficiary. For the purposes of this Clause 6.5, **commercially reasonable rates** shall mean such level of premium rates at which other consultants and/or sub-consultants of a similar size and financial standing as the Sub-Consultant at each renewal date generally continue to take out such insurance. ## 1. DATA PROTECTION

- 1.1. The Parties acknowledge that for the purposes of Data Protection Legislation, the Client is the Controller and the Consultant is the Processor unless otherwise specified in the Schedule to this Annex. The only processing that the Processor is authorised to do is listed in the Schedule to this Annex by the Controller and may not be determined by the Processor. The term "processing" and any associated terms are to be read in accordance with Article 4 of the UK GDPR.

In the event of the Controller reasonably rejecting Protective Measures put in place by the Processor, the Processor must propose alternative Protective Measures to the satisfaction of the Controller. Failure to reject shall not amount to approval by the Controller of the adequacy of the Protective Measures. Protective Measures must take account of the:
    - i. nature of the data to be protected;
    - ii. harm that might result from a Data Loss Event;
    - iii. state of technological development; and
    - iv. cost of implementing any measures;

- e) at the written direction of the Controller, delete or return Personal Data (and any copies of it) to the controller on termination of the agreement unless the processor is required by Law to retain the personal data.

1.12. The Processor shall remain fully liable for all acts or omissions of any of its Sub-processors.

1.13. The Parties agree to take account of any guidance issued by the Information Commissioner's Office. The Controller may upon giving the Processor not less than 30 working days' notice to the Processor amend this agreement to ensure that it complies with any guidance issued by the Information Commissioner's Office.

External Certifications: employers should ensure that contractors hold at least Cyber Essentials Plus certification and ISO 27001:2013 certification if proportionate to the service being procured.

Risk assessment: e.g. The Consultant should perform a technical information risk assessment on the service supplied and be able to demonstrate what controls are in place to address those risks.

Security classification of information: e.g. If the provision of the services and Works requires the Consultant to process Client data which is classified as OFFICIAL, OFFICIAL-SENSITIVE or Personal Data, the Consultant shall implement such additional measures as agreed with the Client from time to time in order to ensure that such information is safeguarded in accordance with the applicable legislative and regulatory obligations.

End User Devices e.g.

- The Consultant shall ensure that any Client data which resides on a mobile, removable or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Client except where the Client has given its prior written consent to an alternative arrangement.
- The Consultant shall ensure that any device which is used to process Client data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance.

Testing e.g. The Consultant shall at their own cost and expense, procure a CHECK or CREST Certified Supplier to perform an ITHC or Penetration Test prior to any live Client data being transferred into their

systems. The ITHC scope must be agreed with the Client to ensure it covers all the relevant parts of the system that processes, stores or hosts Client data.

Networking e.g. The Consultant shall ensure that any Client data which it causes to be transmitted over any public network (including the internet, mobile networks or un-protected enterprise network) or to a mobile device shall be encrypted when transmitted.

Personnel Security e.g. all Consultant Personnel shall be subject to a pre-employment check before they may participate in the provision and or management of the services and Works. Such pre-employment checks must include all pre-employment checks which are required by the HMG Baseline Personnel Security Standard or equivalent including: verification of the individual's identity; verification of the individual's nationality and immigration status; and, verification of the individual's employment history; verification of the individual's criminal record. The Consultant may be required to implement additional security vetting for some roles.

Identity, Authentication and Access Control e.g. The Consultant must operate an appropriate access control regime to ensure that users and administrators of the service are uniquely identified. The Consultant must retain records of access to the physical sites and to the service.

Data Destruction/Deletion e.g. The Consultant must be able to demonstrate they can supply a copy of all data on request or at termination of the service, and must be able to securely erase or destroy all data and media that the Client data has been stored and processed on.

Audit and Protective Monitoring e.g. The Consultant shall collect audit records which relate to security events in delivery of the service or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Consultant audit records should (as a minimum) include regular reports and alerts setting out details of access by users of the service, to enable the identification of (without limitation) changing access trends, any unusual patterns of usage and/or accounts accessing higher than average amounts of Client data. The retention periods for audit records and event logs must be agreed with the Client and documented.

Location of Client data e.g. The Consultant shall not, and shall procure that none of its Sub-contractors, process Client data outside the EEA without the prior written consent of the Client and the Consultant shall not change where it or any of its Sub-contractors process Client data without the Client's prior written consent which may be subject to conditions.

Vulnerabilities and Corrective Action e.g. Consultants shall procure and implement security patches to vulnerabilities in accordance with the timescales specified in the NCSC Cloud Security Principle 5.

Consultants must ensure that all COTS Software and Third Party COTS Software be kept up to date such that all Consultant COTS Software and Third Party COTS Software are always in mainstream support.

Secure Architecture e.g. contractors should design the service in accordance with:

- NCSC Security Design Principles for Digital services and Works
- NCSC Bulk Data Principles
- NSCS Cloud Security Principles

### Operative Provisions

- 1.1. The Supplier shall be aware of and comply with the relevant HMG security policy framework, NCSC guidelines and where applicable these Departmental Security Requirements which include but are not constrained to the following paragraphs.
- 1.2. Where the Supplier will provide products or Services or otherwise handle information at OFFICIAL for the Buyer, the requirements of Procurement Policy Note: Updates to the Cyber Essentials Scheme (PDF) - Action Note 09/23 dated September 2023, or any

subsequent updated document, are mandated, namely that contractors supplying products or services to HMG shall have achieved and will retain Cyber Essentials certification at the appropriate level for the duration of the contract. The certification scope shall be relevant to the Services supplied to, or on behalf of, the Buyer.

- 1.3. Where paragraph 1.2 above has not been met, the Supplier shall have achieved, and be able to maintain, independent certification to ISO/IEC 27001 (Information Security Management Systems Requirements). The ISO/IEC 27001 certification must have a scope relevant to the Services supplied to, or on behalf of, the Buyer. The scope of certification and the statement of applicability must be acceptable, following review, to the Buyer, including the application of controls from ISO/IEC 27002 (Code of Practice for Information Security Controls).
- 1.4. The Supplier shall follow the UK Government Security Classification Policy (GSCP) in respect of any Buyer's Data being handled in the course of providing the Services and will handle all data in accordance with its security classification. (In the event where the Supplier has an existing Protective Marking Scheme then the Supplier may continue to use this but must map the HMG security classifications against it to ensure the correct controls are applied to the Buyer's Data).
- 1.5. Buyer's Data being handled while providing an ICT solution or service must be separated from all other data on the Supplier's or sub-consultant's own IT equipment to protect the Buyer's Data and enable the data to be identified and securely deleted when required in line with paragraph 1.14. For information stored digitally, this must be at a minimum logically separated. Physical information (e.g., paper) must be physically separated.
- 1.6. The Supplier shall have in place and maintain physical security to premises and sensitive areas used in relation to the delivery of the products or Services, and that store or process Buyer's Data, in line with ISO/IEC 27002 including, but not limited to, entry control mechanisms (e.g., door access), CCTV, alarm systems, etc.
  - 1.6.1. Where remote working is allowed, the Supplier shall have an appropriate remote working policy in place for any Supplier staff that will have access to the Buyer's data and/or systems.
- 1.7. The Supplier shall have in place, implement, and maintain an appropriate user access control policy for all ICT systems to ensure only authorised personnel have access to Buyer's Data. This policy should include appropriate segregation of duties and if applicable role-based access controls (RBAC). User credentials that give access to Buyer's Data or systems shall be considered to be sensitive data and must be protected accordingly.
- 1.8. The Supplier shall have in place and shall maintain procedural, personnel, physical and technical safeguards to protect Buyer's Data, including but not limited to:
  - 1.8.1. physical security controls;
  - 1.8.2. Good Industry Standard policies and processes;
  - 1.8.3. malware protection;
  - 1.8.4. boundary access controls including firewalls, application gateways, etc;
  - 1.8.5. maintenance and use of fully supported software packages in accordance with vendor recommendations;

- 1.8.6. use of secure device configuration and builds;
- 1.8.7. software updates and patching regimes including malware signatures, for operating systems, network devices, applications and services;
- 1.8.8. user identity and access controls, including the use of multi-factor authentication for sensitive data and privileged account accesses;
- 1.8.9. any services provided to the Buyer must capture audit logs for security events in an electronic format at the application, service and system level to meet the Buyer's logging and auditing requirements, plus logs shall be:
  - 1.8.9.1. retained and protected from tampering for a minimum period of six months;
  - 1.8.9.2. made available to the Buyer on request.
- 1.9. The Supplier shall ensure that any Buyer's Data (including email) transmitted over any public network (including the Internet, mobile networks, or unprotected enterprise network) or to a mobile device shall be encrypted when transmitted.
- 1.10. The Supplier shall ensure that any Buyer's Data which resides on a mobile, removable, or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Buyer except where the Buyer has given its prior written consent to an alternative arrangement.
- 1.11. The Supplier shall ensure that any device which is used to process Buyer's Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at: <https://www.ncsc.gov.uk/guidance/end-user-device-security> and <https://www.ncsc.gov.uk/collection/end-user-device-security/eud-overview/eud-security-principles>.
- 1.12. Whilst in the Supplier's care all removable media and hardcopy paper documents containing Buyer's Data must be handled securely and secured under lock and key when not in use and shall be securely destroyed when no longer required, using either a cross-cut shredder or a professional secure disposal organisation.

The term 'lock and key' is defined as: "securing information in a lockable desk drawer, cupboard or filing cabinet which is under the user's sole control and to which they hold the keys".
- 1.13. When necessary to hand carry removable media and/or hardcopy paper documents containing Buyer's Data, the media or documents being carried shall be kept under cover and transported in such a way as to ensure that no unauthorised person has either visual or physical access to the material being carried. This paragraph shall apply equally regardless of whether the material is being carried inside or outside of company premises.

The term 'under cover' means that the information is carried within an opaque folder or envelope within official premises and buildings and within a closed briefcase or other similar bag or container when outside official premises or buildings.
- 1.14. In the event of termination of Contract due to expiry, as a result of an Insolvency Event or for breach by the Supplier, all information assets provided, created or resulting from

provision of the Services shall not be considered as the Supplier's assets and must be returned to the Buyer and written assurance obtained from an appropriate officer of the Supplier that these assets regardless of location and format have been fully sanitised throughout the Supplier's organisation in line with paragraph 1.15.

- 1.15. In the event of termination, equipment failure or obsolescence, all Buyer's Data and Buyer's Information, in either hardcopy or electronic format, that is physically held or logically stored by the Supplier must be accounted for and either physically returned or securely sanitised or destroyed in accordance with the current HMG policy using an NCSC-approved product or method.

Where sanitisation or destruction is not possible for legal, regulatory or technical reasons, such as data stored in a cloud system, Storage Area Network (SAN) or on shared backup tapes, then the Supplier shall protect (and ensure that any sub-consultant protects) the Buyer's Information and Buyer's Data until such time, which may be long after termination or expiry of the Contract, when it can be securely cleansed or destroyed.

Evidence of secure destruction will be required in all cases.

- 1.16. Access by Supplier Staff to Buyer's Data, including user credentials, shall be confined to those individuals who have a "need-to-know" in order to carry out their role; and have undergone mandatory pre-employment screening, to a minimum of HMG Baseline Personnel Security Standard (BPSS); or hold an appropriate National Security Vetting clearance as required by the Buyer. All Supplier Staff must complete this process before access to Buyer's Data is permitted. Any Supplier Staff who will be in contact with children or vulnerable adults must, in addition to any security clearance, have successfully undergone an Enhanced DBS (Disclosure and Barring Service) check prior to any contact.
- 1.17. All Supplier Staff who handle Buyer's Data shall have annual awareness training in protecting information.
- 1.18. Notwithstanding any other provisions as to business continuity and disaster recovery in the Contract, the Supplier shall, as a minimum, have in place robust business continuity arrangements and processes including IT disaster recovery plans and procedures that conform to ISO 22301 to ensure that the delivery of the Contract is not adversely affected in the event of an incident. An incident shall be defined as any situation that might, or could lead to, a disruption, loss, emergency, or crisis to the Services delivered. If an ISO 22301 certificate is not available, the supplier will provide evidence of the effectiveness of their ISO 22301 conformant business continuity arrangements and processes including IT disaster recovery plans and procedures. This must include evidence that the Supplier has tested or exercised these plans within the last 12 months and produced a written report of the outcome, including required actions.
- 1.19. Any suspected or actual breach of the confidentiality, integrity, or availability of Buyer's Data, including user credentials, used or handled while providing the Services shall be recorded as a Security Incident. This includes any non-compliance with the Departmental Security Requirements and these provisions, or other security standards pertaining to the solution.

Security Incidents shall be reported to the Buyer immediately, wherever practical, even if unconfirmed or when full details are not known, but always within 24 hours of discovery and followed up in writing. If Security Incident reporting has been delayed by more than 24 hours, the Supplier should provide an explanation about the delay. Regular updates on the Security Incident shall be provided to the Buyer in writing until the incident is resolved.

Security Incidents shall be reported through the Buyer's nominated system or service owner.

Security Incidents shall be investigated by the Supplier with outcomes being notified to the Buyer.

- 1.20. The Supplier shall ensure that any Supplier ICT systems and hosting environments that are used to handle, store or process Buyer's Data, including Supplier ICT connected to Supplier ICT systems used to handle, store or process Buyer's Data, shall be subject to independent IT Health Checks (ITHC) using an NCSC CHECK Scheme ITHC provider before go-live and periodically (at least annually) thereafter. On request by the Buyer, the findings of the ITHC relevant to the Services being provided are to be shared with the Buyer in full without modification or redaction and all necessary remedial work carried out. In the event of significant security issues being identified, a follow up remediation test may be required, to be determined by the Buyer upon review of the ITHC findings.
- 1.21. The Supplier or sub-consultants providing the Services will provide the Buyer with full details of any actual or future intent to develop, manage, support, process, or store Buyer's Data outside of the UK mainland. The Supplier or subconsultant shall not go ahead with any such proposal without the prior written agreement from the Buyer.
- 1.22. The Buyer reserves the right to audit the Supplier or subconsultants providing the Services annually, within a mutually agreed timeframe but always within seven days of notice of a request to audit being given. The audit shall cover the overall scope of the Services being supplied and the Supplier's, and any subconsultants', compliance with the paragraphs contained in this Annex.
- 1.23. The Supplier and subconsultants shall undergo appropriate security assurance activities and shall provide appropriate evidence including the production of the necessary security documentation as determined by the Buyer through the life of the contract. This will include obtaining any necessary professional security resources required to support the Supplier's and subconsultant's security assurance activities such as: a Security and Information Risk Advisor (SIRA) certified to NCSC Certified Cyber Security Consultancy (CCSC) or NCSC Certified Cyber Professional (CCP) schemes.
- 1.24. Where the Supplier is delivering an ICT solution to the Buyer they shall design and deliver solutions and services that are compliant with the HMG Security Policy Framework in conjunction with current NCSC Information Assurance Guidance and Buyer's Policy. The Supplier will provide the Buyer with evidence of compliance for the solutions and services to be delivered. The Buyer's expectation is that the Supplier shall provide written evidence of:
  - 1.24.1. implementation of the foundational set of cyber defence safeguards from the Center for Internet Security Critical Security Controls (CIS CSC v8).
  - 1.24.2. any existing security assurance for the Services to be delivered, such as: ISO/IEC 27001 / 27002 or an equivalent industry level certification issued by an organisation accredited by the United Kingdom Accreditation Service.
  - 1.24.3. any existing HMG security accreditations or assurance that are still valid including: details of the awarding body; the scope of the accreditation; any caveats or restrictions to the accreditation; the date awarded, plus a copy of the residual risk statement.

1.24.4. documented progress in achieving any security assurance or accreditation activities including whether documentation has been produced and submitted. The Supplier shall provide details of who the awarding body or organisation will be, and date expected.

1.24.5. compliance with the principles of Secure by Design as described at Secure by Design Principles - UK Government Security.

Additional information and evidence to that listed above may be required to ensure compliance with DfE security requirements as part of the DfE security assurance process. Where a request for evidence or information is made by the Buyer, the Supplier will acknowledge the request within 5 working days and either provide the information within that timeframe, or, if that is not possible, provide a date when the information will be provided to the Buyer. In any case, the Supplier must respond to information requests from the Buyer needed to support the security assurance process promptly and without undue delay.

1.25. The Supplier shall contractually enforce all these Departmental Security Requirements onto any third-party suppliers, subconsultants or partners who will have access to the Buyer's Data in the course of providing the Services, before access to the data is provided or permitted.

1.26. The Supplier shall comply with the NCSC's social media guidance: how to use social media safely for any web and social media-based communications. In addition, any Communications Plan deliverable must include a risk assessment relating to the use of web and social media channels for the programme, including controls and mitigations to be applied and how the NCSC social media guidance will be complied with. The Supplier shall implement the necessary controls and mitigations within the plan and regularly review and update the risk assessment throughout the contract period. The Buyer shall have the right to review the risks within the plan and approve the controls and mitigations to be implemented, including requiring the Supplier to implement any additional reasonable controls to ensure risks are managed within the Buyer's risk appetite.

1.27. Any Supplier ICT system used to handle, store, or process the Buyer's Data, including any Supplier ICT systems connected to systems that handle, store, or process the Buyer's Data, must have in place protective monitoring at a level that is commensurate with the security risks posed to those systems and the data held. The Supplier shall provide evidence to the Buyer upon request of the protective monitoring arrangements in place needed to assess compliance with this requirement.

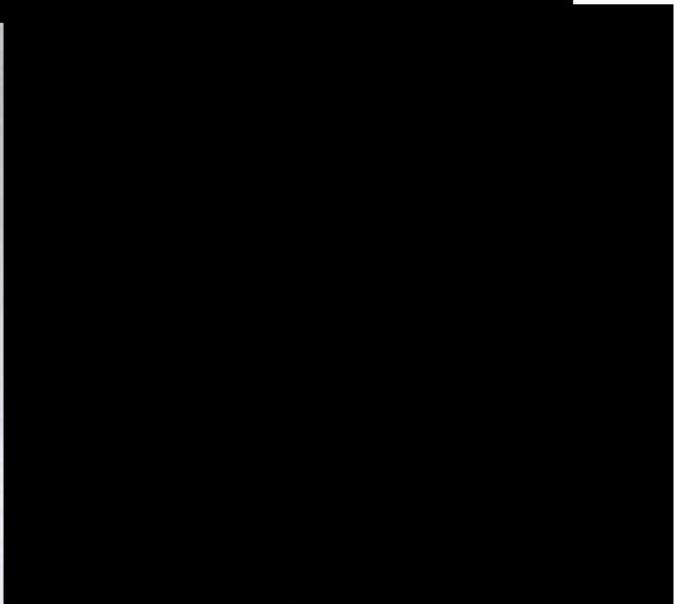

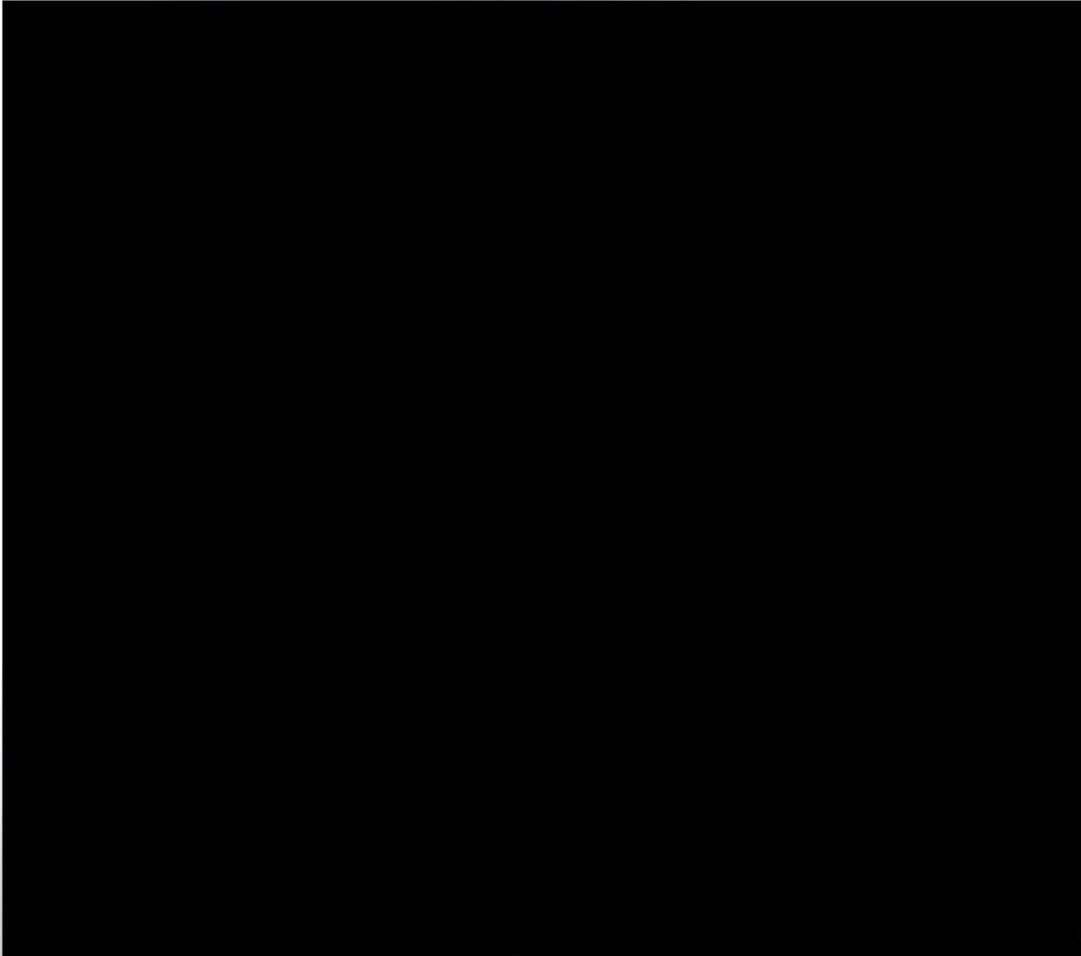

1.28. Where the Supplier is using Artificial Intelligence (AI) and/or Machine Learning (ML) in the delivery of their service to the Buyer, this shall comply with the NCSC's principles for the security of machine learning.

\* Half year end reporting is required if a Consultant is deemed a critical or strategic supplier delivering to the Client (usually those delivering a substantial number and/or value of Orders at any given time).

Annex 1 of this part of this Schedule sets out the calculation methodology to be used in the calculation of each Metric.

5.1.2 The Consultant's Financial Viability Risk Assessment (FVRA) forms the basis of ongoing assessment. Where mitigations have been accepted any deterioration in RAG rating of these metrics or should the Consultant be no longer able to satisfy any mitigations agreed, across any of these areas, this is treated as if a Financial Distress Event had occurred.

5.1.3 In addition to the Financial Metrics set out in 5.1.1 above the Client will take a view on cash and cash flow risk primarily on:

- (a) cash and cash equivalents reported, together with;
- (b) any recognised and/or known indicators of cash flow risk, for example reports of late payments to the supply chain or winding up petitions filed with the Courts;
- (c) Operating profit;
- (d) Tangible Net Worth

5.2 Monitoring of indicators of financial health and risk

5.2.1 The Client monitors recognised indicators of financial health and risk, as an

example, those provided by Dun & Bradstreet and Company Watch;

5.2.2 Any deterioration in these indicators that falls below those reported as part of any selection [appointment] process would trigger a re-assessment of the Consultant's financial health and risk;

5.2.3 Any indicator that falls within the ranges below (or any replacement thereof notified by the Client) will be treated as a Financial Distress Event;

(a) Dun & Bradstreet Failure Score of <51 being regarded as higher than average risk;

(b) Company Watch H-Score <36, being just above the warning zone (high risk) RAG rated as Amber.

These ranges are aligned with the risk rating as assessed by Dun & Bradstreet and Company Watch respectively and may be subject to change.

## 6. Termination and Suspension Rights

6.1 The Client shall be entitled to terminate this Technical Advisory Services Appointment if:

6.1.1 the Consultant fails to notify the Client of a Financial Distress Event in accordance with Paragraph 1.3;

6.1.2 the Consultant fails to comply with any part of Paragraph 1.3;

6.1.3 the Client finally rejects a Financial Distress Remediation Plan (or any updated Financial Distress Remediation Plan) in accordance with Paragraph 3.5; and/or

6.1.4 the Consultant fails to comply with the terms of the Financial Distress Remediation Plan (or any updated Financial Distress Remediation Plan) in accordance with Paragraph 3.6.3.

6.2 The Client shall be entitled to suspend this Technical Advisory Services Appointment for the same grounds as set out above at Paragraphs 6.1.1 to 6.1.4 for such duration until the Client is satisfied that the applicable ground(s) no longer apply. The right to suspend is in addition to and a not a substitution to the right to terminate at Paragraph 6.1 of this Schedule.

## 7. Board Confirmation

7.2 The Consultant shall ensure that in its preparation of the Board Confirmation it exercises due care and diligence and has made reasonable enquiry of all relevant Consultant personnel and

other persons as is reasonably necessary to understand and confirm the position.

- 7.3 In respect of the first Board Confirmation to be provided under this Technical Advisory Services Appointment and any Orders placed, the Consultant shall provide the Board Confirmation within 12 months of the Effective Date if earlier than the timescale for submission set out in Paragraph 7.1 of this Schedule.
- 7.4 Where the Consultant is unable to provide a Board Confirmation in accordance with Paragraphs 7.1 to 7.3 of this Schedule due to the occurrence of a Financial Distress Event or knowledge of subsisting matters which could reasonably be expected to cause a Financial Distress Event, it will be sufficient for the Consultant to submit in place of the Board Confirmation, a statement from the Board to the Client (and where the Consultant is a Strategic Supplier, the Consultant shall send a copy of the statement to the Cabinet Office Markets, Sourcing and Suppliers Team) setting out full details of any Financial Distress Events that have occurred and/or the matters which could reasonably be expected to cause a Financial Distress Event.

## Annex 1: Calculation Methodology for Financial Metrics and Thresholds

The Consultant shall ensure that it uses the following general and specific methodologies for calculating the Financial Indicators against the Financial Metric Thresholds:

### General methodology

**Terminology:** The terms referred to in this Annex 1 are those used by UK companies in their financial statements. Where the entity is not a UK company, the corresponding items should be used even if the terminology is slightly different (for example a charity would refer to a surplus or deficit rather than a profit or loss).

**Groups:** Where the entity is the holding company of a group and prepares consolidated financial statements, the consolidated figures should be used.

**Foreign currency conversion:** Figures denominated in foreign currencies should be converted at the exchange rate in force at the relevant date for which the Metric is being calculated.

**Treatment of non-underlying items:** Financial Indicators should be based on the figures in the financial statements before adjusting for non-underlying items.

### Specific Methodology

Metric	Specific Methodology
<b>2. Operating Margin</b>	<p>The elements used to calculate the Operating Margin should be shown on the face of the Income Statement in a standard set of financial statements.</p> <p>Figures for Operating Profit and Revenue should exclude the entity's share of the results of any joint ventures or Associates.</p> <p>Where an entity has an operating loss (i.e. where the operating profit is negative), Operating Profit should be taken to be zero.</p>
<b>3. Net Debt to EBITDA Ratio</b>	<p>"Net Debt" = Bank overdrafts + Loans and borrowings + Finance leases + Deferred consideration payable – Cash and cash equivalents</p> <p>"EBITDA" = Operating profit + Depreciation charge + Amortisation charge</p> <p>The majority of the elements used to calculate the Net Debt to EBITDA Ratio should be shown on the face of the Balance Sheet, Income statement and Statement of Cash Flows in a standard set of financial statements but will otherwise be found in the notes to the financial statements.</p> <p><b>Net Debt:</b> The elements of Net Debt may be described slightly differently and should be found either on the face of the Balance Sheet or in the relevant note to the financial statements. All interest bearing liabilities (other than retirement benefit obligations) should be included as borrowings as should, where</p>

	<p>disclosed, any liabilities (less any assets) in respect of any hedges designated as linked to borrowings (but not non-designated hedges). Borrowings should also include balances owed to other group members.</p> <p>Deferred consideration payable should be included in Net Debt despite typically being non-interest bearing.</p> <p>Cash and cash equivalents should include short-term financial investments shown in current assets.</p> <p>Where Net debt is negative (i.e. an entity has net cash), the relevant Financial Metric Threshold should be treated as having been met.</p> <p><b>EBITDA:</b> Operating profit should be shown on the face of the Income Statement and, for the purposes of calculating this Financial Indicator, should include the entity's share of the results of any joint ventures or Associates. The depreciation and amortisation charges for the period may be found on the face of the Statement of Cash Flows or in a Note to the Accounts. Where EBITDA is negative, the relevant Financial Metric Threshold should be treated as not having been met (unless Net Debt is also negative, in which case the relevant Financial Metric Threshold should be treated as having been met).</p>
<p><b>4. Net Debt + Net Pension Deficit to EBITDA ratio</b></p>	<p><b>"Net Debt"</b> = Bank overdrafts + Loans and borrowings + Finance leases + Deferred consideration payable – Cash and cash equivalents</p> <p><b>"Net Pension Deficit"</b> = Retirement Benefit Obligations – Retirement Benefit Assets</p> <p><b>"EBITDA"</b> = Operating profit + Depreciation charge + Amortisation charge</p> <p>The majority of the elements used to calculate the Net Debt + Net Pension Deficit to EBITDA Ratio should be shown on the face of the Balance sheet, Income statement and Statement of Cash Flows in a standard set of financial statements but will otherwise be found in the notes to the financial statements.</p> <p><b>Net Debt:</b> The elements of Net Debt may be described slightly differently and should be found either on the face of the Balance Sheet or in the relevant note to the financial statements. All interest bearing liabilities (other than retirement benefit obligations) should be included as borrowings as should, where disclosed, any liabilities (less any assets) in respect of any hedges designated as linked to borrowings (but <b>not</b> non-designated hedges). Borrowings should also include balances owed to other group members.</p>

Metric	Specific Methodology
	<p>Deferred consideration payable should be included in Net Debt despite typically being non-interest bearing.</p> <p>Cash and cash equivalents should include short-term financial investments shown in current assets.</p> <p><b>Net Pension Deficit:</b> Retirement Benefit Obligations and Retirement Benefit Assets may be shown on the face of the Balance Sheet or in the notes to the financial statements. They may also be described as pension benefits / obligations, post-employment obligations or other similar terms.</p> <p>Where 'Net Debt + Net Pension Deficit' is negative, the relevant Financial Metric Threshold should be treated as having been met.</p> <p><b>EBITDA:</b> Operating profit should be shown on the face of the Income Statement and, for the purposes of calculating this Financial Indicator, should include the entity's share of the results of any joint ventures or Associates.</p> <p>The depreciation and amortisation charges for the period may be found on the face of the Statement of Cash Flows or in a Note to the Accounts.</p> <p>Where EBITDA is negative, the relevant Financial Metric Threshold should be treated as not having been met (unless 'Net Debt + Net Pension Deficit' is also negative, in which case the relevant Financial Metric Threshold should be regarded as having been met).</p>
<b>5.Net Interest Paid Cover</b>	<p><b>"Earnings Before Interest and Tax"</b> = Operating profit</p> <p><b>"Net Interest Paid"</b> = Interest paid – Interest received</p> <p>Operating profit should be shown on the face of the Income Statement in a standard set of financial statements and, for the purposes of calculating this Financial Indicator, should include the entity's share of the results of any joint ventures or Associates.</p> <p>Interest received and interest paid should be shown on the face of the Cash Flow statement.</p> <p>Where Net interest paid is negative (i.e. the entity has net interest received), the relevant Financial Metric Threshold should be treated as having been met.</p>
<b>6.Acid Ratio</b>	<p>All elements that are used to calculate the Acid Ratio are available on the face of the Balance Sheet in a standard set of financial statements.</p>

Metric	Specific Methodology
7. Net Asset value	<p>Net Assets are shown (but sometimes not labelled) on the face of the Balance Sheet of a standard set of financial statements. Net Assets are sometimes called net worth or 'Shareholders' Funds'. They represent the net assets available to the shareholders. Where an entity has a majority interest in another entity in which there are also minority or non-controlling interests (i.e. where it has a subsidiary partially owned by outside investors), Net Assets should be taken inclusive of minority or non-controlling interests (as if the entity owned 100% of such entity).</p>
8. Group Exposure Ratio (where applicable)	<p><b>"Group Exposure"</b> = Balances owed by Group Undertakings + Contingent liabilities assumed in support of Group Undertakings</p> <p><b>"Gross Assets"</b> = Fixed Assets + Current Assets</p> <p><b>Group Exposure:</b> Balances owed by (i.e. receivable from) Group Undertakings are shown within Fixed assets or Current assets either on the face of the Balance Sheet or in the relevant notes to the financial statements. In many cases there may be no such balances, in particular where an entity is not a member of a group or is itself the ultimate holding company of the group.</p> <p>Contingent liabilities assumed in support of Group Undertakings are shown in the Contingent Liabilities note in a standard set of financial statements. They include guarantees and security given in support of the borrowings of other group companies, often as part of group borrowing arrangements. Where the contingent liabilities are capped, the capped figure should be taken as their value. Where no cap or maximum is specified, the relevant Financial Metric Threshold should automatically be regarded as not having been met.</p> <p>In many cases an entity may not have assumed any contingent liabilities in support of Group Undertakings, in particular where an entity is not a member of a group or is itself the ultimate holding company of the group.</p> <p><b>Gross Assets:</b> Both Fixed assets and Current assets are shown on the face of the Balance Sheet</p>

## **Annex XX – Sample Exit Plan**

Jaggaer Reference number (if applicable): [insert reference number]

Project ID number: [insert the Project ID]

Project Names: [insert the Project name]

### **Introduction**

A 2-way exit strategy involves planning for both voluntary and involuntary exits from either the TASA or JCT CA appointment(s) as applicable to ensure that public money is protected and value for money is achieved. To meet this requirement, this Annex describes the duties and responsibilities of [insert name of the Technical Advisor] and the DfE, leading up to and covering the expiry or termination for whatever reason and the transfer of the activities to another Technical Advisor.

This document defines the Exit Plan and how it should be revised to ensure that it remains workable at any time. It is important that the Exit Plan is kept up to date during the period of either the TASA or JCT CA appointment(s) and that it reflects the impact of all relevant changes to the service or outcomes required. There will not be any additional charge for any work undertaken in making changes to the Exit Plan. Where there are principles to be adopted in implementing the plan, the parties will endeavour to agree the relevant details within such principles.

### **Objectives**

The objective of the Exit Plan is to ensure:

- an orderly and smooth transition of the services from [insert name of the organisation] to a successor organisation or the DfE at the termination of the either the TASA or JCT CA appointment(s).
- the continuation of either project or commission Services,
- that there is no undue favour to [insert name of the organisation] in the provision of any future services.
- that the responsibilities of both parties are clearly defined in the event of expiry or termination.

### **General**

Where the DfE intends to continue service provision in broadly the same way after expiry or termination, either by performing them itself or by means of a successor, the Technical Advisor must endeavour to manage a smooth and orderly transition of the project or commission Services and must co-operate with the DfE or the successor, in order to achieve such transition.

The Technical Advisor must comply with any reasonable request of the DfE for information relating to the project or commission Services, including the use of other

parties. The Technical Advisor will be allowed a reasonable period of time in which to respond to the DfE.

The Technical Advisor must co-operate with all reasonable requests made by either the DfE or a successor relating to the transition arrangements for the project or commission Services and provide an implementation plan for the transition of such services to either the DfE or a successor organisation.

### **Assistance**

The Technical Advisor will remain responsible for delivering the project or commission Services and achieving the aims and objectives set out in Annex XX (scope) until the date of expiry or termination of the TASA or JCT CA appointment(s) letter.

You must use all reasonable endeavours to ensure that a transition of responsibility for the delivery of the project or commission Services to the successor organisation or the DfE, minimises any detrimental effect on the delivery of the activities and the DfE will use all reasonable endeavours to co-operate in such transfer.

### **Transfer of the DfE's Data**

In addition to complying with the provisions of the TASA or JCT CA appointment(s), the Technical Advisor must, upon reasonable written request by the DfE or in any event, within one month of notice of termination, deliver the DfE's data including an inventory of the DfE's data and any other data available for transfer.

### **Documentation and Access**

The Technical Advisor must provide the DfE on request with information and documentation reasonably necessary to assist with the transfer of the project or commission Services to the DfE or to a successor organisation, including any documentation required to support the provision of the activities.

The DfE may make the documentation available to Technical Advisors who wish to provide the project or commission Services. The Technical Advisor shall respond expeditiously and in full to any reasonable questions by the DfE or the Technical Advisors and shall co-operate with any reasonable due diligence activities carried out by Technical Advisors.
